G. E. MANISTY,
Vice-Chairman.

No. 17, dated Hooghly, the 15th December 1877.

From—F. H. PELLEW, ESQ., Chairman of the District Road Committee, Hooghly,
To—the Commissioner of the Burdwan Division.

I HAVE the honor to submit the following report on the administration of the Hooghly and Howrah District Road Fund for the cess year 1876-77.

2. The list of the members of the District Road Committee is as follows:—

F. H. Pellew, Esq., *Chairman.*——————Baboo Shyamadhuba Roy, *Vice-Chairman.*

Members.

Magistrate of Howrah.	Baboo Aunooroop Chunder Mookerjee.
Sub-Divisional Officer of Serampore.	" Suttodoyal Banerjee.
District Superintendent of Police, Hooghly.	" Norendro Chunder Roy.
District Engineer of Hooghly and Howrah.	" Juggessur Singh.
Executive Engineer of the Burdwan Division.	" Purnendro Deb Roy.
Baboo Joykissen Mookerjee.	" Hurro Chunder Ghose.
" Bejoykissen Mookerjee.	" Obhoy Churn Nundy.
" Chunder Kanto Mookerjee.	" Opendro Narian Nundy.
" Lolitmohun Singh.	" Brojo Nath Mitter.

Pundit Mohesh Chunder Nyaratna.

3. Great changes have taken place amongst the members this year.

Mr. H. J. Newberry made over the charge of the office to me in November 1876. During the remainder of the year the office remained under the charge of myself and that of Sir W. Herschel alternately for three and six months, respectively. Lastly, I joined in September last.

Baboo Hurro Chunder Ghose, Vice-Chairman of the Committee, having resigned in April, Baboo Shyamadhuba Roy, Deputy Magistrate, Hooghly, was elected in his place in May last.

On the resignation of Baboo Poorno Chunder Roy, of Seorafolly, Baboo Norendro Chunder Roy was appointed in his place. Baboo Kedar Nath Mookerjee, of Sultangachee, died, and Baboos Bejoykissen Mookerjee, of Ooterpara, zemindar, and Aunooroop Chunder Mookerjee, of Jonyie, zemindar, were appointed members during the year, and Pundit Mohesh Chunder Nyaratna, a member of the Howrah Branch Road Cess Committee, was elected by them to be an additional member of the District Committee under Section 77 of the Road Cess Act.

4. The number of meetings held during the year were six, all of which were well attended, as will appear from the accompanying "Abstract of particulars of road cess meeting," column 8. The late District Superintendent of Police was the only member who did not attend any meeting on account of pressure of business, and because, as he explains, he was new to the district and unacquainted with its requirements.

5. Although the establishment of Branch Committees at the sub-divisions of Howrah and Serampore was sanctioned under the orders of Government in 1874, they never came into active life till April and September last in the two places, respectively, and consequently the number of meetings was 2 and 1 only. They were, however, fairly attended; the abstracts of meetings held in the two places are annexed.

Only one of the members of the Howrah Branch Committee did not attend any meeting on account of his illness. The number of such members at Serampore was six; but it is to be remarked that there was only one meeting, and the members have been chosen from people of small means who reside in villages in all parts of the sub-division, so that some of them find it difficult to attend. The same is the case at Howrah. In my opinion the Central Committees should be taken from men of wealth and influence, and these should be supplemented by local Sub-Committees, who can report their local requirements or bring them before the Chairman when on tour. This system I am gradually establishing in the district.

6. The year opened with a positive balance of Rs. 1,724-15-5. The receipts during the year under different heads amounted to Rs. 1,60,553-14-9, as per margin. Thus the total amount at the disposal of the Committee was Rs. 1,62,278, which includes Rs. 25,133 realized during the year on account of balance outstanding at the close of the year 1875-76.

Receipts of the year.

	Rs.	A.	P.
Road Cess	1,41,740	4	3
Ditto otherwise leviable	261	4	7
Road ferry and canal tolls	18,160	0	8
Sales of produce and stores	270	2	9
Fines	4	0	0
Miscellaneous	116	2	6
Total ...	1,60,553	14	9

7. The expenditure of the year amounted to Rs. 1,29,262-5-1, the details of which are given in the margin. The total expenditure of Rs. 38,190-13-2 incurred during the year, and shewn against head "Original works," includes Rs. 5,654-11-6 paid on account of works sanctioned in the previous year (1875-76) and Rs. 6,000 paid from the reserve fund on account of half of the purchase-money for the Committee's house, which was not entered in the budget-estimate; hence the cost for original works apparently exceeds the estimate, and Rs. 62,512-3-1 shewn against head "Repairs," includes Rs. 5,673-8-4 on account of previous year.

Expenditure.

	Rs.	A.	P.
Collection of revenue establishment ...	4,690	14	9
Contingencies	1,605	5	7
Original works	38,190	13	2
Repairs	62,512	3	1
Engineering establishment	18,591	11	9
Contingencies	927	6	6
Tools and plant	2,743	14	3
Total ...	1,29,262	5	1

8. The works of the district were carried on by contracts as much as possible, having regard to the Bengal Government's Circular No. 1209 dated 8th March 1875.

9. As regards the system of work—the receiving of the tenders, sitting of the Board for their acceptance, occasion for piece or day work—the same rules were observed as were reported by me last year.

10. All the works estimated for and entered in the budget for the year were undertaken, with the exception of the four roads mentioned below:—

1. Dwarpara to Panchpara.
2. Moheary to Sibpore.
3. Moheary to Sankrail.
4. Balore to Dabinbo.

The first was found to be a mere track, and requires to be widened before repairs are executed. It will be taken up this year. Roads Nos. 2 and 3 were claimed by Baboo Annoda Prosad Koondoo, of Moheary, and the Rajah of Andool, respectively, as their private property, and repairs to these roads will be made by them. The Balore road could not be undertaken for the following reason. A few beeghas of land was required for the construction of the road, and it was thought that it might be purchased by private arrangement, but the season was over before the negotiations were completed. It was subsequently resolved to acquire the land under the Land Acquisition Act. The road will, however, be commenced very shortly.

11. The following were the most important original works that were undertaken during the year:—

Howrah and Juggutbullubpore (No. 13 in the General List); length 17 miles.—Three miles of this road were newly metalled during the year, which makes up nearly the full length of it brick metalled.

Ootterparah and Calipore Road (No. 33 in the General List); length 4½ miles.—The new metalling of 1½ miles of this road was completed during the year under report, and, with the exception of a few hundred running feet, it is now metalled for its entire length.

Constructing a bridge over the Koontee river at Rajhaut on the Hooghly and Dwarbasinee Road, No. 39.—This bridge was constructed in the place of an old one that had become dangerous to pass over. It consists of 7 spans, 20 feet each, of combined masonry and timber work, with a waterway of about 140 feet.

The construction of a new road from Bouriah to Bikihakona (No. 125 in the List).—This work was not entered in the budget for the year, but the proprietors of the Bowreah mills, who pay a considerable sum as road cess, were very urgent for it, and as the southern part of the district of Howrah is very deficient in good roads, it was undertaken. The length of the road is six miles, and it is nearly finished.

A house has been purchased by the Committee for the accommodation of the offices of the Road Cess Department.

12. Among the repairs during the year, the following are the most important:—

Gyeghatta Khal (No. 122 in the List). With a view to clear the khal of the annual silt at its mouth, three lines of spur were placed in the Damoodar river, opposite the mouth of the Gyeghatta Khal, the object of which was to draw the dry-weather stream of the river to the khal mouth, and thus clear out the silt deposited there. The effect of these spurs, however, cannot be known until the river has subsided to its lowest ebb. It is intended to excavate the silted up portion of the khal itself, which will increase the tolls collected there. The khal is a most important waterway, being the only approach from Mohesrakha Sub-Division to Khanacool thana during the rains.

	Rs.
Repairing the Bydibatty road at a cost of	5,560
The Hooghly feeder-road at	2,597
The Pandooah and Culna road at	4,473
The Howrah and Juggutbullubpore road at	3,858
The old Benares road from Chunditolla to Poorsoorab at ...	4,070

The details of other works of a less important character have been given in the annual accounts.

Nobogram to Bora.
Pandooah station feeder.
Komeagare to Danoony.
Howrah to Juggutbullubpore.
Old Benares road from Chunditolla to Poorsoorab.
Hooghly to Dhuneakhalli.
Bydibatty feeder-road.
Pandooah to Culna.
Old Benares road from Sulkea to Chunditolla.

13. All repairs to roads were completed within the year with the exception of nine marginally noted; of these, seven were completed in October: The remaining two, *viz.*, the Pandooah-Culna road and the old Benares road from Sulkea to Chunditolla, were not completed in time, owing to the failure of contractors, but are now being completed under new contracts.

14. Great savings were effected from the sums allotted to the Howrah and Juggutbullubpore road and the Ampta road, as a bridge in the former could not be renewed owing to the continuance of the water at the bridge site, and in consequence of the determination of the Committee to change the route to Ampta, by making a new road less liable to flood than the present one, which was condemned by the Engineer.

15. The surface dressing of all kutcha roads was completed generally within December. Metal for class I. roads was collected before the rains, and generally consolidated during the rainy season.

16. Repairs to classes II. and III. roads were also executed before the rains.

17. *Village roads.*—The southern and south-western portions of the district of Howrah being destitute of regular roads, and where no main lines can be constructed except at an immense cost, and in competition with boat traffic, my predecessor, after consulting the Magistrate of Howrah, decided that the best way was to feel for traffic by a liberal expenditure on village roads, so as at all events to satisfy the rate-payers. Of Rs. 10,000 allotted to village roads, Rs. 6,666 was allotted to Howrah alone, and of this, the sum of Rs. 4,124 was expended in the Moheshrakha and Rs. 2,016 in the Howrah Sub-Division. More would have been spent profitably had agency been available. In the Sudder Sub-Division, of Rs. 1,666 allotted, Rs. 1,371 was expended, and in Serampore Sub-Division, of Rs. 1,666 allotted, Rs. 758 was expended. After joining Howrah in April last I commenced organizing Sub-Committees throughout the district as an agency for the expenditure of the village road allotments, and I am now engaged in the same task in the Hooghly District. I have found no difficulty hitherto except those arising from the magnitude of the task, and the necessity of personally seeing the members and explaining their duties to them, and I hope to have established a very widespread agency before the end of this cold season.

18. *Stone metal.*—The Hooghly feeder-road was the only one that was newly metalled during the year with stone from Rajmehal; owing to the heavy traffic on this road, no other metal stands more than a year.

19. *Relief work.*—No relief works were carried out in this district during the year.

20. There were five toll-bars in the district, the proceeds of which were assigned to the District Road Fund. Of these, the toll-gates at Kullensree and Juggutbullubpore were abolished in October last, and the remainder, *viz.*, Bydibatty, Jhampertah, and Dabeepara, will be removed at the termination of the current cess year, as the Committee, from a financial point of view, resolved that the tolls on the latter three should continue for one year more and not longer, to enable them to complete the metalling of those roads in the portions most needed.

21. *General condition of the roads.*—The general condition of the roads is good. Class I. roads were kept in good drivable order throughout the year, and those under class II. during the dry season.

22. Of the trees that were planted by the sides of two district roads, one-third will come to maturity, as they have sufficiently grown to be left to themselves.

23. The works of the district have been in the charge of the District Engineer, Mr. W. H. Wells, taken over from the Public Works Department. The subordinate engineering establishment consists of an overseer and three sub-overseers, each being in charge of a sub-division.

24. *Future schemes.*—The following is a list of the most important works to be undertaken by the Committee in the year 1877-78:—

The construction of a new road from Dipa to Ampta, at an estimated cost of Rs. 10,600. This road will form part of a direct communication between Howrah and Ampta, and will open up a most populous and fertile part of the Howrah District. At present Howrah is cut off from the west, owing to want of roads. The road is to be done in sections, and will take about three years to complete.

The metalling of the Bydibatty feeder-road with stone cost Rs. 9,000. This will carry the metalled portion of the feeder as far as Bhola.

Construction of a new road from Senye to Malipara cost Rs. 3,000, Rs. 1,000 of which has been promised by a private person.

Repairs to the Pandooah and Culna road cost Rs. 4,500.

Repairs to the Hooghly and Dhuneakhalli road cost Rs. 4,500.

Repairs to Howrah and Juggutbullubpore road cost Rs. 4,000.

Repairs to the old Benares road cost Rs. 5,000.

Besides these, there are others of less importance which need not be specified here, as they have been entered in the budget for the year already submitted. I may mention, however, that a further sum of Rs. 9,360 will be expended on the Bydibatty feeder-road to complete its stone metalling up to the end of Nalicool, where the road divides itself into two branches. This sum could not be entered in the budget, as at the time of its preparation it was not certain whether the tolls on this road should be retained or abolished.

25. In conclusion, I beg to state that the general condition of the roads and bridges is rapidly improving, and it is expected that within a few years all the large roads passing from one end of the district to the other will be metalled throughout, which is very desirable, as it will considerably increase the wealth and material prosperity of the district. The members of the Committee (many of whom are zemindars) are, I am glad to say, now beginning to appreciate the benefits which are being derived from the road cess by the inhabitants of the district. I am borne out in this statement by the fact that in the first two years of the introduction of the cess the members of the Committee hesitated to levy the cess at the maximum rate, but since the last two years the highest rate has been levied by the unanimous consent of the members, who feel that the expenditure is rapidly increasing the value of their lands and the wealth of the ryots, and is in fact opening out a new future to the inhabitants of the Hooghly District. As regards Howrah, the northern part is now participating in these benefits,

and there is no reason why, from its proximity to Calcutta, it should not immensely benefit from any road expenditure.

The difficulties are, however, greater than in Hooghly, where there are many old long neglected tracks which only required improvement and rehabilitation; whereas in Howrah the soil is swampy and there are few old tracks. The first line in importance is that already taken up, due west to Ampta. Along this line, when completed, I believe the traffic will be very great, and it will probably have to be metalled with stone. In the south we must be content with village roads till we see on what direction the traffic sets. At present there is no cart traffic, and it is useless to spend large sums to make roads to compete with boat traffic till we are assured that they will compete successfully. In the meantime the resuscitation of the Gyeghatta Khal, which has nearly silted up, must be pursued energetically, and at any reasonable expense.

26. *Working of the Road Cess System*—As has been already remarked in paragraph 25, the Road Cess System is becoming popular. It presses lightly, and its benefits are being felt. I regret that, as shown in paragraph 17 above, so little was done in the Serampore Sub-Division towards expenditure on village roads, of the sums which my predecessor Sir William Herschel so wisely induced the Committee to allot for the purpose, and it is some gratification to myself to know that, though in charge of Howrah only from March 1877, I was able, owing to the postponement of the rains, to spend effectively the whole of the large Howrah allotment within a few rupees. The small expenditure in Serampore was doubtless owing to the want of organized executive sub-committees, and to a fear of responsibility on the part of the Sub-Divisional Officer naturally arising from this want. It is, of course, impossible to minutely supervise village expenditure, or extensively employ the Engineer's establishment for the measurement of the works done by village organization. All that can be done is to obtain the services of persons in whom the villagers have confidence, and to explain to all that the money is theirs and they must watch its expenditure. Of course, the District and Sub-Divisional Officers should see in their tours that the villagers are satisfied, and that useful work has been done. These principles of village road expenditure I have explained to the Sub-Divisional Officer, and I anticipate much better results next year.

27. This subject of village road expenditure is intimately connected with the working of the road cess, because it is only in this way that its benefits can be brought home to the mass of the cess-payers. Our main lines are appreciated to the full; but as the artery is incomplete without a net-work of capillary veins, so every main road must be supplied with innumerable branches before it can perform its functions completely. Every cart used in place of a pack-bullock effects a saving of 50 per cent. on the cost of carriage, and re-pays the ryot his road cess with interest. It is gratifying to watch the increase of carts and the establishment of cart manufactories on the new roads opened out in the famine year and since maintained by the road cess, and to be able to comply with the applications for new roads, always numerous in Hooghly, but which in former days could never be attended to.

28. The payment of the land cess has been made cheerfully, and the arrears are not due to wilful evasion, but to actual difficulties on the part of the payers. These chiefly arise from one cause, viz., the difficulty of apportioning the payment among co-sharers. Co-sharers are aware of the proportion they have to pay as land revenue, but this does not help them for the principle is different. Equal share-holders pay different sums as road cess, as the latter is calculated on the annual value. The burden in the end falls on the principal share-holders, who have often to pay petty sums in default from small co-sharers, which it is not worth their while to recover from them in the courts. Gradually this difficulty will disappear as people learn the amount actually payable; but in the meantime it is vexatious and destroys the symmetry of the Collector's returns. Possibly some improvement may result from the registration of shares now in progress.

29. The several establishments entertained gave satisfaction in the discharge of their duties. The Committee have purchased a commodious and convenient office, in which all the establishments except the clerks, who sit in the towjee department, are accommodated. The Vice-Chairman, Baboo Shyamadhuba Roy, Deputy Collector, takes a great and intelligent interest in his duties, and supplies with ability the explanations required by the Committee and the Chairman.

30. Of the Engineer and his establishment, my predecessor has already recorded his high opinion on several occasions. Mr. Wells has now gone on furlough, and I may say that the Committee and myself deeply regret his loss. He carried out most punctually and carefully all that he had to do. His work was excellent, and his subordinates well trained and well selected. The office of the Engineer is also in complete order.

31. The Committee at the Sudder Station is a body of influential, well educated, and intelligent gentlemen; most of them are considerable landholders but there are exceptions. I am glad to say they are all of them my personal friends, and whilst none of them hesitates to express his opinion, they display no obstructive distrust or vexatious interference. Above all, they take a great personal interest in the improvement of the district, and to that end grudge no trouble or expense. It is in very few districts that such Committees can be obtained, and I know that this consideration was one of the principal motives of my predecessor in so strongly desiring to have his last year of service associated with Hooghly.

APPENDIX A.

Abstract of particulars regarding Meetings of Road District Committees for the cess year 1876-77.

F. H. PELLEW,
Chairman.

No. 116, dated Burdwan, the 9th March 1878.

From—W. S. WELLS, ESQ., Offg. Commissioner of the Burdwan Division,
To—The Secretary to the Government of Bengal, Public Works Department.

A.—Chairman, Burdwan District Committee's No. 627 dated the 4th February 1878, with annual accounts and audit Committee's report.
B.—Chairman, Bankoora District Committee's No. 25 dated the 17th December, with annual accounts.
C.—Chairman, Beerbhoom District Committee's No. 29 dated the 21st January 1878, with annual accounts, and No. 36 dated 30th January 1878.
D.—Chairman, Midnapore District Committee's No. 76 dated the 23rd January 1878, with annual accounts, and No. 105 dated 6th February 1878.
E.—Chairman, Hooghly-*cum*-Howrah District Committee's No. 17 dated the 15th December 1877, with annual accounts.

I HAVE the honor to send in original, for publication in the *Calcutta Gazette*, the annual reports and accounts submitted by the Chairman of the several Road Committees in this Division as noted in the margin, on the operations of the District Road Fund during the past cess year 1876-77.

2. The delay in the submission of this report is partly due to most of the district reports having had to be returned for insertion of further information in them, which the experience of the previous year showed was necessary, and partly to the revised instructions for the preparation of the annual accounts having been received when the reports and accounts of the several Committees were just ready for submission to Government, as already reported to you in this Office No. 80 dated the 16th ultimo. I beg, however, to submit the accounts in the old form, agreeably to the instructions contained in your circular No. 237A. dated the 25th ultimo. The last information in connection with the annual accounts was received in this office only on the 1st instant from Burdwan.

3. *Funds.*—The following tables show the financial results of the working of the District Road Committees in this Division during the past three years:—

RECEIPTS.

Compensation for lands ...	8,029	......	......
Total ...	5,35,923	3,24,190	4,30,197

The total receipts of the year, exclusive of the balance brought forward from the previous year, amounted to Rs. 5,47,881, against Rs. 6,04,477 in 1875-76 and Rs. 2,49,775 in 1874-75. The excess receipts in the preceding year are only due to the grant of a very heavy amount (about three lakhs of rupees) from the provincial reserve fund. The receipts during the year of report include Rs. 2,048, being the amount overdrawn from the Midnapore treasury. The total expenditure during the year was Rs. 4,30,197, against Rs. 3,24,190 in the previous year. It includes Rs. 13,937 refunded to the Midnapore treasury on account of sums overdrawn by the Committee during the cess years 1875-76 and 1876-77. The following statement shows the income and expenditure in each district during the past year:—

District.	Income.	Expenditure.
	Rs.	Rs.
Burdwan ...	1,61,234	1,22,927
Bankoora ...	29,870	15,495
Beerbhoom ...	84,095	53,633
Midnapore ...	1,57,836	1,08,878
Hooghly-*cum*-Howrah ...	1,62,279	1,29,262
Total ...	5,95,314	4,30,195

The above income includes the balance brought forward in the accounts of the several District Committees from the previous year.

4. *Operations of the Committee.*—The year, unlike its predecessor, opened with a positive balance at the credit of each of the several District Committees in this Division, which enabled them to commence operations at once, and to meet the cost of the several establishments under them. The balances in favor of the Burdwan and Beerbhoom District Road Funds were comparatively large. The original works executed during the year under the orders of the several Road Committees chiefly consisted of the raising, metalling, and bridging of roads. One inspection bungalow was also built at Culna in the district of Burdwan, for the convenience of the road officers on duty; as also two masonry causeways in the 1st and 4th miles of the Jehanabad road in that district, and a third in the 1st mile of the Ghattal to Chunderconah road in Midnapore, to prevent these roads being again breached by the spill floods of the Damoodah and the Selye and Darkesore rivers. A bridge was also constructed at Rajhat over the Koontee river on the Hooghly to Dwarbasiney road in the district of Hooghly. It consists of seven spans of 20 feet each of combined masonry and timber work, with a waterway of about 100 feet. The repairs consisted principally of—(1) petty repairs to surface of unmetalled

roads; (2) repairs to earthwork, including dressing and turfing; (3) new coats of metal to metalled roads wherever necessary, and repairs to bridges and culverts.

5. *Original works and repairs.*—Of the original works undertaken by the Committees, the most important are—

In Burdwan.—Metalling portions of the Burdwan to Culna road and of the old Benares road; construction of two causeways in the Burdwan to Jehanabad road, as mentioned above; and construction of the road from Cutwa to Culna (not yet completed).

In Bankoora.—No new lines of road opened; some culverts were built on the road from Chatna to Sussunia and from Dalpore to Sussunia.

In Beerbhoom.—Some bridges, culverts, and irrigation drains constructed on the Laghata to Kalgram road, which is one of the most important lines of communication in the district; a bridge on the Raneegunge road *viâ* Doobrajpore; and completion of earthwork on the road from Mohomed Bazar to Mullarpore, 12 miles long.

In Hooghly.—Besides the bridge over the Koontee mentioned above, a new road constructed from Bouriah to Bikihakona, 6 miles long: it will to a certain extent provide means of communication to the cess-payers of South Hooghly, who are much in need of good roads; metalling of the Juggutbullubpore road and the Ooterpara to Kalipore road (finished during the year).

In Midnapore.—Besides the causeway on the Ghattal to Chunderconah road, the metalling of the road from Dabijurie to Sildah.

6. The following table shows the amount spent in each district on original works and repairs during the year:—

Districts.	Amount expended on	
	Original works.	Repairs.
	Rs.	Rs.
Burdwan	34,343	46,416
Bankoora	6,628	5,521
Beerbhoom	24,741	12,430
Midnapore	22,795	42,845
Hooghly-*cum*-Howrah	38,191	62,512

7. *Working of the Road Cess System.*—The Road Cess System appears to have worked satisfactorily in all the districts, and the advantages derived from it are very well appreciated by the people. In Beerbhoom, the system of collecting the cess was rather lax, but the present Magistrate and Collector, Mr. Grant, on assuming charge of the district, though late in the year, took prompt measures to enforce greater punctuality in this respect, and it is reported that the cess is now being regularly collected. Great difficulty is experienced in the collection of house cess in the district of Bankoora, which, the Magistrate observes, is due to the assessment having, in the first instance, been unsatisfactorily made. The Collector and Magistrate of Burdwan thinks that the law should be amended in respect of the procedure for realizing arrears of road cess both on lands and houses, and he recommends the extension of the provisions of Act VII. (B.C.) of 1868 to these arrears. He is also of opinion that the provisions of the law regarding the assessment of houses are also defective, the valuations not being liable to be altered for five years; the consequence is that the houses in which trade is commenced and carried on during the interval altogether escapes assessment. He suggests that some provision ought to be made in the law for making annual valuation of all such houses, and amending the valuation of all such houses as have already been assessed. These points appear to deserve consideration when the Road Cess Act is revised.

8. *Attendance of Committees.*—The attendance at the meetings of the Committees held at Burdwan, Bankoora, and Midnapore were very unsatisfactory. This is due to the want of interest taken by the non-official members in matters connected with the road cess. In Burdwan the Committee met six times during the year, at which the attendance was very thin and barely sufficient to form a quorum. In Midnapore, in two out of four meetings held during the year there was no quorum. In Beerbhoom, also no quorum was formed in two out of eight meetings held during the year; but the Magistrate reports that he has succeeded in inducing the members to be more regular, and that there has been a marked improvement not only in their attendance, but also in the interest they show. The meetings held at Hooghly in the sub-divisional head-quarters of Serampore and Howrah were fairly attended. Annexed to each district report is a statement giving the particulars of the meetings of the Committee drawn up in the form of appendix A. of Government Resolution No. 1286 of the 13th March 1876.

9. *Village roads.*—The following sums were spent during the year in each district for the construction and repairs of village roads :—

	Rs.	A.	P.
Burdwan	1,464	8	0
Bankoora	547	0	0
Beerbhoom	*1,500	0	0
Midnapore	3,392	7	8
Hooghly-*cum*-Howrah	14,179	1	5

* These are approximate figures, as no details have been furnished.

Special attention was paid by the Hooghly Committee for constructing village roads in the Moheshrakha Sub-Division, and a sum of Rs. 9,124 was spent on that account during the year. Two village roads were constructed in the districts of Bankoora during the year, *viz.*, one at Mejia, and the other from a point at the provincial road from Raneegunge to the village, of Teliberia. No new roads were constructed in any village in the districts of Burdwan, Beerbhoom, and Midnapore, the expenditure incurred being confined to the repairs of existing village roads.

10. *Establishment on works.*—The cost of establishment on district works during the year is shown opposite each district in the margin. In Beerbhoom, the salary paid to the late overseer was considered a mere waste of money, as he was found quite unequal to the important duty of which he was placed in charge. The Committee have appointed a professional Civil Engineer of much experience and ability on a salary of Rs. 400 per mensem. I have asked the Chairman to submit a special application regarding the nomination of the new Engineer for the confirmation of Government. The District Engineer of Midnapore, Baboo Gopal Chunder Bose, was appointed during the year with the approval of Government. It has since been proposed by the Committee to extend the period of his probation, and a report has accordingly been submitted to Government with this office No. 94 dated the 26th ultimo. Baboo Nobogopal Banerjee, the Committee's overseer at Bankoora, is reported to have discharged his duties efficiently, and to the satisfaction of the Committee. Mr. Hoggan, the late District Engineer of Burdwan, is reported to have given little or no satisfaction. He, however, died on the 10th February last, and Mr. Stoney has been elected to fill the post (*vide* this office No. 97 dated the 28th ultimo). Mr. Wells, the District Engineer of the Hooghly Committee, on leave, is reported to have very efficiently discharged the important functions of his office, and the Chairman reports that his departure is really a loss to the Committee. Mr. Forbes, District Engineer of the Rajshahye District Road Committee, has been nominated in his place (*vide* this office No. 66 dated the 11th ultimo).

	Rs.	A.	P.
Burdwan	11,495	5	6
Bankoora	1,595	0	0
Beerbhoom	4,153	10	9
Midnapore	15,153	8	1
Hooghly-*cum*-Howrah	18,591	11	9

DISTRICT ROAD FUND.

NOTIFICATION.

No. 123.

The 3rd June 1878.

UNDER Section 89 of Act X. (B.C.) of 1871, the following annual accounts and reports of the Road Cess Committees of Dacca, Furreedpore, Backergunge, Mymensingh, and Tipperah, of works done and in progress during the past cess year 1876-77, together with the remarks thereon of the Commissioner of Dacca, are published for general information.

T. H. WICKES,

Offg. Asst. Secy. to the Govt. of Bengal in the

Public Works Department.

No. 755, dated Dacca, the 28th December 1877.

From—D. R. LYALL, ESQ., Chairman, Road Cess Committee, Dacca,
To—The Commissioner of the Dacca Division.

I HAVE the honor to forward herewith, in duplicate, a detailed account of income and expenditure of the District Road Fund for the past cess year ending 30th September 1877, and also to submit the following report on the works of local improvement that were undertaken during that year, and those proposed to be carried out during the current year 1877-78, in conformity with the instructions contained in Government Circular No. 50 of the 23rd July 1873.

2. The year opened with the large balance of Rs. 56,037-10-4, owing to the road between Dacca and Manikgunge, which was the main work proposed for the year, not having been sanctioned, and the receipts of the year come to Rs. 1,23,892-14-10, including the Government grant of Rs. 39,367-14-7, being half the cost of the dredger, making a total of Rs. 1,79,930-9-2 as the available funds of the district for the year. The total expenditure on works, establishments, tools, and plant, &c., amounted to Rs. 89,656-10-6, leaving a balance of Rs. 90,273-14-8 at the close of the year. Of the total outlay, Rs. 66,627-9 were spent through the Public Works Department.

3. The large decrease between the actual receipts of ferries in the receipt side and the amount estimated calls for notice. Owing to difficulties experienced in collecting kists, the ferries were let in March 1877, under the sanction conveyed in your No. 15L. dated 17th January 1877, for six months only, from April to September, in order to bring the year for which the ferries were let into accordance with the cess year, and also to make the payment of the rent easier to the ferrymen, as under the former arrangement they had to pay instalments when there was no profit. As most of the ferries remained open only for two months out of the six for which they were let on account of the rains, a decrease was inevitable. Since the above arrangement was made orders have been received from Government withdrawing the ferry proceeds from the beginning of the current year, which has greatly crippled the resources of the Committee.

4. Works done during 1876-77 :—

ORIGINAL WORKS.

(1.) No large original work was undertaken during the year, owing to delay in sanctioning the road between Dacca and Manikgunge. A part of it was sanctioned late in the season, *viz.*, in June last, when the working season was over. Steps were taken to acquire the land, but no compensation was disbursed during the year. The item of Rs. 149-9 against this road in the expenditure side represents the cost of clearing jungle, advertising for tenders, and putting up gauges. Work has since been put in hand in the part nearest Dacca, and will also shortly be commenced in the part between Mirpore and Bulliarpore.

(2.) The outlay of Rs. 10,507-10-6 on the Tonghy bridge is partly for conveying iron-works from here to the bridge site, and also putting up the bridge, and partly for the cost of bringing the bridge here, for which Rs. 5,174-8 were advanced from the District Road Fund during 1875-76 and Rs. 1,030-11-9 during the year under review; aggregating Rs. 6,205-3-9, which sum has in the latter year been charged to works under your sanction, No. 167R. dated 8th June 1877, on the Rajah intimating that he did not wish to exceed his original gift of

Rs. 20,000 for the bridge. About half the quantity of masonry to the abutment and wing walls was executed, and six bottom screw-piles driven down to different depths; but the rise of the river stopped the further progress of the work.

(3.) On the application of certain persons the bunds in the roadside cutting at Otholee on the Goalundo road were removed, with a view to make a clear passage for boats during the rains through the side cutting, and a wooden bridge constructed over the cutting opposite Otholee Bazar at a total cost of Rs. 263-13-6.

(4.) The earthwork of the road from Rampal to Tongibaree, which was half completed during 1875-76 from the donation of Baboos Dinobundhu and Kalikishore Chuckerbutty, has been almost finished during the year under review at a cost of Rs. 603-1, of which Rs. 500 was granted from the Sudder Sub-Divisional allotment for village works, the remaining Rs. 103-1 being defrayed from the balance of donation of 1875-76. The work has been done by the donors under the supervision of the Chairman of the Moonsheegunge Branch Committee, who reports that some wooden bridges are required on this road to make it passable throughout the whole year.

(5.) Petty village works were also executed by the Branch Committees of Moonsheegunge and Manikgunge, as detailed in the annual account, and do not require any special comment.

(6.) The entry of Rs. 680-10 in red ink against the Goalundo road and bridges in the expenditure side is the adjustment of refunds made in conformity with the instructions conveyed in Government Circular in the Public Works Department, No. 89A. dated 5th December 1876, by crediting the amount to the particular work; and as there was no expenditure on this work in the year from which the sum in question could be deducted, it has, therefore, been entered in red ink as a minus quantity agreeably to paragraph 5 of the abovementioned Circular.

Of the aforesaid amount, Rs. 680-10, Rs. 412 represents the security deposit of Baboo Nobin Chunder Roy, contractor, for the fulfilment of his contract for the manufacture of bricks for the Goalundo road bridges during 1874-75, which was forfeited under the instructions of the Deputy Examiner of Public Works Accounts, Bengal, and credited to the work in the Executive Enginer's sub-schedule. This reduced the expenditure on district works for the month in which the adjustment was made, and augmented the balance of the District Road Fund in hand of the Executive Engineer; the remaining, Rs. 268-10, being the recovery of excess chargee made in December 1875 to the said contractor for manufacturing bricks for the 12 bridges on the Goalundo road, which was refunded in cash to this office by the Executive Engineer.

REPAIRS.

(7.) The Mymensingh road (52 miles) has been cleared of jungle and usual surface repairs done to it. Repairs have also been effected to certain wooden and masonry bridges, and 65,487 cubic feet of earthwork executed in places to prevent inundation during rains. The whole work has been done within the estimate, *i.e.*, at a total cost of Rs. 2,314-8-3. The reason of the excess expenditure shown in the annual accounts is that certain works done during 1875-76 were paid for during the year under report. The arches of two pucca culverts, one at Goraran and the other at Salna, came down in consequence, it is reported, of a number of elephants having passed over them at once. Provision is made in the budget to renew the former culvert in the current year; but no provision for the renewal of the latter could be made, as the damage was caused since the budget-estimate was framed. It is, however, to be covered with planks to render it fit for traffic.

(8.) A sum of Rs. 2,290-11-3 was laid out in putting the Moonsheegunge-Sreenuggur road as far as Singpara into order. Out of this sum, Rs. 773-8-9 was spent in executing about 260,000 cubic feet of earthwork, Rs. 1,069-12-6 in erecting four new wooden bridges, heightening four, and repairing three bridges, and Rs. 447-6 in renewing 16 bamboo bridges and one bamboo *sakho*. The road is now in a good state, and passable throughout the year up to Singpara.

(9.) The metalling in the Naraingunge road has been repaired in places where it was found necessary, and the bamboo piling on the fifth mile has also been renewed; earthwork and turfing to side-slopes executed where necessary, and also to the piling; petty repairs also done to the iron suspension bridge on the first mile. The total expenditure incurred is Rs. 2,815-0-3. The contractor failed to do the work within the contract time, and his security deposit has been forfeited by the Executive Engineer.

Special repairs were also done to the Pagla bridge at the fifth mile of the Naraingunge road, as also to the bridge at the end of the sixth mile, for damage done to them during the last rains, at a cost of Rs. 399-3-9. This charge was not provided for in the budget-estimate, as the damage was done after it was framed; but your sanction was obtained to meet it from general savings of the fund.

(10.) The section of the Goalundo road between Shealo and Manikgunge has been repaired at a cost of Rs. 969-1-2. The money was expended in surface repairs, petty repairs to bridges that were out of order, bamboo piling at Shealo, and in paying for chowkidars employed for nursing young trees and preventing cattle-trespass on the road. Two spurs were also put out

at the piling to prevent encroachment of the river. The road generally was in fair order and fit for traffic all the year round.

(11.) An expenditure of Rs. 80-2-9 was incurred in repairing and re-erecting the stable and the cook-houses attached to the Mohadebpore inspection bungalow on the Goalundo road, which were blown down by a heavy gale of wind.

(12.) Ordinary annual repairs were done to the Kolatya road, and nine wooden bridges newly erected in place of temporary bamboo *sakhos*. A breach at Patcajor on this road was also filled up, leaving six feet in the centre of the gap untouched for the passage of water, and bamboo piling put up on either side to protect the new earthwork. A bamboo bridge was also put over the opening with wooden posts, and bamboo platform covered with mats and earth. The total expenditure incurred on this road is Rs. 1,189-5-6, and is within the budget grant.

(13.) The road from Nawabgunge to Moniat, commonly called the Moniat road, has been repaired and cleared of jungle. Two bamboo bridges were also erected on the line, and bamboo piling done to them to protect the earth of the approaches. The total expenditure incurred is Rs. 932-8-6, which is Rs. 266-8-6 more than the budget grant. The excess expenditure is chiefly owing to a deep hole in Mouzah Ekrashi, Mcaused by a whirlpool having been filled up. This work was found to be absolutely necessary after the budget-estimate was framed. The gaps at Sadipore were also filled up by the contractor through error last year, though provision for this latter work was made in the budget of the current year. The extra charge was met from savings under the sanction conveyed in your No. 314R. dated 6th August 1877.

(14.) The Bydobazar road was put into working order and partly cleared of jungle, at a total outlay of Rs. 1,448-1-6, including repairs to bridges. A part of the expenditure, *viz.*, Rs. 414-8-3, was not disbursed during the year. Five bridges on this line have been repaired, and two wing-walls and one of the abutment walls of another bridge were renewed, and the roadway covered with planking. Another wing-wall of this last-named bridge, which was charged for by the contractor, as also renewed brickwork, tumbled down during the last rains, and on inquiry it came to light that the same was not actually renewed by the contractor, but only a few feet on the top of it was so done. Provision has been made to rebuild it during the present year. The contractor also did to this bridge certain extra works not provided for in the estimate, which the Committee allowed after inquiry as to its necessity. The District Engineer reports that the bridges on this road are in a dilapidated state, and proposes to examine and report on them in the dry season, when he can get at the foundations.

(15.) Petty village works have also been carried out by the Central Committee and the Branch Committees of Moonsheegunge and Manikgunge, out of the allotment for village roads, the details of which are given in the annual accounts.

5. The Moonsheegunge Branch Committee have not been as active as usual, but there is a decided improvement in the Manikgunge Committee's work in the year.

6. The dredger has been perfectly useless all the year, in consequence of the alterations not being completed, though the Committee have spent Rs. 12,608-7-6 on her and on two barges for her. During the year two new large barges suitable for river work arrived; but the price charged for them by the Dockyard authorities, being found in excess of the original estimate, has not been paid pending reply to a reference made to Government on the subject. An additional cabin was also erected on the dredger and a roof put over her at a cost of Rs. 228 and Rs. 2,333-1, respectively. The former amount has been paid during the current year; and out of the latter, Rs. 882-0-3 only was disbursed last year and included in Rs. 12,608-7-6 abovementioned, the balance having been paid during the present year. The alterations to the dredger have since been finished, and the vessel will soon be brought here for the purpose of dredging the part of the Boorigunga river near Shampore, which is shoaling very much.

7. During the whole year the Committee have themselves managed the repair works through a sub-overseer acting under their immediate orders, with the exception of Goalundo and Naraingunge roads, which two, on account of their importance, were left in the charge of the Public Works Department. The repairs on them, as well of the rest of the works, have been carried out by the Committee's own establishment, consisting of two overseers under the supervision of the Executive Engineer.

8. The road cess collections are got in with little trouble, but there is considerable grumbling as to the Committee having done no work; and this is well founded, for during the last three years no original work has been done owing to the delay in sanctioning the Goalundo road. This and the failure of the dredger together make it appear as if the Committee simply collected money and spent nothing, except in repairs and a few petty village works. This slur will, I trust, be removed in the current year.

9. The executive staff consists of three overseers. The Executive Engineer has reported most favourably of one, Baboo Gungadinath Mookerjea; the second, Baboo Guru Prasanna Banerjea, was reported very badly of, and he has resigned and gone to Burrisal; the third got blind and has had to be dismissed in consequence.

The office staff have worked well, particularly the head clerk, who has well earned his promotion to accountant.

10. Owing to more districts having been added to the Executive Engineer's Division, he had scarcely any time to supervise the district works. The Committee, therefore, have

entertained a separate Engineer of their own from the beginning of the current year to carry on their works.

11. The annexed statement will shew the particulars required in paragraph 10 of the Government Resolution No. 1286 dated 13th March 1876, in regard to the meetings of the Central and the Branch Committees.

12. Works proposed to be carried out during the current year 1877-78:—

REPAIRS.

(1.) *Goalundo road between Shealo and Manikgunge.*—Surface repairs to be done, including filling in ruts and holes and clearing jungle, petty repairs to be done to bridges and the bund, and bamboo piling at the end of the road on the bank of river Pudma, and the inspection bungalow at Mohadebpore to be also repaired. Outlay sanctioned, as per the budget-estimate, is Rs. 825, including pay of chowkidars for nursing young trees.

(2.) *Naraingunge road.*—The metalling in certain parts of this road to be renewed, petty repairs to be done to bridges, and the bamboo piling at Pagla, on the fifth mile, to be repaired. Amount sanctioned in the budget-estimate is Rs. 3,500, while the amount of the detailed estimate sent in by the District Engineer, and sanctioned in your No. 181T. dated 13th December 1877, is Rs. 3,721, which exceeds the budget grant by Rs. 221. The real estimate is only Rs. 44 above the budget-estimate, the balance being made up of the provision for contingencies, which is not required if the work is done by contract.

(3.) *Mymensingh road, or road from Dacca to Toke.*—Usual surface repairs to be executed, jungle to be cleared off, and petty repairs to bridges to be done, 52 stone mileposts to be fixed along the line, and a new bridge will be built to renew the bridge at Goraran. Amount passed as per the budget-estimate is Rs. 4,590, while the amount of the detailed estimate prepared and sent in by the District Engineer, and sanctioned in your No. 581R. dated 30th November 1877, is Rs. 4,624, being Rs. 34 over the budget; but the work will probably be done within the budget-estimate, as the contractors are not allowed the contingencies of the estimates.

(4.) *Bydobazar road.*—This road will be repaired and cleared of jungle, and petty repairs will also be effected to the bridges situated on the line, for which Rs. 380 only was set apart in the budget-estimate. The amount of the detailed estimate submitted by the District Engineer, and approved by me, is Rs. 971, which exceeds the budget allotment by Rs. 591. This excess is owing mainly to provision being made in the latter estimate to rebuild the south-east wing-wall of bridge No. 4, which fell down during the last rains after the budget-estimate was framed, and to fill up with earthwork the culvert opposite the Nawab's new house at Hajeegunge, which is in a dilapidated and unsafe state. The extra outlay will be defrayed from general savings, and has been sanctioned in your No. 597R. dated 6th December 1877.

(5.) *Moonsheegunge-Sreenuggur road.*—Surface repairs to be done to this road as far as Singpara, including the Joinshur branch, and repairs to be done to the bridges; six new wooden bridges will also be erected. Amount sanctioned Rs. 2,480.

(6.) *Moniat road.*—Earthwork will be executed to a portion of this road from Nawabgunge to Sadipore, for which Rs. 795 was sanctioned.

(7.) *Kolatya road.*—Ordinary annual repairs will be done, for which Rs. 360 was passed.

ORIGINAL WORKS.

(8.) The Goalundo line of road from Dacca to Manikgunge will be extended as far as possible, and portions of the road not sanctioned by Government will be re-surveyed. Outlay sanctioned in budget is Rs. 83,455, including surveying expenses.

(9.) The Tonghy iron bridge, which was commenced last year, is to be completed this year, for which Rs. 6,118 have been allotted.

(10.) *The Moonsheegunge-Sreenuggur road from Singpara to Sreenuggur.*—A sum of Rs. 10,349 was sanctioned for this road in the budget-estimate; but there is no prospect of the work being undertaken this year, as the plans and estimates are not yet ready, and I see no prospect of the District Engineer having time to prepare them.

(11.) Petty village works will be undertaken by the Central Committee and the Branch Committees of Moonsheegunge and Manikgunge out of the allotment of Rs. 6,000.

(12.) The channels of the Boorigunga, Dhuleshury and Gujghatta rivers, as also the Hilsamari and Panya khals, will be dredged as far as possible if the dredger can be got to work.

(13.) All the works proposed will be met from the proceeds of the District Road Fund of the year, which is to be derived from the following sources:—

(1) cess on lands,
(2) do. on houses,
(3) ferries,
(4) one per cent. road cess,
(5) contribution to roads and communications from the Estates' Improvement Fund,
(6) Other miscellaneous,

and which is expected to amount to Rs. 1,54,104, including balance of previous year.

Abstract of particulars regarding Meetings of Dacca District Road Committee and of the Sub-Divisional Branch Committees for the cess year 1876-77.

Commissionership.	District and Sub-Divisions.	Number of members forming Committee.		Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum. 	Manikgunge Ditto‡ ...	3	11	4	2	Nil	6½	5	..	5	2	2	...	...	46

* The members took a lively interest in their work, and transacted their business satisfactorily.

† Of the official members, one was transferred during the year, and another and two non-official members did not attend a single meeting. All other members took lively interest in their work.

‡ The Chairman of the Manikgunge Branch Committee reports that the members did not attend regularly, and when they attended they pleaded and took much interest for roads that would benefit them most without minding the convenience of the general public. Some new members have therefore been nominated, but their nomination has not yet been sanctioned by Government.

DACCA,
The 28*th December* 1877.

R. LYALL,
Chairman.

No. 6—Part I.

RADHASYAM SINHA,
Vice-Chairman.

No. 114C., dated Furreedpore, the 19th December 1877.

From—T. E. COXHEAD, ESQ., Chairman, District Road Cess Committee, Furreedpore,
To—The Commissioner of the Dacca Division.

I HAVE the honor to submit herewith the annual reports and accounts of the Furreedpore District Road Fund for the year ending 30th September 1877.

	Rs.	A.	P.
The balance of the previous year was	64,384	15	7
The receipts of the year under review	53,628	10	11
Total ...	1,18,013	10	6

The expenditure during the year was as follows :—

	Rs.	A.	P.
Collection establishment	2,332	14	0
Working establishment	11,108	7	6
Contingencies	1,296	10	5
Repairs	14,137	3	8
Original works	10,959	6	9
Tools and plant	1,645	10	1
Ferries	143	0	6
Total ...	41,623	4	11
The balance, therefore, at the close of the year was ...	76,390	5	7

The accompanying statement will show a very small outturn of work.

2. The small quantity of work done is principally due to two causes,—first, the District Engineer and his staff were from the commencement of 1876 almost entirely occupied in preparing projects for new works and surveying proposed lines of khals and roads; and the consequence was that, when my predecessor came here, in the latter part of February last, hardly anything had been done in the way of actual work, and even the estimates for repairs of existing roads were in a backward state.

3. The second cause was that good local contractors are not met with in this district, and labour is dear and hard to procure.

4. A third cause which has been noted by the District Engineer was, that the staff during the early months of the year was very insufficient.

5. From the time that my predecessor came to the district, everything was done to push on the execution of repairs, but owing to the above causes, little progress was made; and he also endeavoured to make it as widely known as possible that money was available for the improvement of village communications, and the police and the school inspecting staff were directed to bring to notice any cases in which money could be properly expended in this way; but it was only at the very end of the working season that applications began to come in..

6. Small allotments for improving these communications are made over to respectable residents, who submit an account of the work done. The system is now beginning to work, and may be further developed with advantage.

7. We have been advertising for contractors, and hope to get a better class of men this year.

8. The principal projects to which I have alluded, and which occupied the time of the District Engineer and his staff at the time, when estimates of works to be undertaken during the last working season should have been prepared, and arrangements made for the undertaking of such works from the commencement of the season, were, a khal from Ramnuggur on the Kumar to Amgram on the Gorai, the khal from Habra on the Barasia to Balugram on the Kumar, a khal from Kristopore on the Ganges to the Mora Padma, the deepening of the Mora Padma from Furreedpore to Kanaipore, and the road from Furreedpore to Rajbaree railway station.

9. For the small progress during the year under report the District Engineer cannot be blamed; but the system of postponing repairs to new projects was a mistake.

10. The Committee held six meetings during the year, which were attended as follows :—

On the 4th day of October 1876.

Present:

A. Weekes, Esq.	*Chairman.*
Baboo Jadav Chunder Gossami	*Vice-Chairman.*
J. Fennessy, Esq., Executive Engineer ...	*Members.*

No. 3C., dated Madaripore, the 14th November 1877.

From—A. J. FRASER, ESQ., Chairman, Branch Road Cess Committee, Madaripore,
To—The Chairman, District Road Cess Committee, Furreedpore.

I HAVE the honor to submit the annual report of the Madaripore Branch Road Cess Committee for the cess year 1876-77.

1. The Committee consisted of four official and ten non-official members. They had nine meetings during the year, at the second of which, held in the month of March 1877, there was no quorum. Some new members, however, having been appointed under orders of Government, dated 12th April 1877, the meetings have since been fairly attended.

2. ORIGINAL WORKS.

(1.) *The Audla Beel khal*, begun in 1875-76, was completed during the year under report. It has cost Rs. 1,500, of which Rs. 500 have been contributed by the villagers, who were entrusted with the execution of the work. As the khal is more than four miles long, it could not, of course, be much deepened by the small sum spent on it. The channel made will, however, suffice to drain the beel and admit small boats into the adjoining villages for six months of the year.

(2.) *Lonsing to Naria road.*—After repeated endeavours, the applicant for this road succeeded in obtaining a grant of Rs. 2,500 from the Road Cess Fund, and a very useful road he has constructed. It is about a mile and a half long, the top width varying between 8 and 12 feet. Owing to rains setting in, the work was stopped at the Naria village, and will, this year, be continued to the Naria Bazar, the largest daily bazar on this side of the Padma. At the time it was visited by a member of this Committee two wooden bridges were remaining to be made. The work has been executed by the applicant without any professional assistance from the District Committee. I think large original works of the kind should not be left entirely to unprofessional hands.

(3.) *The road from Goshair hât to Palong*, 13 miles long, was, at the request of the Branch Committee, surveyed and levelled in June last, and great credit is due to the Overseer, Baboo Apurva Chandra Ganguli, for having accomplished the task amidst the numerous difficulties of the season. I cannot speak in too strong terms of the usefulness of this road and of the necessity of extending it up to the Padma, whereby a thorough passage will be opened from the side of that river to that of the Noabhungni. The road will pass through the entire length of Palong thanadari, the richest and the most thickly populated portion of the sub-division.

3. VILLAGE ROADS.

A large amount, *viz.*, Rs. 3,795, was expended on these roads and bridges as per list annexed.

4. It will be seen that the outpost of Boorirhat has received the largest grant for roads, while in most of the other stations bridges preponderate. This is attributable to the fact that in Boorirhat there is the Hatooria road, the only public road we have in this sub-division, with which the people can easily connect their villages by means of small branches. In the other stations the people are just beginning to bridge their khals and nullahs, and are anxiously looking forward for main roads like the one in Boorirhat. Thana Gopalgunge has received no share of the grants: no one applied for any. It appears that, excepting the bunder adjoining the police-station and the village Kajulea, no roads are needed for this part of the sub-division, which consists of one immense swamp, the villages, composed clusters of houses, standing here and there. A khal from Kaligram to Hurridaspore, or, what would perhaps be better, from Sendia to Hurridaspore, would have been a very useful work; and I do not know why, although included in last year's budget, it was not taken in hand during the year.

5. Of the village roads constructed, it was difficult to say whether they should be considered as original works or repairs. Very few villages in this part of the country can boast of raised roads. The footpaths, called *haluts*, are generally on ground level; in some cases below it; and the older the village the lower is the *halut*. To make a road over one of these *haluts* is therefore more expensive than a new construction over the plain ground. But, for divers reasons, the *halut* of a village cannot be abandoned for a new line of road.

6. The Gangarampore khal gets a very strong current during the rains, and a large number of traffic boats pass by it in that season. Soon after the completion of the wooden bridge here, a big, heavy-laden boat, carried by the current, stuck lengthwise against it, and brought one-half of it completely down. Probably the site of the bridge was ill-chosen, or the fests not sufficiently driven into the earth. Another bridge on the Hatooria road, done by a contractor under the Public Works Department also fell down during the year. With these examples before them, the Branch Committee have thought it proper no more to trust any important bridge to unprofessional hands, but to have all works of the kind executed under the supervision of the District Engineer.

7. Almost all these works have been seen by some members of this Committee, chiefly by the Sub-Inspector of Schools, *ex-officio* member. He reports that the common defect he marked in the roads was that they have not been allowed sufficient slope. No instance has yet come to notice of any grant having been misappropriated or abused.

8. On the whole, it will be seen that, as regards village roads, which are under the management of the Branch Committee, a good year's work has been done. People now seem to appreciate the road cess, and will, no doubt, avail of its advantages more than they have hitherto done.

9. It has been stated that the only public road in this sub-division is the Hatooria road, in outpost Boorirhat. It should, however, be added that there are some very old roads in this part of the district, which must have originally cost several thousands of rupees, but which, for want of repairs or from other causes, have fallen into disuse and now lie hid in jungles. The Badshahi roads in thana Palong, Sophi Khan's jungle in thana Kotwalipara, are examples of the kind. These roads ought to be brought to light and, as far as possible, utilized. But to trace out these roads, to reconnoitre the country for laying out the lines of new works, and to look over the construction of the important village roads and bridges, it is necessary that an officer of overseer's rank should be posted to this sub-division, at least for a year or so. The Branch Committee have on more than one occasion urged the measure to the District Committee.

No. 17, dated Goalundo, the November 1877.

From—J. POSFORD, ESQ., Chairman of the Branch Road Cess Committee, Goalundo,
To—The Chairman of the District Road Committee, Furreedpore.

WITH reference to your No. 21 of the 6th instant, I have the honor to submit the local improvement report for the year ending the 30th September last. I beg to note the following letters, &c., as the principal references on the subject of roads in this sub-division:—

Baniabohoo Roads.

(*a.*)—Commissioner of Dacca to Magistrate, Furreedpore, No. 21 dated 29th January 1876.

(*b.*)—Magistrate of Furreedpore to Sub-divisional Officer, Goalundo, No 143 dated 1st February 1876.

(*c.*)—Sub-Divisional Officer, Goalundo, to Magistrate, Furreedpore, No. 10T. dated 15th February 1876.

Branch Road Committee.

Proceedings of 22nd August 1876 as to projects for works.

Ditto	15th January 1877.	Consideration of progress and completion of works.
Ditto	15th March 1877.	
Ditto	15th August 1877.	

Railway Feeder-roads.

(*d.*)—Superintendent of Way and Works, Eastern Bengal Railway, to Agent, Eastern Bengal Railway, No. 216A. of 1st April 1876.

(*e.*)—Secretary, Bengal Government, Public Works Department, to Commissioner of Dacca, No. 1912 dated 24th April 1876.

(*f.*)—Commissioner, Dacca, to Chairman, District Road Committee, Furreedpore, No. 54R. dated 2nd May 1876.

(*g.*)—Chairman, District Road Committee, Furreedpore, to Chairman, Branch Road Committee, Goalundo, No. 366C. dated 6th May 1876.

(*h.*)—Chairman, Branch Road Committee, Goalundo, to Chairman, District Road Committee, Furreedpore, No. 79C. dated 11th May 1876.

(*i.*)—District Road Committee Proceedings Nos. 4 and 5 of 12th May 1876.

(*j.*)—Superintendent of Way and Works, Eastern Bengal Railway, to Agent, Eastern Bengal Railway, No. 136A. dated 27th March 1878.

(*k.*)—Agent, Eastern Bengal Railway, to Joint Magistrate, Goalundo, No. 965 dated 28th March 1877.

(*l.*)—Superintendent of Way and Works, Eastern Bengal Railway, to Sub-Divisional Officer, Goalundo, No. 30G. dated 12th April 1877.

(*m.*)—Officiating Joint Magistrate, Goalundo, to Superintendent of Way and Works, Eastern Bengal Railway, No. 61R. dated 13th April 1877.

(*n.*)—Memorandum on roads in Goalundo Sub-Division, No. 4C. dated 14th October 1876, Chairman, Branch Road Committee, Goalundo, to Chairman, District Road Committee, Furreedpore.

(*o.*)—Officiating Joint Magistrate, Goalundo, to Chairman, District Road Committee, No. 102R. dated 31st July 1876.

(*p.*)—Chairman, Branch Road Committee, Goalundo, to Chairman, District Road Committee, No. 5C. dated 14th October 1876, being local improvement reports of last year.

Three meetings of the Branch Road Committee were held during the year, but that of 22nd August 1876 referred chiefly to affairs of the same period. Baboo Syma Sunker Mozoomdar has given much assistance in finding most of the land for the Godarbazar and Baniabohoo roads. Baboos Dinabundhoo Chowdhry and Modhu Sudhan Pundit have given land for the latter road, and also permitted cuttings for the Punchashazari roads, east and west, near Goalundo. Moulvie Faiz Bux Chowdhry has promised what land is wanted for repairs of the Pattani road, north of the railway line. Baboo Kalinath Chuckerbutty has allowed cuttings for the benefit of Furreedpore-Goalundo road.

2. As to village roads, there is not so much work to show as during the previous year. I have had scarcely a single application on which anything could be done with the Rs. 2,000 allotted under this head. People are ready enough to petition for roads, but after doing so become obstructive. As to the works of the previous year, chur Pallundo road was repaired by a contractor engaged by me. Fooltolah Lane was put to rights by a local man only after much exhortation on my part, and the same may be said of the bund at Singhia khal. Rupsa bunds were repaired by a local man, but his work was not of much use, and only Rs. 100 was spent. A bund was made over Furreedpore khal, and here I was more fortunate in finding Bepin Behari Shikdar, of Ramdia, who did the work properly. Nothing further has been done with the village roads in Baliakandy and Elishkole. A road sirkar and peon are paid from the allotment for village roads, and their services have been maintained throughout the year.

3. Under the above circumstances, the village road money became available for other purposes, and was mainly spent under the following heads :—

Repairs of bunds at Rupsa.
Repairs of bund at Furreedpore khal.
Chur Pallundo road.
Pay of sirkar and peon.
Miscellaneous, *e.g.*, rail fares, &c.

Chur Pallundo road will be more conveniently noticed with the other district roads near Goalundo. Under the last-named head comes a crossing made after the rains over Jaldanga khal on the Furreedpore-Goalundo road at Kasalundo.

4. *Rupsa Bunds.*—Rupsa is a village situated about a mile east of the Chundna, and about half a mile south of the 134th milepost of the Eastern Bengal Railway, on the bank of an old course followed by the Chundna about 200 years ago. This bank is a high ridge on which are the villages of Lushkardia (now nearly washed away by the Ganges), Bhagulpore, Madhubpore, Haroh, Rupsa, Arpara, and Kashinathpore. South of Rupsa the country slopes away into Nusseebshaye bhur, a large low-lying plain, liable to disastrous inundation, but now and then in a fortunate season productive enough to supply rice for almost the whole of Goalundo Sub-Division. It was thus an object with people south of Rupsa to keep out of the bhur the flood water which used to pour through the waterway called Shahabutpore Dulla. The Eastern Bengal Railway was extended to Goalundo about seven years ago.

Instead of bridging the Mora Gunga (the Mora Chundna) in Kalokhalee, at 133 miles, it was found expedient to throw an embankment over the shallow bed of the dead river, and make bridges further east. One of these is at Kameea (134 miles). Here to connect the bends of the dead river, on either side of the line, a khal was cut right through the narrow strip of land shown on the mile-to-the-inch map as forming Kameea Mouzah. The people to the north of the line approved of this cut, but those south of the line were too strong for them, used to bund the cut, and maintain the bund by force or show of force. In 1874, the floods threatened to top the bund, and it had to be cut by the Railway

Engineers in the presence of Mr. Davis, the then Sub-Divisional Officer, who found villagers assembled with intent to fight about it. The water thus set free rushed through the Kameea bridge away south, scoured out the khal in Rupsa village to a great depth, and swamped Nusseebshaye bhur. The mischief was, of course, intensified by the main stream of the Ganges having in recent years come nearer than formerly to the railway line at this point. It happens that in the time of the old Nawabs there was an embankment, probably a branch of the old Pattani road, along this bank of the Mora Chundna. In 1875, some Rs. 1,500 was spent in throwing a bund over Rupsa khal, and objection was taken to this expense as being incurred for the benefit of crops. It is, no doubt, a great benefit to crops; but it is admissible as a means of communication among the villages abovenamed, and thus Rs. 100 was expended in repairing the old bunds, as noticed in last year's report.* These old bunds were weak, and the pressure of the water during the subsequent rains was in some places too much for them. It burst through them, but did not injure the bund across the deep khal. During the past year the new bund has been heightened and strengthened, and the old bunds all along from Haroh to Kashinathpore have been repaired. A good road has thus been made about half a mile in length. Valuable as it is to the thickly-peopled villages in its vicinity as a mere road, it cannot fail to be of far greater value as an embankment protecting the largest rice-producing plains in the sub-division. During the past season the inundation has not been high enough to try these bunds. Before next rains perhaps some further turfing, sloping, and petty repairs are required. The work done has been nearly all paid for. The top water of the highest floods can still escape eastwards over the high land north of Haroh, and westwards by Rutnudia khal into the Chundna.

* *Vide* letter (*c*) above.

4. *Furreedpore bund.*—Furreedpore khal is an offshoot from the Chundna, leaving that river at a point about eight miles due south-east of Rupsa, flowing eastwards into Nusseebshaye bhur, and helping to swamp that plain. It was cut, I am told, years ago, when Baliarkandy indigo concern was at work, to allow of boats getting from the bhur into the Chundna, and so down to the factory. As usual, with Bengal rivers, the bunds of the Chundna are the highest ground in its neighbourhood. The result in course of years has been that the water from the Chundna has scoured out the khal, and made it a deep channel 150 feet wide at top. Its silt has raised a good deal of the land near the villages, but the khal has year by year increased in size. Up to the year ago there had been no amun crop in the bhur for a long time, and what aus crop there was usually got ruined by early floods. The bund was made before the rains of 1876, and was a most successful work. It joins the villages of Furreedpore and Teloba, and is thus admissible as a road work. As to its result on the crops, it was one means of protecting the aus crop in the bhur last year, and allowed of a partial amun crop. This year the bunds at Rupsa were in good order, and likewise this Furreedpore bund. The result was an aus crop such as has been seldom, if ever, known. Unfortunately, the people in the bhur listened to some rumour that the bunds were not going to be repaired, and thus did not plant amun dhan this year. Enough has now been done for this work with road funds. As an embankment, it must be perfected with money raised by private subscription. The late Magistrate and the District Engineer saw it during the rains of 1876, and directed some repairs. These were done at a cost of Rs. 20, but the money was not paid till this year, when Rs. 50 more was advanced to the contractor, who has still a further Rs. 26 to receive on account of repairs during the year under report. Here attention may be called to one reason why zemindars and others do not come forward in works of this sort. Their lands are usually split up into jotes or other holdings at fixed rates, and thus public improvements benefit not the zemindars but the actual cultivators and jotedars, who are incapable of united action and too often only anxious to work mischief to their neighbours.

5. *Baniabahoo roads.*—Baniabahoo is a large village or collection of villages, the condition of which has been a subject of reports and correspondence for years. The place has been for nearly two generations relapsing into jungle, and it is now more or less of a forest. Attempts have been made to do something, and the place was once a Municipality under some old Act. At that time a road was made partly through the village. Beyond this the chief result of efforts for improvements has been a subscription of Rs. 300, raised some years ago, of which nobody can give any account. Further enquiries were directed, and also the construction of roads.† I reported on this subject,‡ and the lines of roads have been definitely chosen. I also proposed to run a line of road from Rajbaree feeder-road in Sarjankanda, about a mile from Rajbaree railway station, to Baniabahoo; and, in 1876, about two miles of it were constructed, namely, from Sarjankanda to the Mora Padma, and from Kazee Bhadoor to Peazghatta khal, near the Pattani road in Betolia. Both these works have been found of great service. Of course no road can be constructed without a lot of people raising objections, but these have been overcome; and now, when I go that way, the people beset me with inquiries as to when these two lengths of road are to be joined together by that from the Mora Padma to Radhagunga beel. The land for this part has been acquired, and the money awarded as compensation is held in deposit pending the Judge's decision about rival claims. The earthwork from Peazghatta khal to the Pattani road, and thence across Matibhurah Mât to the head of the Dhopaikhallee in Baniabahoo, has been thrown up. During the past year it has been decided to couple the roads in Baniabahoo itself with these others, and frame one complete project and estimate. Syama Sunker Mozumdar cleared the route through the village during the year before last, the cost being defrayed by subscription. During the past year he received Rs. 50 to clear it again, and I am daily awaiting his report of the clearance being complete to pay him

† *Vide* letters (*a*) and (*b*) above.
‡ *Vide* letter (*c*).

the other Rs. 50 assigned to this work. Including that part through Baniabahoo, the total length of the road from Sarjankanda will be about six or seven miles, of which the earthwork of more than half is done.

6. Baniabahoo occupies very central position. I understand that it lies in the usual route followed by people of the southern part of the sub-division on their way to Goalundo or to Rajbaree railway station. Immediately south of it is Nusseebshahye bhur. During the rains boat route is across the flooded plains and up the Dhopaikhallee. During the dry season, of course, various routes are open, but the most direct is to strike across the bhur to Baniabahoo. Thus the project of making roads for the sanitation of the place becomes blended with one of the projects for railway feeder-roads. It is hoped that works at Rupsa and Furreedpore will make the ryots to grow heavy crops in the bhur, and that this road will enable them to get rid of their produce to the best advantage.

7. *Railway feeder-roads.**—At the instance of the railway authorities, the attention of the District Road Committee was given to this subject. After report and deliberation, it was decided that estimates should be made for roads from Belgachee to Khangunge and from Rajbaree to Godarbazar. The Committee also noted that the Pangsa road (which runs throughout the whole length of Pangsa thanadari) and the Rajbaree feeder-road (which is to be carried on to Furreedpore) were already in hand. The work connected with the two roads last-named is directly under the District Committee, and I have nothing to say about them. A branch road was proposed† from Pangsa road to Korukdee, in the extreme south-west of the sub-division. I believe an estimate has been prepared for it, and that this work will now be undertaken from head-quarters. The Rajbaree feeder-road was some years ago constructed as far as as the Pattani road, a distance of about three and a half or four miles; but this length has not as yet been bridged. The Pattani road used to run from Dacca to Moorshedabad. In this sub-division it runs from Fooltolah, on the old bank of Padda, to the Mora Padda at Alladipore, thence on *viâ* Betolia, crossing the railway at Kalinuggur, and following the old bank of the river *viâ* Dhawapara and Khangunge, meets the Ganges at Lushkurdia and Harinbarea. It was, I find from published reports, much damaged by the inundations of 1871; and this was only to be expected with a road that runs almost straight across the natural drainage of the country. All that can be done with it from the Mora Padda to Lukhandia is to slope the breaks, fill up the ruts, and make hard ways where required on the natural level of the ground. From Fooltolah to its junction with the Rajbaree road, a distance of about four miles, it has been repaired and heightened, but the waterways have had to be left alone as yet. During the present cold season it is proposed to make hard crossings over these places. Hundreds of carts ply between Rajbaree station and Fooltolah, and the work which has been done may be considered so far successful.

* *Vide* (*d*), (*e*), (*f*), (*g*), (*h*), above.

† *Vide* (*n*) above.

8. At Sarjankanda, where the Baniabohoo road turns off, there is a wide waterway in the Rajbaree feeder-road, and there during the year under report a public ferry was declared. The floods during this year did not rise high enough to allow of its being leased out.

9. Another project still in abeyance is a branch road from Sripore on the Rajbaree road, to run for about a mile along the bank of the Mora Padda, to the Pattani road. Thence, on the opposite bank of that river, the Humdumpore road runs southwards to Belgachee thana and Humdumpore. This road was made in 1875. Its extension to Sripore is at present in abeyance, pending arrangements about the land. One zemindar, Rajah Grish Chandra Rai, is willing to give the land required, but the Narail zemindars have not yet given a definite answer about it. The road when made should benefit their rainy season ferry over the Mora Padda, which would then be at the junction of cross-roads.

10. The line of the road from Rajbaree station to Godarbazar has been chosen, and the earthwork is complete. It is rather more than a mile in length, and advantage has to such an extent been taken of the banks of tanks that its total cost cannot exceed Rs. 1,000. There are some trees in the line of road on the banks of the tanks, but they are of small value. Going over the road during the rains, I decided not to interfere with them, as the new earthwork near Godarbazar was not consolidated, and it was not desirable to allow cart traffic for a time. This road should, according to the estimate, meet the Rajbaree feeder-road at the level-crossing over the railway line, but‡ it would meet the convenience of the railway traffic if the road were carried on merely to the end of the platform at Rajbaree instead of going to the gateway several hundred feet further east. This will lessen the cost of the road; meanwhile, it begins at present at Penodepore school, a few hundred feet north of the railway station. During the past season it has been found a great benefit to foot-passengers. One circumstance to be noted about this road is, that no current of water is met with anywhere along it. It is intended, however, to put up a couple of rough bridges so as to prevent stagnation of rain water at the close of the rains, and to allow of vegetables, firewood, and zenana log being carried about in little *dingees* during the floods.

‡ *Vide* T above.

11. Another feeder-road has been constructed from Belgachee station to the Pattani road close by Khangunge bazar. It is about half a mile in length, and§ is not made quite to meet the slope from the railway station. Here a hardway is to be made 100 feet in length on the natural surface of the ground, so as to allow free passage to the flood water when the annual inundation rises to a great height. The earthwork is completed, and the road has been found very useful. It runs along the old cart track, which had been dug up and worn away to such an

§ *Vide* T above.

extent that, after a shower, it was likely to be several feet under water. The people of the village are now anxious to have the Pattani road through Khangunge repaired in the same way as the road to the station has been. This may be done to some extent during the present season. When the floods are high, boats can come up to the railway station, and at that time a light bamboo foot-bridge will meet the wants of foot-passengers where the earthwork of the road ceases. The floods were so low last year that no foot-bridge was put up.

12. Other district roads completed were those in the neighbourhood of Goalundo. The Furreedpore-Goalundo fair-weather road was heightened from the new junction railway line southwards for 1,700 feet, partly to give a good ghât for boats that come to the line near the Government Telegraph Office, and partly for the convenience of people living further south whose business takes them to Goalundo Bazar. Nine hundred feet south of the line, a wide waterway is left, over which it was intended to place a light foot-bridge, but owing to the lowness of the inundation people did without it.

13. The new station road, rather more than a mile in length, from Goalundo thana to the new junction line, and the Punchashazari road, about three-quarters of a mile long, were completed* in July 1876. The northern ends of these two roads are joined by part of the thana road, a Public Works Department work, which the erosion of 1876 left from 200 to 300 feet from the river. There was no damaging current in the Ganges last rains; but it was fully expected that Goalundo would be almost entirely washed away. Preparations were made for a move of the entire place, and various roadworks were undertaken. From the south end of the Punchashazari road westwards (Punchashazari road west) the railway embankment (new junction line) was widened so far as where it meets chur Pallundo village road. This road was heightened as far as the new station road where it crosses the old Katta khal. These works have in a way re-produced the old square of roads that existed in 1873, the difference being that the thana road was then the south side, whereas it is now the north side of the square. The roads now on the south side are highways to the new Katta khal ghât, where thousands of people are daily employed in the rains. The railway in one week last rains took away from this ghât goods amounting to 225,000 maunds.

* *Vide* (o) above.

14. The new station road did not exactly meet the Goalundo-Furreedpore road, and to go from one to the other it was necessary to pass about a hundred yards along the railway line. A road was, therefore, made round the Telegraph Office compound. These works give a way for carts across Goalundo promontory from Panoir to the bazar and steamer ghâts, while the troops of people that daily use them are proof enough of their success.

15. The Railway Company made arrangements in view of the encroachments of the river by constructing a new line from the Punchashazari road to the extreme edge of the chur in Bissonathpore. The transfer of the sub-divisional station to Esal Sibrampore, rather more than a mile still further south, was sanctioned, and this rendered a new road necessary to the new site. The work is completed. It runs for about 2,000 feet alongside the new railway embankment, widens the railway line, in fact, by 12 feet top-width, then turns south, running paralled to and at a distance of 750 feet from the east face line for a mile and a half to the new sub-divisional site. Happily the floods spared Goalundo this year, and thus this anticipated move did not take place. It can now be made leisurely in April, May, and June. In the meantime, the new road can be put in order and made more suitable as the principal highway through the bazar that is to be set up on either side of it, when the present bazar site is being washed away.

16. Official changes in this district have been very frequent, and the above works have involved much corrrespondence and debate. Having had some little to do with planning them and carrying them out, I have gone to some length in stating something of the reasons that led to their being undertaken, and the objects for which they were made. The present report may be a convenient record, and obviate the necessity of referring to the numerous papers relating to each work. For the immediate purposes of the report you have called for, the following summary may be found sufficient.

17. After it had been decided to make roads in Baniabahoo and feeder-roads to the railway stations, a scheme was submitted for a system of roads in the sub-division. The Pangsa road and Rajbaree road were already in the hands of the District Committee. Works subsidary to them were proposed as well as other works.† This was done at the commencement of the year under report, and the scheme has been steadily carried out. The Road Cess Act has not been many years in force in Furreedpore, and the required establishments have been maintained a still shorter time. The consideration of various projects and the formation of the required estimates has thus to some extent prevented expenditure in construction. The above scheme for roads, in Goalundo for instance, was far more than could be carried out in any one season. For Pangsa thanadari it included a road to Jashai, northwards, and a khal from Pangsa to the beel Chutra, southwards, which with the old Pangsa road would make the railway station and bazar the junction of four lines of communication. A branch road to Korukdee, in the extreme south-west of the sub-division, was also projected. The Jashai road is now to be prolonged to the Ganges at Habashpore. The Railway Company has made a siding down to the Chundna. Belgachee is a less important place, and here a road from the station to Khangunge was recommended, with the repair of so much of the Pattani road as lies north of the line. Rajbaree is a station much used by travellers. The Rajbaree feeder-road runs southwards from it for abont four miles, and it is to be continued to Furreedpore. Subsidiary to it were the roads to Baniabohoo, those to Humdumpore and Bageea, and that to Fooltolah Bazar.

† *Vide* (n) above.

Northwards from Rajbaree was the road to Godarbazar. Five lines of road would thus converge on Rajbaree. At Goalundo works were recommended that would fit in with railway plans and further the best interests of the place in the event of the encroachments of the river, which must sooner or later occur. The railway terminus being moved further inland, a new line was constructed across the promontory, about three-quarters of a mile south of, and parallel to, the thana road. Our scheme accordingly included the heightening of part of the Furreedpore-Goalundo road,—here very low,—the new station road, Punchashazari road, and a line of road to connect them through chur Pallundo, also a road running east and south-east to the new sub-divisional site.

18. Some of these works had been partly constructed before the rains of 1876, and were included in the general plan. These were the new station road and Punchashazari roads in Goalundo, Sarjankanda-Mora Padda road, and Radhagunge beel road, on the line to Baniabohoo.

19. During the year under report the Branch Road Committee has been carrying out the above scheme by constructing—

At or near Goalundo.

	Rs.	A.	P.
The Punchashazari road (east) to the new sub-divisional site—to cost about	2,200	0	0
Punchashazari road (west) to the chur Pallundo road and the head of the new Katta khal—cost... ...	500	0	0
Chur Pallundo road from Katta khal to new station road—cost	516	0	0
Road round Telegraph Office—to cost	264	0	0
Heightening Furreedpore road— „	500	0	0
Repairs of new station road— „	155	14	0
Repairs of Furreedpore road— „	50	0	0

At or near Rajbaree.

	Rs.	A.	P.
Godarbazar road—to cost about	800	0	0
Acquisition of land on Baniabohoo line (for road through Kazi Badhar)—cost about	700	0	0
Road from Peazghatta khal to Pattani road—to cost ...	135	0	0
Repairs of Radhagunge beel road—cost	150	0	0
Matibhurah road, as far as Baniabohoo—to cost ...	1,100	0	0
Clearing jungle in Baniabohoo—to cost	100	0	0

At or near Belgachee.

	Rs.	A.	P.
Road from railway station to Pattani road near Khangunge bazar—to cost about	600	0	0

20. The early rains were this year very heavy, and caused much inconvenience in construction. They, moreover, prevented proper measurements of cuttings being completed and tested. The contractors, however, during the year have received advances up to about 80 per cent. of the estimated cost of each work, and the final settling with them will be a simple matter.

21. It was found impracticable to spend the village road allotment of Rs. 2,000 on village roads properly so-called. The cost of chur Pallundo road, and the pay of a sirkar at Rs. 30 a month and a peon at Rs. 6 a month, were provided from this fund. Rs. 1,000 of it was allotted to the repairs of the bunds at Rupsa and Furreedpore, of which about Rs. 800 has been spent. On the Furreedpore road, Jaldanga khal was made passable at a cost of Rs. 12.

22. Since the close of the year levels have been taken for the road from Pangsa to Habashpore and Jashai, also for a further improvement of the Furreedpore road. Under the head of "Repairs," in addition to the work done on the new station and Furreedpore roads, Rs. 68 were spent in drainage pipes and Rs. 24-15 on repairs to other roads near Goalundo. Rs. 300-7-3 was actually spent on drainage pipes, but the town took over most of them and recouped the proportionate cost, Rs. 232-8.

23. Among works planned for the ensuing season I beg to call attention to the following, which may be commenced without delay:—

(1)—The repairs of the Pattani road from Fooltolah to Lushkurdia, more especially those parts from Fooltolah to the Rajbaree road, and from Kalinuggur level-crossing to Lushkurdia. Hardways are required in the breaks or waterways between Fooltolah and the Rajbaree road, while the rest of the road at present need only have ruts filled up and steep breaks sloped off. In Khangunge some hollows might be filled up.

(2)—Near Goalundo the work done on the Furreedpore-Goalundo road might be extended, the existing work being found of great use.

24. In Pangsa thanadari, where the Branch Road Committee has as yet succeeded in spending very little money, it is hoped that it may be possible to put the Pangsa-Habashpore road in band and open out the khal from Pangsa to the beel Chutra. The latter ought

to be a very simple work, and I have reason to know that it will be a very popular one. Of the general scheme,* there will then remain only the extension of the Humdumpore road southwards to Bageea and northwards to Sripore, works which may perhaps be left for a subsequent year. Other works in the sub-division will be under the immediate control of the District Committee.

* Vide (n) above.

APPENDIX A.

Abstract of particulars regarding Meetings of the Furreedpore District Road Cess Committee for the cess year 1876-77.

Commissionership.	DISTRICT.	NUMBER OF MEMBERS FORMING COMMITTEE.		Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance at meeting. BHUGWAN CHUNDER ROY,
For Vice-Chairman.

No. 238, dated Burrisal, the 17th January 1878.

From—E. J. BARTON, ESQ., Chairman of the Road Cess Committee, Backergunge,
To—The Commissioner of the Dacca Division.

WITH reference to letter No. 4952 dated the 24th September 1872, from the Secretary to the Government of Bengal, Public Works Department, I have the honor to submit herewith in detail an account of receipts and expenditure of the District Road Fund of this district for the cess year 1876-77. I beg also to submit the following report on the administration of the fund and on the proposals for works to be undertaken during the current year 1877-78, in conformity with the instructions contained in Government Circular No. 50 of the 23rd July 1873.

2. So far as practical work is concerned, such as the making of roads, the construction of canals, the deepening and improving of lines of water communication, the year under report has not been one of importance. We were chiefly engaged with the introduction of the Road Cess Act, and the valuation of the district—a work of great difficulty, complexity, and extent—now happily brought to a most successful conclusion. During the year we had no District Engineer at all, and only two overseers. Mr. Glover, the present District Engineer, was appointed and joined his situation in the beginning of the current cess year; notwithstanding, the year has not been sterile of work, as I shall show further on. I should here prominently mention that the grants made, and the works opened out, by the Committee in the wave-stricken tracts—particularly in the sub-division of Dukhinshabazpore, not only did immense good by helping the distressed people, who had lost their all, to subsist during the critical months of the year, but have conferred upon the sub-division valuable lines of communication, of the utility of which I satisfied myself by personally travelling over several of them.

3. The year opened with a balance of Rs. 2,603-10-4 in favour of the fund, and the actual receipts (refunds on account of receipts and expenditure being excluded from the account, as required in Government order No. 89A. dated 5th December 1876) of the year amounted to Rs. 1,33,875-11-10. Thus the available fund for the year amounted to Rs. 1,36,479-6-2. This amount included the grants-in-aid of Rs. 10,000 assigned to this district under Government order No. 278 dated the 15th August 1876. Of this available sum of Rs. 1,36,479-6-2, Rs. 25,774-8-2 was expended on collection establishment, Rs 5,231-2 on original works, Rs. 4,731-2 on repairs, Rs. 3,200-6-3 on the work or engineering establishment, and Rs. 7-10 on tools and plant. Thus the total expenditure during the year amounted to Rs. 38,944-12-5, as detailed in Part II of the accompanying account.

4. The following works were executed during the year at the cost noted against each :—

ORIGINAL WORKS.

(1.) *The road from Barhanaddi to Tazumaddi.*—It is 12 miles in length, and connects the head-quarters of the police-station at Barhanaddi with the outpost of Tazumaddi. This was a highly beneficial relief work in a very distressed locality, and was done under the supervision of Mr. Dutt, the Sub-Divisional Officer of Dukhinshabazpore. It is a useful and much used line of communication. This road has been completed at a a cost of Rs. 2,219-13-6.

(2.) *The road from Dowlutkhan to Mirzakali.*—The earthwork along two miles and a half of this road has been completed, and the road already is largely used by people travelling from and to the south of the sub-division of Dukhinshabazpore. The cost debitable to this year's account amounts to Rs. 451-5-9.

(3.) *The road from Dhaniamunia to Barhanaddi* is twelve miles in length, two miles of which have been completed at a cost of Rs. 887-8-6. It is a bunded road, largely used, and seems to meet a want. This also was a relief work in Dukhinshabazpore, and was done under the supervision of Mr. Dutt, the Sub-Divisional Officer.

(4.) *Construction of a jetty on the Damudar river.*—This work was undertaken last year. It has been completed. The part of its cost debitable to the accounts of this year amounts to Rs. 52.

(5.) *Metalling Perozpore station road*, Rs. 10.

(6.) *Bowful to Kalaya road.*—This road was taken in hand as a relief work in August last, and is about four miles in length. The work was supervised by Mr. Gupta, the Sub-Divisional Officer of Patuakhali, and afforded relief during the critical months of the year to

a large number of the survivors from the storm-waves who had lost their all. Only what has been spent upon it in the year under report is shown here. The bund has been nearly finished and is largely used by foot-passengers. The cost debitable to this year amounts to Rs. 275.

(7.) *The road from Bouful to Golachipa* has been begun, and the bund along about one and a half miles of it is finished and extensively used by foot travellers. The expenditure upon it debitable to this year's account amounts to Rs. 50.

(8.) *The Gaurnadi road* is 21 miles in length and 17 miles of it were completed last year. It is contemplated to carry this road to Furreedpore, and the Committee of that district are expected to continue it from the edge of the boundary of the Backergunge District. When finished, this road will be one of our main arteries of communication. Only three miles of its length remain to be finished in the district. Complete plans and estimates have been prepared since Mr. Glover, the District Engineer, joined his appointment here in October last, but they have not yet been approved by the Superintending Engineer. No progress has been made with new work this year, but the finished length of 17 miles was repaired and cleared of jungle. The sum adjusted this year for work done last year amounts to Rs. 1,172-7.

REPAIRS.

(1.) *The road from Bhola to Dowlatkhan* is 11 miles long. The repairs done to this road during the year, including bridges, cost Rs. 1,332-3.

				Rs.	A.	P.
(2.)	Dowlatkhan Station roads	...	...	552	13	0
(3.)	Perozepore ditto ditto	...	...	42	0	0
(4.)	Patuakhali ditto ditto	...	...	215	0	0
(5.)	Mirzagunge road	...	...	105	15	0

(6.) *The road from Bhola to Gazipore* is about eight miles in length. This road was broken in many places, and in a very ruinous condition. Mr. Dutt opened work on it in order to relieve the people, and has thoroughly repaired and bunded about four miles of it. This, with turfing, cost Rs. 1,061-4.

(7.) *The road from Bhola to Dhaniamunia* is eight miles long; work was commenced upon it by Mr. Dutt, in the critical months, to relieve the people of his sub-division of Dukhinshabazpore. The road is largely used. The money spent on earthwork and turfing amounts to Rs. 1,071-4.

(8.) *Jhalokati road.*—The jungle with which this road was overgrown has been cleared at a cost of Rs. 176-1-9.

(9.) *Dhablhabia road.*—The jungle with which this road was overgrown has been cleared at a cost of Rs. 63.

5. The necessity for opening these relief works in the sub-divisions of Dukhinshabazpore and Patuakhali arose long after the submission of the regular budget. Those works, therefore, were not included therein, but were begun by me with your approval obtained under your order No. 28R. dated 13th April last. In order to mitigate the distress of the people of the district, especially of the inhabitants of the sub-divisions of Dukhinshabazpore and Patuakhali, who had been plunged into dire privation by the cyclone and the accompanying storm-waves of the 31st October 1876, the Committee, at a meeting consisting of ten members, which was held on the 21st May last, unanimously resolved to open relief works. With this object the Committee made advances to the Sub-Divisional Officers to the extent of Rs. 10,000, with instructions as to the way and manner in which the money was to be expended. By this means not only were the works executed cheaply and well, but the people were greatly benefited.

6. On a comparison of the number of works budgetted for with the number of works actually done, it will be seen that little progress has been made during the year under review. This slow progress has its origin in the following facts, *viz.*,—

First.—The Committee had no money till March, when the collections began to come in.

Second.—The plans and estimates of some of our works were continually returned by the Superintending Engineer, who refused to pass them. Consequently, the chief work done was upon the relief roads in the sub-division of Dukhinshabazpore, and this was done without waiting or asking for the sanction of the Superintending Engineer.

Third.—We had not, and could not have, a District Engineer during the entire year.

7. The Road Cess Committee of this district consists of 28 members, of whom five are official and 23 non-official. There were seven meetings during the year, at all of which there was a quorum. From what I have seen of them, the members appear to take an interest in matters connected with the management of the fund.

8. Branch Committees in the three sub-divisions of the district, *viz.*, at Perozepore, Patuakhali, and Bhola, were formed, and approved by Government in April last. The number of sittings of the Branch Committee was small, owing to the advanced period of the year at which they were appointed. They seem to take an interest in the business with which they are entrusted. A tabular statement showing the number of members of these Committees, their attendance, &c., &c., is subjoined.

9. From the beginning of the year to February last the engineering establishment under the Committee consisted of only one overseer, and in March last one more was appointed. On the proposal of the Committee, made in paragraph 11 of their last annual report, and with the approval of the Government of Bengal, obtained in letter No. 1306E. dated the 31st July last,

the status of the district was raised from class II to class I in September last. The engineering establishment now consists of the following officers:—

1 District Engineer on a salary of Rs. 500 to rise to Rs. 700 by an annual increment of Rs. 40.
1 Overseer on a consolidated pay and travelling allowance of Rs. 160 per mensem.
4 Overseers on a consolidated pay and travelling allowance of Rs. 135 per mensem.

10. There was no office establishment in the engineering department under the Committee during the year. From November last an establishment has been appointed, and consists of the following officers:—

1 Head clerk and accountant, salary	... Rs.	50 rising to Rs. 80.
1 Clerk	„	25
1 Draftsman	„	40

Under orders of the Lieutenant-Governor of Bengal, No. 319 dated the 29th June 1875, the nomination roll of the officers of the engineering establishment will shortly be submitted for the approval of the Government.

11. As in the previous year, the Committee had no separate head clerk and accountant for their own office. The work was, under my direction, performed by the road cess head clerk.

An expenditure of Rs. 125 a month has been budgetted for in the current year's budget for the entertainment of the following officers for the Committee's office:—

	Rs.
1 Head clerk and accountant	100
1 Clerk	25

The clerks upon the establishments paid from the Road Cess Fund have given me satisfaction in the discharge of their duties. The road cess collection establishment worked very hard in completing the valuation of the district, which was an extensive and difficult job.

12. The Road Cess Act has worked smoothly in the district. Not a single objection was raised to the payment of the cess. The collection during the year amounted to Rs. 1,23,540 against a demand of Rs. 1,93,455. Although at first sight the collection seems small, yet, if we consider the calamity with which the district was visited by the cyclone and storm-waves of the 31st October 1876, it is, in my opinion, satisfactory, and shows a laudable punctuality on the part of the zemindars in meeting demands against them. It is said that the zemindars have not as yet been able to realize any road cess from their ryots and under-tenants. What they have paid they have paid from their own pockets or by borrowing. Even in the case of the Government revenue, the zemindars had, on *kist* days, to borrow at an exorbitant and ruinous rate of interest (10 to 15 per cent. per mensem) in order to pay what was due from them. They could not collect rents from their ryots, and food was selling at almost famine rates (8 seers rice per rupee), from the month of July last till the *amun* harvest was cut. The heavy arrear of cess which still remains to be levied will, it is confidently believed, be realized by March next, when the ryots, having secured their harvest and sold their surplus stocks, will be in a better position to pay.

13. The following works are proposed in the budget-estimates for the year 1877-78:—

ORIGINAL WORKS.—ROADS AND BRIDGES.

Sudder Sub-Division.

(1.) Gaurnadi road.—Four and a half miles of this road to be completed.

(2.) Backergunge road.—From Rupatali to Backergunge, a distance of 10 miles. The project is under preparation.

(3.) Basunda road.—From Jhalakati to Basunda, a distance of 1·38 miles.

(4.) Jhalakati road.—From Jhalakati to Perozepore, distance 25 miles. This road will be surveyed shortly.

(5.) Four pucca-kutcha bridges on the Dhabdhabia road, 8 feet span.
(6.) Seven pucca-kutcha bridges on the Madhabpasa road, 12 „
(7.) Two ditto ditto on the Nulchiti road, 12 „
(8.) Two ditto ditto, 8 „
(9.) One ditto ditto, 20 „
(10.) Two ditto ditto on Mukerji's road 10 „

A model plan and estimate of these bridges have been sent to the Superintending Engineer for an expression of his opinion. On receipt of his approval the actual work will begin.

Dukhinshabazpore Sub-Division.

(11.) Tarnirhat (Dhaniamunia) to Barhanaddi road; distance twelve miles. Two miles of it have been completed; the remaining ten miles will be completed this year.

(12.) Mirzakali to Dowlutkhan road; ten miles in length. One and a half miles have been completed, and the remainder will be finished this year.

(13.) Extension of the road from Dowlutkhan to Bhola. The plan and estimate are under preparation.

(14.) Mirzakali to Lakhi road; ten miles in length. The project is under preparation.

(15.) Barhanaddi to Nazirpore road; nine miles in length. The project is not yet prepared.

(16.) Dowlutkhan town roads.

Patuakhali Sub-Division.

(17.) Bridges on the Mirzagunge road.
(18.) A jetty on the Patuakhali river.
(19.) Kalaya to Bowful road; length ten miles. Two-thirds of this road is to be constructed this year.
(20.) Village roads.
(21.) Town roads.
(22.) Bowful to Golachipa road; 18 miles in length. Comparatively little work has been done upon this road. It will be finished this year.

Perozepore Sub-Division.

(23.) Town roads.
(24.) Village roads.

RIVER AND CANAL WORKS.

Sudder Sub-Division.

(25.) Kumarkhali khal; it extends from Kumarkhali to Koterhat; five miles in length. The project is under preparation.

(26.) Taltali khal, from Burrisal river to Saistabad river; length four miles. Plan and estimates have been forwarded to the Superintending Engineer for approval. The work will begin immediately after the plans and estimates have been approved by the Superintending Engineer.

(27.) Ponabalia khal, extending from Ponabalia to the Bhabanipore khal; length four miles. The project of this khal also has been sent to the Superintending Engineer for his approval. The work will begin as soon as it has received his sanction.

(28.) Nulchitti-Barani khal, extending from Nulchitti to the junction with Kumarkhali khal; length 4·75 miles. Project under preparation.

(29.) Madarghona khal, extending from Bahadoorpore khal to Manikpore khal; length 10 miles. Project under preparation.

Dukhinshabazpore Sub-Division.

(30.) Khal or khals for the proper drainage of chur Ilsa, chur Gazipore, &c., &c. The project is under preparation.

(31.) Khals for the proper drainage of Joynuggur, Gumania, &c., &c.

Patuakhali Sub-Division.

(32.) Itbaria-Bharani khal, extending from Kachabalee to Itbaria; length 1·5 miles. The project is under preparation.

(33.) Lebukhalee-Bharani khal; length four miles. The project is not yet prepared.

(34.) Khal from Dhalkisore to Angaria; length eight miles. The project is under preparation.

(35.) Patuakhali to Babalgachia khal; length one and a half miles. The project is under preparation.

(36.) Madarbunia to mouth of Morisbunia khal; length four miles. Work will begin as soon as the project is ready.

Perozepore Sub-Division.

Rajgunge Khal; length five miles. The project is under preparation.

REPAIRS.

Sudder Sub-Division.

(1.) Gaurnadi road. Seventeen miles of this road require repair.
(2.) Jhalakati road; length ten miles. The whole of this length is to be repaired.
(3.) Madhabpasa road; length seven miles. This road requires partial repairs.
(4.) Nulchitti road; length 4·5 miles. To be thoroughly repaired.
(5.) Dhabdhabia road; length three miles. To be thoroughly repaired.
(6.) Mukerji's road; length 1·5 miles. To be partially repaired.
(7.) Amanatgunge road; length 2·5 miles. Partial repairs will be carried out upon this road.
(8.) Town roads. To be partially repaired.
(9.) Petty repairs.

Dukhinshabazpore Sub-Division.

(10.) Bhola to Gazipore road; length six miles. To be thoroughly repaired.
(11.) Petty repairs.
(12.) Dowlutkhan to Dhaniamunia road; 9·5 miles in length. Requires partial repairs.

Patuakhali Sub-Division.

(13.) Kalikapore road; 18 miles in length.
(14.) Town roads.

Perozepore Sub-Division.

(15.) Rayerkati road; 1·25 miles in length.
(16.) Town roads.

140. The engineering establishment is working hard to complete the projects and estimates.

APPENDIX A.

Abstract of particulars regarding Meetings of District Road Cess Committee for the cess year 1876-77.

Commissionership.	District.	Number of members forming Committee. — Official.	Number of members forming Committee. — Non-official.	Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance at meetings.	Number of members who did not attend any meeting.	Number of members who attended only— One meeting. — Official.	One meeting. — Non-official.	Two meetings. — Official.	Two meetings. — Non-official.	Three meetings. — Official.	Three meetings. — Non-official.	Percentage of average attendance to whole meeting.

Backergunge,
The 24th January 1878.

E. J. Barton,
Chairman.

No. 24R., dated Mymensingh, the 9th January 1878.

From—R. H. Pawsey, Esq., Chairman of the Road Cess Committee, Mymensingh,
To—The Commissioner of the Dacca Division.

With reference to Bengal Government's circular order No. 4952 dated the 24th September 1872, and under section 89 of Act X of 1871, I have the honor to submit herewith the annual accounts of receipts and expenditure of the Road Fund of this district for the cess year 1876-77 in the prescribed form; and to report as follows. The delay in the submission of the accounts and report beyond due date was owing to the meeting of the Committee called on the 18th ultimo for passing the accounts, having to be adjourned to the 4th instant for want of a quorum.

2. The balance on the 1st October 1876—

	Rs. A. P.	Rs. A. P.
Including cash in the treasury and advances outstanding was ...	22,902 10 4	
Less balance at credit of deposit ...	16,000 0 0	
		6,902 10 4
The receipts of the year under review were as follow:—		
Cess on lands	1,32,679 6 5	
Do. on houses	8,118 9 9	
Fines	6 4 0	
Other cesses	257 11 10	
Ferry tolls	7,345 4 10	
Sales of stores	266 4 0	
Miscellaneous	786 12 6	
		1,49,460 5 4
Total available for the year ...		1,56,362 15 8

3. The expenditure during the year was as follows:—

	Rs. A. P.	Rs. A. P.
Collection establishment	5,332 10 6	
Working ditto	11,486 13 0	
Contingent charges	5,044 12 4	
Repairs	26,677 9 3	
Original works	94,155 15 2	
Tools and plant	1,024 13 3	
		1,43,722 9 6
The balance, therefore, at the close of the year after full re-payment of the sum of Rs. 16,000 for loan received from Government was		12,640 6 2

4. It will be seen (in Form No. 6, paragraph 2, the detail of income on cess on lands) that Rs. 40,384 is less realized than the amount estimated in budget of the year. The reason of the short realization was owing to the sum of Rs. 32,000 having been included in the estimate of receipts within the year (on account of the postponement of the date of the fourth or last kist of the year 1875-76 to the 4th October following), out of which sum Rs. 25,300 were actually recovered before the close of the year, and credited in the quarterly accounts ending September 1876.

5. The several other sources of income do not call for special remarks, except the ferry tolls, which are, under the recent orders of Government, to be now credited to the "Provincial Reserve Fund" instead of the "District Road Fund." This will cause a decrease of about Rs. 6,000 in the income of the "Road Fund."

6. The funds that were allotted for expenditure on the works in the budget-estimate of the year were subsequently re-allotted by the District Committee with the view of transferring the savings of the works that had been provided for therein, but which could not be completed during the year, to other works requiring further allotments. A statement showing the several heads of work is herewith submitted for ready reference.

7. The expenditure incurred on account of establishment employed on collection of revenue and works with contingent charges during the year was Rs. 21,864, which is less than the sum previously estimated in the budget, and much less than 25 per cent. of the entire income of the Committee, as provided for in Section 64 of the Act. Under the head of "Contingencies" there was an excess expenditure of Rs. 3,555-12-4 over the sanctioned allotment. This was owing to the transfer of Rs. 3,714-6-4 on account of interest due on Government loan of Rs. 48,000 from the head of "Miscellaneous" to that of "Contingencies" (*vide* Examiner of Public Works Accounts' No. 710 dated the 1st December 1877, copy of which is herewith enclosed).

8. It will thus be observed that the charge of collecting the cess in this district was 7·37 per cent. of the collection, and of the working establishment 9·42 per cent. of the amount spent on works, and the total cost of establishment employed on collection of revenue and works was 14·62 per cent. of the actual income of the year under review. The amount spent on works, as will be seen above, was 81·53 per cent.

9. The Road Cess Committee of this district consists of twenty members, of whom six are official and 14 non-official. They held only five meetings during the year. Two meetings were adjourned for want of a quorum. Six members did not attend a single meeting. The majority of the non-official members do not exhibit their interest in the works of the Committee by attendance at Committee, but not unfrequent communication regarding roads, &c., are received from some of them in the course of the year. An abstract of particulars regarding meetings of this District Road Committee is herewith submitted in the prescribed form (Appendix A.)

10. There are three Branch Road Cess Committees in the sub-divisions of Atia, Jamalpore and Kishoregunge, in this district. Sums as large as the Committee could allow were expended for the construction and repairs of village roads and bridges. These Committees have taken much interest in conducting their duties by having done much good work at a moderate outlay, for the most part under the direction of the official members. Applications from local residents for village roads and bridges in the Sudder Sub-Division have been so numerous that the majority could not be complied with for want of funds. Many minor roads are, however, being taken in hand this year. A detailed list of village road works executed during the year is herewith appended, the amount spent on each sub-division being shown in a lump sum in Part II of the account.

11. It will be seen that the large sum of Rs. 26,677 was spent only on maintenance and repairs. The more emergent repairs were to the roads from Mymensingh to Suburnocolly, Shamgunge to Netrokona, and Shambhugunge to Ramgopalpore, and also to the masonry bridge at Madhupore, which is situated on the Suburnocolly road.

12. The sum of Rs. 94,155 was expended on the original works mentioned in Part II of the appended account. The most important works were the roads from Madhupore to Tangail, Shambhugunge to Durgapore Mymensingh to Jamalpore, Jamalpore to Suburnocolly, Kishoregunge to Katiadi, Katiadi to Nickli, and Ramgopalpore to Ishwargunge; metalling part of the Suburnocolly and Durgapore road; and the timber bridge at Kakraid, on the Suburnocolly road.

13. Under the instructions of Government, the widening of existing roads is included in the category of original works. This arrangement, I humbly submit, causes a waste of time and money in completing the necessary surveys and plans, such elaborate supervision not being necessary for roads already in existence. In my last year's report (paragraph 16) I referred to the difficulty of carrying on pressing and urgent works under this system, and I, therefore, beg to propose that Government be moved to re-consider the subject.

14. The sum of Rs. 1,012 was spent for tools and plant purchased for use in works, as per detail shown in Part II of the account.

15. Several new roads and khals were surveyed during the year (as will be seen in the account herewith appended) in the hope of taking them in hand in the current year, but which had unfortunately to be put off for want of funds, the unusually long-continued and heavy local rains in August and September 1876 having rendered repairs necessary in most of the old roads far in excess of the ordinary annual repairs.

16. As required in paragraph 3 of the Government Circular No. 50 of the 23rd July 1873, I beg to state that the revised budget-estimate, submitted with this office No. 11R. dated the 24th October last, will shew the works which are to be taken in hand this year, but which could not be completed, or were partially undertaken during the year under review.

17. The Superintending Engineer recently came here on an inspection tour, and visited most of the important works in this district To insure better supervision and expedition, it has been suggested by the Commissioner to have a special Road Cess Superintending Engineer for this division. This proposal, I doubt not, will be a great improvement, and lead to stricter and more frequent inspection of the works undertaken by the District Committee.

18. The District Engineer, who is in-charge of all the works under the Committee's control, has under him a set of subordinates. They consist of an overseer, two surveyors, six sub-overseers, and a sircar; and I beg to refer you to this office No. 381R. of the 18th July last, wherein the manner in which the different establishment of the Road Cess Office is employed was stated.

19. I beg to take this opportunity of bringing to your notice that the accounts and books prescribed by the Government Notification No. 99 dated 9th March 1872, and the memorandum for guidance of District Engineer, have been regularly kept up by the accountant in the Committee's office under the direct supervision of the Vice-Chairman and District Engineer.

APPENDIX A.

Abstract of particulars regarding Meetings of District Road Committee for the cess year 1876-77.

Commissionership.	District.	Number of members forming Committee. Official.	Non-official.	Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance at meetings.	Number of members who did not attend any meeting.	Number of members who attended only — One meeting. Official.	One meeting. Non-official.	Two meetings. Official.	Two meetings. Non-official.	Three meetings. Official.	Three meetings. Non-official.	Percentage of average attendance to whole Committee.
	Mymensingh.														
DACCA.	District Committee ...	6	14	7	5	2	9	6	...	3	...	2	...	1	¼ nearly
	Branch Committee at Atia	2	8	2	*1	...	5	...	2	3	...	...	...	...	1
	Branch Committee at Jamalpore† ...	2	6	3	2	..	3	4	...	2	2	...	..	...	⅓ nearly
	Branch Committee at Kishoregunge‡ ...	1	7	3	3	3	1½	5	...	2	...	..	1	...	¼

* This meeting was held in August 1877, in which the several works to be undertaken in 1877-78 were proposed.
† Most of the non-official members took no interest in their work.
‡ The non-official members took little or no interest in their work. The houses of most of the members are at a good distance from the head-quarters. A new set of members has, in consequence, been lately nominated, and sanction of Government obtained.

R. H. PAWSEY,
Chairman, Road Cess Committee.

No. 710D., dated Fort William, the 1st December 1877.

From—F. R. BOYCE, ESQ., Examiner of Public Works Accounts, Bengal,
To—The Chairman, District Road Cess Committee, Mymensingh.

REFERRING to the explanation furnished on the remarks made upon examination of the return for the quarter ending 30th September last, I have the honor to state that interest paid on loan, aggregating Rs. 3,714-6-4, should be debited to "Contingencies on collection of revenue and Committee's control," any excess over budget-estimate caused thereby being explained in an explanatory memorandum to accompany the annual accounts.

No. 125R., dated Mymensingh, the 9th January 1878.

From—R. H. PAWSEY, ESQ., Chairman of the Road Cess Committee, Mymensingh,
To—The Examiner of Public Works Accounts, Bengal.

I HAVE the honor to submit herewith a copy of the annual accounts of receipts and expenditure of the District Road Fund for the cess year 1876-77.

2. I beg to state that the statement enclosed will shew the subsequent modifications made in the sanctioned budget-estimate of the District Road Fund for the year by the Committee with the Commissioner's approval.

3. I have also to explain that the excess expenditure of Rs. 3,555-12-4 over the subsequent sanctioned allotments under the head "Contingencies" was owing to the transfer of Rs. 3,714-6-4 on account of interest due on Government loan from the head of "Miscellaneous" to that of "Contingencies," agreeably to the instructions conveyed in your letter No. 710D. dated the 1st December 1877.

No. 6—Part I.

J. PRATT,
Vice-Chairman, Road Cess Committee.

R. H. PAWSEY,
Chairman, Road Cess Committee.

No. 261R., dated Comillah, the 25th December 1877.

From—N. S. ALEXANDER, Esq., Chairman of the District Road Cess Committee, Tipperah,

To—The Commissioner of the Dacca Division.

I HAVE the honor to submit the annual report on the administration of the Road Cess Department for the year 1876-77, as also the accounts, which have been scrutinized and audited by a Sub-Committee of three members, as required by Section 88 of the Road Cess Act.

2. The Act came into actual operation in this district on 1st October 1874. This report is, therefore, for the third year the Act has been in force.

3. The Committee consists of six official and fourteen non-official members. During the year under report, the following gentlemen were members:—

MEMBERS.

1. The Magistrate and Collector of Tipperah, Chairman } *ex-officio.*
2. The Senior Covenanted Assistant to the Magistrate and Collector } *ex-officio.*
3. Robert Carstairs, Esq., Assistant Magistrate and Collector, *Vice-Chairman.*
4. The Executive Engineer of Dacca ... .. } *ex-officio.*
5. The Deputy Collector in charge, Road Cess ... ... } *ex-officio.*
6. The District Superintendent of Police ... ... } *ex-officio.*
7. E. DeLanny, Esq.
8. H. L. Weathrall, Esq.
9. Baboo Shib Chundra Aich.
10. " Ram Dulal Roy.
11. " Hurrish Chundra Bose.
12. " Nilmoney Dass.
13. " Uma Lochun Mozoomdar.
14. " Kalikrishna Chowdhury.
15. " Nobin Chundra Sen.
16. " Khettra Nath Bhuttacharjee, District Engineer.
17. " Tarruck Chunder Singh.
18. Chowdhury Mohamed Gazi.
19. Chowdhury Ysuf Ali.
20. Moonshee Ali Korim.

The changes in the Committee during the year were—Mr. T. E. Coxhead, C.S., who acted for the Chairman from 21st August to 18th November 1876, left the district; Baboos Khetter Nath Bhuttacharjee, District Engineer, and Taruck Chunder Singh were appointed additional members of the Committee.

4. Nine meetings of the District Committee were held during the past year, seven members being required to form a quorum. Once a quorum was not obtained, and no meeting could therefore be held. The Chairman and the Vice-Chairman attended at the whole of the nine meetings. Baboo Mohini Mohun Chuckerbutty, Road Cess Deputy Collector, attended eight out of the nine: of the other members, those whose attendance was fair were Baboo Khetter Nath Bhuttacharjee, the Engineer, and Baboos Ram Dulal Roy and Taruck Chunder Singh, zemindars, who each attended six meetings; Mr. E. DeLanny and Moonshee Ali Korim, zemindars, each attended at five; Baboo Nobin Chunder Sen at four; and Mr. Ridsdale, District Superintendent of Police at three. All the above members of the Committee have evinced some interest in the working of the department and in the general proceedings; those who attended at no meetings during the year were Baboo Umalochun Mozoomdar (the cause of whose non-attendance was the same as noticed in paragraph 4 of last year's report), Baboo Hurrish Chunder Bose (whose health has been bad), and Mohamed Gazi Chowdhury and Ysuf Ali Chowdhury. The non-attendance of the two latter can only be ascribed to *indifference.* The attendance of the members of the various Branch Committees was fair, the results are shown in the appendix No. A.

5. The total income for the year 1876-77 from the assessment on lands and houses amounted (with the balance carried over from 1875-76) to Rs. 1,32,774-6-7. The total outlay during the year amounted to Rs. 90,655-15-8, leaving a balance for the year 1877-78 of Rs. 42,118-6-11.

6. *Original Works.*—Of these the chief (as was also the case last year) were—

(1.) The *Brahmunbariah road.*—I have this year again to report for the third time excessive damage done to the new earthwork on this road by heavy floods (*vide* paragraph 6 of last year's report on this). The same mischief was caused as in 1875 and 1876; the amount of damage is estimated at between Rs. 4,000 and Rs. 5,000. The sum of Rs. 8,583-10 was expended on earthwork and Rs. 5,488-9 on the bridges of this road, and Rs. 1,403-12-6 on the inspection bungalows, one at Shunkochail and another at Rountohaut. It is expected this road will be open for traffic *throughout its entire length* during the present year 1877-78.

(2.) *Kalibazar hill road.*—Also an original work. This road is cut through the Lallmye range of hills, and, when completed, will open up communication with the centre and south-west of the district. This road will be continued on to Dollye on the west and Kudbah on the south, and will eventually be the nearest route to the new sub-division of Chandpore; it may be, therefore, considered the second most important road in this district. The soil of the Lallmye hills is unfortunately of a soft decomposed gneiss, and the heavy rains of last year have done much damage to that portion of the road which descends the western slope of the range, which is very abrupt and steep. The road was completely washed away in several places, and it will be

a work of some difficulty and considerable cost to put it into thorough repair. Rs. 1,968-5-3 were spent on this road during the year in completing the earthwork, and Rs. 60-5 in commencing an inspection bungalow.

(3.) *Kusba to Agurtollah road.*—This road has not yet been commenced. The plans and estimates were during the year submitted to the Superintending Engineer, but were returned by him during the year for revision and correction by the District Engineer. It is hoped that the road, which is an important one, will be taken in *hand during* the year 1877-78.

7. *Repairs and Maintenance.*—The amount expended on the maintenance and repairs to existing roads was Rs. 26,725-4-8. This was expended on 159 miles of road and four miles of canal (that of Chandpore). This canal was specially noticed in paragraph 8 *of last year's report.*

8. *Village roads.*—A fairly large amount, *viz*, Rs. 18,924-15-5, was expended on village roads and water-courses, 75 in number, as compared with Rs. 30,338 last year on 120 roads and water-courses. The following table shows the amount expended by each Committee and the various works on which the money was expended:—

	Rs.	A.	P.		
Sudder or the District Committee ...	11,554	15	2	Roads ...	16
				Spurs ...	2
				Water-courses	2
Brahmunbariah Branch Committee ...	2,899	15	9	Roads ...	21
				Water-courses	10
Muradnuggur Branch Committee ...	1,684	4	6	Roads ...	4
				Water-courses	2
				Ferry-boat ...	1
Chandogram Branch Committee ...	1,635	12	0	Roads ...	6
				Clearing of two tanks ...	2
Nursingpore Branch Committee ...	1,150	0	0	Roads ...	7
				Khals ...	3
Total ...	18,924	15	5	Roads ... 56, Khals ... 19	75

The remarks contained in the latter portion of paragraph 9 of last year's report, as far as regards such works as these, will hold good this year and be as equally applicable as they were last year.

9. The following table shows in detail the various sorts of work done over an aggregate length of 196 miles of road, and which includes both original and repair work, the cost being Rs 57,653-8-10:—

Class.	Number of miles in list.	Work done—Miles.	Expenditure. Rs.	A.	P.
II	111	111	37,453	12	5
III	75	26	4,803	4	6
IV	299	56	15,356	10	11
V	73	3	339	13	0
Total ...	558	196	57,653	8	10

From the above it will be seen that all the roads under class II were looked after, and that most of the other classes had some work done on them. The list made under the provisions of Sections 66 and 68 of the Act shows roads and canals of the classes II, III, IV, V and VI. Most of the roads under class IV are mere footpaths from village to village, and, until we have completed such roads as the Brahmunbariah, Noakholly, and Kalibazar hill road, we cannot do more than keep them as footways. We have kept all the really important lines of traffic, such as Nos 1 to 8, and 10, 11, 12, 13 of the list, in thorough good repair.

10. The establishment during the year under report was very much the same as in 1875-76. The remarks made by the Commissioner of the division in his report for 1875-76 did not reach us in time to make any revision for the year under report; but a considerable reduction in the cost of the Engineer's staff has been made during the current year 1877-78. Baboo Khetter Nath Bhuttacharjee, the District Engineer, was in charge throughout the year; he complains that he has not sufficient subordinates of the class of sub-overseers; but I do not see how we can increase the number of such overseers and also keep down the cost of the general staff. The only way would be to reduce the Engineer's own salary, and thus provide for more overseers; but I am doubtful whether this would be a move in the right direction, as I think it is essential to have a good Engineer. Even as it is, it is extremely difficult to satisfy the requirements of the Superintending Engineer, who returns all plans and estimates which are not drawn out with perfect professional skill and the utmost exactitude.

11. The office of Vice-Chairman was held throughout the year by Mr. R. Carstairs, who did the work in an efficient and satisfactory manner.

12. The Branch Committees of Brahmunbariah, Nursingpore, Chandogram, and Muradnuggur all worked well, and credit is due to the Chairman; the same remarks as made in paragraph 12 of last year's report apply this year.

13. I submit a copy of a statement of progress on the various works submitted to me by the District Engineer.

14. A brief preliminary report was submitted to you with this office No. 1072R. dated 9th July 1877, as also the estimates for the various works to be undertaken in the year 1877-78, which have been approved of by you in your letters Nos. 361R. and 416R. dated 29th August and 2nd October 1877, respectively. I give them in concise form *appended.*

15. *The Road Cess System* has now been in force for three full years in this district, and it may be said to have worked successfully. I hear of none of those complaints about its enforcement which were prophesied would be heard when the law was once enforced. The only hitch I know of is, that the landowners do not get in their cess from their tenants quite so readily as they ought; but then no more do they get their rent due to them paid regularly, and enforcement of payment of both rent and road cess is a matter of cost and difficulty now-a-days, so that a somewhat undue proportion of the cost and trouble falls on the landholders, which makes the law somewhat unpopular with them. The procedure for the levying of the cess, both by Government from the zemindars, and by the zemindars from their tenants, might, I think, be simplified. A summary decree for cess due might be made in the Deputy Collector's office, and all property of *any* person from whom cess might be due might be made liable to attachment and sale under the procedure laid down in Act VII. (B.C.) of 1868: thus the zemindari of a zemindar might be liable, or the jote of a tenant, as well as any other goods or chattels belonging to them.

16. Among the subordinate officials, Baboo Mohendra Lal Mookerjee, head clerk and accountant of the Sudder Office, and Baboo Grish Chunder Baur, overseer, deserve credit for the way they worked during the year.

APPENDIX A.

Abstract of particulars regarding Meetings of Road Cess Committees for the cess year 1876-77.

R. CARSTAIRS,
Vice-Chairman.

No. 787½R., dated Dacca, the 16th February 1878.

From—A. SMITH, ESQ., Offg. Commissioner of the Dacca Division,
To—The Secy. to the Govt. of Bengal, Public Works Department.

IN conformity with the instructions conveyed in your circular No. 51 of the 8th August 1874, I have the honor to submit herewith the annual accounts and reports of the several Road Cess Committees* of this division for the cess year ending the 30th September last.

*1. Dacca. 2. Furreedpore. 3. Backergunge. 4. Mymensingh. 5. Tipperah.

2. In the district of Backergunge the valuations of land under the Act were completed during the year under the review. The levy of the cess on houses was, consequent on the distress resulting from the cyclone in October 1876, postponed till the 1st October 1877, under the orders of the Board of Revenue, No. 259A. dated 4th May 1877. On a representation recently made by the Collector of Backergunge, its abandonment in that district has been recommended to the Board, principally on the ground that it is to be abolished generally on the introduction of the proposed license tax. In all the districts of this division, therefore, road cess on lands is being levied, and that on houses has been raised in all except Backergunge.

3. The financial condition of each District Committee during the past cess year is shown in the statement subjoined:—

DISTRICTS.	Cash balance at the close of 1875-76.	Receipts in 1876-77.	Total.	Expenditure in 1876-77.	Balance on the 30th September 1877.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.
Dacca	56,037 10 4	1,23,892 14 10	1,79,930 9 2	89,656 10 6	90,273 14 8
Furreedpore	64,384 15 7	53,628 10 11	1,18,013 10 6	41,623 4 11	76,390 5 7
Backergunge	2,603 10 4	1,33,875 11 10	1,36,479 6 2	38,944 12 5	97,534 9 9
Mymensingh	6,902 10 4	1,49,460 5 4	1,56,362 15 8	1,43,722 9 6	12,640 6 2
Tipperah	33,637 4 11	99,137 1 8	1,32,774 6 7	90,655 15 8	42,118 6 11
Total ...	1,63,566 3 6	5,59,094 12 7	7,23,561 0 1	4,04,603 5 0	3,18,957 11 1

4. The requirements of every district have been fully met by the funds available during the year. Indeed, for reasons that will be noticed hereafter, they have mostly not been able to spend their funds. The way in which they have expended what has actually been disbursed, and the advantages derived by the people from whom the cess has been levied, are noticed below.

5. *Dacca.*—The total sum available for expenditure amounts to Rs. 1,79,930-9-2, as detailed below:—

	Rs. A. P.
Cash balance of Rs. 1875-76	56,037 10 4
Collections under the Road Cess Act	69,187 3 3
Other cesses	1,280 15 0
Ferry tolls	11,428 7 3
Grants-in-aid from Provincial Reserve Fund ...	39,367 14 7
Miscellaneous	2,628 6 9
Total ...	1,79,930 9 2

Of this amount, Rs. 89,656-10-6 have been expended—

	Rs.	A.	P.
Office establishment and contingencies	4,878	2	7
Establishment on works	6,791	7	9
Original works	12,861	2	0
Repairs	13,149	8	1
Tools and plant	51,976	6	1
Total ...	89,656	10	6

thus leaving a balance of Rs. 90,273-14-8 at the close of the year. Of the total outlay Rs. 66,627-9 were spent through the Department of Public Works.

6. Mr. Lyall has explained the large difference between the actual receipts from ferries and the amount that had been estimated to be due to a change in the system of letting. Formerly, the lease ran from April to March. To harmonise the term of leases with the cess year, they were on the last occasion let from April to September; but the rains being the non-paying period, the proceeds were less than would have been obtained for the proportion of the year under the former practice. The ferry revenues have been taken away from the Committee from the 1st October last.

7. Rs. 12,861-2 are shown to have been expended under the head of "Original works." The greatest portion of this (Rs. 10,507-10-6) have been spent on the Tonghy bridge, the remainder being disbursed for the construction of wooden bridges and village roads, and the execution of other minor and petty works. In paragraph 9 of last year's report (No. 757R. dated 23rd March 1877), my predecessor expressed his regret that one of the most important works, the construction of that portion of the Goalundo road which lies between Dacca and Manikgunge, had had to be put off, and another working season been allowed to slip away, in consequence of Government sanction not having been received. The same may be said this year also. A partial sanction was certainly received, but only in June last, when the working season was over. No large original work could consequently be undertaken during the year, which accounts for the large cash balance of Rs. 90,273-14-8. Under the head of "Repairs" Rs. 13,149-8-1 are shown to have been expended, which includes all works done on the existing roads, canals, and bridges.

8. It was reported last year that the dredging work could not be carried on, as the steam dredger was found defective in construction. I regret to have to report that it has been also perfectly useless throughout the year under report, owing to the alterations not having been completed. Rs. 12,608 were spent upon her and two new barges since the completion of the repairs after the close of the year. The District Engineer has examined her, and reported that the power of the engine, which is only 15-horse power, is altogether insufficient, and that the vessel is in every respect inadequate to perform dredging operations in these rivers. The Chairman will be called upon to submit definite proposals with regard to the disposal of the vessel, which seems so far to have been a very unprofitable investment.

9. The Executive Engineer had scarcely any time to supervise the district works. The Committee have therefore entertained a separate Engineer of their own from the beginning of the current year.

10. Besides the Sudder Committee at Dacca, which met six times during the year, there are two Branch Committees, one at Moonsheegunge and the other at Manikgunge, which held two meetings each. The members of the Sudder and the Moonsheegunge Branch Committees took a lively interest in their work, and transacted their business satisfactorily, while those of the Manikgunge Branch were, it is said, indifferent.

11. The following are the works proposed for execution during the current year 1877-78:—

REPAIRS.

(1.) Goalundo road between Shealo and Manikgunge.
(2.) Naraingunge road.
(3.) Mymensingh road, or road from Dacca to Take.
(4.) Bydobazar road.
(5.) Moonsheegunge-Sreenuggur road.
(6.) Moniat road.
(7.) Kulatya road.

ORIGINAL WORKS.

(8.) Extension of the Goalundo line of road from Dacca to Manikgunge.
(9.) Completion of the Tonghy iron bridge.
(10.) Moonsheegunge-Sreenuggur road from Singhur to Sreenuggur.
(11.) Petty village works.
(12.) Dredging operations in the rivers Dhuleshury, Boorigunga, Gujghatti, and also in the Hilsamari and Punya khals.

These operations are, however, contingent on the dredger being fit to work, which seems doubtful.

	Rs.	A.	P.
Collections under Road Cess Act	50,253	11	0
Other cesses	1,672	11	0
Ferry tolls	520	8	9
Miscellaneous	1,181	12	2
Cash balance of 1875-76	64,384	15	7
Total ..	1,18,013	10	6

12. *Furreedpore.*—In the district of Furreedpore the balance of the previous year was Rs. 64,384-15-7, while the receipts of the year under review amounted to Rs. 53,628-10-11, making a total of Rs. 1,18,013-10-6, as detailed on the margin, the expenditure wherefrom has been as follows:—

	Rs.	A.	P.
Office establishment and contingencies	3,061	4	0
District Engineer's ditto ditto	11,676	11	11
Original works	10,959	6	9
Repairs	15,291	5	6
Tools and plant	491	8	3
Ferries	143	0	6
Total ...	41,623	4	11

thus leaving a large cash balance of Rs. 76,390-5-7 at the close of the year 1876-77.

13. The outturn of work was very small, a result which the Chairman of the District Road Cess Committee explains as mainly due to two causes,—(1) that the District Engineer and his staff were from the commencement of 1876 almost entirely occupied in preparing projects for new works and surveying proposed lines of khals and roads, owing to which scarcely anything in the way of actual work had been done up to the latter part of February last, and even then the estimates for repairs of existing roads were in a backward state; (2) that good local contractors could not be had, and labour was dear and hard to procure. An additional cause noticed by the District Engineer is, that the staff during the early months of the year was very insufficient. Every exertion is reported to have been made to expedite the execution of repairs, but, in consequence of the causes alluded to above, little progress was effected. The sum of Rs. 10,959-6-9, shown to have been spent on "Original works," has been expended in the construction of the Nureah, Rajbaree and Godarbazar roads, extension of the Chur Kumlapore, Punchashazari and Humdumpore roads, excavation of the Audu beel, and re-excavation of the Mora Padma and Furreedpore khals. The principal roads of the district have been put in proper repair, and Rs. 14,137-3-8 appear to have been well spent on them. It seems to me, however, that more might have been done; that repairs should not have been postponed in the beginning of the season to the preparation of schemes for new works; and that funds should have been spent liberally on village roads rather than allowed to accumulate.

14. Besides the District Road Cess Committee, which met six times, there are two Branch Committees, one at Madaripore and the other at Goalundo; the former held nine and the latter three sittings during the year. The outturn of work in the Madaripore Sub-Division has been very satisfactory compared with the very little done last year. The Goalundo Branch Committee continues to work energetically and successfully.

15. The following are some of the principal works proposed for the current year:—

Constructing Rajbaree road.
Re-excavating Furreedpore khal.
Constructing Goalchameet bridge.
Re-excavating Bakhanda khal.
Constructing road from Talma to Ainpore.
" road from Goshai hât to Palang.
" Kumarkhali road.
" road from Pangsa to Habashpore.

	Rs.	A.	P.
Cash balance of 1875-76	2,603	10	4
Collections under Road Cess Act	1,27,935	10	1
Other cesses	2,247	1	8
Ferry tolls	2,638	12	0
Grant-in-aid from Provincial Reserve Fund	10,000	0	0
Miscellaneous	8,945	11	11
Total ...	1,36,479	6	2

16. *Backergunge.*—The total amount available for expenditure in the district of Backergunge was Rs. 1,36,479-6-2, as detailed on the margin. Of this available fund, a sum of Rs. 38,944-12-5 has been spent as follows:—

	Rs.	A.	P.
Collection establishment and contingencies	25,774	8	2
Engineering ditto ditto	3,200	6	3
Original works	5,231	2	0
Repairs	4,731	2	0
Tools and plant	7	10	0
Total ...	38,944	12	5

17. With regard to the execution of any practical work such as the construction of road and canals, the deepening and improving of lines of water communication, the year under review has not been an important one. Comparing the number of works budgetted for with

that actually accomplished, it will be observed that little progress has been made, which is attributed to the following causes:—(1) want of money till the month of March, when the collections began to come in; (2) refusal of the Superintending Engineer to pass plans and estimates of projects submitted to him; (3) the want of a District Engineer throughout the year. The District Committee were principally engaged in the introduction of the Act and the valuation of the district,—a work of considerable difficulty, which has now been brought to a successful completion. Notwithstanding these difficulties, the year has not been sterile of work. The grants made and the works opened by the Committee in the wave-stricken tracts, especially in Dukhinshabazpore, did not only immense good by affording to the distressed people a means of subsistence during the most critical months of the year, but have also conferred on the sub-division valuable lines of communication, of the utility of which the Chairman has satisfied himself by personally travelling over several of them. The necessity for these relief works arose in consequence of the distress of the people, who had been plunged into dire privation by the cyclone and its accompanying storm-waves of the 31st October 1876. These works have been executed cheaply and well, and the people have also been greatly benefited.

18. Besides the District Road Cess Committee at Burrisal, which met seven times during the year, three Branch Committees in the three sub-divisions of the district, *viz.*, at Perozepore, Patuakhali, and Bhola, were formed and approved by Government in April last. The Perozepore Branch held only one meeting, while the other two met twice each. The number of sittings has, no doubt, been small. This, however, was owing to the advanced period of the year at which the Committees were appointed. The members of both the District and Branch Committees are said to take an interest in the management of the business with which they have been entrusted.

19. The following are some of the principal original works, in addition to repairs of existing roads and bridges, which have been proposed to be constructed during the current year:—

(1.) Gaurnadi road.
(2.) Backergunge road.
(3.) Basunda road.
(4.) Jhalakati road.
(5.) Pucca bridges on the Dhabdhabia, Madhabpasa, Nulchitti and Mukherjee's road.
(6.) Tarnirhat to Barhanaddi road.
(7.) Mirzakhali to Dowlutkhan and Lakhi roads.
(8.) Extension of the Dowlutkhan to Bhola road.
(9.) Barhanaddi to Nazirpore road.
(10.) Dowlutkhan town roads.
(11.) Kalya to Bowful and Bowful to Golachipa roads.
(12.) Patuakhali town and village roads.
(13.) Perozepore town and village roads.
(14.) Kumarkhali, Taltali, Ponabolia, &c., khals.

20. *Mymensingh.*—In Mymensingh the total receipts of the year under review amounted to Rs. 1,49,460-5-4,* to which Rs. 6,902-10-4 (the cash balance of the last year) being added, the funds available for the current year were Rs. 1,56,362-15-8; the expenditure wherefrom during the year was as follows:—

		Rs.	A.	P.
* Collections under Road Cess Act	...	1,40,804	4	2
Other cesses	... ...	257	11	10
Ferry tolls ..	... ...	7,346	4	10
Sales of produce and stores	... ...	266	4	0
Miscellaneous	... ...	786	12	6
Total	...	1,49,460	5	4

		Rs.	A.	P.
Office establishment and contingencies	...	10,377	6	10
Engineering ditto ditto	...	11,486	13	0
Original works	...	94,155	15	2
Repairs...	...	26,677	9	3
Tools and plant	...	1,024	13	3
Total	...	1,43,722	9	6

The balance, therefore, at the close of the year, after full re-payment of the sum of Rs. 16,000 for loan received from Government, was Rs. 12,640-6-2.

21. The large sum of Rs. 94,155-15-2 was expended on original works, a great many of which were most important, *viz.*, the road from Madhurpona to Tangail, Shumbhugunge to Dengapore, Mymensingh to Jamalpore, Jamalpore to Suburnocolly, &c. The amount (Rs. 26,677-9-3) spent on maintenance and repairs of existing roads and bridges has also been comparatively large.

22. Mr. Pawsey, in his last year's report (*vide* paragraph 16 of his No. 161R. dated 31st January 1877), referred to the difficulty of submitting to the central authority in Calcutta the plans and estimates of every existing road that requires widening. In his present report he refers to the same difficulty again, and solicits a re-consideration of the orders on the subject, as the present system entails unnecessary expense and trouble.

23. Besides the District Road Cess Committee at Mymensingh, which sat five times during the year, there are three Branch Committees,—at Atia, Jamalpore, and Kishoregunge, the first

of which had one, the second two, and the third three sittings, respectively. The members of the Branch Committees are reported to have taken much interest in the works of their Committees, and to have had much good work done at a moderate outlay. The members of the different Committees are said not to manifest their interest by attendance, but not unfrequently send communications about roads. Perhaps distance and difficulty of access may account for non-attendance, and apparently the members make up for absence in other ways.

24. Several new roads and khals were surveyed, to be taken in hand during the current year, which had to be put off for want of funds. The unusually long-continued and heavy rains of August and September 1876 rendered repairs necessary in most of the old roads far in excess of the ordinary repairs.

25. The following are some of the important works proposed for the current year :—

(1.) Construction of the road from Shumbhugunge to Doorgapore.
(2.) Ditto of the road from Madhupore to Tangail.
(3.) Widening the existing road from Mymensingh to Jamalpore.
(4.) Ditto ditto from Jamalpore to Suburnocolly.
(5.) Ditto ditto from Kishoregunge to Katiadi.
(6.) Ditto ditto from Katiadi to Nickli.
(7.) Construction of the road from Hosseinpore to Kishoregunge.
(8.) Metalling part of the Doorgapore and Shumbhugunge road.
(9.) Ditto part of the Suburnocolly road at Mooktagacha.

26. *Tipperah.*—The total income of Tipperah for the year 1876-77, with the balance, Rs. 33,637-4-11, carried over for 1875-76, amounted to Rs. 1,32,774-6-7 ;* and the total outlay came to Rs. 90,655-15-8, as detailed below, leaving a balance of Rs. 42,118-6-11 for 1877-78 :—

	Rs.	A.	P.
* Collections under Road Cess Act ..	92,467	2	7
Other cesses	2,331	9	2
Ferry tolls	1,340	6	3
Miscellaneous	2,997	15	8
Cash balance of 1875-76	33,637	4	11
Total ...	1,32,774	6	7

	Rs.	A.	P.
Office establishment and contingencies	7,123	12	6
Engineering ditto ditto	15,704	3	4
Original works	40,224	11	2
Repairs	26,725	4	8
Tools and plant	878	0	0
Total ...	90,655	15	8

27. Under the head of "Original works," for which a sum of Rs. 40,224-11-2 is shown to have been expended, are comprised three important roads, *viz.*, the Brahmunbariah road, the Kalibazar hill road, and the Kusba to Agurtolla hill road. The first, it is expected, will be open for traffic throughout its entire length during the current year 1877-78. The construction of the third has not yet been commenced, in consequence of the plans and estimates having been returned by the Superintending Engineer for revision and correction. A fairly large amount, Rs. 18,924-15-5, was expended on village roads and water-courses, 75 in number, as compared with Rs. 30,333 of last year on 120 roads and water-courses.

28. The establishment during the year under report was very much the same as in 1875-76. My predecessor, in paragraph 25 of his last year's report, observed that the establishment was rather large and costly, and was possibly susceptible of some reduction. The Chairman explains that these remarks did not reach him in time to make any revision for the year under report. A considerable reduction in the cost of the Engineer's staff has, however, been effected during the current year.

29. Nine meetings of the District Committee were held during the year. Besides the District Committee there are four Branch Committees,—at Brahmunbariah, Chandogram, Muradnuggur, and Nursingpore, which sat three, six, five, and four times, respectively. The attendance of the members of the Committees was fair. They all worked well and deserve credit.

30. The works proposed to be undertaken during the current year are as follow :—

(1.) Construction of the Brahmunbariah road with bridges and inspection bungalows.
(2.) Ditto of the Kalibazar road with inspection bungalows.
(3.) Ditto of the Serail road.
(4.) Improvement of the Kodumtollee road.
(5.) Laksham to Berullah road.
(6.) Deepening the Trimohiny canal.
(7.) Village roads and canals.

31. *General remarks.*—Mr. Lyall reports that in Dacca road cess collections are got in with little trouble, but the people generally complain that, while money is collected scarcely anything has yet been spent on any work of utility. This complaint is well-founded, for during the last three years no original work of importance has been executed. The delay in sanctioning the Goalundo road, coupled with the failure of the dredger, has made people grumble; but the slur, it is trusted, will be removed during the current year. The Committee have throughout the year managed the repairs through a sub-overseer, excepting on the Goalundo and Naraingunge roads, which, on account of their importance, were left in charge of

the Public Works Department. Both the executive and the office staff are reported to have worked well. An Engineer has been recently appointed.

32. In Furreedpore, as already stated, the engineering staff were almost entirely occupied in preparing projects for new works and surveying proposed lines of khals and roads. Little in the way of actual useful work has thus been accomplished.

33. In the district of Backergunge the Road Cess Act has worked smoothly. The collections were satisfactory, evincing a laudable punctuality on the part of the zemindars in meeting demands against them, which they have done, though not themselves able in the prevailing distress to realize the cess from their ryots or under-tenants. Up to February 1877 the engineering establishment consisted of only one overseer, another having been appointed in March following. On the proposal of the Chairman, made in paragraph 11 of his last annual report, and with the approval of the Government of Bengal, the status of the district was raised from the second class to the first class. There was no office establishment in the Engineering Department under the Committee during the year. From November last an establishment has been appointed, and the nomination roll will shortly be submitted for the approval of Government. The road cess establishment is reported to have discharged its duties satisfactorily, while the collection establishment worked hard in completing the valuation of the district, which was an extensive and difficult undertaking.

34. With regard to the working of the road cess system and the different establishment in the district of Mymensingh, I beg to refer you to paragraph 4 of my predecessor's No. 299R. of the 2nd August 1875. There is nothing new to add.

35. In the district of Tipperah the road cess system, now in force for three years, has worked successfully. No complaints about its enforcement are heard of. The only difficulty felt is that the landholders cannot readily realize their share of the cess from their tenants, which, owing to the cost and difficulty of enforcing payment, makes the law somewhat unpopular with them. Mr. Alexander thinks that the procedure for the levying of the cess, both by Government from the zemindars and by the zemindars from their tenants, might be simplified as follows: "A summary decree for cess due might be made in the Deputy Collector's office, and all property of any person from whom cess is due might be made liable to attachment and sale, under the procedure laid down in Act VII. (B.C.) of 1868; thus the zemindari of a zemindar might be liable, or the jote of a tenant, as well as any other goods or chattels belonging to them."

36. I am afraid that this would entail rather serious labour on the Deputy Collector, and I think it would be a pity in any way to disjoin the payments of cess and rent. I should also be somewhat afraid of making a zemindari answerable for the cess. I do not think that any serious difficulty has anywhere been found in realizing the Government share by the existing processes.

37. The system of sanctions to works is, I think, unnecessarily cumbrous, and I would call particular attention to what was said by my predecessor last year at paragraphs 31 to 33 of his report.

IRRIGATION.

NOTIFICATION.—ESTABLISHMENT.

The 8th June 1878.

No. 191.—*Posting.*—Mr. J. H. Toogood, Assistant Engineer, Second Grade, to the Arrah Division, which he joined on the forenoon of the 28th May 1878.

No. 192.—*Notifications.*—Mr. F. M. S. Douglas, Assistant Engineer, Second Grade, Arrah Division, availed himself, on the forenoon of the 10th ultimo, of the three months' leave to study the native languages granted him in the orders marginally noted.

No. 96, dated the 27th March 1878.

No. 193.—Mr. R. H. Rhind, Executive Engineer, First Grade, made over charge of the Arrah Division to Mr. J. F. Williamson, Executive Engineer, Fourth Grade, on the afternoon of the 27th May 1878, and left the division on the 30th idem to join the South-Western Circle.

No. 194.—Mr. F. Simon, Executive Engineer, Second Grade, joined the South-Western Circle on the afternoon of the 27th May 1878. Mr. Simon will be employed on special duty until further orders.

No. 195.—*Declarations.*—Whereas it appears to the Lieutenant-Governor of Bengal that the land hereinunder described is required to be taken up by Government at the public expense for a public purpose, viz. the construction of three irrigation cuts from the Roopun Chap Sota to connect it with the beds of the Daha, Gunducki, and Dhanai rivers, it is hereby declared that for the above purpose the said land, all situate in the district of Sarun, is required.

1.—*For the Daha Cut.*

A strip of land 12,000 feet long and averaging 170 feet broad in the pergunnah of Kooaree, in the district of Sarun, and passing through the mouzahs of Bikrampore, Dowda, Shampore, Mutinia, Sepya, and Deara Beejoypore, containing an area, more or less, 141*b.* 13*k.* 5½*ch.*

2.—*For the Gunducki Cut.*

A strip of land averaging 240 feet broad in the pergunnah of Seepah and the district of Sarun, and passing for a distance of 4,000 feet through the mouzah of Inchendee for a distance of 2,300 feet through the mouzah of Heerapacud and for a distance of 2,100 feet through the mouzah of Hurpoor, containing an area, more or less, 140 beeghas.

3.—*For the Dhanai Cut.*

A strip of land averaging 250 feet broad in the pergunnah of Dungsee and in the district of Sarun, passing for a distance of 2,900 feet through the mouzah of Dewopore and for a distance of 2,100 feet through the mouzah of Roopun Chap, containing, more or less, an area of 52*b.* 1*k.* 10¾*ch.*

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

No. 196.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz. for a diversion of the terminal reach of the Buxar Branch Canal between the East Indian Railway and the river Ganges, for a diversion of the road from the bazar to the railway station and for a site of a bungalow, it is hereby declared that for the above purposes two strips of land are required as under, viz.—

1*st.*—A strip about 1⅓ miles long and from 400 to 1,000 feet broad, more or less, with an area of about 86 acres, running between the East Indian Railway and the river Ganges west of the Buxar Fort, and as demarcated by the Public Works Department.

2*nd.*—A strip of land about 20 chains long and 120 feet wide, more or less, with an area of about 6½ acres, commencing at the southern outlet from the bazar and ending at the metalled road near the Christian cemetery.

The first of these strips is partly situated in mouzah Sahni Putty, pergunnah Bhajepore, zillah Shahabad, and partly in the lands attached to the Buxar Fort. The second is entirely within the land attached to the Buxar Fort.

This declaration is made, under the provisions of Section 6 of Act X of 1870, to all whom it may concern.

F. T. HAIG, *Colonel*, R E.,
Joint Secy. to the Govt. of Bengal in the P. W. Dept.

HIGH COURT NOTICES.

NOTIFICATION.

The following list of subjects, for the examination of candidates for pleaderships of the higher and lower grades has been prescribed by the High Court, in supersession of the list given in Rule 6 of the Rules, dated the 12th September 1874, drawn up in accordance with Section 4, Act XX of 1865, for the qualification, admission and enrolment of pleaders and mookhtars in Mofussil Courts.

Subjects.	*Regulations, Enactments, and Text Books.*
1*st.*—The Law of property current in Bengal—	
A.—With reference to the permanent settlement; to the Government lien on land; to claims to hold land exempt from the payment of revenue, and to the mode in which estates can be brought to sale for arrears of revenue.	Regulations (Bengal) I, VIII, X, XIV, XIX and XLIV of 1793, and the Regulations and Acts by which the same have been altered; Act XI of 1859, and the preamble to Regulation (Bengal) II of 1793.
B.—The law of under-tenures, and the mode in which the same can be brought to sale for arrears of rent.	Regulation (Bengal) VIII of 1819; Act VIII of 1865 (Bengal Council); Act VIII of 1859, B.C. (except as to candidates to practise in Orissa Chota Nagpore, and the Assam Valley Districts, who will be required, as heretofore, to pass in Act X of 1859.)
C.—The relation of landlord and tenant.	Act VIII of 1869 (B.C.), except as above.
D.—Mortgages; registration of assurances.	Macpherson on Mortgages; Act III of 1877.
E.—The Hindoo law of inheritance, succession, and adoption.	Dayabhaga and Mitakshara; Dattaka Chundrika, and Macnaghten's Principles of Hindoo Law, first seven chapters.
F.—Mahomedan Law.	Macnaghten's Principles of Mahomedan Law, except chapter 9.

G.—The Indian Succession Act and Hindoo Will's Act. — Act X of 1865; Act XXI of 1870.

2nd.—Obligations arising from contracts. — Macpherson on contracts; Act IX of 1872.

3rd.—Civil Procedure. — Act X of 1877, and so much of Act XI of 1865 as has not been repealed by Act X of 1877.

4th.—The Law of Evidence. — Act I of 1872.

5th.—The Law relating to Stamps and Court Fees. — Act XVIII of 1869, and Act VII of 1870.

6th.—The Law of Limitation. — Act XV of 1877.

7th.—Criminal Law and Procedure. — The Indian Penal Code (Act XLV of 1860 and Act XXVII of 1870), and the Code of Criminal Procedure, Act X of 1872 and Act XI of 1874.

2. The Court has also prescribed the following list of subjects, in supersession of that contained in clause (2), paragraph 10 of the Rules above quoted, for the examination of candidates for admission as mookhtars.

List of Subjects.

Code of Civil Procedure.
Law of Limitation.
Stamp Laws.
Small Cause Court Act.
Penal Code.
Code of Criminal Procedure.
Registration Act.
Evidence Act.
Contract Act.
Act VIII (B.C.) of 1869 (except as to candidates to practise in Orissa, Chota Nagpore, and Assam Valley Districts, who will be required, as heretofore, to pass in Act X of 1859).

By order of the High Court,

FORT WILLIAM, *The 13th May* 1878.

J. CRAWFURD, *Offg. Registrar.*

Sheriff's Office, the 5th June 1878.

NOTICE is hereby given that the Sixth Criminal Sessions of the year 1878, of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William and the places subordinate thereto, will be holden at the Court-house, in the Town of Calcutta, on Wednesday, the third day of July next, at 11 o'clock in the forenoon, and so on from day to day until the said Session be over. And it is hereby proclaimed that all persons who will prosecute any of the prisoners to be brought up for trial at the said Sessions be then and there to prosecute.

W. J. CURTOYS, *Sheriff.*

সরিফ আফিস, সন ১৮৭৮ সাল ৫ ই জুন।

সকলকে সমাচার দেওয়া যাইতেছে যে সুবে বাঙ্গালার ফোর্ট উইলিয়ম দুর্গের অধীন শহর কলিকাতার ও অন্যান্য স্থানের ফৌজদারী বিচার নিষ্পত্ত্য জন্য আগামি সন ১৮৭৮ সালের ৩ রা জুলাই বুধবার বেলা ১১ ঘটিকার সময় এবং যে পর্য্যন্ত সেশিয়ানের কার্য্য শেষ না হয় প্রতিদিন উক্ত সময়ে কলিকাতার হাই কোর্টের আপন আদালত ঘরে সন ১৮৭৮ সালের ষষ্ঠ ক্রিমিনেল সেশিয়ান বসিবেক এবং এতদ্দ্বারা প্রচার করা যাইতেছে যে, যে সকল ব্যক্তি কোন কয়েদীর বিরুদ্ধে ফৌজদারী মিছিল করিবেক তাহারা উক্ত স্থানে উক্ত সময়ে হাজির থাকিয়া মোকদ্দমা করে ইতি।

W. J. CURTOYS, *Sheriff.*

SMALL CAUSE COURT NOTICES.

UNDER Section 14, Act XI of 1865, notice is hereby given that, subject to the orders of Government, the Judge of the Court of Small Causes at Narail will sit again in that Court on the dates mentioned below:—

Wednesday, the 19th June 1878. | Thursday, the 20th June 1878.

NARAIL SMALL CAUSE COURT, the 6th June 1878.

JOHN WESTON, *Judge.*

UNDER section 14, Act XI of 1865, notice is hereby given that, subject to the orders of Government, the Judge of the Small Cause Courts of Dacca and Munshiganj will sit again in the latter court on the dates mentioned below:—

Monday, the 24th June 1878.
Tuesday, the 25th June 1878.
Wednesday, the 26th June 1878.
Thursday, the 27th June 1878.

AMRITO LAL CHATTERJEE, *Judge.*

MUNSHIGANJ SMALL CAUSE COURT, the 8th June 1878.

TREASURY NOTICE.

Notice is hereby given that Baboo Kali Pada Chuckerbutty, Sub-Deputy Collector, has been placed in charge of the Noakholly district treasury from the 22nd ultimo, *vice* Baboo Doorga Nundo Das, and is authorized to draw bills on other treasuries.

JOHN BEAMES, *Officiating Commissioner.*

COMMISSIONER'S OFFICE, CHITTAGONG, the 1st June 1878.

EDUCATIONAL NOTICES.

D. P. W. HALF-YEARLY EXAMINATION.

THE half-yearly examination of candidates for promotion and employment in the Public Works Department will be held at the Presidency College at 10 o'clock on Monday, the 5th August 1878, and the following days. Applications, with fees for admission to the examination, are required to be filed before the 15th of July 1878. Candidates for the grade of accountant who are not in Government service should be under 25 years of age, and must prove to the satisfaction of the Principal that they are under that age.

CHARLES A. TAWNEY, *Principal, Presidency College.*

PRESIDENCY COLLEGE, the June 1878.

1. The Calcutta Medical College Session of 1878-79 will commence on the 15th June next.

2. Students who may be desirous of commencing their studies are requested to apply to the Principal of the Medical College between the hours of 10 A.M. and 4 P.M., on or before the 15th June next, when the ten (10) vacant free presentations will be awarded. These are given to candidates upon their relative position in the University First Arts, B. A. and B. L. Examination, preference being given to those who have passed the highest examination.

3. The possession of the "First Arts" certificate of the Calcutta University will entitle students to enter the Medical College.

4. The course of instruction given in the Calcutta Medical College is framed to meet the requirements of the Calcutta University for obtaining its degrees in medicine and surgery.

5. The candidates who may fail in obtaining free presentations may be admitted as students on payment of an entrance fee of Rs. 15, and a further sum of Rs. 5 monthly during the period of their stay at the college, provided they enter into a guarantee to follow out the college curriculum to a close, and to graduate at the Calcutta University. Candidates who do not intend to graduate in Calcutta, or who wish to attend only a few courses of lectures, may be admitted as casual students on payment of a fee of Rs. 40 for each course of lectures, or Rs. 60 for six months' attendance upon any single branch of hospital practice. The cost of educating a casual student to compete at the examination of the Royal College of Surgeons of England amounts to Rs. 810.

6. The certificates of lectures and hospital attendance of the college are recognized by the University of London, the Royal College of Surgeons of England, and the Worshipful Society of Apothecaries of London.

J. M. COATES, M D., *Offg. Principal, Medical College.*

CALCUTTA, MEDICAL COLLEGE OFFICE, the 1st June 1878.

UNDER Rule 8 of the Junior Scholarship Rules dated 5th October 1872, it is hereby notified that the (18) eighteen Junior Scholarships allotted to the Patna division for the year 1878-79 have been thus distributed.

I.—The six second grade Scholarships to be taken up by the six best scholars irrespective of the district they come from—

II.—The twelve third grade Scholarships have been allotted as follows:—

District.	Number allotted.	District.	Number allotted.
Patna	3	Mozufferpore	2
Gya	2	Sarun	2
Shahabad	2	Chumparun	1

D. G. BONERJEA, *Perl. Asst. to Commr., for Offg. Commr.*

PATNA COMMR.'S OFFICE, BANKIPORE, the 29th May 1878.

NOTIFICATIONS OF THE BOARD OF REVENUE.

No. 700B.

NOTICE is hereby given that the Seventh Sale of Opium, the provision of 1875-76, will be held at the Government Opium Sale-room, No. 2, Bankshall Street, on Wednesday, the 3rd July 1878, at 11 A.M., and will comprise 4,500 chests, viz.—

		Chests.
Behar Opium	...	2,500
Benares „	...	2,000
Total	...	4,500

2. The general conditions of the sale now advertised will be the same as usual. They may be ascertained by reference to the Notification issued on the 23rd November 1877, and published in the *Government* and *Exchange Gazettes*, or on personal application at the Office of the Board of Revenue.

3. The latest dates for deposit and clearance will be the 8th and 18th July 1878 respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other public securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the sale-room, will be received after 4 P.M. of Monday, the 8th July 1878, and no Bank of Bengal Receipts in full payment of lots will be accepted after 4 P.M. of Thursday, the 18th July 1878.

4. In addition to the quantity above advertised for sale, the following quantities, more or less, of Behar and Benares Opium will be brought to sale in the present year on or about the dates specified below. The Board of Revenue, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so :—

PART IA.

Orders and Notifications by the Government of India, &c.

[*Reprinted from the Gazette of India.*]

The following orders, issued by the Government of India in the Home Department, are republished for general information :—

Simla, the 28th May 1878.

No. 617.—The Hon'ble Sir Richard Garth, KT., Q.C., Chief Justice of the High Court of Judicature at Fort William in Bengal, has obtained privilege leave for one month, with effect from the 19th August next, or from any subsequent date on which he may avail himself of it.

No. 619.—Under the provisions of the Act of Parliament 24 and 25 Vic., Cap. 104, Section 7, the Governor-General in Council has been pleased to appoint the Hon'ble L. S. Jackson, C.S., C.I.E., a Judge of the High Court of Judicature at Fort William in Bengal, to officiate as Chief Justice of the said Court during the absence, on privilege leave, of the Hon'ble Sir Richard Garth, or until further orders.

The 31st May 1878.

No. 631.—Mr. E. M. Money is permitted to resign Her Majesty's Bengal Civil Service.

MEDICAL.

The 30th May 1878.

No 260.—The services of 3rd grade Assistant Surgeon Rajendro Nath De are replaced at the disposal of the Government of Bengal.

The 31st May 1878.

No. 266.—The undermentioned Assistant Surgeons are promoted to the grades, and with effect from the dates, specified opposite their names :—

Names.	To what grade promoted.	Date of promotion.
Baboo Neem Chand Goopta	.. 1st grade	.. 1st May 1878.
„ Gopal Chunder Dey	.. 2nd „	.. 1st „ „
„ Dinnonauth Mitter	.. 2nd „	.. 17th April „

The following order, issued by the Government of India in the Department of Revenue, Agriculture, and Commerce, is republished for general information :—

Simla, the 31st May 1878.

No 243.—In supersession of the Notification dated the 5th October 1877, No. 410, the Governor-General in Council has been pleased to change the official designation of Mr. W. W. Hunter, LL.D., from "Director-General of Gazetteers" to that of "Director-General of Gazetteers and Statistics."

The following order, issued by the Government of India in the Foreign Department, is republished for general information :—

Simla, the 31*st May* 1878.

No. 1457*G*.—Mr. Trevor J. Chichele Plowden, C.S., Officiating Under-Secretary to the Government of India in the Foreign Department, is confirmed in that appointment, substantive *pro tempore*, with effect from the 24th April 1878, *vice* Mr. Henvey.

The following orders, issued by the Government of India in the Financial Department, are republished for general information :—

NOTIFICATIONS.—PENSIONS, GRATUITIES, &C.

Simla, the 31*st May* 1878.

No. 790.—The Governor-General in Council directs the publication of the following Addenda and Corrigenda to the Codes of the Financial Department :—

CIVIL PENSION CODE.

Section 72 (Rule 2).

Substitute the following for heading (8) *of the form on page* 42 :—

(8) Reference to any recorded punishment or censure or reward or praise of the officer.*

Omit the last sentence of the Rule on page 42 *and add the following as Rule* 7 *on page* 42 :—

7. Personal certificates of character, containing only the opinion of the writer, are not to be entered.

No. 791.

The *March* 1878.

Section 101, Rule 3 (page 65).

Add the following to this rule : —

An extraordinary pension granted under Section 124 (*a*) or to a Native soldier under Military rules for wounds and injuries, may, in the event of the pensioner's subsequent employment in the Civil Department, be, during such employment, reduced or suspended under orders of the Government which granted the pension.

In the case, however, of a Native soldier whose wound or injury pension may have included an invalid pension, he will, in the event of the wound or injury pension being withheld, be allowed to draw the invalid rate of pension in addition to civil salary. This does not apply to the commissioned ranks.

SEPARATE REVENUE—STAMPS.

The 31*st May* 1878.

No. 749.—In exercise of the powers conferred by Section 16 of the General Stamp Act, 1869, the Governor-General in Council is pleased to remit the duties chargeable under the said Act on tenders for any portion of the loan advertised in the *Gazette of India Extraordinary* of the 27th May 1878.

HORACE A. COCKERELL,
Secy. to the Govt. of Bengal.

The Calcutta Gazette.

WEDNESDAY, JUNE 12, 1878.

PART II.

Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette, cannot be received after Noon on Monday.]

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Furreedpore, will be put up to sale at the Furrreedpore Collectorate on Thursday, the 27th June 1878, corresponding with 14th Ashur 1285 Bengali year.

The purchasers will be subject to the following conditions of sale :—

CONDITIONS OF SALE.

1st.—The estate to be sold to the highest bidder above the upset price. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force ; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance is not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government) and the estate to be again put up to sale at the risk of the defaulting purchaser, after the issue of advertisement as in the case of original sale.

5th.—The sale will have effect from 1st April 1878 as regards the estates Nos. 1116, 4057, and 6273, and from 1st April 1879 as regards estates Nos. 6276 and 6277.

T. NORMAN, *Acting Collector.*

NOTICE is hereby given that on Thursday, the 13th June next, the bungalows hereafter detailed, situated in the Cantonments of Hazaribagh, and now the property of Government, will, together with the out-offices attached to them, be put up to public auction at the upset prices noted opposite each, and will be sold to the highest bidder above the upset price.

The bungalows will be sold in the order in which they are placed below, commencing with No. 20, at 11 A.M.

CONDITIONS OF SALE.

1st.—On any bungalow and its out-offices being knocked down to a purchaser, the latter to pay at once Rs. 100 in currency notes as earnest money, failing which the purchaser may, at the discretion of the Executive Engineer, Barrackpore Division military works, be considered invalid, and the buildings put up again.

2nd.—The balance of the purchase-money is to be paid within one month from date of sale either to the Executive Engineer, Barrackpore Division, or the Sub-Divisional Officer, Hazaribagh, failing which the earnest money referred to in condition 1 will be forfeited, and the buildings will be put up for sale again.

3rd.—The rent due from the occupant or occupants of any bungalow to be payable to the purchaser from the date the balance of the purchase-money is paid, ownership and custody of the building being in the meantime retained by Government.

4th.—The purchasers of the bungalows to be subject to all cantonment rules and regulations now existing, or which Government may hereafter see fit to issue.

5th.—If the execution of any legal deeds of transfer or sale is required by purchasers, the latter will pay all expenses connected with such deeds.

J. D. MACLEAN, *Collector of Customs.*

CALCUTTA CUSTOMS, the 8th June 1878.

For Sale.

A LARGE Double Cylinder Newspaper Printing Machine, now on view at the Alipore Jail. For particulars apply to the Superintendent, Bengal Secretariat Press.

Notification.

THE sale of Kuchut and Bosatpore, as advertised in the Gazette, postponed to the 19th June 1878.

(331—3) W. R. LARMINIE, *Collector.*

Notice.

THE District Engineership of Patna will be vacant on 1st October 1878. The qualifications required are those of an Executive Engineer, Public Works Department. Salary Rs. 650, rising to Rs. 800 by annual increments of Rs. 50 (subject to the Committee's approval). Pension contribution of Government officer will be paid in addition to salary. Travelling allowance under Public Works Department rules, but not to exceed Rs. 150 in any one month.

Applications will be received up to 30th June next by the Chairman.

Certified copies of testimonials should be sent and they will not be returned.

G. TOYNBEE, *Chairman,*
District Road Fund Comtee., Patna.

ROAD FUND COMMITTEE'S OFFICE,
Dated Bankipore, the 2nd April 1878. (209—12)

Auction sale of Sal Timber at Dacca.

IT is hereby notified that on Thursday, 20th June 1878, beginning at 7 A.M., three hundred sal logs measuring about 8,000 cubic feet, will be sold to the highest bidder from the Government timber depôt at Dacca. If sufficient inducement be given, an additional 200 logs will be offered for sale on the same occasion.

A temporary shed will be erected in the depôt to protect purchasers from sun or rain.

The timber will be on view from the 1st June 1878.

THE CONDITIONS OF SALE ARE—

1. One-fourth of the purchase-money to be paid on the day of sale, and the remaining three-fourths within two months of the day of sale.

2. No timber can be removed until the full purchase-money has been paid.

3. The timber must be removed within two months of the day of sale; if not removed it will revert to Government, and any money paid on it will be forfeited.

4. If one-fourth of the purchase-money is not paid down on the day of sale, the timber will be resold at the risk of the defaulting purchasers.

5. The timber will be at the risk of the purchasers from the moment it is knocked down.

W. SCHLICH,
Conservator of Forests, Bengal.

DARJEELING,
15th April 1878.

Simla Water-Supply Works.

NOTICE TO CONTRACTORS.

TENDERS are hereby invited for the construction of the Simla Water-Supply Works including all materials necessary for the same.

The Drawings, Specifications and Estimates of the works may be seen daily from 11 till 4 o'clock, Sundays and holidays excepted, at undersigned's office.

Forms of Tender with schedules of quantities of works, and two specifications comprising the conditions under which the contract works are to be executed, can be obtained from undersigned on remitting twenty rupees in advance payment thereof.

The contractor whose tender may be accepted will have to take over at a valuation any specified works which may be in progress by Government Agency at date of his Tender's acceptance. The valuation will not exceed the cost of work executed at estimated rates.

The lowest or any tender will not necessarily be accepted.

No Tender will be entertained except it be on the approved Form.

Tenders are to be forwarded to undersigned in registered covers superscribed "Tender for Simla Water-Supply Works" so as to reach him not later than 20th August 1878.

WM. SMITH, C.E., *Supdg. Engr.,*

SIMLA, 20th May 1878. *Simla Imperial Circle.*

Notice.

Oudh Forest Department.

BYRAMGHAT DEPOT.

ON THE OUDH AND ROHILKHUND RAILWAY.

FROM this date the prices of sâl beams and scantlings supplied from this depôt will be as follows:—

BEAMS.—21 feet in length,	at Rs. 2-10	per cubic foot
22 "	" 2-12	"
23 "	" 2-14	"
24 "	" 3	"

Above the lengths given two annas per foot run will be charged.

Any inches over the foot will be charged as a foot.

SCANTLINGS.—From 12 to 20 feet,	at Rs. 2-8	per c. ft.
Under 12 and over 7,	at " 2-4	"
Under 7 feet,	at " 2	"

The above prices are for ordinary building purposes.

For *Planking Sleepers*, &c., special rates will be fixed by agreement.

The Department will still take orders for buildings all over at Rs. 2-4 per cubic foot, provided the scantlings are taken in fair proportion.

Second and Third Class Timber will be sold and price fixed by agreement.

Auction Sales will be held from time to time to clear off stock.

For further particulars apply to the Officer in charge.

By order of the Conservator, Oudh Forests,
SIMPSON HILLIERS, *Asst. Conservator of Forests.*

The 1st June 1877.

A. B. MILLER, *Receiver, High Court.*

HIGH COURT RECEIVER'S OFFICE,
The 18th May 1878. (307—4)

INSOLVENT NOTICES.

In the Court for the Relief of Insolvent Debtors at Calcutta.

IN the matter of CHARLES H. PERRY, of No. 21½, Old Court House Corner, carrying on business in the same place in partnership with George Cole of No. 21½, Old Court House Corner, under the style and firm of Perry and Co., an Insolvent.

On Tuesday, the 28th day of May last, it was, on the petition of Annie Cole, a creditor of the said Insolvent, adjudged that the said Charles H. Perry hath committed an act of insolvency under the provisions of the Act XI Vic., Cap. XXI, and by another order of the same date the estate and effects of the said Insolvent were vested in the Official Assignee.

H. R. Fink, *Attorney.*

IN the matter of MUTTYLOLL BOSE and KEDARNATH GHOSE, Insolvents.

On Tuesday, the 28th day of May last, it was ordered that the matters of the petition of the said Insolvents be heard on Tuesday, the 6th day of August next, and that the said Insolvents do then attend to be examined before the said Court.

G. C. Chunder, *Attorney.*

IN the matter of THOMAS WITFORD SEARLE, an Insolvent.

On Friday, the 31st day of May last, it was ordered that the matters of the petition of the said Insolvent be heard on Tuesday, the 2nd day of July next, and that the said Insolvent do then attend to be examined before the said Court.

J. O. Moses, *Attorney.*

Chief Clerk's Office, the 4th day of June 1878.

IN the matter of SYUD AMEER ALI, an Insolvent.

On Tuesday, the 4th day of September last, by an order of this Court the said Insolvent was adjudged entitled to his personal discharge under the Act XI Vic., Chap. XXI, as to all persons named in his schedule as creditors or claiming to be creditors respectively.

G. C. Chunder, *Attorney.*

IN the matter of ALFRED McDERMOTT, Commander and owner of the ship or vessel called *Natmeo*, which was lost at sea in September 1874, and now the Commander of the ship or vessel *Futteh Salam*, now living on board the said ship, which is lying at No. 3 Moorings, Prinsep's Ghaut, in the town of Calcutta, an Insolvent.

Notice that the petition of the said Insolvent seeking the benefit of the Act XI Vic., Chap. XXI, was filed in the office of the Chief Clerk on Wednesday, the fifth day of June instant, and by an order of the same date the estate and effects of the said Insolvent were vested in the Official Assignee.

W. W. Linton, *Attorney.*

IN the matter of ALFRED McDERMOTT, an Insolvent.

On Wednesday, the 5th day of June instant, it was ordered that the matters of the petition of the said Insolvent be heard on Tuesday, the 6th day of August next, and that the said Insolvent do then attend to be examined before the said Court.

W. W. Linton, *Attorney.*

IN the matter of BHOOBUNMOHUN BONNERJEE and BENODEBEHARY BONNERJEE, Insolvents.

On Thursday, the 6th day of June instant, it was ordered that the matters of the petition of the said Insolvents be heard on Tuesday, the 6th day of August next, and that the said Insolvent Benodebehary Bonnerjee do then attend to be examined before the said court.

Pittar and Wheeler, *Attorneys.*

IN the matter of WILLIAM ALEXANDER FERRIER, an Insolvent.

On Tuesday, the 4th day of June instant, it was ordered that the Assignee do pay and divide the sum of Rs. 3,631-8-2 to and amongst all the creditors upon the estate of the said Insolvent as a dividend at the rate of Rs. 45 per cent. upon such of the debts as are admitted in the schedule of the said Insolvent and such claims as shall be proved or substantiated to the satisfaction of the said Assignee in proportion to their several debts, with leave to the Official Assignee to apply to this Court from time to time for directions respecting any debts or any other matter or thing relating thereto.

A. B. Miller, *Official Assignee.*

Chief Clerk's Office, the 11th day of June 1878.

N.B.—These hours of delivery depend on the timely arrival of the mail trains.

E. C. GEORGE, *Post-Master.*

CALCUTTA POST OFFICE, the 1st January 1878.

IF it is desired to insure a registered letter or parcel—Close the letter or parcel securely. If it is a letter, seal it in the centre and at the four corners of the envelope (which should be a substantial one) with distinct impressions of some device other than that of a current coin. If it is a parcel, pack it in cloth, wax-cloth, or tin, and if packed in cloth or wax-cloth, put similar seals at intervals not exceeding 3 inches along the lines of sewing.

Prepay the postage (as for a registered letter or for a parcel) by affixing postage labels. Certify the declared value in words and figures immediately above the address: for example "Certified value two hundred and seventeen (217) rupees."

Present the letter or parcel at the Post Office window during registration hours with a declaration* of the nature and value of the contents and with money to pay the insurance fee at the following rates:—

When the value certified does not exceed Rs. 10, 1 anna.

"	"	"	25,	2 annas.
"	"	"	50,	4 "
"	"	"	75,	6 "
"	"	"	100,	8 "

and 8 annas for every additional Rs. 100 or fraction thereof.

*SPECIMEN OF DECLARATION.

This letter (or parcel) addressed to
Major G. H. GRANTLEY,
16TH HUSSARS,
Muttra,

is declared by us, the senders, to contain the following articles, viz.—

A gold ring, value	...	...	Rs. 110
And currency note		Rs.	
No. E 46569		20	20
12		—	—
Total value		...	130

Signature,
and Date.

The Post Office receipt will acknowledge the insurance.

The Post Office is prohibited by rule from receiving valuables (such as coins, jewellery, &c.) for transmission by post in either letters or parcels *unless they are insured.*

If it is desired that the value of the contents of a parcel should be recovered from the addressee and paid to the sender—Close the parcel carefully and seal it as described above for insured parcels. Present it at the Post Office window within registration hours with a memorandum containing—

The name and address of the sender in full.

The name and address of the addressee in full.

Value of the contents recoverable from the addressee.

Date of posting.

Prepayment of the parcel is optional.

The Post Office receipt will show the value recoverable from the addressee, and give all needful information with regard to the payment to the sender.

If it is desired to obtain an acknowledgment from the addressee of a registered article or parcel—Fix additional stamps of the value of one anna on the registered article or the parcel, and present it at the Post Office window within registration hours, furnishing in writing or verbally the name and full address of the sender. The Post Office receipt will indicate that an acknowledgment is due.

If a certificate of posting is desired—Write a copy of the address as given on the article on a slip of paper or in a book and affix a half-anna postage label to it. Present the article and the written copy of the address at the Post Office window at least half an hour before the hour fixed for closing the mail for which it is intended. The Post Office will stamp the written copy as a certificate of the posting of the article. This certificate will not obtain for the article any special security in transit; it is merely a certificate of posting, the article being treated like any other article put in the letter box. This rule does not apply to registered articles and parcels for which *receipts* are given.

N.B.—The grant of certificates of posting will commence from the 1st April 1878.

OFFICE OF THE DIRECTOR-GENERAL OF THE POST OFFICE OF INDIA, 21st March 1878.

BERHAMPORE, the 10th June 1878.

The Indian Law Reports.

Published under Authority of the Governor-General in Council.

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

Terms of subscription, payable annually in advance.

	Without postage.	With postage.
For the Calcutta Series...	Rs. 35	Rs. 40
" Madras Series ...	" 8	" 9
" Bombay Series...	" 8	" 9
" Allahabad Series	" 8	" 9
Complete set	45	" 50

The Price of each part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

	Rs.	A.
For a part of the Calcutta Series ...	3	8
" " Madras Series ...	1	0
" " Bombay Series ...	1	0
" " Allahabad Series ...	1	0
Complete set	4	0

Persons desiring to subscribe for or purchase the Reports, should apply to—

Messrs. Thacker, Spink and Co., Calcutta;
" Thacker, Vining and Co.;
" Higginbotham and Co., Madras;
The Government Central Book Depôt, Bombay;
The Government Book Depôt, Allahabad.

Central Provinces' Gazetteer.

EDITION OF 1870 in one VOL.

A LIMITED number of the above work, strongly bound in cloth, octavo size, for sale at Rs. 12 per vol., exclusive of postage charge. Apply to—

MESSRS. THACKER, VINING, *Bombay*,
MESSRS. THACKER, SPINK & Co., *Calcutta*, or
SUPDT., CHIEF COMMR.'S OFFICE, *Nagpur.*

PART III.

Act of the Bengal Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

[Third Publication.]

THE following Act, passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 10th April 1878; and having been assented to by the Governor-General on the 16th May 1878, is hereby published for general information:—

ACT No. V OF 1878.

An Act to amend Bengal Act VII of 1876.

WHEREAS it is expedient to amend Bengal Act VII of 1876; It is enacted as follows:—

Preamble.

New clause substituted in section 55 of Bengal Act VII of 1876.

1. For the first clause of section fifty-five of the said Act the following shall be substituted:—

"If the applicant's possession of, succession to, or acquisition by transfer of, the extent of interest in respect of which he has applied to be registered, is disputed by or on behalf of any person making a conflicting claim in respect thereof, and if it is not proved to the satisfaction of the Collector that any person is in possession of the interest in dispute, the Collector shall determine summarily the right to possession of the same, and shall deliver possession accordingly, and shall make the necessary entry in the registers."

Commencement of Act.

2. This Act shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

FREDERICK CLARKE,
Asst. Secy. to the Govt. of Bengal,
Legislative Department.

[REGISTERED NO. 29.]

No. 24 of 1878.

SUPPLEMENT TO

The Calcutta Gazette.

WEDNESDAY, JUNE 12, 1878.

OFFICIAL PAPERS.

Non-Subscribers to the GAZETTE *may receive the* SUPPLEMENT *separately on payment of Six Rupees per annum if delivered in Calcutta, or Twelve Rupees if sent by Post.*

CONTENTS.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 8th June 1878.

Division	No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.				
		Western Districts.		
BURDWAN DIVN.	1	Burdwan, June 8 '78	Nil	Weather—very sultry. The sowing of *aus* and *amun* is progressing. Sugarcane is doing well. Rain is wanted. Public health is good.
	2	Bankoora, ,, 8 ,,	Nil	The heat has been very intense, and accompanied by hot wind from the east. The sowing of rice is going on. Much of the *aus* has germinated, but fears are entertained for it, unless some rain falls soon. The water in wells and tanks is getting low. Cases of small-pox are still reported.
	3	Beerbhoom, ,, 8 ,,	Nil	The weather has grown exceedingly hot and sultry. It is just what is wanted for the land. *Aus* and *amun* are being sown freely.
	4	Midnapore, ,, 8 ,,	Nil	Weather—very hot and sultry. The state and prospects of the crops are favourable, except at the Sudder station and the neighbouring villages, where rain is much wanted to keep up the young plants. There are complaints of high prices from the labouring classes. Public health is good.
	5	Hooghly, ,, 8 ,,	Nil	Weather—very warm. Sowings of *aus*, jute, and hemp are completed. *Amun* seedlings are being prepared in nurseries, and lands are being cultivated for *amun* paddy. Prospects are good at present. There is small-pox in the municipalities of Hooghly, Chinsurah, and Serampore. No other sickness has been reported by the police. General health is normal.
		Howrah, ,, *10 ,,	Nil	Weather—very sultry and oppressive. Prospects are favourable. *Aus* sowings have come on well, and the preparation of land for the *amun* crop is forward.
		Central Districts		
PRESIDENCY DIVN.	6	24-Pergunnahs, June 8 '78	Nil	There is a damp heat in the air which is very enervating and oppressive. In the first part of the week there was no breeze; now there is a strong wind. Ploughing and sowing are going on. Public health is good.
	7	Nuddea, ,, 8 ,,	Nil	Weather—very hot, with strong winds in the day. Rice, indigo, and other crops are doing well.
	8	Jessore, ,, 8 ,,	0·02	Weather—generally hot. The prospects of the crops are good.
		Narail ...	1·12	
		Magoora ...	0·7	
		Khoolna ...	0·78	
		Bagirhat ..	0·55	
	9	Moorshedabad, ,, 8 ..	Nil	Weather—excessively hot. The state and prospects of the crops are fair, but it is reported that the *aus* plants are damaged for want of rain. Prices are still the same. Health of the district is better.
RAJSHAHYE AND COOCH BEHAR DIVN.	10	Dinagepore, June 7 ,,	Nil	Weather—hot. The prospects of the crops are favourable.
	11	Rajshahye, ,, 8 ,,	1·48	There has been no rain during the week throughout the district, except at head-quarters on the 6th, and the heat is intense. The cessation of rain is bad for the crops. Moisture is much wanted to help the young plants owing to the present parching heat. They are said to be getting scorched in Nattore. Jute and indigo are growing well. Mangoes are abundant. Public health is good.
	12	Rungpore, ,, 7 ,,	3·22	Weather—hot and sometimes cloudy. The prospects of the crops are favourable. The recent rains have done good to the early rice and jute. Rice is very dear. It is selling at present from Rs. 3-8 to Rs. 4 per maund of 90 tolahs. Other food-grains, such as *dál*, wheat, &c., are also selling at prices dearer than those of the corresponding month of the last year. Public health is good, though fever has been somewhat prevalent.
		Bagdogra ...	1 3	
		Kurigram ...	2·59	
	13	Bogra, June 8 ,,	0 79	Weather—hot and cloudy. There was a heavy thunderstorm on the evening of the 6th. The crops are looking well. Sesamum is being cut. The sowing of *amun* is progeessing. The health of the people is good.
	14	Pubna, ,, 8	0·89	Weather—very hot. A strong south-easterly wind is prevailing. Occasional storms with partial rain. The rice and jute crops throughout the district are progressing most favourably. The indigo crop will be a failure this year. Health is good.

* Report of 10th shows rainfall during the week ending 8th.

No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.—(*Continued.*)			
RAJSHAHYE & COOCH BEHAR DIVN.—*contd.*	*Central Districts.*—(Contd.)		
15	Darjeeling June 8 '78	0·30	The rainfall during the week has been less than usual for the year, and the days have been unusually warm. The young crops, both in the Hills and the Terai are progressing favourably.
16	Julpigoree " 8 "	5·61	The early part of the week was very hot and sultry; heavy thunderstorms for the last few days. *Bhadoi dhan* and jute promise well. *Haimanta dhan* is being sown. Cholera is reported from many parts both of the Sudder sub-division and of the Dooars.
	Cooch Behar ...	......	Return not received.
	Eastern Districts.		
DACCA DIVN.			
17	Dacca, June 8 '78 Manickgunge ... Moonsheegunge (for week ending 5th) ...	0·03 0·13 3·38	Weather—hot, but seasonable. The state and prospects of the crops are as favourable as possible.
18	Furreedpore, " 8 " Goalundo ... Madaripore ...	0·23 0·31 1·78	It rained on the morning of the 3rd, but the weather has been very hot with that exception. The prospects of the crops are everywhere good. Cattle disease stated to be of a new type is prevalent in the Kotalipara thana.
19	Backergunge, " 6 "	0·32	Weather—unusually hot and oppressive. The crops are going on well. Public health is pretty good.
20	Mymensingh, " 7 "	0·06	Weather—unusually oppressive. Clouds appear to be collecting and rainfall is probable. Rice is fair, and jute very promising.
21	Tipperah, " 7 " Sub-division ...	4·43 4·15	Weather—very sultry and oppressive. The *aus* and *amun* are looking well, but in the sub-division more rain is wanted, though there was a fall of 4·15 inches during the week.
CHITTAGONG DIVN.			
22	Chittagong, " 6 "	3·65	Heavy rain accompanied with a strong gale fell on the 3rd instant. The weather has since then again cleared up. The high lands have derived much benefit from the rain. Prices have fallen about four annas; the *pania aus* is now beginning to come into the market. Small-pox is reported from the south, but, with this exception, the general health continues good.
23	Noakholly " 6 "	3·85	Weather—hot and close. The sowing of the early rice crop is nearly completed. Cultivation continues. Prospects are good. Public health is good.
24	Chittagong Hill Tracts, " 4 "	2·53	Weather—seasonable. Heavy showers of rain on the 2nd and 4th instant. The gathering of *aus* paddy crop still continues. The sowing of seed-grain in jooms is nearly finished. The prospects of the early joom crops are good. The distress of the people in the Upper Chengri and Sungoo Valleys is increasing and steps are being taken to relieve the same.
	Hill Tipperah " 5 "	3·03	It rained on three days of the week. On the 3rd instant 2·13 inches fell. The reports regarding the crops are favourable. The heat is still causing much sickness, especially fever.
BEHAR			
PATNA DIVN.			
25	Patna, June 8 '78	Nil	Weather—very hot. The state and prospects of the crops are abnormal; nothing in either to report.
26	Gya, " 8 "	Nil	Cloudless sky and hot west winds. Maximum thermometer in the shade 116·08. Agricultural operations go on well. The cultivators would like some rain soon, and for that reason are glad of the present intense heat.
27	Shahabad " 8 "	Nil	Weather—cloudy and hot. *Cheena* and sugarcane are the only crops on the ground. The latter is extensively irrigated by wells. The paddy sowings have commenced.
28	Durbhunga, " 8 "	Nil	Weather—very hot during the week. Wind from the east. The prospects of the crops continue to be good, but rain is desired both for the soil and for the sake of health. Cholera is reported from various parts of the district, but there has been no serious outbreak.
29	Mozufferpore, " 8 "	Nil	Weather—intensely hot and dry. Prospects continue good, but rain is wanted for the young *bhadoi* crops.

Division	No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BEHAR.—(Contd.)				
PATNA.—(Contd.)	30	Sarun, June 8 '78	Nil	Weather—very hot. There has been no rain during the week, and the intense heat is beginning to tell on the crops sown on the recent rain; otherwise prospects are fairly satisfactory. Prices are stationary. Public health is good.
	31	Chumparun „ 8 „	Nil	Great heat during the greater part of the week. No change to report. The prospects of the crops continue good. Prices are still high.
BHAGULPORE DIVISION.	32	Monghyr, „ 8 „	Nil	Weather—oppressively hot. No signs of rain. The young Indian-corn is coming up well. Ploughing is well advanced
	33	Bhagulpore „ 8 „	Nil	Weather—very hot. The reports of the crops from all the sub-divisions are favourable.
	34	Purneah „ „ Kissengunge ...	Nil 0·25	Weather—very hot and dry. It is favourable for weeding indigo, but everything else is being burnt up with heat.
	35	Maldah, „ 8 „	Nil	Intense heat; thermometer ranging from 97° to 101°. The rice crop is progressing well. The mango crop is above the average. Health is good.
	36	Sonthal Perghs. „ *9 „	Nil	Weather—very dry and hot everywhere. Clouds and distant thunder about Doomka. Young Indian-corn is already injured by drought.
ORISSA.				
ORISSA DIVN.	37	Cuttack June 8 '78	0·15	Weather—excessively hot. There were less thunderstorms than in the last week. Sufficient rain has fallen, and the sarudh crops are being sown everywhere in the district, and in many places are sprouting. The season is favourable for agricultural purposes. Public health is good.
	38	Pooree „ 6 „ Khoorda ...	Nil 0·40	Weather—very hot. Rain is much needed, but tillage in the north and north-eastern parts of the district is going on. Common rice sells at 10½ to 13 seers for a rupee, but in the salt tracts the quantity is 9¼ seers only. Exportation still continues. Cholera is reported from different parts of the country and has appeared in the city also
	39	Balasore, „ 7 „	Nil	The rain has stopped, and the week has been excessively hot. Sowing is approaching completion, and a large proportion of the young crop is above ground. Public health is fair.
CHOTA NAGPORE.				
		South-West Frontier Agency.		
	40	Hazareebagh, June 7 '78	Nil	Weather—seasonable. Extremely hot. Ryots are hard at work Ploughing and sowing are going on all over the district. Prospects of the future so far are very fair; otherwise no change to report. Prices are much the same. Cases of cholera are reported here and there.
	41	Lohardugga, „ 8 „	Nil	Weather—settled and hot, with strong west winds. Rain is required for the broadcast sowings, as the young plants are beginning to suffer from the prolonged and excessive heat. Prices of food-staples are much the same as before. Small-pox is still reported in Palamow, but the general health is good.
	42	Singbhoom, „ 7 „	Nil	Weather—very unseasonable. The heat during the week has been something dreadful; the thermometer at night not registering less than 95°. No signs of rain and at night a hot south wind springs up. If this fearful heat continues, the paddy will all die off The cultivators are all crying out for rain General health up to date has not suffered.
	43	Manbhoom, „ 8 „	Nil	Weather—very hot and somewhat unseasonable. Rain is wanted. The young rice is being slightly withered owing to the scorching heat. Ploughing is stopped, and those who have the means are irrigating their crops.

* Report of 9th shows rainfall during the week ending 8th.

Published for general information.

The average fall of the corresponding period for 25 years, S. G. Office	...	11·82

The mean pressure, temperature, &c., are deduced from observations made at 6h., 10h., 16h., and 22h.; the maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard (Newman's No. 86) formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

w dew, *f* foggy, *o* overcast, *g* gloomy and *l* lightning.

METEOROLOGICAL OFFICE, INDIA,

N30, NE36, E58, SE78, S211, SW181, W89, NW59, Calm 2.

The results of the observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park Street Observatory). The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 1° or 1½° lower; and finally, the thermometer, which has furnished the record of temperature, at the Surveyor-General's Office during the last 20 years and upwards, is found to read 0·6° higher than the Kew standard thermometer, which is the standard of reference at the present Observatory.

The following notification is republished from the *Assam Gazette* :—

No. 22.—*The* 5*th June* 1878.—Privilege leave of absence for three months, under Section 12, Supplement F of the Civil Leave Code, is granted to Mr. J. Patch, District Superintendent of Police, Fourth Grade, Sylhet, with effect from the 1st July 1878, or from such date as he may avail himself of the same.

HORACE A. COCKERELL,
Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 12*th June* 1878.—The Lieutenant-Governor is pleased to sanction the following amended rule to be substituted for Rule 7 of the Rules for the grant of leases of land for tea cultivation in the Western Dooars, published in the *Calcutta Gazettes* of the 24th and 31st March and 7th April 1875, Part I, pages 336, 387 and 414, respectively.

On receipt of an application, and after satisfying himself as far as lies in his power that the requirements of the rules have been complied with, the Deputy Commissioner shall record a proceeding to the above effect calling upon the applicant or his authorized agent to deposit such a sum as the Deputy Commissioner shall deem to be necessary to cover the cost of the survey and demarcation to be made as hereinafter provided. Such sum shall be calculated at the rate of one rupee per acre of the total quantity of land applied for, and on payment being made at this rate no further demands will ordinarily be necessary, nor will any refunds be granted. In cases, however, where the area found on actual survey exceeds by not less than one-fourth the area estimated in the application, the Deputy Commissioner may make a further demand at the rate of one rupee per acre on such excess area.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 13*th June* 1878.—Under Section 4 of Act VII of 1871, the Indian Emigration Act, the Lieutenant-Governor recognizes the appointment of Monsieur Raoul Quillet to act as Emigration Agent at Calcutta for the French Colonies as a temporary arrangement.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 17*th June* 1878.—It is hereby notified that, under Section 155 of Act VIII of 1878, the Lieutenant-Governor of Bengal has been pleased to prescribe the following rules for ascertaining and determining what spirit imported into British India shall be deemed to have been effectually and permanently rendered unfit for human consumption :—

RULES.

I.—Spirit imported into British India for use exclusively in arts, manufactures, or chemistry, which has been rendered effectually and permanently unfit for human consumption, is subject only to an *ad valorem* duty of ten per cent. under Article XXXII, Schedule A of the Indian Tariff Act XVI of 1875.

II.—Whenever such spirit is imported from the United Kingdom into any port of the Bengal Presidency before it can be admitted at the reduced rate of duty as aforesaid, the importer must satisfy the Collector of Customs at that port that the spirit has been rendered effectually and permanently unfit for human consumption, and must produce a certificate from a competent Customs or Excise authority of the United Kingdom that the spirit has already been subjected, under proper supervision in the United Kingdom, to a process by which it has been rendered effectually and permanently unfit for human consumption.

III.—If the importer cannot so satisfy the Collector of Customs, the latter shall cause such spirit to be examined, and, if necessary, rendered unfit for consumption in the manner hereinafter described as applicable to spirit imported from other countries than the United Kingdom.

IV.—Whenever such spirit as aforesaid is imported from other countries than the United Kingdom into any port of the Bengal Presidency, the Collector of Customs at that port shall

send a sample of such spirit to the Chemical Examiner for examination and report, at the expense of the importer; and if the Chemical Examiner shall certify that the spirit has been rendered effectually and permanently unfit for human consumption, the Collector of Customs shall admit it at the reduced rate of duty.

V.—Whenever imported spirit is to be rendered effectually and permanently unfit for human consumption by officers of the Customs Department, the ingredient to be used for admixture with the spirit shall be caoutchoucine, and it shall be mixed with the spirit in the proportion of one part and a half of volume of the caoutchoucine to 98½ parts of volume of the spirit, which shall not be of less strength than 30 per cent. over proof.

VI.—But when it can be proved to the satisfaction of the Board of Revenue that the presence of caoutchoucine will render the spirit unsuitable for the purpose for which it is required, special sanction may be obtained for the use of woodnaptha instead of caoutchoucine. In this case one part of volume of crude woodnaptha shall be mixed with nine parts of volume of the spirit, which shall not be of a less strength than 30 per cent. over proof.

VII.—The caoutchoucine, or the woodnaptha, before admixture with the spirit, must be tested by the Chemical Examiner to Government, who must certify to the Collector of Customs that it is of proper strength, fitted, if used in the proportions mentioned in rule V or VI, to effectually and permanently render unpalatable and unfit for human consumption the spirit with which it is mixed.

VIII.—Any expense which may be incurred by the Collector of Customs in rendering spirit unfit for human consumption, or in ascertaining that it has been so rendered, must be paid by the importer.

IX.—The use of spirit methylated or caoutchoucined according to these rules is not permitted in the manufacture or preparation of tinctures, medicated spirits, hyponitrous ether, or other pharmaceutical preparations or in the manufacture or preparation of any other article capable of being used as a beverage or internally as a medicine, with the exception of sulphuric ether, chloroform, and chloral hydrate.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 13th June 1878.—The following Notification of the Government of India is re-published for general information:—

No. 378.

GOVERNMENT OF INDIA

DEPARTMENT OF REVENUE, AGRICULTURE, AND COMMERCE.

GENERAL.

Simla, the 4th June 1878.

NOTIFICATION.

THE Governor-General in Council is pleased to invite tenders for the lease of the Great Coco Island in the Bay of Bengal.

2. The lease will be for a period not exceeding 50 years: the exact proportion of gross produce payable as rent, and the term, within the above maximum period, during which the rent offered shall be payable, are left to the tenderers.

3. In addition to the rent stipulated as payable, the lessee will be bound to defray the expense of maintaining peace in the island and on its coasts, and of the administration of Civil and Criminal Justice. The amount of such expense cannot at present be stated; but the Government are prepared to fix a maximum of Rs. 20,000 annually, beyond which the lessee would not be charged with any expenditure on these objects. The Government will, from time to time, fix the cost of such establishments, and such cost the lessee will be required to defray quarterly in advance.

4. The Government reserve to themselves the administration of Civil and Criminal Justice, Customs, Excise, and other Departments of Government, and the lessee will be entitled only to the produce of the soil, and to an *exclusive* right of fishery for one mile from high water-mark, and to the use for local requirements, and not for sale out of the island, of such timber as it produces, and of stone, lime, sand, and other building materials.

5. The rent will be taken in kind, and will consist of a fixed proportion not less than one-sixth of the gross produce of the island. In the case of cocoa-nuts, the fixed proportion must be delivered free at Port Blair or any other place in the Andamans that Government may from time to time direct, in the husk, in good condition and of good quality, and must have been gathered in such proportions at the times most suitable for the manufacture of coir and oil, respectively, as the Superintendent of Port Blair may from time to time require. In the case of other produce delivery of which will be taken in the island, the Government may at any time require the lessee to commute the produce in kind for a money payment calculated at a rate 20 per cent. below the rate then ruling in the Rangoon market for similar produce of similar quality.

6. The number of living cocoanut trees on the island when it is transferred to the lessee will be ascertained, and the lessee will be bound under penalty to maintain at least that number of living cocoanut trees, at once planting and rearing young trees in place of those that may die, be blown down, or otherwise destroyed from time to time. The lessee is prohibited from cutting down any cocoanut trees without the written permission of the officer to whom Government may delegate authority to grant such permission.

7. The Government also reserve the right to appropriate sites on the island for public buildings, including dwelling-houses for officials, sanitaria, &c., paying as compensation only the cost of any improvements effected on the site appropriated. Also to appropriate any timber of spontaneous growth, and any stone, lime, sand, or other raw building materials existing in the island, required for such public buildings, enclosures, &c.

8. The Government also reserve a right to refuse their assent to any transfer of the lease of the island by the lessee for the time being. In the event of such power of refusal being exercised, the lessee will be entitled to claim that Government shall themselves take over the unexpired portion of the lease on a fair estimate of the value of the improvements effected by him or his predecessors.

9. Should the lessee in any way violate the provisions of the lease, or fail to pay the stipulated rent on the dates on which it falls due, or omit to take measures for the settlement and working of the island within a term of two years from the date of the lease, the Government will cancel the lease and re-enter on possession of the island without compensation.

10. The Government do not bind themselves to accept the highest, or any, tender made in reply to this advertisement. Tenders should be addressed to the Local Government or Administration of the Province in which the persons tendering may live or carry on business, and will be forwarded by such Local Government or Administration, after such inquiries into the circumstances of the tenderer and his ability to carry out the terms of his tender as may seem proper to the Government of India in the Department of Revenue, Agriculture, and Commerce. Tenders from persons in the United Kingdom should be forwarded through the Secretary of State.

11. The deed of lease to the tenderer whose offer may be accepted will be prepared at his costs and charges in all things by the Government Solicitor, and upon any questions arising between the tenderer and Government in regard to the form of the lease, the opinion of the Advocate-General shall be conclusive and equally binding on both parties.

12. Tenders must be sent in within a period of twelve months from the date of this advertisement.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[First Publication.]

The 18*th June* 1878.—The Lieutenant-Governor is pleased to direct the publication of the following Notification.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

NOTIFICATION.

ESTABLISHMENT OF AN EXPRESS STEAM SERVICE BETWEEN DHUBRI AND DIBRUGARH.

No. 318.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE, AGRICULTURE AND COMMERCE.

COMMERCE AND TRADE—MISCELLANEOUS.

Simla, the 13th June 1878.

NOTIFICATION.

IN view to improving the means of communication with Assam and assisting in the development of the trade of that Province, the Government of India desire the establishment of a line of fast steamers between Dibrugarh and some point near Dhubri, and hereby invite tenders for such a service on the following conditions :—

Conditions of Service.

2. The steamers shall have the following dimensions, and be of the following character :—

Length over all 150 to 200 feet. Speed through the water, 15 miles an hour. Draft, when loaded, not to exceed 3 feet. Accommodation in addition to that for officers and crew—

1st class passengers	4
2nd ditto	8
Coolies	100
Cargo, in addition to coal for 24 hours, steaming full power	10 tons.

Consumption of good English coal, when going full speed, not to exceed 3lb. per indicated horse-power per hour.

The vessels shall have one flush deck covered with a wood and canvas roof.

The 1st and 2nd class passenger cabins shall be in a deck-house forward, and the passenger accommodation shall, as much as possible, be forward of the engines.

3. The lower terminus shall be at Dhubri, or such other place as may be rendered desirable by the opening of railway communication, a change in the course of the river, or other circumstances.

4. The upper terminus shall be at Dibrugarh. The intermediate stations shall be those at present touched at by steamers, or such others as commercial necessities, a change in the course of the river, or other circumstances, may, in the opinion of the Government of India, render desirable.

5. The upward journey between Dhubri as the lower terminus and Dibrugarh shall be made in five days, the downward journey in three and a half days; the time-table, subject to alteration by Government as may appear advisable, being as follows :—

UP.	DOWN.
Day 1st.—Anchor between Goálpára and Beshiaghat.	Day 1st.—Dhunsirimukh.
„ 2nd.—Gauháti.	„ 2nd.—Rangamati.
„ 3rd.—Tezpur.	„ 3rd.—Goálpára.
„ 4th.—Niggri Ting.	„ 4th.—Dhubri (by noon).
„ 5th.—Dibrugarh.	

Postal Service.

6. At first, the steamer service will only be used by the Postal Department for the carriage of parcel mails (estimated to average in weight three-fourths of a ton) and the servants in charge of them, and for this service proper accommodation will have to be provided. But, in the expectation of more frequent runnings hereafter, any Company tendering shall engage to carry, free of charge, if desired to do so at any time, the entire mail, both letter and parcel, and all servants necessary to its custody and service.

Detentions.

7. The Government of India and the Chief Commissioner of Assam shall, in the case of public necessity, have power to detain a steamer at any place.

8. And the Director-General of Post Offices in India shall have power, in the case of postal necessities, to detain a steamer at any place for a period not to exceed twenty-four hours.

Requisitions.

9. The Government of India, on payment for the same at a rate per ton to be determined, shall in the case of public necessity, and upon giving seven days' notice, have power to take up the whole or any portion of the fleet of river steamers belonging to the party whose tender may be accepted.

Rates and Fares.

10. The maximum fares for passengers shall be the sum of those shown in page 2 of the table published by the Rivers Steam Navigation Company, Limited, on the 1st October 1874, plus Rs. 4 a day table-money for first-class passengers, and Rs. 2 a day for second-class passengers who desire to be fed on board, for the days occupied in the voyage to the place in question, taking six days for the entire upward and four days for the entire downward journey. Thus, the maximum passenger fare for a single berth in a cabin upwards, between Dhubri and Dibrugarh shall be Rs. 83-3, being Rs. 59-3 for the passage, plus six days' table-money at Rs. 4 per day. Similarly, the downwards first-class fare shall be Rs. 55-8, being Rs. 39-8 for the passage, plus four days' table-money at Rs. 4 per day, and so on for other passenger fares. The maximum passenger fares thus fixed shall not be increased without the sanction of the Government of India.

11. Passengers shall be allowed the following baggage free :—

1st Class	4 maunds.
2nd „	2 „
3rd „	1 maund.

Extra baggage shall be carried at 4th-class goods rate.

12. The maximum goods rates shall be those shown in the table of the Rivers Steam Navigation Company, Limited, on the 1st January 1874.

13. The goods rates shall not be raised beyond the maximum without the sanction of the Government of India.

Government Subsidy.

14. Exclusive of any payment which may be determined upon, as in paragraph 9 above, when any portion of the fleet is taken up by Government, the Government of India will, in consideration of the service performed under the conditions mentioned, pay for a period of five years a sum per trip, a trip being understood to be a journey from Dhubri or other terminus to Dibrugarh and back again.

15. Tenders must state the sum per trip for which the service required will be performed. The service will at first be twice a week. But it is to be understood that, if it shall hereafter be agreed between the Government of India and the party, if any, whose

tender is accepted, to run more frequently, the extra service shall be performed on the same terms, and under the same conditions, as the bi-weekly service.

16. Tenders must state distinctly the date by which parties tendering are prepared to enter upon the service required.

17. The Government of India require any party tendering to bind himself, under penalties for non-observance, to enter upon the service by a stated date, and to perform the service according to the conditions above specified. As regards unpunctuality, liability to penalty will be considered to commence when twenty-four hours beyond the periods mentioned in the time-table in paragraph 5 have elapsed

18 Tenders, which will be received up to the 31st October 1878, should be submitted to the Local Government or Administration of the Province in which the tenderers are resident.

19. The Government of India do not bind themselves to accept the lowest or any tender

Offg. Secy. to the Govt. of Bengal.

[Second Publication]

NOTIFICATION

The 7th June 1878 —The following Rules framed by the Commissioners of the Station of Jamalpore, in the district of Monghyr, under section 356 of the Bengal Municipal Act, 1876, have been approved by the Lieutenant-Governor of Bengal in the exercise of the powers conferred on him by section 356 of the said Act.

For regulating the conduct of business at Meetings.

1 The Magistrate of the district shall be *ex officio* Chairman of the Committee.

2 There shall be a Vice-Chairman who shall be annually elected.

3 The Commissioners shall meet in their office at Jamalpore on the first Tuesday in every month (unless it be the 1st or 2nd of the month, in which case they shall meet on the 2nd Tuesday) for the conduct of business, and if necessary on any other day to be named by the Chairman Two Commissioners and the Chairman or Vice-Chairman shall form a quorum, and all questions shall be determined by a majority of votes, and in cases where the Commissioners shall be equally divided, the Chairman shall have a casting vote. Three Commissioners shall have the power to call a special meeting, by intimating their wish to the Chairman, who shall then fix a day, issuing the usual notice to all the Commissioners.

Appointment of officers and servants.

4. The Commissioners shall be competent to employ any number of surveyors, inspectors, clerks, and other officers and servants upon such wages or emoluments as may be determined in each case by the Commissioners at a meeting.

5. Subject to the scale of establishment decided upon by the Commissioners under Rule 4, the Chairman shall have the power to appoint such persons as he may think fit, and from time to time to remove such persons and appoint others in their places.

6. Provided that no person shall be appointed to an office, the salary of which is more than two hundred rupees per mensem, without the sanction of the Commissioners at a meeting, which shall require the confirmation of the Commissioner of the Division. Provided also that no officer, whose salary is more than Rs. 50 per mensem, shall be dismissed without the sanction of the Commissioners at a meeting.

7. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice, or pay in advance in lieu thereof for the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice of one month, on pain of forfeiture of one month's salary.

8. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners, shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment and may be removed from office.

System of taxation.

9. The following taxes shall be levied within the station of Jamalpore:—

1.—Upon houses and lands, at a rate not exceeding 7 per centum of their annual value.

2.—Upon coal stored, at 1½ anna per ton per mensem.

3.—Brick-kilns at Rs. 5 for each lakh of bricks.

4.—Horses and conveyances—

Rs.	A.	P.	
0	8	0	per month for a horse.
0	4	0	" for a pony.
1	0	0	" for a four-wheeled carriage.
0	8	0	" for a two-wheeled carriage.
0	2	0	" for a cart.

5.—Upon all buildings and workshops not being habitations at a rate not exceeding 1 anna per month (per 100) square feet.

6.—Buildings devoted to religious purposes shall be exempted from taxation.

10. At the commencement of every year a list of horses and conveyances and of the houses, showing the names of the owners and the amount assessed upon each, shall be prepared under the superintendence of the Commissioners and shall be signed by the Chairman, or in his absence by the Vice-Chairman. The day on which such list is published shall be notified by beat of drum and notice affixed at the Municipal Office or elsewhere. The inhabitants shall have access to this list at the office, and any person who has reason to complain shall make known his complaint to the Commissioners in writing within fifteen days of the publication. The complainant shall attend at the next monthly meeting of the Commissioners, when any objection he may urge shall be heard and taken into consideration. Should the complainant fail to appear, the Commissioners shall enquire into the merits of the written complaint. The decision arrived at by that meeting shall in any case be final.

11. After the completion of the list, and on the expiration of the term of fifteen days provided for in the foregoing section, no objection to the amount assessed will be admitted as a right, but it shall nevertheless be competent to the Commissioners at any time to alter, diminish, or remit the amount of tax leviable from any rate-payer, when satisfied after due enquiry that any change in his pecuniary circumstances renders such a change, diminution, or remission just and necessary.

12. It shall be competent for the Commissioners at any time during the year to assess, in the manner above mentioned, any person who shall come to reside within the town.

13. It shall be competent for any person or company wishing to compound for any of the above taxes, either by the month or year, to do so with the consent of, and at the rates agreed to by, the Commissioners.

For regulating the time and mode of collecting the rates and taxes.

14. The taxes shall be collected by officers appointed by the Commissioners, and shall be payable quarterly in *advance*. Any person neglecting to pay the amount due for any quarters within the first month of that quarter, notwithstanding that such amount shall have been demanded of him on behalf of the Commissioners, shall be deemed a defaulter, and be dealt with according to the provisions of the Act.

15. Every officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the municipality and the signature of the Chairman. Every collecting officer at the time of demanding payment shall be bound to show his certificate if required.

16. Every person required in writing to furnish any schedule or return, which the Commissioners may lawfully require him to furnish, shall send such schedule or return to the office of the Commissioners within one week from the date of the service of the requisition in the manner described in section 367 of the Act.

17. Payment of purchase-money for property sold and delivery of the property shall be made immediately after the sale, and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer at his discretion to sell the property again on the same or any other day, and the first purchaser shall in such cases be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

18. All moneys and Government securities deposited by the officers and servants entertained under this Act shall be transmitted to the Collector of the district for safe custody, to be repaid by him on the duplicate receipt of the Chairman, countersigned by the Vice-Chairman, except sums under one hundred rupees, which may be paid on the signature of the Vice-Chairman alone.

19. The proceeds of all collections and fines under these rules shall be daily remitted to the Collector of the district to be held in deposit by him, and to be repaid by him from time to time according to the requirements of the Commissioners on the duplicate receipt signed by the Chairman or Vice-Chairman, as the case may be; no payment shall be made to any one for work done, which has not been sanctioned by the Commissioners at a meeting. A book showing the daily transaction of all receipts and disbursements shall be kept by the clerk or any other officer appointed by the Commissioners, to be placed before the Committee meeting monthly for examination and for countersignature of the Chairman or Vice-Chairman.

20. An annual account of all receipts and disbursements, and of the demands, collections, and outstanding arrears of taxes shall be submitted to the Government on the last day of April in every year.

21. To ensure the due application of the proceeds of the taxes, &c., no new work shall be commenced, except under the authority of a resolution passed at a meeting of the Commissioners. Estimates of works which shall cost Rs. 3,000 and upwards shall be prepared and submitted to Government for approval, prior to execution of such work or works. A statement of works executed by the Commissioners during the year shall be submitted to Government annually.

22. The following are defined to be nuisances in Jamalpore and are accordingly hereby prohibited:—

1.—Slaughtering cattle or cleaning any carcass on any road, street, or thoroughfare.

2.—Furious driving or riding on any public road.

3.—Obstructing passengers by keeping or leaving any cattle or conveyance of any kind standing longer than requisite on any public road, so as to cause inconvenience to the inhabitants.

4.—Throwing or laying down on the street any dirt, filth, rubbish, or any stone or building materials, or constructing any cow-shed, stable, or the like, open to any thoroughfare, or causing any offensive matter to run into the road from any house, factory, dung-heap, or the like, without having previously obtained the sanction of the Commissioners in each case.

5.—Exposing any goods for sale on the roads, except in places provided for by the Commissioners.

6.—Being found drunk or incapable in any public place.

7.—Wilful and indecent exposure of the person, or of any offensive deformity or disease, all easing of nature in public places, or bathing or washing in any tank or reservoir not being set apart for that purpose.

8.—Neglect to fence in, repair, and duly protect any well, tank, or any other dangerous places or structure.

9.—Keeping or driving elephants anywhere within the limits of the town without permission of the Commissioners.

10.—Refusal or neglect on the part of any proprietor or occupier of land to cut the boughs of the trees growing on such land or overhanging any public road, or to cut down jungle growing on such land after being required to do so in writing by the Commissioners.

11.—Stopping any public water-course or drain, so as to obstruct the free passage of water.

12.—Refusal or neglect to put into a wholesome state any private tank, privy, drain, or other excavation, after being required to do so in writing by any Commissioner.

13.—Erecting or keeping any privy or urinal within ten yards of any public road.

14.—Quarrying kunker, or cutting timber or grass, or damaging trees on public ground without the sanction of the Commissioners, or defacing the blocks on which the names of any road or street are engraved, or any boundary pillar.

15.—Selling or exposing for sale, as fit for human food, any putrid or diseased animal substance.

16.—Any person who commits within the station of Jamalpore any nuisance as defined in the foregoing rules, shall be punishable by a fine not exceeding Rs. 50, and in case of continuing a nuisance after due notice in writing by any one of the Commissioners, by a fine not exceeding Rs. 5 for every day during which a nuisance is continued.

For regulating the disposal of offensive matter and dead bodies of animals.

23. Every person within whose premises any animals may die, shall within four hours after its death, or if death occurs at night within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the Conservancy Inspector of the division

within which such premises may be situated and in such latter case shall pay to the said inspector the expense of removing the carcass at such rate as the Commissioners may determine, and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No Conservancy Inspector when called upon shall neglect to remove a carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

24. No person shall deposit or cause to be deposited any carcass or any part of a carcass in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass

The penalty for infringement shall be a fine not exceeding Rs. 10.

For the regulation and management of privies.

25. Every owner or occupier of any house, land, or premises from which offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the municipality to his house, land, or premises for the removal of the night-soil or filth within such hours as may have been fixed by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

26. Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable moveable receptacle of metal or earthenware.

The penalty for infringement after notice shall be a fine not exceeding Rs. 20.

27. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises in or on which any well-privy, or other noxious or improperly constructed privy may be situated, shall fill up, close, or otherwise alter the construction of the said privy, as may be directed in the notice ; and if the orders contained in the notice be not carried out within fifteen days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

28. No owner or occupier of any house, land, or premises in or on which any privy may be situated, shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow or excavation (or any place containing waste and stagnant water), or into any other receptacle but one of the nature described in rule No. 26.

The penalty for infringement shall be a fine not exceeding Rs. 20

29. No person shall throw, deposit, or discharge night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course, or receptacle for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 20.

30. No person shall carry night-soil through the streets otherwise than in a closely covered receptacle of such description and pattern as shall be required from time to time by the Municipal Commissioners, and between such hours as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 5.

For regulating traffic in the streets.

31. Every carriage or cart plying on the streets after one hour after sunset shall carry a light or lights.

The penalty for infringement shall be a fine not exceeding Rs. 5.

For regulating or prohibiting the use of fire-balloons, fireworks, fire-arms, or missiles in the vicinity of public roads.

32. No person shall let off any fire-balloons, fireworks, fire-arms, or any missile in or near a public street without the consent of the Municipal Commissioners previously obtained. For the purposes of this rule the Chairman or Vice-Chairman shall be empowered to signify the consent of the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

GENERAL BYE-LAWS.

33. No person shall put or cause to be put on any house or other building any spout or other thing intended for the conveyance or discharge of water, which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare.

The penalty for infringement shall be a fine not exceeding Rs. 5.

34. No person shall construct or place over, or by the side of, any public drain any bridge, platform, building, or structure of any kind, except by and with the written permission of the Commissioners, and in such manner as they shall direct.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 3 daily.

35. If any house, wall, or other erection, or any part thereof, fall upon any public highway, or into any public drain, the owner of such house, wall, or erection shall remove it after notice within the time prescribed by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

36. No person shall prepare any channel, or convey water by any channel, across any public thoroughfare, except in such manner as shall have been first approved by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be fine not exceeding Rs. 2 daily.

37. No person shall steep in any tank or ditch within municipal limits any jute, hemp, or other vegetable matter likely to render the water of such tank or ditch offensive or noxious to the neighbourhood.

The penalty for infringement shall be a fine not exceeding Rs. 5.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 2 daily.

38. No person shall, without the written permission of the Commissioners, set up any obstruction in any nullah or water-course, and the Commissioners may order the removal of any such obstruction on grounds of public health.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 4 daily.

39. No person shall let loose, or cause or allow to be let loose, or allow to get loose, any diseased or worn-out animal on any highway.

The penalty for infringement shall be a fine not exceeding Rs. 20.

40. No person shall bury or cause to be buried in any burial ground any corpse or part of a corpse in a grave not constructed of masonry which shall be less than 5 feet deep.

The penalty for infringement shall be a fine not exceeding Rs. 10.

41. No person shall build or dig, or cause to be built or dug, any grave in any burial ground at a less distance than three feet from any other existing grave; or burn or bury dead bodies within the precincts of the town, except in places regularly provided for the same.

The penalty for infringement shall be a fine not exceeding Rs. 20.

42. No person shall build or dig, or cause to be built or dug, a grave in any burial place in any other line than that marked out by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 20.

43. No grave once used shall be opened for the burial of another body without the permission of the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 20.

44. No person, when burning or causing to be burnt any corpse or part of a corpse in any burning ground or ghât, shall permit the same or any part thereof to remain without being completely reduced to ashes, or shall permit the clothes or other articles connected with the burning of such corpse to remain at or near such burning ground or ghât, unless the same be completely reduced to ashes.

The penalty for infringement shall be a fine not exceeding Rs. 20.

45. No person shall carry a corpse or part of a corpse through any highway, unless it be decently covered and totally concealed from public view.

The penalty for infringement shall be a fine not exceeding Rs. 10.

46. No person shall picket animals, or collect carts, or form any encampment upon any public ground without the permission of the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

47. No person shall allow any pigs to be at large or keep them otherwise than in closed styes.

The penalty for infringement shall be a fine not exceeding Rs. 5.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 2 daily.

48. No person shall perform any office of nature in any place outside private premises, other than such as may have been appointed by the Commissioners, provided that such places have been set apart by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

49. No rule shall be amended or rescinded, and no new rule shall be made, except at a meeting of the Commissioners convened expressly for the purpose: and each Commissioner shall be informed of the nature of the amendment, or of the rule to be rescinded, or of the new rule to be made, as the case may be, at least one week previous to the date on which the meeting is held.

D. BARBOUR,

NOTIFICATION.

The 11*th June* 1878.—The following bye-laws framed by the Commissioners of the Municipality of Kendrapara, in the district of Cuttack, under section 313 of the Bengal Municipal Act, 1876, have been approved, and the penalties declared by the said Commissioners under section 315 for breaches thereof have been sanctioned by the Lieutenant-Governor of Bengal in the exercise of the powers conferred on him by sections 314 and 315 of the said Act. The bye-laws are now published for general information.

For Regulating the Disposal of Dead Bodies of Animals.

1. Every person within whose premises any animal may die shall, within four hours after its death, or, if death occurs at night, within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the town head-constable or town clerk, and in such latter case shall pay to the said head-constable or town clerk the cost of removing the carcass at such rate as the Commissioners may determine; and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. The town head-constable and the town clerk, when called upon, shall not neglect to remove a carcass.

The penalty for infringement shall be a fine not exceeding Rs. 5.

General Bye-laws.

2. No person shall put or cause to be put on any house or other building any spout or other thing intended for the conveyance and discharge of water which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare.

The penalty for infringement shall be a fine not exceeding Rs. 5.

3. No person shall prepare any channel or convey water by any channel across any public thoroughfare except in such manner as shall have been first approved by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

4. No person shall let loose, or cause or allow to be let loose, or allow to get loose, any diseased or worn-out animal on any highway or any place whence such animal can escape into any highway.

The penalty for infringement shall be a fine not exceeding Rs. 5.

5. No person shall bury, or cause to be buried, in any burial ground, any corpse or part of a corpse in a grave which shall be less than five feet deep.

The penalty for infringement shall be a fine not exceeding Rs. 10.

6. No one shall carry a corpse or part of a corpse through any highway unless it be totally concealed from public view.

The penalty for infringement shall be a fine not exceeding Rs. 10.

7. Within the limits of the town no person shall wash clothes or steep any jute, hemp, bamboos, or other vegetable substance in the Gobree canal.

The penalty for infringement shall be a fine not exceeding Rs. 10.

8. No one shall let off any fire-balloons, fire-works, fire-arms or any missile in or near a public street without the consent of the Commissioners previously obtained.

The penalty for infringement shall be a fine not exceeding Rs. 10.

9. No corpse shall be burned on any land other than that set apart by the Municipal Commissioners for that purpose.

The penalty for infringement shall be a fine not exceeding Rs. 20.

D. BARBOUR,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 11*th June* 1878.—The following bye-laws framed by the Commissioners of the Municipality of Jajpore, in the district of Cuttack, under section 313 of the Bengal Municipal Act, 1876, have been approved, and the penalties declared by the said Commissioners under section 315 for breaches thereof have been sanctioned by the Lieutenant-Governor of Bengal in the exercise of the powers conferred on him by sections 314 and 315 of the said Act.

The bye-laws are now published for general information :—

For Regulating the Time and Mode of Collecting Taxes.

1. Every officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the Municipality and the signature of the Chairman. Every collecting officer at the time of demanding payment shall be bound to show this certificate if required.

2. Every person required in writing to furnish any schedule or return which the Commissioners may lawfully require him to furnish shall send such schedule or return to the Office of the Commissioners within one week from the date of the service of the requisition in the manner described in section 367 of the Act.

3. Payment of purchase-money for property sold and delivery of the property shall be made immediately after the sale, and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall in such case be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

For Regulating the Conduct of Persons employed by the Commissioners.

4. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice, or pay in advance for the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month on pain of forfeiture of one month's salary.

5. All persons now holding or who may hereafter be appointed to any office under the Commissioners shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment and may be removed from office.

For Regulating the Disposal of Offensive Matter, Rubbish, and Dead Bodies of Animals.

6. Every person within whose premises any animal may die shall, within four hours after its death, or, if its death occurs at night, within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the conservancy overseer of the division within which such premises may be situated, and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine; and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expenses, and such expense shall be recoverable as a debt due to the Commissioners. No overseer when called upon shall neglect to remove a carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

7. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

8. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course or receptacle for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For Regulating Traffic in the Streets.

9. Every carriage or cart passing through the streets between one hour after sunset and one hour before sunrise shall carry a light.

The penalty for infringement shall be a fine not exceeding Rs. 10.

10. No person shall, without the permission of the Commissioners, take an elephant or camel along any of the public roads within the limits of the Municipality except by such routes as shall be fixed for the purpose by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For regulating or prohibiting the use of fire-balloons, fireworks, fire-arms or missiles in the vicinity of the public roads.

11. No one shall let off any fire-balloons, fire-works, fire-arms, or any missile in or near a public street without the permission of the Municipal Commissioners, or except within certain hours prescribed by the Chairman.

The penalty for infringement shall be fine not exceeding Rs. 10.

General Bye-laws.

12. No person shall so extend the slope of the roof of any house, or cause to be put on any house or other building any spout or other thing intended for the conveyance and discharge of water which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare, and the Commissioners shall have power to take down and alter any such projection or other thing now or hereafter in existence, and to recover the costs as a debt due to the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

13. No person shall construct, or place over, by the side of any public drain any bridge, platform, building, or structure of any kind, except by and with the written permission of the Commissioners, and in such manner as they shall direct.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

14. If any house, wall, or other erection, or any part thereof, fall upon any public highway, or into any public drain, the owner of such house, wall, or erection shall remove it after notice within the time prescribed by the Commissioners.

The penalty for default shall be a fine not exceeding Rs. 10.

The penalty for continued default after notice shall be a fine not exceeding Rs. 5 daily.

15. No person shall prepare any channel, or convey water by any channel, across any public thoroughfare, except in such manner as shall have been first approved by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

16. No person shall steep in any river, khal, tank, or ditch within municipal limits any jute, hemp, bamboos, or other vegetable matter likely to render the water of such river, khal, tank, or ditch offensive or noxious to the neighbourhood.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

17. No person shall, without the written permission of the Commissioners, set up any obstruction in any nullah or water-course, and the Commissioners may order the removal of any such obstruction erected without such permission.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

18. The owner or occupier of any part of the bank of any nullah or water-course shall keep it free from filth, dense vegetation, or other obstruction, and shall at all time allow the Commissioners, or any of their servants duly authorized, to have access to such nullah or water-course for any purpose of public conservancy.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

19. No person shall bury, or cause to be buried, any corpse or part of a corpse in any burial ground in a grave constructed of masonry in such manner that the top of the coffin, or the body where no coffin is used, shall be at a less depth than six feet from the surface ground.

The penalty for infringement shall be a fine not exceeding Rs. 10.

20. No person shall bury, or cause to be buried, in any burial ground, any corpse or part of a corpse in a grave not constructed of masonry which shall be less than six feet deep.

The penalty for infringement shall be a fine not exceeding Rs. 10.

21. No person shall build or dig, or cause to be built or dug, a grave in any burial place at a less distance than two feet from any other existing grave.

22. No grave once used shall be opened for the burial of another body without the permission of the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

23. No one shall carry a corpse or part of a corpse through any highway unless it be decently covered and concealed from public view.

The penalty for infringement shall be a fine not exceeding Rs. 10.

24. No person, when burning or causing to be burnt any corpse or part of a corpse in any burning ground, shall permit the same, or any part thereof, to remain without the flesh thereof being completely consumed to ashes, or shall permit the bones, clothes, or other articles connected with the burning of such corpse to remain at or near such burning ground unless the same be completely reduced to ashes.

The penalty for infringement shall be a fine not exceeding Rs. 10.

25. No person shall picket animals, or collect carts, or form any encampment upon any public ground without the permission of the Chairman.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for infringement after notice shall be a fine not exceeding Rs. 5.

2. The general conditions of the sale now advertised will be the same as usual. They may be ascertained by reference to the Notification issued on the 23rd November 1877, and published in the *Government* and *Exchange Gazettes*, or on personal application at the Office of the Board of Revenue.

3. The latest dates for deposit and clearance will be the 8th and 18th July 1878 respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other public securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the sale-room, will be received after 4 P.M. of Monday, the 8th July 1878, and no Bank of Bengal Receipts in full payment of lots will be accepted after 4 P.M. of Thursday, the 18th July 1878.

4. In addition to the quantity above advertised for sale, the following quantities, more or less, of Behar and Benares Opium will be brought to sale in the present year on or about the dates specified below. The Board of Revenue, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so :—

Dates	Behar, about Chests	Benares, about Chests	Total, about Chests
On or about Monday, 5th August 1878 ...	2,500	2,000	4,500
On or about Monday, 2nd September „ ...	2,500	2,000	4,500
On or about Wednesday, 25th „ „ ...	2,500	2,000	4,500

Orders and Notifications by the Government of India, &c.

[*Reprinted from the Gazette of India.*]

The following orders, issued by the Government of India in the Legislative Department, are republished for general information :—

NOTIFICATIONS.

Simla, the 7th June 1878.

No. 17.—The Governor-General in Council has been pleased to grant Mr. F. S. Collis leave of absence from his offices of Officiating Chief Reporter and Reporter for the Indian Law Reports in the High Court, Calcutta, for the period during which he may officiate as Administrator General of Bengal.

No. 18.—Mr. C. H. Reily has been appointed to officiate as Chief Reporter and Reporter for the Indian Law Reports in the High Court, Calcutta, *vice* Mr. F. S. Collis.

No. 19.—Mr. O. Piffard, Barrister-at-law, has been appointed to officiate as Reporter for the Indian Law Reports in the High Court, Calcutta, *vice* Mr. C. H. Reily.

The following orders, issued by the Government of India in the Department of Revenue, Agriculture, and Commerce, are republished for general information :—

NOTIFICATIONS.—General.

Simla, the 4th June 1878.

No. 378.—The Governor-General in Council is pleased to invite tenders for the lease of the Great Coco Island in the Bay of Bengal.

2. The lease will be for a period not exceeding 50 years: the exact proportion of gross produce payable as rent, and the term, within the above maximum period, during which the rent offered shall be payable, are left to the tenderers.

3. In addition to the rent stipulated as payable, the lessee will be bound to defray the expense of maintaining peace in the island and on its coasts, and of the administration of civil and criminal justice. The amount of such expense cannot at present be stated; but the Government are prepared to fix a maximum of Rs. 20,000 annually, beyond which the lessee would not be charged with any expenditure on these objects. The Government will, from time to time, fix the cost of such establishments, and such cost the lessee will be required to defray quarterly in advance.

4. The Government reserve to themselves the administration of Civil and Criminal Justice, Customs, Excise, and other Departments of Government, and the lessee will be entitled only to the produce of the soil, and to an *exclusive* right of fishery for one mile from high water mark, and to the use for local requirements, and not for sale out of the island, of such timber as it produces, and of stone, lime, sand and other building materials.

5. The rent will be taken in kind, and will consist of a fixed proportion not less than $\frac{1}{8}$th of the gross produce of the island. In the case of cocoa-nuts, the fixed proportion must be delivered free at Port Blair or any other place in the Andamans that Government may from time to time direct, in the husk, in good condition and of good quality, and must have been gathered in such proportions at the times most suitable for the manufacture of coir and oil, respectively, as the Superintendent of Port Blair may from time to time require. In the case of other produce, delivery of which will be taken in the island, the Government

may at any time require the lessee to commute the produce in kind for a money payment calculated at a rate 20 per cent. below the rate then ruling in the Rangoon market for similar produce of similar quality.

6. The number of living cocoa-nut trees on the island when it is transferred to the lessee will be ascertained, and the lessee will be bound under penalty to maintain at least that number of living cocoa-nut trees, at once planting and rearing young trees in place of those that may die, be blown down, or otherwise destroyed from time to time. The lessee is prohibited from cutting down any cocoa-nut trees without the written permission of the officer to whom Government may delegate authority to grant such permission.

7. The Government also reserve the right to appropriate sites on the island for public buildings, including dwelling houses for officials, sanitaria, &c., paying as compensation only the cost of any improvements effected on the site appropriated. Also to appropriate any timber of spontaneous growth, and any stone, lime, sand or other raw building materials existing in the island, required for such public buildings, enclosures, &c.

8. The Government also reserve a right to refuse their assent to any transfer of the lease of the island by the lessee for the time being. In the event of such power of refusal being exercised, the lessee will be entitled to claim that Government shall themselves take over the unexpired portion of the lease on a fair estimate of the value of the improvements effected by him or his predecessors.

9. Should the lessee in any way violate the provisions of the lease, or fail to pay the stipulated rent on the dates on which it falls due, or omit to take measures for the settlement and working of the island within a term of 2 years from the date of the lease, the Government will cancel the lease and re-enter on possession of the island without compensation.

10. The Government do not bind themselves to accept the highest, or any, tender made in reply to this advertisement. Tenders should be addressed to the Local Government or Administration of the Province in which the persons tendering may live or carry on business, and will be forwarded by such Local Government or Administration, after such enquiries into the circumstances of the tenderer and his ability to carry out the terms of his tender as may seem proper, to the Government of India in the Department of Revenue, Agriculture, and Commerce. Tenders from persons in the United Kingdom should be forwarded through the Secretary of State.

11. The deed of lease to the tenderer whose offer may be accepted will be prepared at his costs and charges in all things by the Government Solicitor, and upon any questions arising between the tenderer and Government in regard to the form of the lease, the opinion of the Advocate-General shall be conclusive and equally binding on both parties.

12. Tenders must be sent in within a period of twelve months from the date of this advertisement.

MARINE SURVEYS.

CASUALTIES AND DANGERS TO NAVIGATION.

Simla, the 7th June 1878.

No. 16 of 1878.—The following Notice to Mariners is published for general information:—

NOTICE TO MARINERS.

Light at Batticaloa.

The Master Attendant, Colombo, has given notice that a bright light is now exhibited every night, from sunset to sunrise, at an elevation of 50 feet above the sea, on the flagstaff near the mouth of Batticaloa Lake, East Coast of Ceylon, and that it will be exhibited hereafter, until further notice, from the 15th February to the 31st October, the time during which the port is open.

Position: Latitude 7° 43′ 50″ *N., longitude* 81° 41′ 20″ *E.* (*Approx.*)

MARINE SURVEY DEPARTMENT,
Calcutta, 7th June 1878.

A. DUNDAS TAYLOR, *Comdr. (late I.N.),*
Superintendent, Marine Survey of India.

By order,
A. O. HUME,
Secretary to the Government of India.

This Notice affects the following Admiralty Charts:—Ceylon, East Coast, Singane River to Pedro Point, with plan of Batticaloa Road, No. 2031; Cape Comorin to Coconada, No. 828; Bay of Bengal, Western Sheet, No. 70*a*; Indian Ocean, Sheet 2, northern portion, No. 748*b*; and Indian Marine Survey Chart No. 15*b*: also, Admiralty List of Lights in South Africa, India, &c., page 13; Indian Marine Survey Light List, page 26; and Taylor's Sailing Directory, Vol. I, page 442.

If this Notice is received on boardship, the substance of it should be inserted on the Charts affected by it and introduced into the Sailing Directions to which it relates.

NOTE.—The first portion of the Notification was published in the *Calcutta Gazette* of the 12th June 1878.

The following orders, issued by the Government of India in the Financial Department, are republished for general information :—

NOTIFICATIONS.

LEAVE, LEAVE ALLOWANCES, &c.

Simla, the 7th June 1878.

No. 862.—The Governor-General in Council directs the publication of the following Addenda and Corrigenda to the Codes of the Financial Department :—

CIVIL LEAVE CODE.

Section 24 (*b*), Rule 2 (page 125).

For " retiring " *substitute* " preparatory to his retirement," *and insert the following Note under the Rule* .—

(*Note.*— An officer can get no subsidiary leave *after* he has retired from the service.)

Section 28 (*d*),

Add the following to Rule 1 (*page* 128) :—

" It is to be observed that an officer who has no lien on one appointment cannot benefit by this Rule. (See Rule 2A under Section 34)."

Section 34 (page 131).

Insert the following as Rule 2A under this section :—

2A. An officer who has no lien on an appointment is entitled during privilege leave—
in the case of a Covenanted Civil Servant—to subsistence allowance ;
in the case of an Uncovenanted Officer—to no allowance.

SUPPLEMENT F.

Exception (4), (page 210).

Add the following to the exception :—

" The word ' artificer' in this exception includes a temporary or extra employé."

ACTING ALLOWANCE CODE.

Section 28A (page 237).

Cancel so much of Notification No. 2199, *dated 5th April* 1878, *published at page* 257, *Part I of the* " Gazette of India " *of 6th April* 1878, *as relates to certain modifications of this section.*

PART II.

Advertisements.

[N.B.—**Advertisements, Notices, &c., intended for insertion in this part of the Gazette, cannot be received after Noon on Monday.**]

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Furreedpore, will be put up to sale at the Furrreedpore Collectorate on Thursday, the 27th June 1878, corresponding with 14th Ashur 1285 Bengali year.

The purchasers will be subject to the following conditions of sale :—

CONDITIONS OF SALE.

1st.—The estate to be sold to the highest bidder above the upset price. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force ; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance is not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government) and the estate to be again put up to sale at the risk of the defaulting purchaser, after the issue of advertisement as in the case of original sale.

5th.—The sale will have effect from 1st April 1878 as regards the estates Nos. 1116, 4057, and 6273, and from 1st April 1879 as regards estates Nos. 6276 and 6277.

A LARGE Double Cylinder Newspaper Printing Machine, now on view at the Alipore Jail. For particulars apply to the Superintendent, Bengal Secretariat Press.

Notification.

THE sale of Kuchut and Bosatpore, as advertised in the Gazette, postponed to the 19th June 1878.

(331—3) W. R. LARMINIE, *Collector,*

Notice.

THE District Engineership of Patna will be vacant on 1st October 1878. The qualifications required are those of an Executive Engineer, Public Works Department. Salary Rs. 650, rising to Rs. 800 by annual increments of Rs. 50 (subject to the Committee's approval). Pension contribution of Government officer will be paid in addition to salary. Travelling allowance under Public Works Department rules, but not to exceed Rs. 150 in any one month.

Applications will be received up to 30th June next by the Chairman.

Certified copies of testimonials should be sent and they will not be returned.

G. TOYNBEE, *Chairman,*
District Road Fund Comtee., Patna.

ROAD FUND COMMITTEE'S OFFICE,
Dated Bankipore, the 2nd April 1878. (209—12)

Auction sale of Sal Timber at Dacca.

IT is hereby notified that on Thursday, 20th June 1878, beginning at 7 A.M., three hundred sal logs measuring about 8,000 cubic feet, will be sold to the highest bidder from the Government timber depôt at Dacca. If sufficient inducement be given, an additional 200 logs will be offered for sale on the same occasion.

A temporary shed will be erected in the depôt to protect purchasers from sun or rain.

The timber will be on view from the 1st June 1878.

THE CONDITIONS OF SALE ARE—

1. One-fourth of the purchase-money to be paid on the day of sale, and the remaining three-fourths within two months of the day of sale.
2. No timber can be removed until the full purchase-money has been paid.
3. The timber must be removed within two months of the day of sale; if not removed it will revert to Government, and any money paid on it will be forfeited.
4. If one-fourth of the purchase-money is not paid down on the day of sale, the timber will be resold at the risk of the defaulting purchasers.
5. The timber will be at the risk of the purchasers from the moment it is knocked down.

W. SCHLICH,
Conservator of Forests, Bengal.

DARJEELING, 15th April 1878.

Notice.

Oudh Forest Department.

BYRAMGHAT DEPOT.

ON THE OUDH AND ROHILKHUND RAILWAY.

FROM this date the prices of sâl beams and scantlings supplied from this depôt will be as follows:—

BEAMS.—21 feet in length, at Rs. 2-10 per cubic foot
22 „ „ 2-12 „
23 „ „ 2-14 „
24 „ „ 3 „

Above the lengths given two annas per foot run will be charged.

Any inches over the foot will be charged as a foot.

SCANTLINGS.—From 12 to 20 feet, at Rs. 2-8 per c. ft.
Under 12 and over 7, at „ 2-4 „
Under 7 feet, at „ 2 „

The above prices are for ordinary building purposes.

For *Planking Sleepers*, &c., special rates will be fixed by agreement.

The Department will still take orders for buildings all over at Rs. 2-4 per cubic foot, provided the scantlings are taken in fair proportion.

Second and Third Class Timber will be sold and price fixed by agreement.

Auction Sales will be held from time to time to clear off stock.

For further particulars apply to the Officer in charge.

By order of the Conservator, Oudh Forests.

SIMPSON HILLIERS, *Asst. Conservator of Forests.*

The 1st June 1877.

Simla Water-Supply Works.

NOTICE TO CONTRACTORS.

TENDERS are hereby invited for the construction of the Simla Water-Supply Works including all materials necessary for the same.

The Drawings, Specifications and Estimates of the works may be seen daily from 11 till 4 o'clock, Sundays and holidays excepted, at undersigned's office.

Forms of Tender with schedules of quantities of works, and two specifications comprising the conditions under which the contract works are to be executed, can be obtained from undersigned on remitting twenty rupees in advance payment thereof.

The contractor whose tender may be accepted will have to take over at a valuation any specified works which may be in progress by Government Agency at date of his Tender's acceptance. The valuation will not exceed the cost of work executed at estimated rates.

The lowest or any tender will not necessarily be accepted.

No Tender will be entertained except it be on the approved Form.

Tenders are to be forwarded to undersigned in registered covers superscribed "Tender for Simla Water-Supply Works" so as to reach him not later than 20th August 1878.

CALCUTTA POST OFFICE, the 1st January 1878.

IF it is desired to insure a registered letter or parcel—Close the letter or parcel securely. If it is a letter, seal it in the centre and at the four corners of the envelope (which should be a substantial one) with distinct impressions of some device other than that of a current coin. If it is a parcel, pack it in cloth, wax-cloth, or tin, and if packed in cloth or wax-cloth, put similar seals at intervals not exceeding 3 inches along the lines of sewing.

Prepay the postage (as for a registered letter or for a parcel) by affixing postage labels. Certify the declared value in words and figures immediately above the address: for example "Certified value two hundred and seventeen (217) rupees."

Present the letter or parcel at the Post Office window during registration hours with a declaration* of the nature and value of the contents and with money to pay the insurance fee at the following rates:—

When the value certified does not exceed Rs. 10, 1 anna.
" " " 25, 2 annas.
" " " 50, 4 "
" " " 75, 6 "
" " " 100, 8 "

and 8 annas for every additional Rs. 100 or fraction thereof.

*SPECIMEN OF DECLARATION.

This letter (or parcel) addressed to
Major G. H. GRANTLEY,
15TH HUSSARS,
Muttra,

is declared by us, the senders, to contain the following articles, viz.—

A gold ring, value	...	... Rs.	110
And currency note No. E 46569	...	Rs. 20	20
12		—	—
Total value		...	130

Signature, and Date.

The Post Office receipt will acknowledge the insurance.

The Post Office is prohibited by rule from receiving valuables (such as coins, jewellery, &c.) for transmission by post in either letters or parcels *unless they are insured.*

If it is desired that the value of the contents of a parcel should be recovered from the addressee and paid to the sender—Close the parcel carefully and seal it as described above for insured parcels. Present it at the Post Office window within registration hours with a memorandum containing—

The name and address of the sender in full.
The name and address of the addressee in full.
Value of the contents recoverable from the addressee.
Date of posting.

Prepayment of the parcel is optional.

The Post Office receipt will show the value recoverable from the addressee, and give all needful information with regard to the payment to the sender.

If it is desired to obtain an acknowledgment from the addressee of a registered article or parcel—Fix additional stamps of the value of one anna on the registered article or the parcel, and present it at the Post Office window within registration hours, furnishing in writing or verbally the name and full address of the

sender. The Post Office receipt will indicate that an acknowledgment is due.

If a certificate of posting is desired—Write a copy of the address as given on the article on a slip of paper or in a book and affix a half-anna postage label to it. Present the article and the written copy of the address at the Post Office window at least half an hour before the hour fixed for closing the mail for which it is intended. The Post Office will stamp the written copy as a certificate of the posting of the article. This certificate will not obtain for the article any special security in transit; it is merely a certificate of posting, the article being treated like any other article put in the letter box. This rule does not apply to registered articles and parcels for which *receipts* are given.

N. B.—The grant of certificates of posting will commence from the 1st April 1878.

OFFICE OF THE DIRECTOR-GENERAL OF THE POST OFFICE OF INDIA, 21st March 1878.

CONTENTS.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 15th *June* 1878.

	No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.				
		Western Districts.		
BURDWAN DIVN.	1	Burdwan, June 15 '78	0·7	Weather—excessively hot and sultry. There have been some showers in most parts of the district during the week, but more rain is wanted. The sowing of *amun* is going on. The state and prospects of the standing crops are the same as before. General health is good.
		Cutwa ...	0·18	
		Raneegunge ...	0·86	
		Bood-Bood ...	0·15	
		Jehanabad ..	0·57	
	2	Bankoora, „ 15 „	0·18	Weather—excessively hot and sultry, especially at night. A thunderstorm on the evening of the 12th. Rain is wanted everywhere. The rice seedlings, and even sugarcane, are being parched from the excessive drought.
	3	Beerbhoom, „ 15 „	0·32	Weather—exceedingly hot, but satisfactory for the agriculturists. Ploughing and sowing are going on under favorable circumstances.
	4	Midnapore ...	......	Return not received.
	5	Hooghly, „ 15 „	2·73	Weather—excessively hot. Heavy showers of rain on the 9th and 12th, with strong wind. *Aus dhan*, sugarcane, jute, hemp, and *til* are thriving, but want more rain. Ploughing is going on in the *amun* lands, and seedlings are being prepared in nurseries. Cow-pox prevails in thana Bansberia; of 34 cases reported, 14 ended fatally. There is small-pox in Hooghly and Chinsurah municipality; of 8 cases, 2 ended fatally. No other sickness has been reported.
		Howrah, „ *17 „	0·20	Weather—very hot and oppressive. The prospects of the crops are very favorable, but rain will be beneficial again now.
		Central Districts.		
PRESIDENCY DIVN.	6	24-Pergunnahs, June 15 '78	0·21	Weather—close and sultry. Ploughing and sowing are going on. The seedlings in some places are being injured for want of rain. Public health in general is good.
	7	Nuddea, „ 15 „	2·18	Weather—very hot and close, with occasional storms. Rain is now much wanted for the crops.
	8	Jessore, „ 15 „	Nil	Weather—dry and hot. The *til* is being reaped and is a good crop. Rain is much wanted for the rice, which is being parched up on the high lands. Indigo is sickly for want of rain.
		Magoora ..	0·20	
		Jhenida ..	0·04	
		Narail ..	0·03	
		Khoolna ...	0·78	
	9	Moorshedabad, „ 15 ..	1·21	Weather—very sultry, with one or two partial showers. The state and prospects of the crops are about the same as last week, but rain is now much wanted. Prices are rather higher. Health of the district is fair.
RAJSHAHYE AND COOCH BEHAR DIVN.	10	Dinagepore, „ 14 „	3·13	The rains broke with a severe storm at midnight of 10th. It has rained every morning since. The prospects of the crops are good. Rice is selling at 19 seers per rupee.
	11	Rajshahye, „ 15 „	1·33	Weather—very hot and cloudy. There has been slight rain with storms throughout the district. The state and prospects of the crops are unchanged and apparently good. Jute and indigo are in fair condition. More rain is wanted. The price of common rice has again risen from 17 to 16 kutcha seers per rupee.
	12	Rungpore, „ 14 „	0·60	The weather was extremely hot and sultry during the week. Rain has been scanty at head-quarters. The state and prospects of the crops continue to be favorable, and the recent rain has been very beneficial to them. The dearness of food-grains still continues. Cholera still prevails in some parts of the district. Malarious fevers are beginning, but are not yet prevalent to any extent.
		Gaibanda ...	2·74	
		Bagdogra ...	5·93	
		Kurigram ...	9·25	
	13	Bogra, „ 15 „	1·45	The heat was intense during the latter part of the week. Some rain fell early in the week. The crops are progressing favorably. In some places transplantation of the *amun* has been commenced. *Til* and *kaon* are being cut. Public health is pretty good.

* Report of 17th shows rainfall during the week ending 15th.

Division	No.	District, and date of return.	Rainfall at Sudder Station in inches	Character of the weather, state and prospects of the crops, and state of health at date
BENGAL.—(*Continued.*)				
		Central Districts.—(Contd.)		
Rajshahye & Cooch Behar Divn.—contd.	14	Pubna, June 15 '78	2 27	Weather—very hot and oppressive. Heavy rain fell on the morning of the 14th instant. The prospects of the crops are good. The rivers are very low for the time of year. No change to report in prices. Health is good
	15	Darjeeling ,, 14 ,,	3 34	The weather has been seasonable. Rain nearly every day. The crops are progressing favorably.
	16	Julpigoree ,, 15 ,,	3 28	Very heavy rain, followed by close, hot weather. The prospects of the crops are good. No change to report Cholera is still prevalent.
		Cooch Behar ,, 13 ,, Dinhatta .. Mathabhanga .	14 15 4 68 13 36	Heavy rain, accompanied with severe bursts of wind and thunderstorms The prospects of both *bitri* and *haimanta* are good Jute also flourishes In some places *bitri dhan* is already being cut The price of tobacco continues exceptionally low, while the price of rice has not fallen as yet. Cholera is heard of in places.
		Eastern Districts.		
Dacca Divn.	17	Dacca, June 15 '78 Manickgunge .	Nil 0·2	Excessive heat all the week A few drops of rain, too small to be registered fell on the 14th, but at the time of report (15th) it was raining hard. The crops have not as yet suffered from the heat and this rain will do immense good.
	18	Furreedpore, ,, 15 .. Goalundo	0 03 0 31	Weather - very hot. Thermometer 92° to 93° all day. Showers on the 14th, and on the 15th the rains appeared to have been setting in *Jali dhan* has been harvested with good outturn The other crops have suffered for want of rain, but it was falling at the time of report and was likely to continue.
	19	Backergunge ,, 13 ,,	Nil	Weather—extremely hot. The young rice is suffering for want of rain. Public health is good, but there are still cases of cholera and small-pox.
	20	Mymensingh, ,, 14 ,,	1 01	Weather—very oppressive Rain seems to be still gathering. The state and prospects of the crops are satisfactory
	21	Tipperah, ,, 14 ,,	Nil	Weather—very sultry and oppressive all over the district During the last three days clouds have repeatedly gathered as if there would be a storm, but have cleared off again At the time of report (14th) clouds were gathering and there was every appearance of rain. Owing to want of rain, the state of both *aus* and *amun dhan* especially the former, is a cause of anxiety. *Aus* has been sown over an unusually large area this season. If rain does not fall within the next two or three days, the crops on the higher lands will suffer greatly Rice is selling at from Rs 3 to Rs 3-6 per maund
Chittagong Divn.	22	Chittagong, ,, 13 ,,	A few drops	Weather—very hot *Pania aus* is now nearly all cut Rain is much wanted for the *aus*, ploughing for which is at a standstill, except on irrigated land.
	23	Noakholly ,, 13 ,	Nil	Weather—very sultry. The sowing of the early rice crop is not yet completed. Cultivation for the *amun* crop continues. Rain is much wanted, especially for the *aus* crop. Public health is good
	24	Chittagong Hill Tracts, ,, 11 ,,	0 8	Weather—excessively hot throughout the week Foggy on the morning of the 11th Rain is very badly wanted. The porm paddy plants and other seedlings have in many places been scorched by the sun The gathering of *aus* paddy is over. The distress of the people is gradually increasing, and measures are being taken to relieve them
		Hill Tipperah ,, 12 ,	Nil	There has been no rain during the week The heat is very oppressive The sowing of the *aus* crop continues with fair prospects. Public health has slightly improved.
BEHAR				
Patna Divn.	25	Patna, June 15 '78	Nil	Weather—extremely hot. The state and prospects of the crops are normal
	26	Gya, ,, 15 ..	Nil	Weather—overclouded and has looked like rain once or twice Maximum thermometer in the shade 116 5° Reaping of *cheena* is over Rain is wanted for *makai* on the ground Small-pox is complained of from Nowada.
	27	Shahabad ,, 15 ,,	Nil	Weather—seasonably hot Some clouds on the 15th The paddy sowings have commenced. Sugarcane and *cheena* are flourishing.
	28	Durbhunga ,, 15 ,	Nil	Weather—very hot. The prevailing wind is still from the east. Rain is reported from Motipore in the Madhoobani sub division. The sowings of the *bhadoi* crops are still going on Rain is much wanted. Prices are still very high. No serious outbreak of sickness is reported.
	29	Mozufferpore, ,, 15 ,, Seetamurhee	Nil 0 41	Weather—very hot and dry. Rain is much wanted for the *bhadoi* and rice crops, the growth of which has been retarded by the recent dry weather. The weather on the day of report (15th) had an unsettled appearance. If the rains set in shortly all crops will do very well There is still a large area to be sown with *bhadoi* crops Transplantation of rice seedlings will commence in many places after the first heavy fall of rain Prices of food-grains are very high. The health of the district is good.

Division	No	District and date of return	Rainfall at Sudder Station in inches	Character of the weather, state and prospects of the crops and state of health at date
BEHAR.—(Contd)				
PATNA.—(Contd)	30	Sarun, June 15 "	Nil	Weather—intensely hot and sultry, with duststorms at times. The prospects of the crops continue to be fairly good, but rain is wanted both for crops and people. In some places seedling rice is being irrigated from wells Prices are stationary Public health is good
	31	Chumparun " 15 "	Nil	Intense heat throughout the week The prospects of the crops continue to be good, but the want of rain is beginning to be felt The early *makai* is being burnt up Prices are high
BHAGULPORE DIVISION	32	Monghyr, " 15 "	Nil	Weather—very hot, with gales towards the evening A very little rain fell on the night of the 11th, but was not indicated by the gauge Rain is very much desired for the early crops
	33	Bhagulpore " 15 "	Nil	Weather—very hot The mango crop is excellent Prices of food-grains are falling Cholera is decreasing.
	34	Purneah 15 Kissengunge Arrareah	0 17 1 41 2 54	Weather—very sultry The progress of cultivation is good, but rain is generally wanted
	35	Maldah, 15	0 58	Intense heat Weather unusually oppressive Rain is wanted for the rice crops
	36	Sonthal Perghs " *16 "	0 22	Weather—very hot The mornings and evenings have been dull, with clouds and occasional promise of rain Rain is badly wanted for the young *janara* The season will probably be very late
ORISSA				
ORISSA DIVN	37	Cuttack June 15 78	0 83	Weather—excessively hot. Rain and thunderstorms on the 13th, and the mornings have been cloudy since *Beali* is growing well *Sarad* is being sown and sprouting in many places The prospects of the crops are good There have been a few cases of cholera here and there
	38	Pooree " 14 " Khoorda	0 09 0 92	Weather—very hot, with occasional high wind There has been a little rainfall in four pergunnahs of the district More rain is wanted and expected. Exportation still continues to the Madras Presidency, in consequence whereof the prices have not yet gone down Rice sells at 10½ Calcutta seers per rupee in the city, and at 7 to 10 3/16 seers in the salt tracts of Malood, &c. In other parts of the district rice sells at 10½ to 13 seers for the rupee Cholera is very prevalent both in the city and in the country
	39	Balasore " 14 "	1 23	The weather has mostly been very close and hot, but there have been a few tolerably heavy showers The sowing of rice is approaching completion, and the young crop is promising Public health is fair
CHOTA NAGPORE		*South-West Frontier Agency.*		
	40	Hazareebagh, June 14 '78	Nil	Weather—seasonable, very hot Some of the early Indian corn will be lost owing to the continued drought, being burnt up by the sun, otherwise the prospects are unchanged Cases of cholera are still reported, principally from the neighbourhood of the coal mines
	41	Lohardugga, " 15	Nil	Weather—very hot, with strong west winds. The broadcast sowings on the high lands are suffering seriously for want of rain Prices are somewhat higher than last week General health is good
	42	Singbhoom " 14 "	0 15	Another week of intense heat Such weather has never been experienced before. Two or three duststorms occurred at head quarters during the week, accompanied with the little rain noted The thermometer registered 100° at 7 P. M. on the 13th No signs of rain This hot weather is withering up all the young dhan plants, and unless rain falls within a day or two, all the plants will be lost. The general health remains good
	43	Manbhoom " 15 "	0 19	Weather—very hot, dry and out of season The state and prospects of the crops are not favorable At present continued drought is affecting the young rice. It is noteworthy that on a comparison of the rainfall between New Year's day and the 14th June during the last five years, the fall of the current year is the second largest during that period, and that the outturn of the harvest during each of the four years ending December 1877 was in a ratio inverse to the fall of rain up to the 14th June, that is to say, the year in which the least rain fell up to the 14th June had the best harvest.

Statement showing Rainfall at Purulia during the last five years.

Year	Fall of rain up to 14th June	State of crops
1874	11 13	Fair harvest.
1875	10 24	Ditto
1876	4 59	Bumper harvest.
1877	16·70	Very bad harvest, partial failure
1878	15 30	Not promising

* Report of 16th shows rainfall during the week ending 15th.

Published for general information.

The total fall from 1st January to 15th June 1878	... ...	17·85
The average fall of the corresponding period for 25 years, S. G. Office	...	15·22

The mean pressure, temperature, &c., are deduced from observations made at 6h., 10h., 16h., and 22h.; the maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard (Newman's No. 86) formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

o overcast, *g* gloomy, *t* thunder, *l* lightning, / strong wind, *w* dew, *p* passing temporary-showers, *d* drizzling, and *lr* lightning-reflections.

METEOROLOGICAL OFFICE, INDIA,
The 18th June 1878.

ALEXANDER PEDLER,

T. H. WICKES,
Offg. Asst. Secy. to the Govt. of Bengal, P. W. Department.

Reports of Fluctuation of Traffic on the East Indian Railway for four weeks ending 25th May 1878.

EAST INDIAN RAILWAY, TRAFFIC MANAGER'S OFFICE, JAMALPORE, THE 10TH JUNE 1878.

Remarks on Traffic of East Indian Railway for four weeks ending 25th May 1878.

THE approximate figures for the period are—

	Coaching.		Goods.		Total.
	Nos.	Rs.	Mds.	Rs.	Rs.
1878	498,588	6,18,444	57,88,956	22,87,037	29,05,481
1877	486,724	5,57,755	56,69,726	23,96,778	29,54,533
Increases	11,864	60,689	1,19,230	....	......
Decreases	......	......	......	1,09,741	49,052

The increase in passenger traffic is general throughout the line.

In merchandise traffic there is an increase in weight carried of a little over 2 per cent., with a decrease in earnings of 4½ per cent. or Rs. 1 10,000, but it will be seen further on that in wheat alone the loss was nearly three times this.

The principal changes are—

Increases.

Cotton. Ghee. Hides.	Piece-goods. Foreign Railway material.	Salt. Saltpetre. Seeds.	Tobacco. Turmeric.

Decreases.

Coal. Grain.	Gunny. Iron.	Jaggree.

Increases.

Cotton ... ... Mds. 14,267 Rs. 7,281

Cotton was at its worst last year; and even now the increase is not due to any expansion of our own cotton trade proper, so much as to the *import* of cotton from Western India for manufacturing purposes.

Ghee ... ... Mds 13,978 Rs. 11,527

Principally in the traffic from Behar.

Hides ... ... Mds. 17,619 Rs. 16,145

The Eastern Bengal hides are unfavorably reported on, and Patna and North-Western Provinces hides in demand, while the very low freights ruling in Calcutta have encouraged export.

Piece-goods ... ... Mds. 19,588 Rs. 18,886
Cotton Twist ... ... „ 5,150 „ 4,250

This is a favourable but not a large variation; the import market is dull enough.

Salt ... ... Mds. 76,430 Rs. 23,461

This increase is almost entirely in English salt sent up from Howrah.

This traffic was much interfered with in May 1877 by the heavy speculations going on in grain.

Saltpetre ... ... Mds. 15,635 Rs. 7,161

This is almost entirely in the traffic from Patna to Howrah for export.

Seeds ... ... Mds. 3,07,269 Rs. 1,03,069

This is an increase of 3¼ per cent. in weight over last year.

About one-half of the extra weight is in the Patna despatch. Cawnpore also contributes largely, but there is a great falling off in the trade from the Jubbulpore Line Stations to Calcutta.

Tobacco ... ... Mds 13,723 Rs. 10,164

There has been a large demand for Behar tobacco, especially from Jubbulpore and adjacent districts.

Turmeric ... ... Mds. 4,862 Rs. 13,429

This is altogether an upward traffic just now, Calcutta supplying the North-Western Provinces.

Decreases.

Coal—Upward ... ... Mds. 35,482 Rs. 21,222
Downward ... ... „ 77,378 „ 10,839

The decrease in the coal traffic is trifling comparatively speaking.

The comparison taking in 1876 would stand—

	Upward.	Downward.	Total.
	Tons.	Tons.	Tons.
1876	6,500	26,400	32,900
1877	15,600	41,000	56,600
1878	14,300	38,400	52,700

There was a special stimulus given to the coal traffic both up and down by the great wheat and famine grain traffic in 1877 owing to the demand for steam coal both by foreign railways and by trading steamers.

It may be worth while to note here that the ships clearing from Calcutta in May 1878, aggregated a tonnage of 63,240, against 1,19,536 in May 1877.

Gunny ... ... Mds. 21,661 Rs. 28,592

The increase in May 1877 over May 1876 was ... ... „ 41,622 „ 48 890

or nearly double the present decrease.

The failure of the wheat crops and the doubtful state of the produce trade generally will fully account for this year's gunny traffic not comparing favorably with 1877.

Iron ... ... Mds. 18,418 Rs. 32,048

The principal variations under this head have been in despatches of plate-iron to the Government workshops at Roorkee, and of cast-iron piping to Nusserabad also for Government work.

The ordinary "Native" demand has been as it was in 1877 very good indeed.

Jaggree ... ... Mds 32,346 Rs. 9,683

Of this decrease about half the weight and fully 80 per cent. of the money lies with the Behar district, the export from that part of the country having been crippled by the poverty in the North-Western Provinces.

The other half of the weight and the small balance of money loss is due to the same cause and to the failure of crops in Rohilkund.

Sugar, it will be seen, shows a large decrease in weight with a small *increase* in earnings; and it is worth noting that whereas in May 1877 Calcutta exported 8,000 tons of sugar, May 1878 saw only 1,770 tons cleared.

On the other hand, the weight of sugar sent *upwards* from Howrah this year is 800 *tons* over last year, and with an increase in earnings of over Rs. 21,000, a very marked testimony to the exhausted state of the sugar-growing districts of Rohilkund and the North-Western Provinces.

We now come to the main question, *grain traffic*.

The net loss on this as compared with May 1877 is ... ... Tons 7,100 Rs. 2,57,700

whereas the deficiency in wheat alone is tons 12,200, Rs. 2,72,700, so that the other items need only a passing remark

Barley shows an increase, because the large quantities of barley poured into Rohilkund from the Punjab in previous months have been to some extent drawn out again by the high prices ruling in Rajputana.

Rice, on the other hand, shows a reduced weight, with a slight increase of earning, the exceptional demand for shipment to Madras, which existed last year, having disappeared.

Other Grains show a considerable falling off in earning, although the weight has gone up 50 per cent.; a good deal of this is owing to the very heavy export from the Punjab last year for Western India with a long lead on East Indian Railway

Pulses make up for the loss on "other grains." As regards the great loss on wheat, it will be enough to say that only 4,000 tons were exported last month, against 40,000 tons in May 1877, and that our wheat traffic is still better than that of May 1876 by 12,250 *tons* and *Rs.* 92,000.

The train mileage for the period has been—

	Coaching.	Goods.	Total.
1878	187,932	431,006	618,938
1877	177,277	463,172	640,449
Increase	10,655	......	......
Decrease	......	32,166	21,511

Earnings per train mile—

	Coaching. Rs. A. P.	Goods. Rs. A. P.	Total. Rs. A. P.
1878	3 4 8	5 4 11	4 11 1
1877	3 2 4	5 2 10	4 9 10
Increase	0 2 4	0 2 1	0 1 3
Decrease	......	......	......

JUBBULPORE LINE TRAFFIC.

	Coaching.		Goods.		Total.
	Nos.	Rs.	Mds.	Rs.	Rs.
1878	27,216	80,281	6,35,110	1,93,698	2,73,979
1877	23,059	54,422	9,57,118	2,30,622	2,85,044
Increase	4,157	25,859	......	......	......
Decrease	......	......	3,22,008	36,924	1 ,065

The goods traffic is naturally much below 1877, when the abnormal pressure of the great famine was taxing all our resources; but it is satisfactory to note that, with no such exceptional cause, the earning is nearly *double* that of May 1876, being *Rs.* 1,94,000 against Rs. 1,04,000, while taking goods and passenger traffic together with the train mileage as under.

The train mileage has been—

	Coaching.	[illegible]ods.	Total.
1878	18,662	[illegible],529	67,191
1877	17,837	[illegible]7,462	75,299
Increase	825	...	......
Decrease	......	8,933	8,108

The earning per train mile is Rs. 4-1-3 against Rs. 3-12-7 in 1877.

J. C. BATCHELOR, *Traffic Manager.*

MAIN LINE.

Report of Fluctuation of Traffic on the Eastern Bengal Railway for four weeks ending 25th May 1878.

EASTERN BENGAL RAILWAY COMPANY TRAFFIC SUPERINTENDENT'S OFFICE, CALCUTTA, THE 11TH JUNE 1878.

Report on the Goods Traffic for the four weeks ending 25th May 1878.

From—W. INNES, ESQ., Acting Traffic Superintendent,

To—The Agent, Eastern Bengal Railway, Sealdah.

THE weight of goods carried over the Railway during the above period amounted to maunds 6,07,203, which, as compared with the traffic during the corresponding period of 1877, shows a decrease of maunds 1,28,263. This decrease is mainly in grains (including rice) and seeds. The increases are chiefly cotton, gunny, drums of jute, piece-goods, salt, tea, tobacco, turmeric, and miscellaneous articles

Decreases.

Grain, including rice ... ... Mds. 39,687

This decrease is attributable to the demand for export being limited.

Hides ... . Mds. 2,500

This decrease is owing to the demand for Dacca hides (which are those principally carried by this railway) being limited, the quality being inferior, and the sellers asking unreasonable prices

Bales, jute ... ... Mds. 3,984

This decrease is accounted for by the season having closed earlier this year than usual.

Foreign railway material ... ... Mds. 16,689

This is accounted for by the bulk of the stock for Northern Bengal State Railway having already been despatched.

Seeds ... ... Mds. 1,26,963

Principally owing to there being no exports to famine districts this season, the low rate of linseed in the market is another cause of the falling off.

Increases.

Cotton, bundles of ... ... Mds. 3,643

This is accounted for by a slight improvement in the market.

Gunny, bundles of ... ... Mds. 2,476

This increase is owing to the increased outturn of the various mills and the increasing stock in the market.

Gunny, bales of ... ... Mds. 2,980

This increase is from the same source as the preceding item.

Drums, jute ... ... Mds. 5,340

Owing to enhanced prices and desire of merchants to dispose of their old stock, as this season's new crop is expected to be an early one

Piece-goods ... ... Mds. 6,187

This is in consequence of the opening of the Northern Bengal State Railway, and I anticipate this will continue to increase.

Salt ... ... Mds. 5,826

This increase is owing to the large shipment to Serajgunge and the low rate of freight charged by the Company, shippers forsaking other means of transit to avail themselves of the cheap rate.

Tea ... ... Mds. 5,501

This is satisfactory, and is owing solely to the fluctuation in the opening of the Northern Bengal State Railway.

Tobacco, bundles of ... ... Mds. 2,236

This increase is owing to the fluctuation in the market, the supply being according to the demand.

Turmeric ... ... Mds. 12,083

This staple is also capricious and the maundage rises and falls in an unaccountable manner. I can but assume it to be a sudden demand in the market.

Miscellaneous goods ... ... Mds. 13,506

This increase is mainly attributable also to the opening of the Northern Bengal State Railway, and I anticipate it will continue to increase.

I attach the usual statement of increases, and beg to remark that it should be borne in mind that it was not to be expected that the traffic during last month could be compared with that of the same period last year as the famine caused an unprecedented increase last year.

Statement of Increases and Decreases in maundage of Staples carried by the Eastern Bengal Railway Co. for the four weeks ending 25th May 1878, in comparison with that of the corresponding period of 1877.

No. 31.—Privilege leave of absence for three months, under Section 12, Supplement F of the Civil Leave Code, is granted to Mr. W. B. Maxwell, District Superintendent of Police, Fifth Grade, Kamroop, with effect from the 1st July 1878, or from such date as he may avail himself of the same.

HORACE A. COCKERELL,
Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 17*th June* 1878.—Under Section 8 of Act V (B.C.) of 1875, the Lieutenant-Governor is pleased to direct that a survey be made of all the lands belonging to or forming part of the embankments in the 24-Pergunnahs mentioned in Schedule D, Nos. 58 to 93, annexed to Act VI (B.C.) of 1873.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 24*th June* 1878.—Plans and an estimate amounting to Rs. 30,000 for the construction, in the Port Commissioners' workshop yard, of three sheds for locomotive engines, and for repairs of buoys, boilers, boats, &c., having been submitted by the Commissioners with their Vice-Chairman's letter No. 747, of the 4th June 1878, the Lieutenant-Governor is pleased to sanction the execution of the work under the provisions of Section 35 of Act V (B.C.) of 1870.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 25*th June* 1878.—The Lieutenant-Governor is pleased to authorize the substitution, at option, of Cinchona Alkaloid for three-fourths of the quantity of Quinine prescribed in the scale of medicines under Schedule C of the schedules appended to the rules regulating labour transport under Act VII (B.C.) of 1873, published in the *Calcutta Gazette* of the 21st January 1874.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[First Publication.]

NOTIFICATION.

The 25*th June* 1878.—The following additional bye-law, framed by the Commissioners of the Municipality of the Suburbs of Calcutta under section 318 of the Bengal Municipal Act, 1876, has been approved, and the penalty declared by the said Commissioners under section 315 for the breach thereof has been sanctioned by the Lieutenant-Governor of Bengal:—

No. 39.—It shall be incumbent on the occupiers of all houses to make use of such suitable night-soil receptacles as may be directed by the Commissioners at a meeting, and to keep their privies in a proper state of repair.

Neglect to use such receptacles, or to keep a privy in such proper state of repair, to be punishable with a fine not exceeding Rs. 5, and a daily fine not exceeding rupee 1 during the continuance of such neglect.

Provided that fifteen days' notice be given before proceedings be taken under this bye-law.

D. BARBOUR,
Offg. Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 13*th June* 1878.—Under Section 4 of Act VII of 1871, the Indian Emigration Act, the Lieutenant-Governor recognizes the appointment of Monsieur Raoul Quillet to act as Emigration Agent at Calcutta for the French Colonies as a temporary arrangement.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

NOTIFICATION.

The 17th June 1878.—The outpost of Dehree, which had been under thana Sasseram, of district Shahabad, was in 1870 converted into a separate thana, whose boundaries were not then notified in the *Calcutta Gazette*. The Lieutenant-Governor of Bengal is pleased to declare that the following shall be the local limits of thana Dehree, and that the villages mentioned in the lists A and B (annexed), and which, according to the notification dated 10th June 1865 and published in the *Calcutta Gazette* of the 14th idem, formed parts of thanas Sasseram and Nokha, shall form the separate thana of Dehree.

The Lieutenant-Governor's sanction is also accorded to the removal of the outpost from Kochus, in thana Nokha, to the village of Khurghur, in the same thana.

Thana Dehree.

On the North—The boundary shall accord with the southern limit of pergunnah Dunwar, between the village of Dehree on the west and that of Pokhraha-Jumalpoor on the east, on the Sone River.

On the East—The zillah boundary along the Sone River from the village of Pokhraha-Jumalpoor down to the village of Putunwan.

On the South—The boundary runs along the limits of the following villages, viz. Putunwan, Shahpoor-Zumeen-Doodhmee, Doodhmee, Pusrampoor-Zumeen-Doodhmee, Nowadeeh, Nirbhydeeh, Pandepore-Zumeen-Goonyla, and Goonyla.

On the West—The limits of the following villages, viz. Gonyla, Bhurkoondeea, Purbutpoora, Dahawur-Sulempoor, Soora, Roodurpoora, Jumoohar, Chormura-Muhwuree, Ghouspoor-Muhadewa, Dendooa-Doosadhee, Deoreea, Goburdhunpoor, Mukoondpore-oorf-Bugaind, Chandee, Pukureea, Muhwuree, Boodhooa, Chanp, Isra, Bundhpa, Judooa-Busuntpoor, Bagha-Kho, Chit-Bisaon, Koosoomra, Neema, Kupuseea, Huboopoor, Puchgurha-oorf-Rajpoor, &c., Misrowleea, Pukree, &c., Umurpoor, Burunda, &c., and Dehree.

NOTE.—In the above description the villages named as situated on the boundaries of the thana are included in the limits of the thana to which reference is being made.

[Second Publication.]

NOTIFICATION.

The 12th June 1878.—The Lieutenant-Governor is pleased to sanction the following amended rule to be substituted for Rule 7 of the Rules for the grant of leases of land for tea cultivation in the Western Dooars, published in the *Calcutta Gazettes* of the 24th and 31st March and 7th April 1875, Part I, pages 336, 387 and 414, respectively.

On receipt of an application, and after satisfying himself as far as lies in his power that the requirements of the rules have been complied with, the Deputy Commissioner shall record a proceeding to the above effect calling upon the applicant or his authorized agent to deposit such a sum as the Deputy Commissioner shall deem to be necessary to cover the cost of the survey and demarcation to be made as hereinafter provided. Such sum shall be calculated at the rate of one rupee per acre of the total quantity of land applied for, and on payment being made at this rate no further demands will ordinarily be necessary, nor will any refunds be granted. In cases, however, where the area found on actual survey exceeds by not less than one-fourth the area estimated in the application, the Deputy Commissioner may make a further demand at the rate of one rupee per acre on such excess area.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 17th June 1878.—It is hereby notified that, under Section 155 of Act VIII of 1878, the Lieutenant-Governor of Bengal has been pleased to prescribe the following rules for ascertaining and determining what spirit imported into British India shall be deemed to have been effectually and permanently rendered unfit for human consumption :—

RULES.

I.—Spirit imported into British India for use exclusively in arts, manufactures, or chemistry, which has been rendered effectually and permanently unfit for human consumption, is subject only to an *ad valorem* duty of ten per cent. under Article XXXII, Schedule A of the Indian Tariff Act XVI of 1875.

II.—Whenever such spirit is imported from the United Kingdom into any port of the Bengal Presidency before it can be admitted at the reduced rate of duty as aforesaid, the importer must satisfy the Collector of Customs at that port that the spirit has been rendered effectually and permanently unfit for human consumption, and must produce a certificate

from a competent Customs or Excise authority of the United Kingdom that the spirit has already been subjected, under proper supervision in the United Kingdom, to a process by which it has been rendered effectually and permanently unfit for human consumption.

III.—If the importer cannot so satisfy the Collector of Customs, the latter shall cause such spirit to be examined, and, if necessary, rendered unfit for consumption in the manner hereinafter described as applicable to spirit imported from other countries than the United Kingdom.

IV.—Whenever such spirit as aforesaid is imported from other countries than the United Kingdom into any port of the Bengal Presidency, the Collector of Customs at that port shall send a sample of such spirit to the Chemical Examiner for examination and report, at the expense of the importer; and if the Chemical Examiner shall certify that the spirit has been rendered effectually and permanently unfit for human consumption, the Collector of Customs shall admit it at the reduced rate of duty.

V.—Whenever imported spirit is to be rendered effectually and permanently unfit for human consumption by officers of the Customs Department, the ingredient to be used for admixture with the spirit shall be caoutchoucine, and it shall be mixed with the spirit in the proportion of one part and a half of volume of the caoutchoucine to 98½ parts of volume of the spirit, which shall not be of less strength than 30 per cent. over proof.

VI.—But when it can be proved to the satisfaction of the Board of Revenue that the presence of caoutchoucine will render the spirit unsuitable for the purpose for which it is required, special sanction may be obtained for the use of woodnaptha instead of caoutchoucine. In this case one part of volume of crude woodnaptha shall be mixed with nine parts of volume of the spirit, which shall not be of a less strength than 30 per cent. over proof.

VII.—The caoutchoucine, or the woodnaptha, before admixture with the spirit, must be tested by the Chemical Examiner to Government, who must certify to the Collector of Customs that it is of proper strength, fitted, if used in the proportions mentioned in rule V or VI, to effectually and permanently render unpalatable and unfit for human consumption the spirit with which it is mixed.

VIII.—Any expense which may be incurred by the Collector of Customs in rendering spirit unfit for human consumption, or in ascertaining that it has been so rendered, must be paid by the importer.

IX.—The use of spirit methylated or caoutchoucined according to these rules is not permitted in the manufacture or preparation of tinctures, medicated spirits, hyponitrous ether, or other pharmaceutical preparations or in the manufacture or preparation of any other article capable of being used as a beverage or internally as a medicine, with the exception of sulphuric ether, chloroform, and chloral hydrate.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[Second Publication.]

NOTIFICATION.

The 13*th June* 1878.—The following Notification of the Government of India is republished for general information:—

No. 378.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE, AGRICULTURE, AND COMMERCE.

GENERAL.

Simla, the 4*th June* 1878.

NOTIFICATION.

THE Governor-General in Council is pleased to invite tenders for the lease of the Great Coco Island in the Bay of Bengal.

2. The lease will be for a period not exceeding 50 years; the exact proportion of gross produce payable as rent, and the term, within the above maximum period, during which the rent offered shall be payable, are left to the tenderers.

3. In addition to the rent stipulated as payable, the lessee will be bound to defray the expense of maintaining peace in the island and on its coasts, and of the administration of Civil and Criminal Justice. The amount of such expense cannot at present be stated; but the Government are prepared to fix a maximum of Rs. 20,000 annually, beyond which the lessee would not be charged with any expenditure on these objects. The Government will, from time to time, fix the cost of such establishments, and such cost the lessee will be required to defray quarterly in advance.

4. The Government reserve to themselves the administration of Civil and Criminal Justice, Customs, Excise, and other Departments of Government, and the lessee will be entitled only to the produce of the soil, and to an *exclusive* right of fishery for one mile from

high water-mark, and to the use for loca requirements, and not for sale out of the island, of such timber as it produces, and of stone, lime, sand, and other building materials.

5. The rent will be taken in kind, and will consist of a fixed proportion not less than one-sixth of the gross produce of the island. In the case of cocoa-nuts, the fixed proportion must be delivered free at Port Blair or any other place in the Andamans that Government may from time to time direct, in the husk, in good condition and of good quality, and must have been gathered in such proportions at the times most suitable for the manufacture of coir and oil, respectively, as the Superintendent of Port Blair may from time to time require. In the case of other produce, delivery of which will be taken in the island, the Government may at any time require the lessee to commute the produce in kind for a money payment calculated at a rate 20 per cent. below the rate then ruling in the Rangoon market for similar produce of similar quality.

6. The number of living cocoanut trees on the island when it is transferred to the lessee will be ascertained, and the lessee will be bound under penalty to maintain at least that number of living cocoanut trees, at once planting and rearing young trees in place of those that may die, be blown down, or otherwise destroyed from time to time. The lessee is prohibited from cutting down any cocoanut trees without the written permission of the officer to whom Government may delegate authority to grant such permission.

7. The Government also reserve the right to appropriate sites on the island for public buildings, including dwelling-houses for officials, sanitaria, &c., paying as compensation only the cost of any improvements effected on the site appropriated. Also to appropriate any timber of spontaneous growth and any stone, lime, sand, or other raw building materials existing in the island, required for such public buildings, enclosures, &c.

8. The Government also reserve a right to refuse their assent to any transfer of the lease of the island by the lessee for the time being. In the event of such power of refusal being exercised, the lessee will be entitled to claim that Government shall themselves take over the unexpired portion of the lease on a fair estimate of the value of the improvements effected by him or his predecessors.

9. Should the lessee in any way violate the provisions of the lease, or fail to pay the stipulated rent on the dates on which it falls due, or omit to take measures for the settlement and working of the island within a term of two years from the date of the lease, the Government will cancel the lease and re-enter on possession of the island without compensation.

10. The Government do not bind themselves to accept the highest, or any, tender made in reply to this advertisement Tenders should be addressed to the Local Government or Administration of the Province in which the persons tendering may live or carry on business, and will be forwarded by such Local Government or Administration, after such inquiries into the circumstances of the tenderer and his ability to carry out the terms of his tender as may seem proper to the Government of India in the Department of Revenue, Agriculture, and Commerce. Tenders from persons in the United Kingdom should be forwarded through the Secretary of State.

11. The deed of lease to the tenderer whose offer may be accepted will be prepared at his costs and charges in all things by the Government Solicitor, and upon any questions arising between the tenderer and Government in regard to the form of the lease, the opinion of the Advocate-General shall be conclusive and equally binding on both parties.

12. Tenders must be sent in within a period of twelve months from the date of this advertisement.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

[Second Publication.]

The 18th June 1878.—The Lieutenant-Governor is pleased to direct the publication of the following Notification.

A. MACKENZIE,
Secy. to the Govt. of Bengal.

NOTIFICATION.

ESTABLISHMENT OF AN EXPRESS STEAM SERVICE BETWEEN DHUBRI AND DIBRUGARH.

No. 318.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE, AGRICULTURE AND COMMERCE.

COMMERCE AND TRADE—MISCELLANEOUS.

Simla, the 13*th June* 1878.

NOTIFICATION.

IN view to improving the means of communication with Assam and assisting in the development of the trade of that Province, the Government of India desire the establishment

of a line of fast steamers between Dibrugarh and some point near Dhubri, and hereby invite tenders for such a service on the following conditions :—

Conditions of Service.

2. The steamers shall have the following dimensions, and be of the following character :—

Length over all 150 to 200 feet. Speed through the water, 15 miles an hour. Draft, when loaded, not to exceed 3 feet. Accommodation in addition to that for officers and crew—

1st class passengers	4
2nd ditto	8
Coolies	100
Cargo, in addition to coal for 24 hours, steaming full power	10 tons.

Consumption of good English coal, when going full speed, not to exceed 3lb. per indicated horse-power per hour.

The vessels shall have one flush deck covered with a wood and canvas roof.

The 1st and 2nd class passenger cabins shall be in a deck-house forward, and the passenger accommodation shall, as much as possible, be forward of the engines.

3. The lower terminus shall be at Dhubri, or such other place as may be rendered desirable by the opening of railway communication, a change in the course of the river, or other circumstances.

4. The upper terminus shall be at Dibrugarh. The intermediate stations shall be those at present touched at by steamers, or such others as commercial necessities, a change in the course of the river, or other circumstances, may, in the opinion of the Government of India, render desirable.

5. The upward journey between Dhubri as the lower terminus and Dibrugarh shall be made in five days, the downward journey in three and a half days; the time-table, subject to alteration by Government as may appear advisable, being as follows :—

UP.	DOWN.
Day 1st.—Anchor between Goálpára and Beshiaghat.	Day 1st.—Dhunsirimukh.
,, 2nd.—Gauháti.	,, 2nd.—Rangamati.
,, 3rd.—Tezpur.	,, 3rd.—Goálpára.
,, 4th.—Niggri Ting.	,, 4th.—Dhubri (by noon).
,, 5th.—Dibrugarh.	

Postal Service.

6. At first, the steamer service will only be used by the Postal Department for the carriage of parcel mails (estimated to average in weight three-fourths of a ton) and the servants in charge of them, and for this service proper accommodation will have to be provided. But, in the expectation of more frequent runnings hereafter, any Company tendering shall engage to carry, free of charge, if desired to do so at any time, the entire mail, both letter and parcel, and all servants necessary to its custody and service.

Detentions.

7. The Government of India and the Chief Commissioner of Assam shall, in the case of public necessity, have power to detain a steamer at any place.

8. And the Director-General of Post Offices in India shall have power, in the case of postal necessities, to detain a steamer at any place for a period not to exceed twenty-four hours.

Requisitions.

9. The Government of India, on payment for the same at a rate per ton to be determined, shall in the case of public necessity, and upon giving seven days' notice, have power to take up the whole or any portion of the fleet of river steamers belonging to the party whose tender may be accepted.

Rates and Fares.

10. The maximum fares for passengers shall be the sum of those shown in page 2 of the table published by the Rivers Steam Navigation Company, Limited, on the 1st October 1874, plus Rs. 4 a day table-money for first-class passengers, and Rs. 2 a day for second-class passengers who desire to be fed on board, for the days occupied in the voyage to the place in question, taking six days for the entire upward and four days for the entire downward journey. Thus, the maximum passenger fare for a single berth in a cabin upwards between Dhubri and Dibrugarh shall be Rs. 83-3, being Rs. 59-3 for the passage, plus six days' table-money at Rs. 4 per day. Similarly, the downwards first-class fare shall be Rs. 55-8, being Rs. 39-8 for the passage, plus four days' table-money at Rs. 4 per day, and so on for other passenger fares. The maximum passenger fares thus fixed shall not be increased without the sanction of the Government of India.

11. Passengers shall be allowed the following baggage free :—

1st Class	4 maunds.
2nd "	2 "
3rd "	1 maund.

Extra baggage shall be carried at 4th-class goods rate.

12. The maximum goods rates shall be those shown in the table of the Rivers Steam Navigation Company, Limited, on the 1st January 1874.

13. The goods rates shall not be raised beyond the maximum without the sanction of the Government of India.

Government Subsidy.

14. Exclusive of any payment which may be determined upon, as in paragraph 9 above, when any portion of the fleet is taken up by Government, the Government of India will, in consideration of the service performed under the conditions mentioned, pay for a period of five years a sum per trip, a trip being understood to be a journey from Dhubri or other terminus to Dibrugarh and back again.

15. Tenders must state the sum per trip for which the service required will be performed. The service will at first be twice a week. But it is to be understood that, if it shall hereafter be agreed between the Government of India and the party, if any, whose tender is accepted, to run more frequently, the extra service shall be performed on the same terms, and under the same conditions, as the bi-weekly service.

16. Tenders must state distinctly the date by which parties tendering are prepared to enter upon the service required.

17. The Government of India require any party tendering to bind himself, under penalties for non-observance, to enter upon the service by a stated date, and to perform the service according to the conditions above specified. As regards unpunctuality, liability to penalty will be considered to commence when twenty-four hours beyond the periods mentioned in the time-table in paragraph 5 have elapsed.

18. Tenders, which will be received up to the 31st October 1878, should be submitted to the Local Government or Administration of the Province in which the tenderers are resident.

19. The Government of India do not bind themselves to accept the lowest or any tender.

NOTIFICATION.

The 7th June 1878.—It is hereby notified for general information that, in the exercse of the powers conferred upon him by Section 234 of the Bengal Municipal Act V (B.C.) of 1876 the Lieutenant-Governor is pleased, on the recommendation of the Commissioners of the Municipality of Bishenpore, in the district of Bankoora, at a meeting, to extend to that municipality the provisions of Sections 235 to 256, 271 to 274, 278 to 288, and 292 to 294 of Part VII, Chapter II of the said Act.

D. BARBOUR,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 7th June 1878.—The following Rules framed by the Commissioners of the Station of Jamalpore, in the district of Monghyr, under section 356 of the Bengal Municipal Act, 1876, have been approved by the Lieutenant-Governor of Bengal in the exercise of the powers conferred on him by section 356 of the said Act.

For regulating the conduct of business at Meetings.

1. The Magistrate of the district shall be *ex officio* Chairman of the Committee.

2. There shall be a Vice-Chairman who shall be annually elected.

3. The Commissioners shall meet in their office at Jamalpore on the first Tuesday in every month (unless it be the 1st or 2nd of the month, in which case they shall meet on the 2nd Tuesday) for the conduct of business, and if necessary on any other day to be named by the Chairman. Two Commissioners and the Chairman or Vice-Chairman shall form a quorum, and all questions shall be determined by a majority of votes, and in cases where the Commissioners shall be equally divided, the Chairman shall have a casting vote. Three Commissioners

shall have the power to call a special meeting, by intimating their wish to the Chairman who shall then fix a day, issuing the usual notice to all the Commissioners.

Appointment of officers and servants.

4. The Commissioners shall be competent to employ any number of surveyors, inspectors, clerks, and other officers and servants upon such wages or emoluments as may be determined in each case by the Commissioners at a meeting.

5. Subject to the scale of establishment decided upon by the Commissioners under Rule 4, the Chairman shall have the power to appoint such persons as he may think fit, and, from time to time to remove such persons and appoint others in their places.

6. Provided that no person shall be appointed to an office, the salary of which is more than two hundred rupees per mensem, without the sanction of the Commissioners at a meeting, which shall require the confirmation of the Commissioner of the Division. Provided also that no officer, whose salary is more than Rs. 50 per mensem, shall be dismissed without the sanction of the Commissioners at a meeting.

7. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice, or pay in advance in lieu thereof for the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice of one month, on pain of forfeiture of one month's salary.

8. All persons now holding, or who may hereafter be appointed to, any office under the Commissioners, shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment and may be removed from office.

System of taxation.

9. The following taxes shall be levied within the station of Jamalpore :—

1.—Upon houses and lands, at a rate not exceeding 7 per centum of their annual value.

2.—Upon coal stored, at 1½ anna per ton per mensem.

3.—Brick-kilns at Rs. 5 for each lakh of bricks.

4.—Horses and conveyances—

Rs.	A.	P.		
0	8	0	per month	for a horse.
0	4	0	„	for a pony.
1	0	0	„	for a four-wheeled carriage.
0	8	0	„	for a two-wheeled carriage.
0	2	0	„	for a cart.

5.—Upon all buildings and workshops not being habitations at a rate not exceeding 1 anna per month (per 100) square feet.

6.—Buildings devoted to religious purposes shall be exempted from taxation.

10. At the commencement of every year a list of horses and conveyances and of the houses, showing the names of the owners and the amount assessed upon each, shall be prepared under the superintendence of the Commissioners and shall be signed by the Chairman, or in his absence by the Vice-Chairman. The day on which such list is published shall be notified by beat of drum and notice affixed at the Municipal Office or elsewhere. The inhabitants shall have access to this list at the office, and any person who has reason to complain shall make known his complaint to the Commissioners in writing within fifteen days of the publication. The complainant shall attend at the next monthly meeting of the Commissioners, when any objection he may urge shall be heard and taken into consideration. Should the complainant fail to appear, the Commissioners shall enquire into the merits of the written complaint. The decision arrived at by that meeting shall in any case be final.

11. After the completion of the list, and on the expiration of the term of fifteen days provided for in the foregoing section, no objection to the amount assessed will be admitted as a right, but it shall nevertheless be competent to the Commissioners at any time to alter, diminish, or remit the amount of tax leviable from any rate-payer, when satisfied after due enquiry that any change in his pecuniary circumstances renders such a change, diminution, or remission just and necessary.

12. It shall be competent for the Commissioners at any time during the year to assess, in the manner above mentioned, any person who shall come to reside within the town.

13. It shall be competent for any person or company wishing to compound for any of the above taxes, either by the month or year, to do so with the consent of, and at the rates agreed to by, the Commissioners.

For regulating the time and mode of collecting the rates and taxes.

14. The taxes shall be collected by officers appointed by the Commissioners, and shall be payable quarterly in *advance*. Any person neglecting to pay the amount due for any quarters within the first month of that quarter, notwithstanding that such amount shall have been demanded of him on behalf of the Commissioners, shall be deemed a defaulter, and be dealt with according to the provisions of the Act.

15. Every officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the municipality and the signature of the Chairman. Every collecting officer at the time of demanding payment shall be bound to show his certificate if required.

16. Every person required in writing to furnish any schedule or return, which the Commissioners may lawfully require him to furnish, shall send such schedule or return to the office of the Commissioners within one week from the date of the service of the requisition in the manner described in section 367 of the Act.

17. Payment of purchase-money for property sold and delivery of the property shall be made immediately after the sale, and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer at his discretion to sell the property again on the same or any other day, and the first purchaser shall in such cases be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

18. All moneys and Government securities deposited by the officers and servants entertained under this Act shall be transmitted to the Collector of the district for safe custody, to be repaid by him on the duplicate receipt of the Chairman, countersigned by the Vice-Chairman, except sums under one hundred rupees, which may be paid on the signature of the Vice-Chairman alone.

19. The proceeds of all collections and fines under these rules shall be daily remitted to the Collector of the district to be held in deposit by him, and to be repaid by him from time to time according to the requirements of the Commissioners on the duplicate receipt signed by the Chairman or Vice-Chairman, as the case may be; no payment shall be made to any one for work done, which has not been sanctioned by the Commissioners at a meeting. A book showing the daily transaction of all receipts and disbursements shall be kept by the clerk or any other officer appointed by the Commissioners, to be placed before the Committee meeting monthly for examination and for countersignature of the Chairman or Vice-Chairman.

20. An annual account of all receipts and disbursements, and of the demands, collections, and outstanding arrears of taxes shall be submitted to the Government on the last day of April in every year.

21. To ensure the due application of the proceeds of the taxes, &c., no new work shall be commenced, except under the authority of a resolution passed at a meeting of the Commissioners. Estimates of works which shall cost Rs. 3,000 and upwards shall be prepared and submitted to Government for approval, prior to execution of such work or works. A statement of works executed by the Commissioners during the year shall be submitted to Government annually.

22. The following are defined to be nuisances in Jamalpore and are accordingly hereby prohibited:—

1.—Slaughtering cattle or cleaning any carcass on any road, street, or thoroughfare.

2.—Furious driving or riding on any public road.

3.—Obstructing passengers by keeping or leaving any cattle or conveyance of any kind standing longer than requisite on any public road, so as to cause inconvenience to the inhabitants.

4.—Throwing or laying down on the street any dirt, filth, rubbish, or any stone or building materials, or constructing any cow-shed, stable, or the like, open to any thoroughfare, or causing any offensive matter to run into the road from any house, factory, dung-heap, or the like, without having previously obtained the sanction of the Commissioners in each case.

5.—Exposing any goods for sale on the roads, except in places provided for by the Commissioners.

6.—Being found drunk or incapable in any public place.

7.—Wilful and indecent exposure of the person, or of any offensive deformity or disease, all easing of nature in public places, or bathing or washing in any tank or reservoir not being set apart for that purpose.

8.—Neglect to fence in, repair, and duly protect any well, tank, or any other dangerous places or structure.

9.—Keeping or driving elephants anywhere within the limits of the town without permission of the Commissioners.

10.—Refusal or neglect on the part of any proprietor or occupier of land to cut the boughs of the trees growing on such land or overhanging any public road, or to cut down jungle growing on such land after being required to do so in writing by the Commissionerers.

11.—Stopping any public water-course or drain, so as to obstruct the free passage of water.

12.—Refusal or neglect to put into a wholesome state any private tank, privy, drain, or other excavation, after being required to do so in writing by any Commissioner.

13.—Erecting or keeping any privy or urinal within ten yards of any public road.

14.—Quarrying kunker, or cutting timber or grass, or damaging trees on public ground without the sanction of the Commissioners, or defacing the blocks

on which the names of any road or street are engraved, or any boundary pillar.

15.—Selling or exposing for sale, as fit for human food, any putrid or diseased animal substance.

16.—Any person who commits within the station of Jamalpore any nuisance as defined in the foregoing rules, shall be punishable by a fine not exceeding Rs 50, and in case of continuing a nuisance after due notice in writing by any one of the Commissioners, by a fine not exceeding Rs 5 for every day during which a nuisance is continued.

For regulating the disposal of offensive matter and dead bodies of animals.

23 Every person within whose premises any animals may die, shall within four hours after its death, or if death occurs at night within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the Conservancy Inspector of the division within which such premises may be situated and in such latter case shall pay to the said inspector the expense of removing the carcass at such rate as the Commissioners may determine, and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners No Conservancy Inspector when called upon shall neglect to remove a carcass

The penalty for infringement shall be a fine not exceeding Rs 10

24. No person shall deposit or cause to be deposited any carcass or any part of a carcass in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass

The penalty for infringement shall be a fine not exceeding Rs. 10.

For the regulation and management of privies.

25. Every owner or occupier of any house, land or premises from which offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the municipality to his house, land, or premises for the removal of the night-soil or filth within such hours as may have been fixed by the Municipal Commissioners

The penalty for infringement shall be a fine not exceeding Rs. 5.

26 Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable moveable receptacle of metal or earthenware

The penalty for infringement after notice shall be a fine not exceeding Rs. 20.

27 On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises in or on which any well-privy, or other noxious or improperly constructed privy may be situated, shall fill up, close, or otherwise alter the construction of the said privy, as may be directed in the notice, and if the orders contained in the notice be not carried out within fifteen days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners

28. No owner or occupier of any house, land, or premises in or on which any privy may be situated, shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow or excavation (or any place containing waste and stagnant water), or into any other receptacle but one of the nature described in rule No. 26.

The penalty for infringement shall be a fine not exceeding Rs. 20

29. No person shall throw, deposit, or discharge night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course, or receptacle for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs 20

30. No person shall carry night-soil through the streets otherwise than in a closely covered receptacle of such description and pattern as shall be required from time to time by the Municipal Commissioners, and between such hours as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs 5

For regulating traffic in the streets.

31 Every carriage or cart plying on the streets after one hour after sunset shall carry a light or lights.

The penalty for infringement shall be a fine not exceeding Rs. 5.

For regulating or prohibiting the use of fire-balloons, fireworks, fire-arms, or missiles in the vicinity of public roads.

32. No person shall let off any fire-balloons, fireworks, fire-arms, or any missile in or near a public street without the consent of the Municipal Commissioners previously obtained. For the purposes of this rule the Chairman or Vice-Chairman shall be empowered to signify the consent of the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

GENERAL BYE-LAWS.

33. No person shall put or cause to be put on any house or other building any spout or other thing intended for the conveyance or discharge of water, which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare.

The penalty for infringement shall be a fine not exceeding Rs. 5.

34. No person shall construct or place over, or by the side of, any public drain any bridge, platform, building, or structure of any kind, except by and with the written permission of the Commissioners, and in such manner as they shall direct.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 3 daily.

35. If any house, wall, or other erection, or any part thereof, fall upon any public highway, or into any public drain, the owner of such house, wall, or erection shall remove it after notice within the time prescribed by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

36. No person shall prepare any channel, or convey water by any channel, across any public thoroughfare, except in such manner as shall have been first approved by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be fine not exceeding Rs. 2 daily.

37. No person shall steep in any tank or ditch within municipal limits any jute, hemp, or other vegetable matter likely to render the water of such tank or ditch offensive or noxious to the neighbourhood.

The penalty for infringement shall be a fine not exceeding Rs. 5.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 2 daily.

38. No person shall, without the written permission of the Commissioners, set up any obstruction in any nullah or water-course, and the Commissioners may order the removal of any such obstruction on grounds of public health.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 4 daily.

39. No person shall let loose, or cause or allow to be let loose, or allow to get loose, any diseased or worn-out animal on any highway.

The penalty for infringement shall be a fine not exceeding Rs. 20.

40. No person shall bury or cause to be buried in any burial ground any corpse or part of a corpse in a grave not constructed of masonry which shall be less than 5 feet deep.

The penalty for infringement shall be a fine not exceeding Rs. 10.

41. No person shall build or dig, or cause to be built or dug, any grave in any burial ground at a less distance than three feet from any other existing grave; or burn or bury dead bodies within the precincts of the town, except in places regularly provided for the same.

The penalty for infringement shall be a fine not exceeding Rs. 20.

42. No person shall build or dig, or cause to be built or dug, a grave in any burial place in any other line than that marked out by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 20.

43. No grave once used shall be opened for the burial of another body without the permission of the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 20.

44. No person, when burning or causing to be burnt any corpse or part of a corpse in any burning ground or ghât, shall permit the same or any part thereof to remain without being completely reduced to ashes, or shall permit the clothes or other articles connected with the burning of such corpse to remain at or near such burning ground or ghât, unless the same be completely reduced to ashes.

The penalty for infringement shall be a fine not exceeding Rs. 20.

45. No person shall carry a corpse or part of a corpse through any highway, unless it be decently covered and totally concealed from public view.

The penalty for infringement shall be a fine not exceeding Rs. 10.

46. No person shall picket animals, or collect carts, or form any encampment upon any public ground without the permission of the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

47. No person shall allow any pigs to be at large or keep them otherwise than in closed styes.

The penalty for infringement shall be a fine not exceeding Rs. 5.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 2 daily.

48. No person shall perform any office of nature in any place outside private premises other than such as may have been appointed by the Commissioners, provided that such places have been set apart by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

49. No rule shall be amended or rescinded, and no new rule shall be made, except at a meeting of the Commissioners convened expressly for the purpose: and each Commissioner shall be informed of the nature of the amendment, or of the rule to be rescinded, or of the new rule to be made, as the case may be, at least one week previous to the date on which the meeting is held.

NOTIFICATION.

The 11th June 1878.—The following bye-laws framed by the Commissioners of the Municipality of Kendrapara, in the district of Cuttack, under section 313 of the Bengal Municipal Act, 1876, have been approved, and the penalties declared by the said Commissioners under section 315 for breaches thereof have been sanctioned by the Lieutenant-Governor of Bengal in the exercise of the powers conferred on him by sections 314 and 315 of the said Act. The bye-laws are now published for general information.

For Regulating the Disposal of Dead Bodies of Animals.

1. Every person within whose premises any animal may die shall, within four hours after its death, or, if death occurs at night, within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the town head-constable or town clerk, and in such latter case shall pay to the said head-constable or town clerk the cost of removing the carcass at such rate as the Commissioners may determine; and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. The town head-constable and the town clerk, when called upon, shall not neglect to remove a carcass.

The penalty for infringement shall be a fine not exceeding Rs. 5.

General Bye-laws.

2. No person shall put or cause to be put on any house or other building any spout or other thing intended for the conveyance and discharge of water which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare.

The penalty for infringement shall be a fine not exceeding Rs. 5.

3. No person shall prepare any channel or convey water by any channel across any public thoroughfare except in such manner as shall have been first approved by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 5.

4. No person shall let loose, or cause or allow to be let loose, or allow to get loose, any diseased or worn-out animal on any highway or any place whence such animal can escape into any highway.

The penalty for infringement shall be a fine not exceeding Rs. 5.

5. No person shall bury, or cause to be buried, in any burial ground, any corpse or part of a corpse in a grave which shall be less than five feet deep.

The penalty for infringement shall be a fine not exceeding Rs. 10.

6. No one shall carry a corpse or part of a corpse through any highway unless it be totally concealed from public view.

The penalty for infringement shall be a fine not exceeding Rs. 10.

7. Within the limits of the town no person shall wash clothes or steep any jute, hemp, bamboos, or other vegetable substance in the Gobree canal.

The penalty for infringement shall be a fine not exceeding Rs. 10.

8. No one shall let off any fire-balloons, fire-works, fire-arms or any missile in or near a public street without the consent of the Commissioners previously obtained.

The penalty for infringement shall be a fine not exceeding Rs. 10.

9. No corpse shall be burned on any land other than that set apart by the Municipal Commissioners for that purpose.

The penalty for infringement shall be a fine not exceeding Rs. 20.

D. BARBOUR,
Offg. Secy. to the Govt. of Bengal.

[Third Publication.]

NOTIFICATION.

The 11th June 1878.—The following bye-laws framed by the Commissioners of the Municipality of Jajpore, in the district of Cuttack, under section 313 of the Bengal Municipal Act, 1876, have been approved, and the penalties declared by the said Commissioners under section 315 for breaches thereof have been sanctioned by the Lieutenant-Governor of Bengal in the exercise of the powers conferred on him by sections 314 and 315 of the said Act.

The bye-laws are now published for general information :—

For Regulating the Time and Mode of Collecting Taxes.

1. Every officer authorized to grant receipts shall be provided with a certificate of his authority to collect, and every such certificate shall bear the seal of the Municipality and the signature of the Chairman. Every collecting officer at the time of demanding payment shall be bound to show this certificate if required.

2. Every person required in writing to furnish any schedule or return which the Commissioners may lawfully require him to furnish shall send such schedule or return to the Office of the Commissioners within one week from the date of the service of the requisition in the manner described in section 367 of the Act.

3. Payment of purchase-money for property sold and delivery of the property shall be made immediately after the sale, and if the purchaser fail to pay the full amount of his bid, it shall be lawful for the distraining officer, at his discretion, to sell the property again on the same or any other day, and the first purchaser shall in such case be responsible to the Commissioners for any loss, which shall be recoverable as a debt due to them.

For Regulating the Conduct of Persons employed by the Commissioners.

4. All persons employed by the Commissioners, whose services may be no longer required, shall be liable to discharge after receipt of previous notice, or pay in advance for the period of one month, and no such person shall withdraw from the duties of his office without having given previous notice for the period of one month on pain of forfeiture of one month's salary.

5. All persons now holding or who may hereafter be appointed to any office under the Commissioners shall, when required so to do, furnish good security to such amount as the Commissioners may from time to time fix; and any person failing to furnish such security within reasonable time, or within such time as the Commissioners may appoint, shall be held to have thereby forfeited his appointment and may be removed from office.

For Regulating the Disposal of Offensive Matter, Rubbish, and Dead Bodies of Animals.

6. Every person within whose premises any animal may die shall, within four hours after its death, or, if its death occurs at night, within two hours after daylight, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the conservancy overseer of the division within which such premises may be situated, and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine; and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expenses, and such expense shall be recoverable as a debt due to the Commissioners. No overseer when called upon shall neglect to remove a carcass

The penalty for infringement shall be a fine not exceeding Rs. 10.

7. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass.

The penalty for infringement shall be a fine not exceeding Rs. 10.

8. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool into any river, tank, khal, water-course or receptacle for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For Regulating Traffic in the Streets.

9. Every carriage or cart passing through the streets between one hour after sunset and one hour before sunrise shall carry a light.

The penalty for infringement shall be a fine not exceeding Rs. 10.

10. No person shall, without the permission of the Commissioners, take an elephant or camel along any of the public roads within the limits of the Municipality except by such routes as shall be fixed for the purpose by the Municipal Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

For regulating or prohibiting the use of fire-balloons, fireworks, fire-arms or missiles in the vicinity of the public roads.

11. No one shall let off any fire-balloons, fire-works, fire-arms, or any missile in or near a public street without the permission of the Municipal Commissioners, or except within certain hours prescribed by the Chairman.

The penalty for infringement shall be fine not exceeding Rs. 10.

General Bye-laws.

12. No person shall so extend the slope of the roof of any house, or cause to be put on any house or other building any spout or other thing intended for the conveyance and discharge of water which shall be so placed that the water discharged therefrom shall be

thrown or fall upon any public road or thoroughfare, and the Commissioners shall have power to take down and alter any such projection or other thing now or hereafter in existence, and to recover the costs as a debt due to the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

13. No person shall construct, or place over, by the side of any public drain any bridge, platform, building, or structure of any kind, except by and with the written permission of the Commissioners, and in such manner as they shall direct.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

14. If any house, wall, or other erection, or any part thereof, fall upon any public highway, or into any public drain, the owner of such house, wall, or erection shall remove it after notice within the time prescribed by the Commissioners.

The penalty for default shall be a fine not exceeding Rs. 10.

The penalty for continued default after notice shall be a fine not exceeding Rs. 5 daily.

15. No person shall prepare any channel, or convey water by any channel, across any public thoroughfare, except in such manner as shall have been first approved by the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

16. No person shall steep in any river, khal, tank, or ditch within municipal limits any jute, hemp, bamboos, or other vegetable matter likely to render the water of such river, khal, tank, or ditch offensive or noxious to the neighbourhood.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

17. No person shall, without the written permission of the Commissioners, set up any obstruction in any nullah or water-course, and the Commissioners may order the removal of any such obstruction erected without such permission.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

18. The owner or occupier of any part of the bank of any nullah or water-course shall keep it free from filth, dense vegetation, or other obstruction, and shall at all time allow the Commissioners, or any of their servants duly authorized, to have access to such nullah or water-course for any purpose of public conservancy.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for continued infringement after notice shall be a fine not exceeding Rs. 5 daily.

19. No person shall bury, or cause to be buried, any corpse or part of a corpse in any burial ground in a grave constructed of masonry in such manner that the top of the coffin, or the body where no coffin is used, shall be at a less depth than six feet from the surface ground.

The penalty for infringement shall be a fine not exceeding Rs. 10.

20. No person shall bury, or cause to be buried, in any burial ground, any corpse or part of a corpse in a grave not constructed of masonry which shall be less than six feet deep.

The penalty for infringement shall be a fine not exceeding Rs. 10.

21. No person shall build or dig, or cause to be built or dug, a grave in any burial place at a less distance than two feet from any other existing grave.

22. No grave once used shall be opened for the burial of another body without the permission of the Commissioners.

The penalty for infringement shall be a fine not exceeding Rs. 10.

23. No one shall carry a corpse or part of a corpse through any highway unless it be decently covered and concealed from public view.

The penalty for infringement shall be a fine not exceeding Rs. 10.

24. No person, when burning or causing to be burnt any corpse or part of a corpse in any burning ground, shall permit the same, or any part thereof, to remain without the flesh thereof being completely consumed to ashes, or shall permit the bones, clothes, or other articles connected with the burning of such corpse to remain at or near such burning ground unless the same be completely reduced to ashes.

The penalty for infringement shall be a fine not exceeding Rs. 10.

25. No person shall picket animals, or collect carts, or form any encampment upon any public ground without the permission of the Chairman.

The penalty for infringement shall be a fine not exceeding Rs. 10.

The penalty for infringement after notice shall be a fine not exceeding Rs. 5.

D. B. HORN,

Asst. Secy. to the Govt. of Bengal in the P. W. Dept., Irrigation Branch.

HIGH COURT NOTICES.

Circular Order issued by Authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 22, *dated the* 8*th June* 1878.

A question having been raised as to whether a separate charge should be made for each copy to be served of the rules, notices, proclamations, injunctions, &c., specified in Article 5, Part I, and Article 7, Parts II, III, and IV of Rule I of the rules, dated 6th February last, issued under Clause I, Section 20, of the Court Fees Act of 1870, the Court are pleased to rule that such separate charge must be made, except in the case of rules, notices, &c., addressed to parties to the suit. When they are addressed to such parties, the charge should be made in accordance with the principle applied in the case of summons to defendants in Article 1, Parts I, II, III and IV, respectively.

No. 23, *dated the* 15*th June* 1878.

As inconvenience and danger to the public are likely to arise from the arrest under civil process of railway servants unless such previous notice be given as may enable measures to be taken to provide for the proper performance of their duties, the Court are pleased to direct that all warrants issued by any civil court subject to its superintendence, in the Lower Provinces and Assam, for the arrest of railway servants, be entrusted for execution to a selected peon, who shall, if he find on proceeding to execute the warrant that the immediate arrest of the railway servant would occasion risk or inconvenience, make all arrangements necessary to prevent escape, and defer removing the person arrested from his post for at least twenty-four hours, giving immediate notice of the arrest to the nearest Station Master.

In the High Court of Judicature at Fort William in Bengal.

NOTIFICATION.

Dated the 13*th June* 1878.

The following alterations are hereby made by the High Court in the rules dated 12th September 1874, drawn up in accordance with section 4, Act XX of 1865, for the qualification, admission, and enrolment of pleaders and mookhtears in the mofussil:—

In rule 6, clause 2nd, *for* "produced," *read* "shall produce."

To rule 13, after the words "necessary documents and papers," *read* "in original, and with the receipt of the officer in charge of a Government treasury for at least one-half of the fee required previous to examination by rule 22."

In rule 16, after the words "to be examined" *read* "balance of" and *for* "10," *read* "15."

Sheriff's Office, the 5th June 1878.

NOTICE is hereby given that the Sixth Criminal Sessions of the year 1878, of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William and the places subordinate thereto, will be holden at the Court-house, in the Town of Calcutta, on Wednesday, the third day of July next, at 11 o'clock in the forenoon, and so on from day to day until the said Session be over. And it is hereby proclaimed that all persons who will prosecute any of the prisoners to be brought up for trial at the said Sessions be then and there to prosecute.

NOTIFICATIONS.—MINT AND CURRENCY.

Simla, the 14th June 1878.

No. 1024.—The following Resolution and the Revised Rules are published for general information:—

Read again—

Financial Resolution No. 66, dated 19th April 1878, promulgating rules for the issue and payment of Assay certificates.

RESOLUTION.—The Governor-General in Council observes that although no mention was made of *gold* in the Resolution of 19th April 1878, yet it is necessary to deal alike with gold and silver in the matter of assay certificates. Accordingly in the exercise of the powers conferred on him by the Indian Coinage Act, 1870, His Excellency, in Council is pleased to direct that the following alterations be made in Rule 1 of the Rules published in that Resolution:—

After "as per Form A" insert in "in the case of silver, or in an appropriate form in the case of gold."

And after "net produce of silver" insert "or gold."

In the exercise of the powers conferred by the Indian Coinage Act, 1870, and the Indian Paper Currency Act, 1871, and of all other powers enabling him in this behalf, the Governor-General in Council is pleased to make the following rules:—

1. Certificates from the Assay Master, as per Form A in the case of silver, or in an appropriate form in the case of gold, shall be issued by the Mint Master under Section 24 of the said Indian Coinage Act, 1870, for the net produee of silver or gold bullion or coin delivered into the mint on and after Monday, the 27th November 1876. and shall be payable twenty-one days after the date thereof, if issued by the Mint Master at Calcutta, at the Bank of Bengal, and if issued by the Mint Master at Bombay, at the Bank of Bombay.

2. The holders of certificates granted under Section 14 of the said Indian Paper Currency Act, 1871, shall be entitled to receive the amount of notes or of notes and cash stated therein, on demand at the Office of Issue.

3. Persons wishing to obtain, under the Indian Paper Currency Act, 1871, promissory notes of the Government of India in exchange for silver bullion or foreign silver coin, may tender the same to the Mint Master on behalf, in Calcutta, of the Head Commissioner, and in Bombay, of the Commissioner of the Department of Issue, in the Form B hereto annexed.

4. The Mint Master shall prepare, in Form C hereto annexed, and countersign a certificate of the value of such bullion or coin calculated at the rate prescribed in section 11 (*b*) of the said Indian Paper Currency Act. The Head Commissioner or Commissioner (as the case may be) of issue, or any Gazetted Officer subordinate to him to whom he may delegate such authority. shall then sign the certificate and return it to the Mint Master for delivery to the person making the tender.

5. No bullion or coin tendered under these Rules shall be withdrawn by the tenderer unless he is dissatisfied with the assay.

6. The Head Commissioner or Commissioner (as the case may be) shall periodically, pay to the Mint Master out of the coin reserve of the Department of Issue one rupee per mile on the standard value of the bullion or coin for which certificates in the said Form C may have been issued.

7. Bullion or coin tendered under these rules shall not be coined, except with the written sanction of the Head Commissioner or Commissioner (as the case may be) of issue, or any Gazetted Officer subordinate to him to whom he may delegate such authority.

8. Before the Mint Master uses such silver for coinage, he shall in the Form D issue a certificate signed by the Assay Master under Section 24 of the said Indian Coinage Act, 1870, in favor of the Head Commissioner or Commissioner (as the case may be), of the Department of Issue, for the net produce of the bullion or coin at the rate of ninety-eight rupees per eighteen thousand grains of standard fineness.

Section 105 (page 57).

Insert the following as Rule 2 under this Section :—

By an order of the Government of Bombay based on certain proposals for the establishment of a Superannuation Fund for the Police Force of the City of Bombay, by the Local Government submitted to the Government of India in letter No. 43, dated 16th June 1857, it was ruled that all policemen belonging to the City Police Force who had served the full time for pension in the force should, on being invalided, be admitted to the benefits of the Superannuation Fund on paying up their subscriptions for the full time. Under the operation of this rule, service in the Bombay City Police before the establishment of the Superannuation Fund counts towards pension under the rules of the Fund on the officer's paying the arrears of subscriptions for the full period of his service in the Police Force. This privilege applies only to Police Officers whose pensions are determined according to the rules of the Superannuation Fund of the Bombay City Police, and not to any officers whose pensions are granted in accordance with the rules prescribed in Chapters XI, XII and XIII for the calculation of pensions for superior service.

The Calcutta Gazette.

WEDNESDAY, JUNE 26, 1878.

PART II.

Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette, cannot be received after Noon on Monday.]

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Furreedpore, will be put up to sale at the Furreedpore Collectorate on Thursday, the 27th June 1878, corresponding with 14th Ashur 1285 Bengali year.

The purchasers will be subject to the following conditions of sale :—

CONDITIONS OF SALE.

1st.—The estate to be sold to the highest bidder above the upset price. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force ; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance is not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government) and the estate to be again put up to sale at the risk of the defaulting purchaser, after the issue of advertisement as in the case of original sale.

5th.—The sale will have effect from 1st April 1878 as regards the estates Nos. 1116, 4057, and 6273, and from 1st April 1879 as regards estates Nos. 6276 and 6277.

Simla Water-Supply Works.

NOTICE TO CONTRACTORS.

TENDERS are hereby invited for the construction of the Simla Water-Supply Works including all materials necessary for the same.

The Drawings, Specifications and Estimates of the works may be seen daily from 11 till 4 o'clock, Sundays and holidays excepted, at undersigned's office.

Forms of Tender with schedules of quantities of works, and two specifications comprising the conditions under which the contract works are to be executed, can be obtained from undersigned on remitting twenty rupees in advance payment thereof.

The contractor whose tender may be accepted will have to take over at a valuation any specified works which may be in progress by Government Agency at date of his Tender's acceptance. The valuation will not exceed the cost of work executed at estimated rates.

The lowest or any tender will not necessarily be accepted.

No Tender will be entertained except it be on the approved Form.

Tenders are to be forwarded to undersigned in registered covers superscribed "Tender for Simla Water-Supply Works" so as to reach him not later than 20th August 1878.

WM. SMITH, C.E., *Supdg. Engr.*,
SIMLA, 20th May 1878.. *Simla Imperial Circle.*

On Tuesday, the 11th day of June instant, it was ordered that Tuesday, the 6th day of August next, be appointed for the further hearing of this matter, and that unless cause be shewn to the contrary on that day the said Insolvents be discharged personally as well as to their after acquired property from all liabilities for debts, claims, and demands of and against the said Insolvents at the time of the filing of their petition for relief.

Pittar and Wheeler, *Attorneys*.

IN the matter of BHOOBUN MOHUN BONNERJEE AND BENODEBEHARRY BONNERJEE, Insolvents.

On Tuesday, the 4th day of June instant, it was ordered that Tuesday, the 2nd day of July next, be appointed for the hearing for proof of claims in this matter, and it was further ordered that the creditors of the said Insolvents do, on or before the 25th day of June instant, file in the office of the Chief Clerk of this Court a statement of their respective claims against the estate of the said Insolvents duly verified by affidavit, and that the Chief Clerk do form a schedule from the claims so to be filed.

Dignam and Robinson, *Attorneys*.

IN the matter of FRANCIS JOSEPH MURPHY, of No. 41, Elliott Road, in the town of Calcutta, carrying on business in the same place as Chemist and Druggist under the name and style of F. J. Murphy and Co., an Insolvent.

Notice that the petition of the said Insolvent seeking the benefit of the Act XI Vic., Chap. XXI, was filed in the office of the Chief Clerk on Saturday, the 15th day of June instant, and by an order of the same date the estate and effects of the said Insolvent were vested in the Official Assignee.

M. Camell, *Attorney*.

IN the matter of BEERCHUND COONDOO, GOSSAIN DOSS COONDOO, and KHETTER MOHUN SEIN, Insolvents.

On Wednesday, the 3rd day of April last, by an order of this court the said Insolvents were adjudged entitled to their personal discharge under the Act XI Vic., Chap. XXI, as to all persons named in their schedule as creditors or claiming to be creditors respectively.

Pittar and Wheeler, *Attorneys*.

IN the matter of MALCOLM NIERSES, who carried on business at No. 25, Canning Road, Allahabad, in the North-Western Provinces, as Merchant, Auctioneer and Commission Agent, under the name and style of M. Nierses and Co., and at Calcutta, in purchasing goods for his said firm as well personally as through agents, but at present of No. 12, Meredith's Lane, in the Town of Calcutta, an Insolvent.

Notice that the petition of the said Insolvent seeking the benefit of the Act XI Vic., Chap. XXI, was filed in the office of the Chief Clerk on Friday, the 21st day of June instant, and by an order of the same date the estate and effects of the said Insolvent were vested in the Official Assignee.

Swinhoe, Law and Co., *Attorneys*.

IN the matter of BHOOBUN BONNERJEE and BENODEBEHARY BONNERJEE, Insolvents.

Notice that an application for an *ad interim* protection order has been this day made by the said Insolvent Benodebehary Bonnerjee, and that such application will be heard and disposed of by the Acting Commissioner of the Insolvent Court on Tuesday, the 2nd day of July next, at the hour of ten o'clock in the forenoon.

☞ *Any creditor of the said Insolvent Benodebehary Bonnerjee desirous of opposing such application must appear before the said Court at the time and place aforesaid.*

Pittar and Wheeler, *Attorneys*.

IN the matter of BROJOGOPAUL BYSACK, late of No. 327, Chitpore Road, in the Town of Calcutta, inhabitant, but now a prisoner for debt in the Presidency Gaol of Calcutta, an Insolvent.

Notice that the petition of the said Insolvent seeking the benefit of the Act XI Vic., Chap. XXI, was filed in the office of the Chief Clerk on Tuesday, the 18th day of June instant, and by an order of the same date the estate and effects of the said Insolvent were vested in the Official Assignee.

A. St. John Carruthers, *Attorney*.

IN the matter of BROJOGOPAUL BYSACK, an Insolvent.

On Tuesday, the 18th day of June instant, it was ordered that the matters of the petition of the said Insolvent be heard on Tuesday, the 6th day of August next, and that the said Insolvent do then attend to be examined before the said Court.

A. St. John Carruthers, *Attorney*.

IN the matter of GEORGE COLE, an Insolvent.

On Thursday, the 13th day of June instant, it was ordered that the matters of the petition of the said Insolvent be heard on Tuesday, the 6th day of August next, and that the said Insolvent do then attend to be examined before the said Court.

H. R. Fink, *Attorney*.

IN the matter of BROJOGOPAUL BYSACK, an Insolvent.

Notice that an application for an *ad interim* protection order has been this day made by the said Insolvent, and that such application will be heard and disposed of by the Acting Commissioner of the Insolvent Court on Tuesday, the 2nd day of July next, at the hour of ten o'clock in the forenoon.

☞ *Any creditor of the said Insolvent desirous of opposing such application must appear before the said Court at the time and place aforesaid.*

A. St. John Carruthers, *Attorney*.

IN the matter of JOHN DINGWALL FORDYCE HARVEY, an Insolvent.

On Wednesday, the 12th day of June instant, it was ordered that the hearing of this matter do stand adjourned until Tuesday, the 2nd day of July next, and this Court doth hereby make this *ad interim* protection order

for the protection of the said Insolvent from arrest to take effect from the date hereof in respect of all the debts and liabilities mentioned in the schedule of the said Insolvent filed in this Court, which protection shall continue in force until the said 2nd day of July next, and that the said Insolvent do then attend to be examined before the said Court.

G. Gregory, *Attorney.*

Chief Clerk's Office, the 24*th day of June* 1878.

New Criminal Procedure Code.

OFFICERS under the Bengal Government who wish to have copies of the New Criminal Procedure Code *on sale*, are requested to apply to the Superintendent of Government Printing, Calcutta.

Notes on Forestry.

BY C. F. AMERY

Deputy Conservator, Forests N. W. Provinces

THIS little work published with the approval of the Government of India treats of the general principles of forest management in all its branches, and is recommended not only to forest officers, but to all who are interested in the progress of forest management in this country.

May be obtained of Messrs. King King & Co., Bombay and of Messrs. Wyman & Co., Calcutta. Price, Rs. 3-8 including postage, Rs. 4. Or of the publishers Messrs. Trubner & Co., Ludgate Hill, London. Price five shillings.

The Indian Law Reports.

Published under Authority of the Governor-General in Council.

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series:—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

Terms of subscription, payable annually in advance.

	Without postage	With postage.
For the Calcutta Series .	Rs. 35	Rs. 40
„ Madras Series .	„ 8	„ 9
„ Bombay Series	„ 8	„ 9
„ Allahabad Series	„ 8	„ 9
Complete set .	45	„ 50

The Price of each part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

	Rs.	A.
For a part of the Calcutta Series ..	3	8
„ „ Madras Series ..	1	0
„ „ Bombay Series ...	1	0
„ „ Allahabad Series ...	1	0
Complete set ...	4	0

Persons desiring to subscribe for or purchase the Reports, should apply to—

Messrs. Thacker, Spink and Co., Calcutta;
„ Thacker, Vining and Co.,
„ Higginbotham and Co., Madras;
The Government Central Book Depôt, Bombay.
The Government Book Depôt, Allahabad.

PUBLIC WORKS DEPARTMENT,—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION.

No. 138.

Dated the 24th June 1878.

UNDER Section 89 of Act X (B.C.) of 1871, the following annual accounts and reports of the Road Cess Committees of Patna, Gya, Shahabad, Mozufferpore, Durbhunga, Sarun, and Chumparun, of works done and in progress during the past cess year 1876-77, together with the remarks thereon of the Commissioner of the Patna Division, are published for general information.

T. H. WICKES, C.E.,

Officiating Assistant Secretary to the Government of Bengal in the Public Works Department.

No. 242L-D, dated Camp Musoori, the 9th—Issued 12th—February 1878.

From—G. Toynbee, Esq., Chairman, District Road Cess Committee, Patna,

To—The Commissioner of the Patna Division.

I HAVE the honor to forward the annual accounts of the income and expenditure of the Patna District Road Cess Committee for the road cess year beginning 1st October 1876 and ending 30th September 1877, together with the District Engineer's explanatory memorandum thereon.

2. As this is the first complete year of the Committee's management of the road cess funds, I have endeavoured to give, by the light of the experience I have gained during my present cold weather tour, something more than a mere routine review of the figures prepared by the Vice-Chairman; and as I have now seen every road in the Barh and Behar sub-divisions, most of them from end to end, and also some of those in the Sudder and Dinapore sub-divisions, I trust that I may be understood to speak with some knowledge of the actual state of road cess matters, and of the reforms which I consider called for.

3. To understand what I have said further on, it is necessary to bear in mind the physical aspects of the Patna district. Being bounded on the west by the river Sone and on the north by the Ganges, it naturally suffers considerably, as far as its roads are concerned, from the floods and spills of each of these large rivers. Besides this, it is largely intersected in all parts, and especially in the Behar sub-division, by numerous small streams rising in the Gya district, and by innumerable pynes and other irrigation channels and reservoirs.

4. The great lines of traffic naturally run north and south to and from the Gya district from and to the East Indian Railway. Except subsidiary or feeder and inter-district traffic, there is little or none. East and west most of the rivers and reservoirs mentioned in paragraph 3 cross the great north and south lines of communication generally at right angles. The existence of the East Indian Railway embankment enhances the difficulty of dealing with them.

5. These circumstances render the engineering difficulties of providing good roads very considerable, and though Patna may be called, as to its area, a small district, it is certainly from a road cess, and no less from a commercial and general point of view, an unusually large, difficult, and important one.

6. I make these remarks with reference to paragraph 20 of the extract from the proceedings of the Hon'ble the Lieutenant-Governor of Bengal in the Public Works Department (Establishments), under date the 8th March 1875 (No. 1209), which is here reproduced for reference.

"20. In the large districts the District Engineer should have professional education and qualifications equal to those of an Executive Engineer, Public Works Department. In the lesser districts the professional education and qualifications should equal those of an Assistant Engineer, Public Works Department, and those of an Overseer, Public Works Department, will suffice in the small district. In special cases practical efficiency will be taken as an equivalent for the tests laid down."

7. When the expenditure of large sums of public money is concerned, to say nothing of the general claims of the trading and tax-paying community to have their money laid out to the very best advantage, consideration for the interests of individuals must always hold a second place. In this view I consider it my duty to state that I consider the qualifications of the present District Engineer, Baboo Rajendra Nath Roy, whose substantive appointment is that of a Deputy Collector of the lowest grade, and who has only powers of an overseer, to be insufficient for the engineering requirements of this

important district. This officer now draws a salary of no less than Rs. 600 per mensem inclusive of travelling allowance, a sum for which the Committee could doubtless obtain the services of a trained and experienced Engineer with the professional qualifications of an Executive Engineer, Public Works Department.

8. Owing to the limited qualifications of the present District Engineer much extra work and correspondence is thrown on other offices. For, under rules 27 and 30 of the proceedings quoted in paragraph 6, estimates for all original works above Rs. 500, and for repairs above Rs. 1,000, have to go to the Commissioner, and from him to some professional officer for examination and approval.

9. Having pointed out what I take to be the principal direction in which an administrative change is needed, I proceed to examine the results of the year's work as far as they can be gathered from the figures prepared by the Vice-Chairman.

10. Without going into unnecessary detail, they may be analysed thus.

The abstract of receipts shows the income of the year to be chiefly composed of a cash balance of Rs. 22,260, receipts under the Road Cess Act Rs. 80,208, ferries and tolls Rs. 31,226, and miscellaneous Rs. 3,337. The item of ferries and tolls will disappear in future years, as the Bengal Government has resumed its grant of ferry collections, and the Committee contemplate the abolition of the two existing toll-bars during the current year.

The Committee had, for expenditure in the road cess year under review, a total income of Rs. 1,38,154, and their actual cash balance on the 1st October 1877 was no less than Rs. 54,255. Considering the present state of the roads, I think it is a matter of regret that this sum (from which no interest was received, and which therefore remained practically locked up instead of being turned over for the public good) was not expended. But on the other hand, it is far better that it should have been saved for future expenditure on really useful and lasting work than have been spent on mere earthwork repairs done during the dry season (without any provision for turfing) to be washed away the next.

11. The abstract of expenditure shows that the valuation and collecting and Committee's office establishments (with contingencies) cost a sum of Rs. 7,680, and the District Engineer and his establishment (with contingencies) Rs. 11,400; in all Rs. 19,080. Rs. 18,093 were spent on "Original works" and Rs. 45,659 on "Repairs;" in all Rs. 63,752. This gives a percentage of establishment on work of over 29, which is, in my opinion, far too high. (*a*)

The percentage of the District Engineer's establishment on the amount spent is however a little less than 18. Considering how little *skilled* work was done and how much earthwork (to manage which requires honest and constant rather than skilled and scanty supervision), I think even this percentage too high.

12. A more detailed analysis of the expenditure, with a view of showing what *lasting* and useful works the Committee have got for their money, is instructive if not encouraging, to wit:—

Original Works.

	Rs.
(1) A road cess office at Bankipore	6,000
(2) "Raising and improving" one metalled and three unmetalled roads ...	3,385
(3) Opening two new unmetalled roads (*one* of which cost Rs. 8,578) ...	8,630
(4) Surveying and levelling	78
Total...	18,093

Items 2 and 4 can hardly be called "Original works;" they are in reality "repairs;" so that the two great works of the year (both of them useful and good in their way) are items 1 and 3. The work noted as the chief part of item 3 (*viz.* Rs. 8,578) is the change of line on the first 4 miles of the road from Buckhtearpore to Behar, and the raising of this road above the highest flood level. The further progress of this work is at present stopped pending the decision of engineering difficulties, which affect the country generally and the East Indian Railway in particular. The necessity of a good road to Behar is the greatest want of the district: but it would be worse than useless to construct it haphazard and without proper professional advice. Hence the recommendations of the earlier part of my letter.

13. No less a sum than Rs. 45,660 (omitting fractions) has been spent on "Repairs"—Rs. 23,500 on about 25 miles of metalled roads and Rs. 22,159 on about 400 miles of unmetalled roads. Judging from what I have seen of "repairs" done this year, this, the second of the above items, has not been spent to the best advantage, for it was spent without sufficient reference to the requirements of existing traffic and without proper supervision. It was physically impossible that the District Engineer could properly control the expenditure of such a sum spread over a line of about 400 miles or so. A great deal of the earthwork was washed away in the rains for want of turfing, and the contractors and "works establishment" certainly benefited by it more than the general public.

14. The District Committee has now under its consideration a scheme for the reclassification of all the district roads according to their relative importance. The most important lines of traffic will, under this scheme, be taken in hand first, and the Committee's funds and resources concentrated on them until they are in really good order, when they will be kept so all the year round. Less important roads will merely be kept up as fair-weather roads and feeders until funds are available for them. The great want of the district is, as I have said before, a road to Behar, passable at all times of the year—to meet there the metalled road from Nowada to the Gya district.

15. Branch Committees under section 76 and subsequent sections of the Act were formed during the year at Barrh and Behar, but no funds were allotted to them, nor was any work placed under their supervision; they therefore held no meetings. The District Committee held eight meetings during the year.

16. Under the scheme alluded to in paragraph 14 it is contemplated in future to make over two classes of roads (village roads and fair-weather roads) to the complete control of the Branch Committees under section 79 of the Act, and to concentrate the bulk of the funds and of the energies of the engineering staff on the most important roads.

17. No money was set aside for village roads during the year under review, and Government circular No. 32 of the 27th September 1873 was not in the office. Those who pay road cess should regard this circular as their "Magna Charta;" and if its instructions be properly carried out, they will, I feel confident, go far to reconcile the people to the payment both of road cess and of "public." (In the current year's budget a sum of Rs. 10,000 has been set aside for village roads, or being expended on the principles laid down in the circular.)

18. I regret that I cannot report favorably of the District Engineer and his establishment. His idea of engineering apparently consists of throwing up earth one year by means of an army of contractors, &c., to be washed away the next (not being turfed), and then thrown up again by the same means. He does not seem able to grasp the situation, or rightly estimate the necessities of the district. I consider his attainments, as I have said before, unequal to the difficulties of the charge of the district roads under the Committee's management.

19. The work of assessment, which was completed during the year, and of collection, has been very ably and efficiently managed by Deputy Collector Syed Amir Hossein and his establishment. Only half rates were imposed during the year under review, and they have been left unchanged during the current year. I should consider it quite unfair to those who pay road and house cess to ask them to pay a higher rate until arrangements have been made for spending the funds at the disposal of the Committee more for the benefit of the public at large than for that of the contractors who have hitherto done the "repairs" on the district roads.

No. 106, dated Bankipore, the 13th November 1877.

From—BABOO RAJENDRO NATH ROY, District Engineer, Patna,
To—The Chairman, Road Cess Committee, Patna.

WITH reference to section 89 of Act X (B.C.) of 1871, I have the honor to submit herewith my annual report on the work done and in progress at the close of the cess year 1876-77, as also a detailed account of receipts and expenditure of the District Road Fund, duly examined by the Road Cess Sub-Committee consisting of the Vice-Chairman and three members, as prescribed in section 88 of the Act above quoted.

1. The gentlemen who composed the Road Cess Committee during the year under report were—

(1) The Collector of the district as Chairman.
(2) The Senior Covenanted Officer under the Collector as Vice-Chairman.
(3) The Opium Agent of Behar.
(4) The Executive Engineer, Patna.
(5) The Road Cess Deputy Collector.
(6) Syed Lutfali Khan.
(7) Wallayet Ali Khan.
(8) Kouwar Sookraj Bahadoor.
(9) Baboo Sheo Nundun Singh.
(10) Syed Ahir Syud Khan Bahadoor.
(11) Syed Fuzlur Rohman.
(12) Moonshee Esuf Hossein.
(13) Mahomed Ameer.
(14) W. B. Chardon, Esq.
(15) Baboo Jodoo Roy.
(16) „ Sukanund Marwaree.
(17) „ Hurruck Chowdry.
(18) „ Sheo Prosunno Sing.

Seven general meetings were held and two others convened but no quorum obtained. The attendance of many of the members has not been regular, as will be seen from the following statement giving the number of meetings attended by each member during the year:—

(1)	The Chairman	4
(2)	The Vice-Chairman... ...	6
(3)	The Opium Agent, Behar ...	Nil
(4)	Executive Engineer, Patna...	4
(5)	The Road Cess Deputy Collector	7
(6)	Syud Lutfali Khan... ...	1
(7)	Wallayet Ali Khan... ...	4
(8)	Baboo Sookraj Bahadoor ...	4
(9)	„ Sheo Nundun Sing ...	Nil
(10)	Syud Ahir Syed Khan Bahadoor	3
(11)	Fuzlur Rohman	7
(12)	Moonshee Esuf Hossein ...	4
(13)	Mahomed Ameer	1
(14)	W. B. Chardon, Esq. ...	1
(15)	Baboo Jodoo Roy	1
(16)	„ Sukanund Marwaree	1
(17)	„ Hurruck Chowdry ...	1
(18)	„ Sheo Prosunno Sing	1

3. There were Branch Road Cess Committees at Barh and Behar during the year under review, and towards the close of the year a committee for the Dinapore sub-division was sanctioned. No meetings were held by any of these committees. In the budget for the current year provision has been made for allotting to each sub-division a sum for the construction and repair of village roads. This money will be at the disposal of the Branch

Committee, and sub-divisional officers have been requested to consult their respective committees in the expenditure of such sums.

4. The year under report opened with a cash balance of Rs. 22,274-1-8, which, added to the collections, shows a total income of Rs. 1,38,154-10-4. The net expenditure has been Rs. 83,898-13-4 as shewn in the account hereto annexed, leaving a balance at the close of the year to the credit of the District Fund of Rs. 54,255-13. The estimated income for the past year (Rs. 1,31,855) was therefore exceeded by some Rs. 6,000. This was due to a larger balance having occurred in 1875-76 than had been anticipated. In all other items the actuals closely approximated to the estimated receipts. Under the head of Expenditure, it was proposed to disburse Rs 1.29,870, leaving a balance of Rs. 1.985 only, the large actual balance of Rs. 54,255 (after allowing for the extra Rs. 6,000 in receipts) *i.e.*, mainly due to the small expenditure on Original works. Savings were also effected under the heads 'Engineering establishment' (about Rs. 8,000) 'Repairs' and 'Collection establishment' (some Rs. 6,000 each.) The outlay on 'Repairs' though less than the estimate was nearly Rs. 46,000, the balance represents an actual saving under the head "Collection establishment." A sum of Rs. 9,000 was included in the budget against a payment to be made to Government on account of road cess establishment. Only Rs. 3,700 were demanded by Government; the actual and estimated expenditures therefore were nearly equal. The estimate for 'Engineering establishment' was curtailed in consequence of the belief that it was necessary to proceed with caution during the first year of the working of the Road Cess Act, and until the question of the retention of the ferry tolls was finally settled. This also partially accounts for the small outlay on Original works. In further explanation of the low expenditure under the last named head, it may be mentioned that the construction of several important roads had to be postponed, as the Department Public Works refused sanction to the works being undertaken until preliminary survey had been completed. During the present year the full staff of surveyors will be entertained, and the work of these roads taken in hand.

5. There are 12 ferries in this district under the Road Cess Committee yielding an annual income of Rs. 27,545-1-2, as per detailed statement below :—

Names of Ferries.	Name of Sub-division.	Across what rivers.	Amount of annual jumma.	Total for each sub-division.
			Rs. A. P.	Rs. A. P.
Rampore Patala	Dinapore ...	Sone ...	682 12 6	
Hurdee, Chuprah, and Mogurpal... ...	ditto ...	Ganges ...	1,753 12 0	
Sherepore and Daudpore	ditto ...	ditto ...	1,535 0 0	
Nasreegunge...	ditto ...	ditto ...	7,791 0 0	
				11,762 8 6
Chumpta	Barh. ...	ditto ...	2,604 13 4	
Doolarpore	ditto ...	ditto ...	200 0 0	
Mokameh	ditto ...	ditto .	3,366 14 8	
Barh and Benarusi	ditto ...	ditto ...	2,298 5 4	
Mohamudpore and Dhebar	ditto ...	ditto ..	1,628 9 4	
Urthomulgala	ditto ...	ditto ...	375 0 0	
Kurowta	ditto ..	ditto ...	1,558 14 0	
Baykulpore Koortha	ditto ..	ditto ..	3,750 0 0	
				15,783 8 8
			Total ...	27,545 1 2

6. Of the three toll gates, one is situated at Sherepore in the Dinapore sub-division, and one at Phoolwari in the sudder sub-division. These two are still in existence; a third at Futwa in the Barh sub-division has been abolished, and the removal of the other two is contemplated.

7. As regards the works executed, I beg to report that under the head of "Original works" those executed within the year are—

(*a*). *Road Cess Office Building.*—Accommodation for the Road Cess and District Engineer's offices was urgently required as none was available in any of the public offices. This building has therefore been constructed at a cost of Rs. 5,999-15-11.

(*b*). *Repairs.*—The gate of the public serai of Musooree on the Patna and Gya road consists of two masonry pillars with a wooden gate on hinges. One of these pillars was knocked down and has been rebuilt at a cost of Rs. 24-0-3, as a requisition work chargeable against the budget allotment under the head of "Reserve."

(*c*). *Behar to Girrick Road.*—This road was constructed by the Public Works Department some time ago, and is a good broad embanked road bridged throughout except at two places, but the metalling required renewal, which has now been done at a cost of Rs. 825-5-6 chargeable against the budget allotment of Rs. 14,000 under the head of Bucktearpore and Behar road.

(*d*). *Surveying and Levelling Roads in the Eastern Sub-division.*—This was urgently necessary, and was done as a requisition work at a cost of Rs. 20 chargeable against the allotment under the head of "Reserve."

(*e*). *Surveying and Levelling Road from Buchtearpore to Behar.*—This was also done as a requisition work at a cost of Rs. 42-7-9, and charged against the budget allotment under the head of "Reserve."

(*f.*) *Surveying and Levelling the Road from Futwa to Helsa.*—This work was done at a cost of Rs. 15, and charged against the budget allotment under the head of Futwa to Ranibagh road, of which this road is a part.

(*g.*) *Constructing a Temporary Bridge across the Looly Pyne on the Behar and Bucktearpore road.*—This work was constructed at a cost of Rs. 100-11 and charged against the budget allotment for the above road. It was urgently necessary for the convenience of traffic.

(*h.*) *Opening a road from Bucktearpore to Chero.*—The earthwork on this road, about 3¾ miles in length from the Buchtearpore Railway station to Chero, where it joins the Behar and Bucktearpore road, has been completed. The bridges will be taken in hand next year. It is now contemplated to bridge and metal the whole of the road from the Bucktearpore Railway station to Behar, which is an important sub-division of this district. There is already a broad metalled road connecting Behar with Nowada, another important sub-division of the Gya district. This road is intended to supply the last link in the chain of roads joining Hazaribagh and Burhea on the Grand Trunk Road with Bucktearpore on the East Indian Railway. In fact, the distance of Behar where the metalled road now ends was 20 miles from Bucktearpore, but by opening the new road it is now reduced to about 16¼ miles, and if the existing road be re-aligned, a further saving of about 2¼ miles might be effected; so that the total distance will be reduced to about 14 miles only.

(*i.*) *Raising and improving road from Durveshpore to Beckram.*—This road is a short cut about 15 miles long joining the Dinapore cantonments with Bickram *viâ* the Benta station of the East Indian Railway, and has been raised above the flood level at a cost of Rs. 1,468-6 9 against the budget allotment of Rs. 3,900.

(*j.*) *Raising and improving the road from Ekongerserai to Musooree.*—This work has been done for Rs. 990-14-0 against a budget grant of Rs. 2,500. The remainder is saved. This road, 16 miles long, was planned and partially undertaken during the famine of 1873-74, but was subsequently left unfinished for want of funds till the year under report

(*k.*) *Opening a new road from Choonontee Konwa to Khanka.*—This road, 1¼ miles long, was opened at a cost of Rs. 52-6-3 as a requisition work, and charged against the budget grant under the head of "Reserve"

8. Repairs to the existing district roads being considered of primary importance, much attention was paid to them during the year. The repairs consisted of earthwork, levelling, dressing, and renewal of metalling to the following roads, viz. from Behar to Girrick and from Bagjaffurkhan to Futwa, from Meetapore to Sadikpore, from Daoodpore to Monair, and Barh Railway Station to Kutcherry.

The roads that were repaired during the year under report are—

(1.) *The metalled road from Bagjufferkhan to Futwa.*—The traffic on this road (6 miles) is heavy. It was previously metalled, but the coating of metal at places was worn off, and they have been repaired at a cost of Rs. 5,213-14-0 against budget allotment of Rs. 5,844.

(2.) *The metalled road from Meetapore to Sadekpore.*—The traffic on this road, which is 5 miles long, comes mostly for Gya and the south-western portion of this district; it is remetalled for a distance of 2 miles; the remaining portion will be gradually taken in hand as funds are available. A 6-inch coating of metal has been given to this road at a cost of Rs. 6,088-10-2 against budget allotment of Rs. 6,200.

(3.) *Behar to Girrick.*—This is a metalled road 11 miles long and has a brisk traffic over it; the metal in the first 3 miles has been renewed at a cost of Rs. 3,336-0-3 against budget allotment of Rs. 4,700.

(4.) *Barh Railway Station to Kutcherry.*—This is a metalled road with a comparatively light traffic. It is 1½ miles long and joins the Barh Railway station with the sub-divisional Court-house. It has been repaired at a cost of Rs. 1,963-12-3 against a budget allotment of Rs. 2,000.

(5.) *Daoodpore and Monair Road.*—This is a metalled road 9½ miles long joining the Dinapore cantonments with Monair. Once a very flourishing town at the confluence of the Sone and the Ganges. It is now much neglected, as it commands neither railway nor river communication. The work has been executed at a cost of Rs. 6,813-11-11 against a budget allotment of Rs. 8,980.

(6.) *Of the unmetalled roads.—The road from Mokameh Railway station to Ghat.* The earthwork, with levelling and dressing, was executed to this unmetalled road 1¼ miles long at a cost of Rs. 36-3-0 against a budget allotment of Rs. 1,650. It requires metalling urgently, which will be done next year.

(7.) *Barh Railway station to Thanah.*—This unmetalled road is 1½ miles long, and earthwork to it was executed at a cost of Rs. 938-6-9 against a budget grant of Rs. 975, including Rs. 575 taken from the allotment under the head of "Reserve." This road should be bridged and metalled, as there is a pretty heavy traffic over it. It joins the town of Barh with the Railway Station.

(8.) *Meetapore to Mohabalipore Road.*—This road is 32 miles long and joins the Sudder Station with the south-western portion of the district. It is a very important road, passing through the towns of Phoolwari, Nowbutpore, Beckram, and Mohabalipore; it requires raising, bridges, and metalling. There were funds provided for the partial execution of these works, but owing to the want of preliminary engineering operations the project could not be submitted for the sanction of Government in time. This will be done next year.

(9.) *Monair to Pureo Road.*—This road is 7 miles long, and the repairs have been executed at a cost of Rs. 323-5-3 against a budget allotment of Rs. 350.

(10.) *Monair to Bihta Road.*—This road is 5 miles long, and the repairs have been executed at a cost of Rs. 206-6-6 against a budget allotment of Rs. 250.

(11.) *Futwa to Burhea Road.*—This road is 54 miles long and runs along the bank of the Ganges parallel to the railway. It is an unmetalled and unbridged road having traffic only in the vicinity of large towns, such as Barh and Mokameh. The bulk of both passengers and goods take the railway. The annual repairs, consisting mainly of earthwork, were executed at a cost of Rs. 1,885-10-6 against a budget allotment of Rs. 2,700.

(12.) *Selloo to Rajgur Road.*—This is a small road, 4 miles long, joining the police station at Selloo with the hot springs on the Rajgur hills. These hot springs are the resort of the people of the *Jain* persuasion. There is an annual fair held here in summer. The traffic over this road is not constant, but occasional. It was repaired and put into drivable order at a cost of Rs. 124-4-9 against a budget allotment of Rs. 200.

(13.)—*Road from Durveshpore to Bickram.*—In addition to what is above stated in connection with this road, the petty repairs to it were executed at a cost of Rs. 656-12-1. This amount was met from the budget allotment of Rs. 3,900, after which the original work of raising this road was done from the savings.

(14.) *Road from Bihta to Baroon.*—This is a very important road, 20 miles long. It connects the railway with the south-western portion of the district. It is in fact the only road whereby goods and passengers from the south can come to the Bihta Station of the East Indian Railway. People from Arwal, Daudnugger, and Baroon in Gya avail themselves of this road to come to the railway. It urgently requires bridges and metalling, but the work has been kept in abeyance pending an enquiry from the Road Cess Committee of Gya as to whether they can do anything on that portion of the road lying in their district. It will however be taken in hand next year. The annual repairs were executed at a cost of Rs. 615-0-6 against a budget allotment of Rs. 1,000, mainly with a view to make it trafficable.

(15.) *Road from Behar to Asthawan.*—There is a Government distillery at Asthawan, and this road is 6 miles long. Existing for a long time, it was repaired mainly with a view to promote traffic. The repairs were executed at a cost of Rs. 580-5-0 against a budget allotment of Rs. 600.

(16.) *Road from Barh Railway Station to Koylaghat.*—This road is 4 miles in length ; it is comparatively an unimportant road. It has been repaired at a cost of Rs. 30-12-6 against a budget allotment of Rs. 100.

(17.) *Road from Behar to Rambagh.*—This road connects Behar with Gya *viâ* Selloo. It is an important road, 16 miles long, but is now barely a track across fields. Between Behar and Selloo it is a raised embanked road. It is now contemplated to work gradually on as funds are forthcoming. It was raised and repaired at a cost of Rs. 2,352-10-1 against a budget allotment of Rs. 3,500.

(18.) *Road from Dinapore Railway Station to Imlia Chowkey.*—This is a very important road, 2 miles long. It joins the Dinapore Railway station with the Phoolwari outpost. The repairs were executed at a cost of Rs. 96-15-10 against a budget allotment of Rs. 100.

(19.) *Road from Dinapore to Badgowan.*—This road is 10 miles long and not a very important road. The annual repairs were executed at a cost of Rs. 55-12-0 against a budget allotment of Rs. 100.

(20.) *Road from Bamunpoorah to Rajghât.*—This is an unimportant road, 4 miles long, which cost in annual repairs the sum of Rs. 87-9-6 against a budget allotment of Rs. 100.

(21.) *Road from Dehri to Sydabad.*—This is an unimportant road, 3 miles in length, which was repaired at a cost of Rs. 55-15-6 against a budget allotment of Rs. 80.

(22.) *Road from Andra to Sukerdia.*—This is an unimportant road about 3 miles long which cost Rs. 34-9-0 in annual repairs, and charged against the budget allotment of Rs. 50.

(23.) *Koorjeeghât Road.*—This road, 2 miles long, branches out from the main road to Dinapore and goes to the river. It is an unimportant road, the repairs to which cost Rs. 29-14-0 against a budget allotment of Rs. 50.

(24.) *Road from Nowbutpore to Mosoondhee.*—This is an important road, 13 miles long, joining the police station at Mosoondhee on the Patna branch road with that at Nowbutpore, and ultimately joins the Meetapore and Mohabalipore road. Its repairs cost Rs. 655-8-0 against a budget allotment of Rs. 1,300.

(25.) *Road from Rampore to Mohabalipore through Paligunge.*—The repairs of this road, 17 miles long, cost Rs. 315-10-0 against a budget allotment of Rs. 500. A bridge at Singhara on this road is urgently required.

(26.) *Road from Pureo to Selowreebagh.*—This is an unimportant road, 15 miles long. Before the opening of the railway it was very important as joining the road to Arrah with that at Bankipore. Its repairs cost Rs. 188-8-8 against a budget grant of Rs. 400.

(27.) *Road from Dinapore Railway Station to Oosrey.*—This is a feeder road, 2¼ miles long, and its repairs cost Rs. 82-8-3 against a budget allotment of Rs. 150.

(28.) *Monair Town Road.*—The roads in the town of Monair, about 1½ miles long, cost Rs. 35-5-0 against a budget allotment of Rs. 75.

(29.) *Nasreegunge Ghât Road.*—This road leads to the ferry at Nasreegunge, about 1½ miles long. Its repairs consisted in levelling the sand of the Ganges, and which cost Rs. 2-8-6 against a budget grant of Rs. 50.

(30.) *Sherepore Ghât Road.*—This road is 3 miles long across the chur of the Ganges. Its repairs cost Rs. 42-1 against a budget grant of Rs. 50.

(31.) *Hurdi Chuprah Ghât Road.*—This road is 3½ miles long across the Dearrah of both the Sone and the Ganges. Its repairs cost Rs. 59-6-3 against a budget grant of Rs. 75

(32.) *Rampore Patala Road.*—This road, 3 miles long, leads to the Ferry Ghât across the Ganges, and its repairs cost Rs. 19-12-9, as a requisition work charged against the budget allotment under the head "Reserve."

(33.) *Road from Dinapore to Nowbutpore.*—This road, 10 miles long, is a very important one. It joins the town of Nowbutpore with the railway station at Dinapore. Its repairs cost Rs. 621-6-9 against a budget grant of Rs. 1,000.

(34.) *Road from Phoolwari to Surowdha.*—This is an important road, 16 miles long. Its repairs cost Rs 520-12-0 against a budget grant of Rs. 800.

(35.) *Bucktearpore Railway Station Road*—This is an important road, only a mile long. Its repairs cost Rs. 41-2-0 against a budget grant of Rs. 50.

(36.) *Benarasi Ghât Road.*—This was a very important road before the opening of the State Railway from the Barh station of the East Indian Railway to the Nowada Ghât in conjunction with the Tirhoot State Railway. It is a mile long. Its repairs cost Rs. 1,170-11-3 against a budget allotment of Rs. 2,550. This road is now comparatively unimportant.

(37.) *Road from Barh Kutcherry to Jalgovind.*—This road is a shorter cut joining the town of Barh with the Futwa and Burhea road. It is 1¼ miles long and runs parallel to the river along the bank. Its repairs cost Rs. 42-6-0 against a budget grant of Rs. 50.

(38.) *Road from Mokameh to Surmyrah.*—This road is 13 miles long, joining the Mokameh Station of the East Indian Railway with the Government Distillery at Surmyrah. Its repairs cost Rs. 420-12-6 against a budget grant of Rs. 650.

(39.) *Road from Rajgeer to Girrick.*—This road is 6 miles long running parallel to the range of the hills. Its repairs cost Rs. 198-14-9 against a budget allotment of Rs. 300.

(40.) *Road from Ekangerserai to Musooree.*—This is a road across country, 16 miles long, joining the police station of Musooree with the road from Futwa to Ranibagh. It is partially raised, and has been this year repaired at a cost of Rs. 571-2-3, and charged against the savings of the budget grant of Rs. 1,504-2-0 under the head of "Original works."

(41.) *Road from Futwa to Behar.*—This road is 27 miles long and passes by the village of Nuggernassa, where there is a public distillery. This road is not yet raised throughout though there is a pretty brisk traffic on it. It was repaired at a cost of Rs. 872-1-1 against a budget grant of Rs 933.

(42.) *Road from Bucktearpore to Behar.*—This is a very important road as stated above. It is 20 miles long, and has been repaired and raised at a cost of Rs. 4,210-14-0 met from the original budget grant of Rs. 14,000.

(43.) *Road from Futwa to Ranibagh.*—This is a very important road with a brisk traffic over it. It is 38 miles long. It was repaired at a cost of Rs. 997-15-6 against a budget grant of Rs 1,000.

(44.) *Road from Islampore to Lat.*—This road is 4 miles long branching out from the Futwa and Ranibagh road at Islampore and leads straight on to Gya. This road is largely resorted to by pilgrims being about 4 miles shorter than the Patna branch road. It is doubtful whether there will be the same brisk traffic on it as now when the railway between Bankipore and Gya now proposed is opened to the public. It was repaired at a cost of Rs. 158-5-3 against a budget allotment of Rs. 200.

9. The buildings in charge of the District Engineer are—

(1.) *Bankipore Dâk Bungalow.*—This is a pucca structure, and the petty repairs and establishment, &c., cost in all Rs. 248-11-9 against budget allotment of Rs. 350.

(2.) *The Staging Bungalow at Khagoul.*—This building required petty repairs and house furniture, which have been carried out at a cost of Rs. 150, while the establishment entertained cost Rs. 155-11-9; so that the total outlay of Rs. 305-1-9 was charged against a total budget grant of Rs 306 for both repairs and establishment.

(3.) *Girrick Bungalow.*—The necessary repairs to this bungalow, situated beside the metalled road from Behar to Nowada, were all executed at a cost of Rs. 84-12-9 against a budget grant of Rs. 100.

(4.) *The Godowns at Barh, Behar, and Mokameh*—Were repaired at a cost of Rs. 119-12-9 against a budget grant of Rs. 150. The godown at Mokameh has now been abandoned as being almost uninhabitable.

(5.) The works connected with the Seari at Musooree consisted of—

- (1.) Annual repairs executed at a cost of Rs. 99-12-9, and charged against a budget grant of Rs. 100.
- (2.) Pay of a sweeper amounting to Rs. 36, and charged against a budget allotment of the same sum
- (3.) Repairs to the gate executed as a requisition work costing Rs. 24-0-3, and charged against a budget allotment under the head of "Reserve."

(6.) *The Dak Bungalow at Barh.*—This is a very important building yielding a handsome return. It is looked after by the sub-divisional officer of Barh.

10. *Tools and Plant.*—The charge of Rs. 1,065-7-6 against a budget allotment of Rs. 1,000 under this head consisted of—

	Rs.	A.	P.
2 Levels, dumpy, 14	520	0	0
4 Levelling staves (Stranger's pattern)	88	0	0
1 Set drawing instruments, mathematical electrum, 1st sort, plain points ...	60	0	0
2 Ditto ditto ditto 2nd sort	68	0	0
1 Parallel rule, electrum, 18"	26	0	0
1 Ditto brass 18"	9	8	0
2 Compasses, prismatic, 3" diameter with silver rings and stands ...	108	0	0
2 Chains, iron, 100 feet, with arrows	16	0	0
5 Measuring tape, 100 feet	51	3	0
4 Chairs	12	0	0
1 Wooden almirah	25	0	0
1 Ditto box for eastern sub-division	2	0	0
1 Padlock	0	4	0
2 Measuring tape (country made) for western sub-division	1	8	0
Carriage of instruments	8	11	0
Do. of kodalies, &c., to western sub-division	3	8	0
Carriage of tools and plant	12	12	9
Carriage of level and staves, kodalies and picks, &c.	3	6	9
2 Padlocks for Behar godown...	0	14	0
1 Padlock for Behta do.	0	8	0
34 Brick moulds	18	0	0
24 New cast-iron plates	28	0	0
Carriage of surveying instruments	1	8	0
Total ...	1,065	7	6

which were all urgently required in this division.

No. 317, dated Bankipore, the 5th—Issued 8th—March 1878.

From—G. TOYNBEE, ESQ., Chairman, Road Cess Committee, Patna,

To—The Commissioner of the Patna Division.

IN reply to your Nos. 207CP. dated 26th ultimo, and 178CP, Circular, dated 1st March 1878, I have the honor to return the accounts duly signed by three members of the Committee, together with a copy of the report and accounts for submission direct to Government.

2. I also send such information on the other points noted in your letter of the 26th February as I can at once supply with reference to your letter of the 1st instant.

3. (1).—*What works are proposed to be done this year.*—I have recently been over nearly the whole of the roads in the district from end to end. With the knowledge there gained, I have been able to divide them, according to their relative importance into four classes, A, B, C, and D. A being metalled and bridged roads; B unmetalled roads, but important enough to be kept up as "all-weather" roads, and gradually bridged and brought into a state fit to receive metal if required; C, fair-weather roads, to be repaired only once a year; D, village roads. Coming under the terms of the Government circular No. 32 of 27th September 1873, A and B roads are to be under the control of the District Engineer and his staff, C and D roads under the control of the District and Branch Committees. This change of system is now being worked out, and the result will be fully reported on in next year's report. The chief work in hand under class B is the road from Buckhtearpore to Behar. There are engineering difficulties connected with it which render it advisable, as I have stated in my report, to have a properly qualified Executive Engineer as our District Engineer. Bricks are being made for such bridges or causeways as may be determined upon. I may say generally that I am endeavouring to save as much money as possible this year, in order that it may be spent to advantage next year by a duly qualified District Engineer.

(2). *Working of the Road Cess system.*—Good, as far as I have seen, if the work of assessment and collection be meant, but a great deal of labour is wasted by the present necessity of issuing notices of demand and rewriting the register of such notices every year.

(3). *Working of the Road Cess Committee.*—The Committee, in my opinion, does not contain a sufficient number of zemindars, who reside on their estate and use the roads in the interior. I am taking steps to remedy this defect. Branch Committees at sub-divisions have been established, and I am going to propose to Government to give them full powers of control over the C and D class roads.

(4). *Regarding the different establishments besides the District Engineer.*—I have already reported that I do not consider the present District Engineer qualified to deal with the engineering difficulties which the physical nature of the district involves. I am about to propose to the Committee to procure the services of a man with more knowledge and experience. The subordinate establishments are all Bengalees. The Committee have lately made large reductions in this direction; and as we are at present in a transition state, I cannot say much more on this head.

(5). *Sent herewith.*

4. With reference to your No. 178CP, circular, of 1st instant, I trust that this report may for this year be accepted to avoid delay. You will understand how difficult it is to report on a system which I am at present engaged in changing, and I can promise that my next year's report will contain fully all the information which the Government desires.

P. S.—A duplicate copy of the accounts has been sent direct to the Examiner, Public Works Accounts, on the 21st February 1878.

Abstract of particulars regarding Meetings of District Road Committees for the cess year 1876-77.

Commissionership.	District.	Number of members forming Committee.		Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance at meetings.	Number of members who did not attend any meeting.	Number of members who attended only						Percentage of average attendance to whole Committee.
									One meeting.		Two meetings.		Three meetings.		
		Official.	Non-official.						Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	
Patna division	Patna	4	13	5	8	2	6	4	..	2	..	3	..	1	38

REMARKS.—The number of members is not large enough, and will shortly be reported for increase, especially of representative mofussil members.

RAJENDRO NATH ROY,
District Engineer.

L. ABBOTT,
Vice-Chairman, D. R. F. Comtee., Patna.

No. 12, dated Gya, the 16th January 1878.

From—D. W. M. TESTRO, ESQ., Chairman, District Road Committee of Gya,
To—The Commissioner of the Patna Division.

I HAVE the honor to submit, for your information, the annual accounts shewing the actual income and expenditure of the Gya District Road Fund during the cess year 1876-77, and to report as follows.

2. The following is a list of the members who composed the Road Cess Committee. The seven marked with * were added towards the end of the year:—

The District Officer of Gya, *Chairman.*

Ex-officio.

Senior Covenanted Assistant. | Executive Engineer.
Road Cess Deputy Collector.
* Mr. A. H. Giles, District Superintendent of Police.
* „ C. A. Mills, Assistant Engineer, Public Works Department.
„ W. B. Chardon, Indigo Planter.
Moharajah Sir Joy Prakash Singh, Bahadur, K.C.S.I.

Traders.

Baboo Balkissen Dass. | Baboo Gokhul Chund Prohit.
Moonshi Rewat Lal, *Dewan.*

Zemindars.

Baboo Run Bahadur Singh.	* Syud Abu Said.
Mirza Dost Mohomed.	* „ Abu Salah.
Moonshi Ekbal Ally.	Baboo Jahangir Bux Khan.
* Roy Shama Lal Mittra.	„ Rameshor Persad Singh.

Baboo Dindyal Lall.

Baboo Bhup Sen Singh, Pleader and Zemindar,
* Dilla Mahaton Koiry, of Mouzah Jaroo, Pergunnah Sonout,
* Thakur Persad, of Mouzah Ronna, Pergunnah Sonout,
} *Cultivators.*

3. The Committee met four times during the year on the dates noted in the margin. It will thus be seen that no meeting was held during the first eight months, and the reasons of this will appear further on. It may briefly be stated here that the Committee was not during those months in a position to do much work.

11th June, 18th July, 31st August, and 29th September.

4. The members who attended on the dates above given are named in the subjoined list:—

District Officer of Gya.	Mr. A. H. Giles, District Superintendent of Police.
Road Cess Deputy Collector.	Mr. J. A. Windle, Executive Engineer, Patna Division.
Baboo Balkissen Dass.	Baboo Gokhul Chund Prohit.
Mr. C. A. Mills, Assistant Engineer, Public Works Department.	Dilla Mahaton, Cultivator.
Baboo Bhup Sen Singh, Pleader.	Baboo Jahangir Bux Khan.
The Senior Covenanted Assistant.	

5. Dilla Mahaton, one of the representatives of the ryots, attended three meetings of the Committee, but no amount of persuasion was found sufficient on any of those occasions to induce him to take a chair or assist in any way in the Committee's deliberation. "No taxation without representation" may be a very excellent principle in some societies; but I think I convey the sentiments of the Committee when I say that the expression given to the principle when Dilla Mahaton was appointed a member of the Road Cess Committee is not without an element of burlesque. Dilla Mahaton did, however, on one occasion materially assist in the administration of the district by forming one of a bare quorum.

6. I append a statement of particulars regarding the meetings of the Committee in the form prescribed in paragraph 10 of the Government Resolution, No. 1286 dated the 13th March 1876.

7. Branch Committees were assembled at the Sub-Divisions Nowada, Jehanabad, and Aurungabad on the 23rd and 15th August, in order to determine the works to be undertaken during the year 1877-78, and the works proposed by the Committees were provided in the budget of that year as far as district funds would admit. As no separate assignment of funds was ever made under Section 78 of the Road Cess Act to any of the sub-divisions in this district, the duties of the Branch Committees are necessarily limited in extent and can be very well fulfilled without numerous meetings. When the Act shall have been in operation for some years, the assistants of the Branch Committees may possibly be welcome in bringing to notice openings for useful expenditure. At present, however, the District Committee does not really require much assistance in that direction: all persons concerned are agreed as to the works that ought first to be undertaken, and necessarily this state of things will continue for a few years. It thus happens that during the first few years after the introduction of the Act into a district, a Branch Committee to which no separate assignment has been made cannot have very much to do, and I hope you will accept these remarks as a sufficient explanation of the paucity of the Branch Committee meetings during

the past year. The members who were present at the meetings that were held are noted below:—

Nawada Sub-Division.

The Sub-Divisional Officer. | Baboo Torab Narain Singh, Zemindar.

Jehanabad Sub-Division.

The Sub-Divisional Officer. | Mullick Fuzululla, Zemindar.

Baboo Thakur Persad Singh, Zemindar.

Aurangabad Sub-Division.

The Sub-Divisional Officer. | Auhiboron Singh, Cultivator.

8. The preliminary operations for the introduction of the road cess were completed by the beginning of the year, but collections did not commence until January. In order to provide for works to be undertaken during the first quarter of the year, an application was made in this office No. 1151 dated 6th July 1876 for an advance of Rs. 14,000 repayable from the first year's collections; but this application was refused by Government as being inadmissible under the rules in force. For want of funds the district works were thus at a standstill during the first quarter, and when in January money began to flow in, another cause came into operation to hinder effective working. Although the change did not take place until March 1877, it was in January, or about then, rumoured that the Gya Division of public works would be soon abolished, and the Gya District be raised to the first class in respect of district works. Perhaps not unnaturally the Engineer then in charge did not see his way to interesting himself over much in works, the completion of which he could never hope to see, and in this way it came about that very little indeed was accomplished between January and March, when the Engineers quartered in the district finally returned from it. As the Executive Engineer's new division comprised the districts of Patna, Gya, and Shahabad, with head-quarters at Bankipore, it was not to be expected that he could devote much of his attention to the district roads in Gya, and as a fact, anything done for the roads was mostly done under the Chairman's personal care and superintendence until July when Mr. C. A. Mills, having been appointed Assistant Engineer in charge of the Gya Sub-Division, Public Works Department, assumed immediate charge of the district works. In the mean time, as far as the local authorities were concerned, all possible efforts were made officially and demi-officially to obtain an order from Government raising the district to the first class. In those months, however, the famine in Madras and Bombay was making large demands on the attention of Government in the Public Works Department, and probably for this reason delay took place. The orders of Government were conveyed in its letter No. 1460E., dated the 1st September, and were to the effect that, when the services of a competent engineer and an adequate establishment were secured by the Committee, the district would then be transferred from the second to the first class. No time was lost in conveying demi-officially to the Chief Engineer the Committee's wish to have the undivided services of Mr. Mills as District Engineer. The nomination was not immediately endorsed, but the hope was held out that, on the return from Bombay and Madras of the engineer officers deputed to those Presidencies, the services of Mr. Mills would then be placed at the Committee's disposal. In consequence it was decided in demi-official communication with yourself to postpone for the time being the submission of the Committee's proposals in regular form. In December, after the close of the year, the proposals were regularly submitted, and they are now before Government for orders. It will thus be seen that for want of funds during one season of the year, and for want of adequate engineering assistance at another, the operations of the Committee have been less extensive than they would otherwise have been. I may state in this place that when the Executive Engineer with his staff retired from the district in March, he did not leave behind him so much as a sub-overseer to attend to district works. Such works as were then undertaken were supervised either by the Chairman and Sub-Divisional Officers directly, or by means of sub-overseers employed directly by the Committee and wholly paid by it. This too was at a time when the Committee had under the rules in force to credit the Public Works Department with 25 per cent. of all actual expenditure. It is very earnestly hoped by the Committee that the district may soon be transferred to the first class. It would be very easy to show, if it were now necessary to do so, how unfair in every possible sense, and especially in a pecuniary sense, it is to the district that the district works should remain a department of the Patna Division of public works. One fact only need be stated. If the Committee employing a full establishment be allowed to carry out the works planned for the current year, the result will be a saving of Rs. 13,906 in establishment charges. The Public Works Department would take as the 25 per cent. contribution Rs. 42,696, and even then (if the facts of the year under report may be taken as affording a precedent) would declare itself unable to meet the work unless the Committee in addition entertained overseers and sub-overseers. On the other hand, the Committee can provide a full establishment for Rs. 28,790, and, moreover, would do the work instead of leaving it undone.

9. The total expenditure of the year on works amounted to Rs. 11,236-5-11, of which Rs. 7,522-2-3 was expended on original works and Rs. 3,714-3-8 on repairs. The original works consisted chiefly of small bridges and culverts on the roads in the Nowada and Aurangabad Sub-Divisions. The works in the former were carried on by the Committee's sub-overseers and in the latter by a canoongoe, both under the immediate orders of the Sub-Divisional Officers. The works in the head-quarters or Gya Sub-Division were carried on by

a sub-overseer and a dafadar paid wholly by the Committee, and both under the immediate orders of the Chairman. The first mile of the road from the corner of the Boitarny tank to the Dabbi road was metalled, and an inspection bungalow on the Futtehpore road was commenced by the Public Works Department. The amounts exhibited against the roads noted below were disbursed by the Public Works Department, the greater portion thereof being arrears due to contractors for works done during the year 1875-76 :—

	Rs.	A.	P.
Maintaining line from Parya to Rufligungo	50	0	0
Three temporary bridges between Jumna and west end of Parya road ...	108	12	9
Improving 5 miles, Jehanabad and Arwal road	704	9	6
Erecting bridges on Surbhodha and Gopalgunge road	471	10	8
Collecting and consolidating metal for improving Daudnuggur road	141	8	0
Erecting bridges on Futtehpore road	29	1	9
Improving 11 miles of Daudnugger road	378	7	1

10. Expenditure on account of lands taken up for famine roads, and incurred by the Collector of Gya during the famine year, has now been adjusted by this office by debiting "Original works," as per statement furnished by the Accountant-General, Bengal. No special provision was made in the budget-estimate for these disbursements, but they will be approximately covered by savings under the head "Minor works" provided for in the budget. Another important original work, the construction of a bridge over the Pemar river on the Nowada road, has been in the hands of the Committee for a considerable period; but regular plans and estimates for the work not having yet been sanctioned, little or no progress has been made.

11. With respect to repair work; the existing fair-weather roads were repaired thoroughly under the immediate order of the Sub-Divisional Officers of Aurungabad and Nowada, and the roads in the head-quarters or Gya Sub-Division were repaired under the immediate orders of the Chairman, until towards the latter end of the year, when a partial supervision was exercised by Mr. C. A. Mills, Assistant Engineer, Public Works Department, over both original works and repairs. The subjoined table shows the nature and cost of each work under the heads of Original works and Repairs during the year.

12. The amount expended by the Committee and through the Public Works Department on works are noted below :—

	Rs.	A.	P.
Expended by Committee	7,510	14	11
Ditto Public Works Department on works done during the year 1876-77 ...	1,084	9	3
Ditto ditto on account of arrears due to work-people for the year 1875-76	2,640	13	9
Total ...	11,236	5	11

13. The cost of establishment during the past year has been shown in the statement under the proper headings, and does not call for any remarks over and above those already made. A sum of Rs. 13,621-0-4 and another of Rs. 817-8-3 were advanced from the Government treasury on account of establishment and contingent charges of preliminary operations from February 1875 to March 1877, and were adjusted during the year under report in communication with the Accountant-General of Bengal.

14. Rs. 104, expense incurred under the heads of Tools and Plant, was mostly for office furniture.

15. The thanks of the Committee are due to Baboo Toral Narain Sing, of Hissna, and to Baboo Run Bahadoor Singh, of Ticcary, for the gift of lands for constructing two inspection bungalows, one on the Futtehpore road and the other on the Wazirgunge road. The land for the former has been obtained, and the bungalow is in course of construction; and the land for the latter has been promised by the proprietor, but had not been made over at the close of the year.

16. A Sub-Committee composed of the Vice-Chairman and three members named in the margin was appointed on the 29th September for audit of the annual accounts. The accounts were carefully checked by the members and were certified as correct. The Sub-Committee's report in original is appended for your information. On the 5th November 1877, the office books were examined by Mr. Moore, Deputy Examiner of Public Works Accounts, and were certified to be correctly kept and in good order.

C. J. O'Donnell, Esq., Joint Magistrate, Vice-Chairman.
C. A. Mills, Esq., Assistant Engineer Member.
Baboo Bhupsen Singh, Government Pleader, Member.
Burem Deo Narain, Road Cess Sub-Deputy Collector, Member.

No. A., dated the 24th November 1877.

From—The three Members of the District Road Committee, Gya, being the Sub-Committee for auditing the annual accounts for 1876-77,

To—The Chairman, District Road Cess Committee, Gya.

We, the Sub-Committee appointed under Section 88 of the Road Cess Act at the meeting held on the 29th September 1877, have the honor to submit the accounts of the cess year 1876-77 with following reports.

We have very carefully examined the cash-book and the other authorized books of the Committee's office as cited in the margin. The entries in the books correspond with each other, and every entry of payment has been checked with the proper work voucher and found correct.

Cash-book, cash abstract book, both receipt and expenditure, register of works, advance account book, deposit account book, monthly accounts consisting of day-books and vouchers.

The receipts have been checked with the treasury pass-book, and the balance at the end of the year corresponds with the cash accounts. The outstanding balances on account of advances to the Sub-Divisional Officers and to the Executive Engineer, Patna Division, have been checked with the Sub-Divisional Officers and Executive Engineer's cash accounts; they correspond with the balance shown in the annual account.

In submitting the report, we are glad to be able to state that the Accountant, Baboo Bipin Bihari Ghose, has performed his duties in a very satisfactory manner.

Mr. C. J. O'Donnell having left for Nowada, his signature is not attached to this report, but he has already certified the accounts herewith submitted as correct.

D. W. M. TESTRO, *Chairman.*

No. 34, dated Gya, the 9th February 1878.

From—F. M. HALLIDAY, ESQ., Chairman, District Road Committee of Gya,
To—The Commissioner of the Patna Division.

IN conformity with your letter No 141 C. P. dated 28th ultimo, and in continuation of this office No. 12 dated 16th idem, I have the honor to report on the following points in connection with the local improvement report for the past year.

2. *Future schemes.*—A sum of Rs. 1,05,844 and Rs. 53,590 have been provided for in budget-estimate for 1877-78 for original works and repairs. A detailed list of the works to be undertaken and for which regular estimates are under preparation is annexed.

3. *System of works.*—All the works of the district were carried out by contracts, *viz.*, "piece-work" as far as possible, and agreements were taken from the contractors on stamped form 9M. Tenders for contracts were invited in the most public manner by advertisement in local newspapers and by notices posted in public places according to the circumstances and nature of work. The payments to contractors were made on bills (Form No. 15½), certified by the subordinate in charge of the work. All payments to contractors at the head-quarters were made by cheques, and in the sub-divisions by cash supplied to the Sub-Divisional Officers in the shape of advance.

*4. The discrepancy between the amounts shown under the heads of "Original works" and "Repairs" in the statement embodied in the report and that entered in the quarterly returns has already been explained in the foot note of the report in red ink, with the exception of Rs. 6-5-9 which is explained below:—

The sum of Rs. 6-5-9 credited in the quarterly return ending 30th June 1877 to "Fines" and "Refunds" was struck off from that head and adjusted by a deduction from the total outlay on "Roads and bridges" subordinate to repairs; *vide* Examiner, Public Works Accounts, Bengal's No. 559 dated 11th September 1877.

5. The duplicate copies of the report and the statements are herewith forwarded as requested.

6. A copy of the annual account current has also been submitted direct to the Examiner, Public Works Accounts, Bengal, with this office No. 14, of 18th January 1878, as required in Government of Bengal's No. 120A. of 28th idem, received with your endorsement No. 157C.P. dated 31st ultimo.

No. 110, dated Gya, the 25th March 1878.

From—D. W. M. TESTRO, ESQ., Collector and Chairman, District Road Cess Committee of Gya,
To—The Commissioner of the Patna Division.

IN continuation of this office letter No. 77 dated the 3rd instant, I have the honor to report as follows.

2. In the communications noted on the margin of the letter just quoted, several defects in the working of the road cess system in this district were brought to your notice, and I now present a brief summary of the points to be noted.

3. A perfect road cess system implies adequate engineering assistance, and the assistance in this district was inadequate. The division of estates into minute shares is found to be an obstacle in the way of efficient and rapid collection. The collection of house cess was not satisfactory. The total demand was Rs. 9,086 from 954 villages scattered over an area of 4,717 square miles. The assessment, it is believed, was not made as correctly as it might have been, but for this result the people it is found have themselves in great part to blame. They got hold of the idea that, if they concealed the possession of

* Contribution.

interests in land, the assessment would be all the lighter; and in this way it is feared that many persons who ought to have been exempted were assessed. Much confusion and trouble was caused at kist time by the system of separate chalans for revenue and the cesses. This, however, has now been remedied by the Board of Revenue, and in the manner suggested in one of the communications mentioned above. Some minor defects in matters of account will, I dare say, be remedied in time and need not be further alluded to here. I believe some intention exists of abolishing the house cess collections; and in my opinion, it is very desirable that this should be done. When cost of collection has been deducted, the net amount for credit to the Road Fund represents an amount of annoyance to the people far above the usual proportion. In the last administration report of this district, I raised the question whether it is not competent to a Road Cess Committee to fix the rate of house cess at zero, provided they choose by the other cesses to meet the annual estimates prepared under Section 70 of the Act. The landed interest is well represented in the Committee of this district; but, I think, the Committee would in this side-way get rid of the house cess if I propose it to them.

4. I think there are only two other points requiring notice. The Road Fund has paid for a good deal of work done on account of the Public Works Cess, and an adjustment of the account would be only fair. The Road Cess Deputy Collector was suspended and removed for misconduct not in connection with his road cess work. A substitute was promised but never arrived, and I have had to confer local rank on a sub-deputy by recognizing him as Road Cess Deputy Collector; yet this is not as it ought to be.

5. Excepting the points noted above, I think the road cess system worked very well in this district during the year.

No. 6—Part I.

D. W. M. TESTRO, *Chairman.*

GYA DISTRICT ROAD FUND OFFICE, the 16th January 1878.

No. 111, dated Arrah, the 28th March 1878.

From—J. WARE EDGAR, ESQ., Chairman, District Road Fund Committee, Shahabad,
To—The Commissioner of the Patna Division.

I HAVE been directed by the Road Cess Committee of the Shahabad District to submit the detailed accounts of the past road cess year prepared in the manner laid down in Section 88 of the Act, together with the report prescribed in Section 89. The points noted in Government circular No. 50 dated 23rd July 1873 and in No. 8A. dated 4th February 1878 will all be found noticed. I have been compelled to delay this report in order to comply with the provisions of Sections 57, 88, and 89 of the Act.

Working of Road Cess Act.—The Act was extended into this district in January 1875, valuations completed in July 1876, and no collections were made before October of that year; consequently the period treated of in this report is the first year in which the Act has

been in force in the district. The amount which, as was estimated, would be yielded by the several cesses under the Act was Rs. 1,55,703, the amount actually collected Rs. 1,25,951, leaving a balance of Rs. 29,752, out of which Rs. 15,000 have since been collected. Great complaints have been heard by individual members of the Committee against the road cess on houses, which seems to have fallen in many cases hardly on very poor people. The estimated yield of this cess is Rs. 5,915 yearly. The greater part of this will be remitted in case of those paying license tax under the new Act, and the Committee are strongly of opinion that the hardships attendant on this tax render its total abolition advisable. The experience of one year does not enable the Committee to pass a final opinion upon the results likely to be obtained from the Act in the course of years. They think, however, that there is already a considerable improvement in the roads, and they hope that in no long time greater results will be apparent. It is to be mentioned that the principle of the Act is no novelty in Shahabad, for at the time of the permanent settlement, or soon after, a cess of one per cent. of the entire revenue was fixed on all estates, and has been paid ever since.

Sudder Committee.—The following statement will show the original composition of the Committee and the number of meetings held during the year:—

NAMES.	No. of meetings attended.	No. at which absent.	Total No. of meetings.
W. S. Wells, Esq., Magistrate and Chairman	5	4	9

" Baijnath Prosad, Trader,
" Bhugwan Dass, ditto,
" Jugutnarain Singh, Cultivator,
Moulvie Tukiuddin Ahmed, Ex-Deputy Collector,
Syed Abdul Haye, Manager, Court of Wards,
} Members.

The attendance of the newly formed Committee has been more regular than the previous one, and we hope that this improvement will be continued. As Chairman I feel very much indebted to the intelligent interest taken by several of the members in our work.

Branch Committees.—The Branch Committees did not work well during the year under report. There were three meetings of the Sasseram Committee, one of the Buxar Committee, and none of that of Bhabua. Many complaints have been made by members of the Branch Committees about their position; they say they have no real work to do, no money, and no sense of responsibility, and they ask what is the use of meeting to make suggestions which possibly the District Committee will pay no heed to. The District Committee feels there are grounds for such complaints, and is devising such alterations in its relations with the Branch Committees as may give the latter a fair share of power and responsibility.

Accounts.—The Road Fund office was inspected by Mr. F. R. Boyce, Examiner of Public Works Accounts, Bengal, on the 3rd March 1877, and reported as unsatisfactory. Mr. Boyce pointed out to the Committee that the books and registers were not properly kept; that the accountant had no proper qualifications, and was unfit for the work. He has since been replaced by a competent man. The District Engineer's office was at the same time inspected by Mr. Boyce and reported satisfactory.

How the different establishments worked during the year.—The Committee consider that Mr. J. Macnamara, the District Engineer, deserves much credit for the way in which the work entrusted to him during the year has been done. He has had great difficulties to contend with, owing to the large extent of the roads scattered all over the whole district, and they think that no man could have done full justice to the work, no matter how great his activity or professional skill. They hope that in future, when village roads and other petty works not requiring engineering knowledge have been made over to the Branch Committees, Mr. Macnamara will be able to devote himself exclusively to the larger and most difficult works with the happiest results. The District Engineer has reported favorably on the conduct of his subordinates. The Chairman gave a good account of the works seen and inspected by him, and the Committee are willing to accept the conclusions arrived at by these two officers.

Works.—The principal works that have been undertaken during the year were—

I.—The raising of a portion of the road from Arrah to Sasseram, which is eventually proposed to metal. The amount expended during the year on this work is Rs. 13,445.

II.—Raising the 17 miles of Koelwur and Jodoonathpore road between Daltongunge and Dehree. The amount expended on this work is Rs. 7,785.

III.—The metalling of 5 miles of the road from Sasseram to the canal at Mokur. The amount expended on this work is Rs. 10,115.

IV.—The building of the Road Cess office was commenced, and the amount expended Rs. 5,192.

Besides the above, there were no large works undertaken. The Committee took over roads and bridges in very dèlapidated state, the result of want of funds during previous years. Very much money was spent in patching up roads and bridges which could not be thoroughly repaired or reconstructed at once, and the Committee feel that some years will probably elapse before the existing roads can be got into tolerable order. The principal works which have been undertaken, or are contemplated during the present year, are:—

I.—The construction of a raised and bridged road from Saraya to Roghonathpore, a distance of 12 miles. The estimated cost is Rs. 19,283. This project has been recently sanctioned by Government, and it is hoped will be completed during the current cess year.

II.—The metalling of the road connecting the Grand Trunk Road at Mohunia with the sub-divisional station at Bhabua. The estimate for this was originally passed by the Committee, and was returned for revision of rates by the Superintending Engineer, and has now again been sent to him. The Committee hope that there will be no further delay in the matter. It is proposed to press on the work as quickly as possible after the estimate has been finally approved by the Superintending Engineer.

III.—The metalling and drainage of a portion of the existing road to Sasseram which passes through Nasrigunge Bazar. Estimates for these works were passed by the Committee at this day's meeting, and as soon as they have been finally sanctioned, the Committee mean to press on the work with the utmost rapidity.

IV.—The construction of a raised road from the railway station at Doomraon to the Ganges at Bulliaghat. This road will be a difficult one, as it is exposed to the floods of the Ganges. But it is hoped the difficulties can be overcome, and plans and estimates are being prepared.

V.—Sanction has also been obtained to the estimates for raising the roads from Nasrigunge to Doomraon and from Sasseram to Chausah, and the Committee propose to take over from the Arrah Municipality some road lying within the town, the traffic of which is mainly within the interior of the district.

VI.—*Village paths.*—The Committee propose to keep open as many of the existing village paths as possible, and for this purpose they are trying to find out all recognized paths which are in existence now or can be shown to have been in existence lately, to recover any portions which may be encroached upon, to mark out the limits so defined, and to make all repairs necessary to keep the path open. In this work they hope to receive much aid from the Branch Committees.

SHAHABAD MAGISTRACY, DISTRICT ROAD FUND OFFICE, ARRAH, *the 16th March* 1878.

F. R. COWLEY, *Vice-Chairman,*
D. R. F. Comtee., Shahabad.

No. 119, dated Mozufferpore, the 4th March 1878.

From—C. F. WORSLEY, ESQ., Collector and Chairman, District Road Cess Committee, Mozufferpore,

To—The Commissioner of the Patna Division.

IN submitting herewith the annual accounts of the District Road Fund for the cess year 1876-77, I have the honor to report as follows on the operation of the cess in question in this district.

2. The Road Cess Act was brought into force here only from 1st October 1876, and I am glad to say that it met with little or no opposition in respect of cess upon land. A good deal of discontent, however, has been caused by the cess on houses, which has pressed very heavily on certain classes of the people, and which has in some instances been imposed without due regard to the value of houses and shops.

3 During the year there were four meetings of the Road Committee, all of which were attended by a fair number of members. The subjoined table shows the names of the several members and the number of meetings attended by each :—

Names of Members	Number of meetings attended	Number of meetings at which absent	Total number of meetings	
C F Worsley, Esq, Chairman ..	4	Nil	4	
A C Tute, Esq, Vice Chairman ..	2	Nil	2	During his incumbency
R. Cornish, Esq. ditto, from 11th May 1877	Nil	2		Ditto
District Superintendent of Police	Nil	4	4	
Moulvie Abdul Jubbar, Road Cess Deputy Collector	3	1	4	
Baboo Madhub Chundra Roy, Executive Engineer	2	2	4

Baboo Hulkowree Chaudhury	Nil	4	4	
" Jah Ram Murwaree	1	3	4	
Lakee Ram Murwaree ..	Nil	4	4	
A R. H McEven, Esq, from 8th February 1877	Nil	3	3	During his incumbency

4 I have much pleasure in acknowledging the assistance rendered by the Executive Engineer and generally by the non-official members of the Committee The European non-official members, as usual, evinced the greatest interest in the discharge of their duties, being always anxious to promote useful measures and to take an active part in carrying them out.

5. The Branch Committee at Hajeepore did not convene any meeting during the year, and that at Sitamarhee met only once. The business of these Committees at present consists chiefly in bringing to the notice of the Sudder Committee any urgent or important works, and in suggesting improvements in their respective sub-divisions and the like, such works being undertaken by the engineering establishment on the orders of the district or Sudder Committee. No separate funds are placed at the disposal of the Branch Committee, all expenditure being met from head-quarters The question of improvement of village roads, through the agency of Branch Committees, is however, receiving attention, and for this provision will be made in the next budget if possible

6. In accordance with Section 49 of Act X of 1871, the Road Committees of this district have been reconstituted since 29th August 1877,—*vide* Bengal Government notification dated 29th August 1877.

7. The estimate of income and expenditure for the year under review were, as in the previous year, framed by the Chairman in concert with the Executive Engineer, who at the time was in charge of the district works, and having been approved by the Committee at a meeting held on 27th July 1876, were submitted in due course to the Commissioner whose sanction to the same was obtained on 21st December 1876, as per his No 261J. dated 19th idem.

8 In the above estimates the receipts, inclusive of the unexpended balance on 1st October 1876, were put down at Rs 2,97 062, and the expenditure at Rs. 2,06,273 against totals of Rs. 1,98,037 and Rs 1,96,217, respectively, in the previous year The difference between the estimated figures and the amounts actually expended under each head will be seen from the annual account now submitted.

9. From the above it will appear that the gross amount at the disposal of the Committee during the year was Rs. 2 02,907-11-6 Of this sum, Rs. 1,04,389-13-5 represents the balance of the previous year, leaving Rs. 98,517-14-1 only as collections of the year from all sources By comparing this latter sum with the figures of the previous year, *viz.*, Rs. 15,22,081-9-1, a decrease will be found of Rs. 14,23,563-11. This is attributable to Rs 14,48,181-12-6 having been allotted by Government in the previous year as grant-in-aid for adjustment of arrears of famine relief works of 1873 74. The actual collections of the cess year 1875-76 (mainly income from ghâts) were only Rs 73,599-12-7. There has thus been an increase of Rs. 24,918-1-6 in the actual collections of the year, which is accounted for as follows.

10 Under head "Revenue under District Road Cess Act X. of 1871" we have Rs. 61,911-1-10 for the year under review, from which source there was no income in the previous year. This is owing to the Act having been brought into operation in this district from October 1876 as stated above. There is also a small increase (about Rs. 56) in the revenue under head "Road cess leviable otherwise than under the District Road Cess Act," which does not call for comment.

12. Under the head "Receipts from tolls," we had during the year only Rs. 34,857-6-10 against Rs. 64,518-6-8 in the previous year. The decrease is attributable to arrears in collections, the total amount overstanding on 30th September under this head being Rs 39,479-12-9; measures are, however, being taken for the realization of the arrears.

12. Leaving the collections under "Sales of produce and stores" and "Fines," &c., in respect of which there is no important difference between the figures of the two years, we come to "Miscellaneous receipts" of the year, which amounted to Rs. 1,067-4-9, showing a decrease of Rs. 1,651-11-9. This is mainly due to Rs. 1,036 having been contributed in the previous year by the Town Fund Committee of Hajeepore for metalling the 1st mile of the road from Hajeepore, which amount was included in that year's account as Miscellaneous receipts.

13. The expenditure side of the account shows a decrease of Rs. 2,709-4-9 under head "Establishment on collection of revenue, &c." This is attributable partly to the reduction of Establishments both in Chairman and Road Cess Deputy Collector's office, and partly to the disbursement of salary for September 1876 during the same month on account of the intervention of the Dusserah vacation.

14. Rs. 80,000 had to be contributed towards the expenditure incurred by the Government of India for the relief of late scarcity in Bengal, as per Government of Bengal's Resolution No. 3307 dated the 18th October 1876, and the charge has been debited in the accounts as Refunds.

15. In original works the Committee expended only Rs. 38,916-11-7 during the year. Of this sum, Rs. 31,895-7-9 represents expenditure during the late famine, which was adjusted in the accounts now submitted. The actual expenditure on original works during the past year was therefore only Rs. 7,021-3-10. The principal item of works to which this amount bears proportion are—

1st.—The bridge over Dunda Nullah, for which estimate has already been submitted for sanction,—*vide* this office No. 10 dated the 7th January 1878. The Committee, however, considering that advantage should be taken of the brick-making season, ordered the manufacture of bricks for the work in anticipation of sanction.

2nd.—The bridge over the river Bya at Gooriah ghât. This work was estimated for during the past year and has since been sanctioned,—*vide* Government letter No. 9*c.* dated 5th January 1878, and is about to be commenced; bricks for the same having already been manufactured in anticipation of sanction.

3rd.—The bridges on Soorsund road, for which Rs. 373-14-6 only was expended, and this represents solely the cost of bricks supplied. Some of these bridges have already been commenced under sanction of the Committee, being of less than 12′ span, and for others estimates are in hand and will be submitted for sanction at an early date.

4th.—The construction or rather the replacement of a culvert of 30′ waterway at Rughopur on the Mullye road. This work was sanctioned by the Road Committee under paragraph 35 of the Bengal Government's circular No. 1209 dated the 8th March 1875. Materials for this work were collected during the year.

16. Of the minor work, the only item which calls for any remark is the planting trees on the sides of roads. This measure was proposed in accordance with suggestion in Commissioner's letter No. 406 dated the 16th February 1877, and sanctioned by the Committee at their meeting held on 14th March 1877. Trees have already been planted on the first five miles of Hajeepore road, and those on which the operation were in progress on 30th September last are given below:—

Rewah Ghât Road.	Last five miles of Hajeepore, Road.
Motiharee Road.	Pooprec Road.
Seetamarree Road.	Moniary Ghât Road.
Poosah Road.	

17. The following original works were also taken in hand during the cess year and were nearly completed, payment for the same being made in the current year:—

2	Culverts of 6′ waterway	on	Ludowor Road.
4	ditto	ditto	Sooker Road.
2	ditto 4′	ditto	Jaintpur Cart Road.
3	ditto	ditto	Mowah Road.
4	ditto	ditto	Jutkowle Ghât Road.

At the instance of the Committee, the metalling of the 1st mile of Poosah road and one-fourth mile of the Motiharee road was estimated for and sanctioned during the year, but was not commenced until the current year. The road cess office building was similarly estimated for and sanctioned under Commissioner's letter No. 80C.P. dated 5th October 1877. This work has been commenced in the current year.

18. Looking, however, to the provision in the budget for original works, *viz.*, Rs. 1,24,350, and what has been actually done, it must be admitted that the expectations of the Committee have not been fully realized, and this is mainly due to the Committee not having an engineer of their own until the 1st of April 1877, the works up to this time having been under the supervision of the Executive Engineer, Mozufferpore Division. Some time also was taken by Mr. Stevens, the District Engineer, in organizing his staff; so that the regular road establishment was formed at a time when the working season was too far advanced to admit of much being done in the way of brick-making and building before the rains set in.

19. Estimates for all culverts of 4 to 10′ waterway provided for in the budget were, however, framed by the District Engineer, and those mentioned in paragraph 18 of this report were constructed under his supervision, the remaining culverts having already been commenced early this year. A list of the works estimated for during the year, but not commenced, is herewith annexed.

20. The repair works in the district, as in the previous year, were executed partly through the agency of the engineering establishment under the Committee, and partly through the managers of indigo factories; those located in the Hajeepore and Seetamarree Sub-Divisions submitting their accounts through the Chairman of Branch Committees. Of the 784 miles of roads on the Committee's list, 324 miles were repaired by the engineering establishment, and the remaining portion by the managers of factories. The total expenditure for repair to roads and bridges, &c., being Rs. 19,952-6-4 or less than the expenditure under this head in the previous year by Rs. 16,216-2-2. This circumstance is attributable to the roads being in better order than in the previous year. The letting out of works to contractors by competition also to some extent accounts for the decrease. The detailed cost of repairs to each road is given in Part II. of the annual accounts.

21. Comparing the figures under head "Road establishment" for the year, we find an increase of Rs. 7,932-13-10 in the former, which is attributable to the engineering establishment of the district having been appointed from 1st April last. The upper and lower subordinates have all been reported by the District Engineer to have worked satisfactorily, particular mention being made of Baboo Koylash Chandra Mittra, Overseer, in charge of Sudder Sub-Division. Great energy has been displayed by the District Engineer, Mr. H. W. Stevens, C.E., in discharging the duties entrusted to him, and the opinion expressed by the Committee at the time of his nomination, *viz.*, that "he is as good an officer as could possibly be selected for the appointment," has been fully justified. The staff in the Committee and Road Cess Deputy Collector's office have also worked satisfactorily.

22. Under head "Tools and plant" there was an increase in the expenditure during the past year by Rs. 469-10-8. This is due to the cost of furniture purchased for the office of the District Engineer.

23. Consequent on the revision of boundaries of Mozufferpore and Durbhunga Districts from 1st April last, the following roads have passed into Durbhunga District during the year:—

Portion of Jalley roads as under No. 35. From Jally to Bhogli. | From Jalley to Simoolee.
(2) Six miles of Madwapur road No. 37.
(3) Modhoobanee road No. 36.

And the following additions have been made to the roads noted below:—

Sookee road from Sookeeghat to new boundary, 10 miles.
Dulsing Seria road from Rampore to new boundary, 10 miles.
Tajpore road, 15 miles (the entire road).

On the recommendation of certain members of the Committee, the following roads were also brought into the list of district roads during the year:—

(1)—Dooly to Shahapore Mircha, 11 miles, substituted in place of Modhoobanee road and numbered as 36.
(2)—Road from Motipur to northern boundary of Sudder Sub-Division being termed section 3 of Jaintpore road, 3 miles.

24. The estimates of income and expenditure of the cess year 1877-78 were prepared in the month of July 1877 and passed by the Committee at a meeting held on 24th idem. The receipts and expenditure of the year being estimated as Rs. 2,11,426 and Rs. 2,11,212, respectively. Nothing from ferries was included in receipts under Bengal Government, Public Works Department's Resolution No 358 dated 25th April 1877. Ferry collections were made creditable to Provincial Reserve Fund from 1st October 1877. The sources of income therefore for the current year are the cess on lands and cess on houses. With regard to expenditure, provision has been made for the efficient repair of existing roads and bridges, besides which the Committee propose to undertake some original works the execution of which is urgently needed. The principal items under this head are the—(1) construction of a bridge at Gooriah Ghât; (2) construction of a bridge on Dandah Nullah; (3) earthwork on roads in Seetamarree Sub-Division, besides several culverts of 4 to 40′ span. The budget was duly submitted to Commissioner, and has since been approved of by him,—*vide* his No. 109C.P. dated 19th January 1878.

25. No special assistance was rendered by the zemindars of the district during the past year.

26. The Sub-Divisional Officers of Hajeepore and Seetamarree continued to render assistance by inspecting roads and bringing to notice anything requiring immediate attention.

List of works estimated for during the cess year 1876-77, but not commenced until the next year.

No of estimate.	Name of work.	Amount. Rs.

No. 102, dated Durbhunga, the 28th January 1878.

From—A. P. MACDONNELL, ESQ., Chairman, District Road Cess Committee, Durbhunga,

To—The Commissioner of the Patna Division.

I HAVE the honor to submit the following report on the working of the Road Cess Department of this district during the cess year 1876-77. The brief preliminary report prescribed by Government in the Public Works Department circular No. 50 dated 23rd July 1873 was submitted to you with this office letter No. 234 dated 19th July 1877.

2. The whole working of the department was carried out under the supervision of the District Road Cess Committee, there having been no Branch Committees regularly constituted in the district last year. The District Committee were composed of 19 members, of whom six only were official. The names of all the members, together with the number of meetings attended by each, are given below. A statement is also annexed shewing the particulars of the meetings of the Committee during the year:—

	Names of members.	Number of meetings attended.
1.	A. P. MacDonnell, Esq., Collector and Chairman ...	6
2.	B. Dé, Esq., Vice-Chairman ...	2
3.	District Superintendent of Police ...	3
4.	Road Cess Deputy Collector ...	6
5.	Executive Engineer, Mozufferpore ...	1
6.	Manager of Durbhunga Estates ...	4
7.	G. Anderson, Esq., Planter ...	3
8.	E. May, Esq. ...	0
9.	R. P. Irvin, Esq. ...	0
10.	Moharaj Coomar Guneshur Singh ...	1
11.	„ Gopessur Singh ...	2
12.	Baboo Girzadut Singh ...	0
13.	„ Bunseedhari Singh ...	3
14.	Surub Narayan Choudhury ...	2
15.	Moulvie Ekbal Ali Khan ...	0
16.	Nuzimudi Hossain ...	0
17.	Moonshee Sadiq Ally Khan ...	4
18.	Rai Bunwari Lal, Bahadoor ...	0
19.	Rai Goberdhun Lal, Bahadoor ...	4

Statement shewing the particulars of the Meetings.

District.	Number of members forming the Committee.		Number required to form a quorum.	Number of meetings held.	Meeting at which there was no quorum.	Average attendance of meetings.	Number of members who did not attend any meeting.	Number of members who attended only— One meeting.		Two meetings.		Three meetings.		Percentage of average attendance to whole Committee.
	Official.	Non-official.						Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	
Durbhunga ...	6	13	6	6	1	7	6	1	1	1	2	1	2	39

3. From the above it will appear that there were only six meetings held throughout the year, in all but one of which there was a quorum. Those members who attended the greater number of meetings usually took a fair amount of interest in the Committee's work; but I regret having to remark that the help which I received from the majority of the non-official members has not been such as could be desired. There were six members who did not attend any meeting, and they were all non-official. The Committee has now been re-organized, and the attendance at the meetings held since the beginning of the current year affords the hope of a better state of things. The Branch Committees have also been organized and are working.

4. The Committee was without a Vice-Chairman for the greater part of the year, Mr. B. Dé, Assistant Magistrate, having been appointed as Vice-Chairman in July last under Government notification dated 3rd July 1877. The work in the Committee's office was entirely carried on during the above period under the supervision of the Chairman.

5. The financial results of the working of the Act were as follows :—

6. *Income*.—The total income during the year was Rs. 1,24,992-4-4, and the year was commenced with a balance in hand of Rs. 9,383-4-7. The total amount available for expenditure was therefore Rs. 1,34,375-8-11. The income was derived from the following sources :—

Revenue under Road Cess Act—

	Rs.	A.	P.
Road cess	83,699	13	2
House do	1,075	11	0
Other cesses	152	9	7
Ferry tolls	39,031	13	8
Sale of produce and stores	3	2	0
Fines	167	4	0
Miscellaneous	961	14	11
Total ...	1,24,992	4	4

7. The year under review was the first in which revenue under the Road Cess Act was collected in this district. As a full and complete report on the matter had been already submitted to you by the Collector with his No. 358R of the 13th December last, it is not necessary to make any further remarks here on that head.

8. *Expenditure.*—The total expenditure was Rs. 37,803-2-5, which left a balance in in hand of Rs. 95,201-15-10 at the close of the year. The details of the expenditure under the several headings are given below :—

	Rs.	A.	P.
Collection establishment	4,423	4	6
Engineering ditto	10,547	0	0
Tools and plant	1,335	0	0
Works—Repairs	18,862	4	4
Ferries	2,635	9	7
Total ...	37,803	2	5

9. The figures under "Collection establishment" (Rs. 4,423-4-6) represent pay and contingent charges of the establishments entertained for the collection of revenue and the keeping of accounts of the income and expenditure of the Committee during the year.

10. The charges for the engineering establishment were Rs. 10,547, which consisted of the District Engineer with his establishment and other subordinates.

11. The total amount expended on works was Rs. 18,862-4-4. From this Rs. 2,145 should be deducted as being the amount expended for the repairs of the Narayah-Patrahi road, which were executed during the year before last, and also Rs. 544-6-3 on account of miscellaneous expenditure. The remainder, Rs. 16,172-14-1, was therefore the total amount of expenditure incurred on works during the year. These works consisted of earthwork repairs on roads and bridge repairs, no original works having been taken up. A brief summary of the several roads in the district on which repairs were carried out, showing the number of miles and bridges repaired on each road, is given below :—

12. DURBHUNGA SUB-DIVISION.—*Road No.* 1, *Durbhunga to Roserah viâ Anar and Hatowrie.*—Repaired 16 miles and eight bridges. This road is 35 miles in length, and forms part of the main road from Seetamarree, &c., towards Monghyr. The railway has taken

some of the traffic which formerly went over this road from the North-West, but it is still a most important road; and it is proposed during the current year to put it in thoroughly good order, which will include the substitution of some masonry bridges where present timber bridges are in too bad a state to be repaired. The portion of it between Durbhunga and Hatowrie has been repaired during the past year.

13. *Road No. 2, Durbhunga to Bohera.*—Repaired 16 miles and five bridges. The earthwork and bridges on this road have been repaired. During the recent heavy rains it was found that several of the wooden bridges would require lengthening, and provision has been made for this in the budget-estimate for the current year.

14. *Road No. 3, Durbhunga to Gopalpore.*—Repaired 40 miles and 18 bridges. This road is 40 miles in length, and might with advantage be divided into two sections, namely, Durbhunga to Pipra Ghât, and Pipra Ghât to Gopalpore Ghât. The latter portion forms part of the South Emigration Road, and the former section runs from Durbhunga to the beginning of the North Emigration Road, and forms part of the line of communication from Mozufferpore. This part between Durbhunga and Pipra Ghât I consider to be the most important road in the district. During the past year the earthwork and the bridges have been repaired. The wooden bridges on that portion which crosses the old bed and spill of the Kumla river, and a few others which required it, have been repaired. The uprights of most are much dilapidated, but it was considered they would last for a year or two more, and therefore only the beams and platforms have been made good. Some portions of this road between Pipra Ghât and Gopalpore Ghât are low and will be raised during the current year. The water having overtopped and breached the embankment renders this necessary, as also the introduction of some small culverts.

15. *Road No. 4, Durbhunga to Raika.*—Repaired 20 miles and two bridges. Heavy earthwork repairs have been done on this road and also surface repairs. This road forms part of the road from Durbhunga to the Nepal frontier at Joynuggur, and is a most important one. All the bridges are *pucca* and arched, with one exception, which has a timber platform.

16. *Road No. 5, Durbhunga to Kumtoul.*—Repaired 13 miles and four bridges. This forms part of the route from Seetamarree and the North-West *viâ* Durbhunga, Hatowrie, &c., to Roserah and on to Monghyr. The earthwork and the bridges have been during the past year repaired. The river Chota Bagmuttee has a tendency to cut into this road at three places, but the light protection works which were done were sufficient to arrest the corroding action during the past rainy season. I consider that it will be necessary eventually to divert the road in several places. This cutting action of the river has only existed for a few years past, since, in fact, the water of the Kumla burst into the Chota Bagmuttee to the south-east of Kumtoul.

17. *Road No. 6, Durbhunga to Simree.*—Repaired 18 miles and four bridges. The road is the continuation of that from Pipra Ghât towards Mozufferpore, and is a most important one. It has been repaired twice during the past year; at the beginning of the year it was surface repairs, and secondly, towards the end of the season, heavy earthwork repairs were done all along, with the exception of about a mile and a half, where earth was not obtainable in consequence of the adjacent land being flooded.

18. *Road No. 7, Durbhunga viâ Hyaghat to Poosha.*—Repaired 21¼ miles and two bridges. This road is 25 miles in length. Between Durbhunga and Hyaghat was repaired early in the season, and between Belashpore Ghât and Chukmehsi, and on towards Poosha, were partly executed and in progress at the end of the cess year. At Belashpore the river Bagmuttee has cut away some of the road, and a diversion across the railway at the north end of the station and back to the Belashpore Ghât at the south end of the station will be necessary. Provision has been made for this in the budget-estimates of the present year.

19. *Road No. 19, Bohera to Hatowrie.*—Repaired nil. Work here is in progress and will be completed during the present season.

20. *Road No. 10, Bohera to Hattee.*—This road has been partly repaired during the past year, and the work is now in progress.

21. *Road No. 14, Hattee to Roserah viâ Singhia and Mongulghur.*—Repaired 24 miles and 17 bridges. Repairs have been executed on this road during the past season, and provision has been made for it in the budget-estimates for the current year.

22. *Road No. 18, Chukmehsi viâ Simree to Kumtoul.*—Repaired 34½ miles and three bridges. That part of this road between Simree and Kumtoul has been repaired, and the work is still in progress, as its completion was delayed through water at the sides making earth difficult to obtain. Between Simree and Chukmehsi no provision has been made.

23. *Road No. 24, Nagurbustee to Mallinuggur near Poosha.*—Repaired 12 miles and four bridges. This road has been thoroughly repaired during the past year. As traffic is not heavy, it is considered that few or no repairs will be necessary this year.

24. *Road No. 25, Durbhunga Bazar to the Railway Station.*—This road was lately put on the road cess list. Earthwork repairs and metalling are in progress and will shortly be completed.

25. *Road No. 26, Durbhunga to Gangwarah.*—This road is little less than a mile in length, and was put on our list during the past year. Its repairs have been completed.

26. *Road No. 27, Simree to Singhwara.*—This road, two miles in length, has also been recently added to our list. Provision has been made for its repairs during the current year, and the work is now being put in hand.

27. *Road No.* 28, *Kumtoul towards Pipra.*—This road has lately come into the district through the alteration of the boundary. It was repaired last year by the Mozufferpore Road Cess. Provision has been made for it in the current year.

28. MUDHOOBUNNEE SUB-DIVISION.—*Road No.* 1, *Mudhoobunnee Pandoul to Taj Serai.*—Repaired seven miles and three bridges. This road is 11 miles long, and runs due south as far as Pandoul, and then turns off to the south-west to its junction with the Durbhunga and Gopalpore Ghât road at Taj Serai. Repairs were done between Mudhoobunnee and Pandoul and lightly between Pandoul and Taj Serai.

29. *Road No.* 3, *Mudhoobunnee viâ Motipore and Jhunjharpore to Mudheypore.*—Repaired eight miles and five bridges. Between Mudhoobunnee and Rampattee Ghât light repairs were executed. For several miles between Rampattee Ghât and Motipore the road has never been completed, and, as it is not of the first importance, no provision has been made for this part. Between Jhunjharpore and Mudheypore repairs have been done during the past year.

30. *Road No.* 4, *Mudhoobunnee viâ Khajoulee to Ladhania.*—Repaired 24 miles and 12 bridges. This is a very important road, tapping, as it does, a large country. Between Mudhoobunnee and Tahar, near Khajoulee, regular repairs were done to the road and bridges, and between Tahar and Ladhania lighter repairs were executed on the road. Several temporary bridges were rebuilt.

31. *Road No.* 5, *Mudhoobunnee to Ketwai.*—Repaired seven miles and five bridges. This road forms a link in the route between Mudhoobunnee and the Nepal frontier at Joynuggur. It has been repaired during the past year and is in fair order.

32. *Road No.* 6, *Mudhoobunnee to Benipattee.*—Repaired 13 miles and nine bridges. The part of this road between Mudhoobunnee and Raika constitutes a portion of one of the two road cess routes between Durbhunga and Mudhoobunnee, the other being *viâ* Taj Serai. On this road several wooden bridges have been completely rebuilt. Between Arere and Benipattee the river Kumla crosses the road, and considerable damage was done by the spilt water passing through the temporary bridges during the recent high floods. The platform of one of the bridges was lifted bodily away and deposited in the neighbouring field. Provision has been made for lengthening the bridges in the budget for the current year. A long wooden bridge of 20 spans was partially erected a short distance to the west of the Kumla during or after the famine, but was never completed. Its object was to pass flood water of the Kumla. Instead of completing this bridge, which would always be liable to injury from the Kumla floods, it is proposed a dry-weather low-level diversion for the dry season and a ferry for the rains.

33. *Road No.* 9, *Motipore viâ Mirzapore to Damoodurpore.*—Repaired 17 bridges. The only portion of this road which was left completed after the famine is that portion between Mirzapore and Arere, and on this about Rs. 200 was spent during the past year.

34. *Road No.* 10, *Khajoulee to Joynuggur.*—Light repairs have been done on this road during the last season.

35. *Road No.* 11, *Mirzapore to Lowkaha.*—This road has been lightly repaired, and as it is an important one for rice traffic, provision has been made for putting it into thorough repairs during the present season.

36. *Road No.* 12, *Kelwai to Pipra Ghât near Mirzapore.*—This is a cross-country road, and, as it is not of much importance, has not been estimated for in the budget.

37. *Road No.* 13, *Benipattee to Kumtoul.*—Repaired seven miles and three bridges. This road has been repaired, and part of the embankment has been raised near Soliman Ghât.

38. *Road No.* 14, *Benipattee to Hurlakee.*—Light earthwork repairs were done on this road, and the wooden bridges have been thoroughly repaired; in fact, many of them completely rebuilt.

39. *Road No.* 15, *Raika viâ Nurhan to Joynuggur.*—Repaired 18 miles and one bridge. This road has been repaired. One arch culvert gave way, and a wooden top was substituted.

40. *Road No.* 16, *Pipra Ghât viâ Narayah to Tiljooga.*—This is the North Emigration Road. Many of the bridges on this road are unfinished, and were left so by the Court of Wards. It was decided only towards the end of the season that the road cess should complete these bridges, and provision has been made in the budget-estimates for the current year for this work, as also for building several bridges which were never commenced by the Raj Durbhunga. This is a most important road for grain traffic, and has recently been lightly repaired. Thorough repairs are now in hand.

40*a*. *Road No.* 21, *Mudheypore to Berhampore.*—Repaired 8½ miles and 18 bridges. The thorough repairs of this road were nearly completed during the cess year under review.

41. TAJPORE SUB-DIVISION.—All the roads in this sub-division were lightly repaired during the past year, with one or two exceptions. A statement is given below showing in one place the repairs in number of miles and bridges made on each road:—

Statement.

Names of roads.	Number of miles repaired.	Number of bridges repaired.
Tajpore to Chootwara	4	1
" to Jitwarpore	6¼	......
" to Poosha	12½	......
" to Pockrera	5½	......
" to Mooshoury	14	1
Dulsing Serai to Singhia Ghât	11	......
Nurhan to Jitwarpore	14½	......
Poosha to Sookee	8½	......

42. Besides the above repairs on roads and bridges, the Durbhunga road cess dâk bungalow was also repaired during the last year, at a cost of Rs. 176-8-6. There is a dâk bungalow in Mudhoobunnee which has also been taken under the road cess. Provision has been made in the budget of the current year for the repairs of both the bungalows.

43. It is to be observed here that a considerable amount of work done during the latter part of the year was not measured up in time to be paid before the year closed. A sum of about Rs. 5,000 has been paid during the current year for works done last year. But taking even this circumstance into account, the total amount of work done cannot be said to be satisfactory when compared with the cost of the engineering establishment. This shortness of the work done was chiefly due to certain difficulties with which the Committee had to struggle during the last year. The difficulties were reported in my preliminary report (*vide* No. 234 dated 19th July 1877), and they were, that the Committee were without an engineer till the end of the first quarter of the year; that its subordinate establishments were not efficient; and that their Engineer, Mr. Beaumont, joined his appointment in December, and for some time was engaged in examining the various roads in the district and making himself acquainted with his charge. The work of repairing roads was not therefore taken in hand systematically till the second quarter, and thus a fair portion of the working season was lost without anything of real importance being done by the Committee. You will also have been made aware by resolutions passed by the Committee that they have not been as fully satisfied with their Engineer as they had hoped they would be. The question of Mr. Beaumont's retention in his post will be considered by the Committee on the 1st March, when full opportunity will have been given him of earning their confidence.

44. I now proceed to state what works the Road Cess Committee have proposed to undertake during the current cess year.

Original works.—The following original works have been proposed:—

	Rs.
(*a*)—Construction of bridges on the road from Durbhunga to Roserah *viâ* Anar and Hatowrio at an estimated cost of	25,681
(*b*)—Metalling of the road from Durbhunga Bazar to Railway Station at a cost of	4,095
(*c*) Construction of road from Belashpore Railway Station to Hyaghat at a cost of	666
(*d*)— Ditto of bridges on road from Pipra Ghât to Tiljooga (North Emigration Road) at a cost of	21,312
(*e*)—Construction of bridges on road from Poosha to Mowab at a cost of ...	1,948

Repairs.—All the most important roads in the district are proposed to be repaired this year. The estimated cost of such repairs is Rs. 90,833, as per details below:—

	Rs.
(*a*)—Durbhunga Sub-Division	44,378
(*b*)—Mudhoobunnee "	30,582
(*c*)—Tajpore "	15,873
Total ...	90,833

45. Regular estimates for the above works have already been prepared and submitted to the Commissioner and the Superintending Engineer for sanction.

46. The charges for the above works will be met from the income of the Committee during this year, which is expected to amount to Rs. 1,72,546, including the balance of previous year.

47. The annual accounts for the last year are herewith submitted in duplicate. The accounts have been duly examined and passed by a Sub-Committee, as required in Section 88 of the Act.

No. 153, dated Durbhunga, the 11th March 1878.

From—A. P. MACDONNELL, ESQ., Chairman, District Road Cess Committee,
To—The Commissioner of the Patna Division.

IN reply to your letter No. 144C.P. dated 26th ultimo, I have the honor to report that, regarding the working of the road cess system in this district in the year 1876-77, I have nothing to add to the remarks made by me as Collector in my No. 358R. dated 13th December 1877 to your address. These remarks I reproduce for your information.

Road cess on lands.—"The total demand of road cess on lands leviable in this district was Rs. 82,388 against which Rs. 77,529 were collected, leaving a balance of Rs. 4,859; or in other words, the collections are 94·1 per cent. The arrears were mostly due from revenue-paying estates, having several petty share-holders who looked to each other for payment of the cess. As regards revenue-free estates, the difficulty of collections is certainly great, as these lakhirajdars do not come in to pay revenue at kist time. About 79 revenue-free estates defaulted during the year, and the issue of notice under Section 22 of the Act, as also the subsequent issue of process of attachment of property under Section 10, disclosed in many cases that these lakhirajdars do not in fact exist, or that they are at least untraceable. The present land registration operations, when completed, will ultimately disclose whether these lakhirajdars do really exist or not; and it will then be time to strike off from road cess registers as many of them as are non-existent.

"To realize arrears of road cess, recourse was had to attachment of property of defaulters, and in two cases only to sales of property; but in most cases the arrears were paid up by the defaulters at the time of attachment, and recourse was not had to the more elaborate measures prescribed in the latter part of Section 10 of the Act. This is just according to paragraph 14 of the Board's Instructions for the collection of road cess.

"As the past year was the first year of the collection in this district, endeavour was made to facilitate payment of cess along with land revenue at the kist dates, and the injunctions contained in paragraph 10 of the Instructions above alluded to were strictly followed. Efforts were at the same time made to render the work of collection as little unpopular as possible; and with this view, where the arrear was trifling, say one anna or half anna, and where the omissions to pay at the proper time was apparently the result of mistake or unwilful negligence, the arrear was accepted without the process fee, which is one rupee in every case. This was more especially done when more than one process of attachment was issued from the particular village where the defaulter resided."

House cess.—"The total demand of the year under this head was Rs. 1,692, the collections Rs. 1,054, and the arrears Rs. 638. In this matter the collections do not appear so satisfactory as they should be.

"In the Sudder Sub-Division the demand was originally Rs. 108, and the whole of it was realized during the year. But in consequence of the final settlement of the question of boundary between the Districts of Mozufferpore and Durbhunga, some villages assessed from the Seetamurhee Sub-Division of the former district were transferred to this district, and the cess amounted to Rs. 70. The list of assessees was not received from Mozufferpore till towards the close of the year, and consequently no collections could be made.

"In the Mudhoobunnee Sub-Division a cess demand to the amount of Rs. 39, transferred from Mozufferpore and included in the demand of this district, was not realized. Besides, some of the assessees, the Sub-Divisional Officer reports, cannot be traced. I have directed the Sub-Divisional Officer to endeavour to trace them out.

"In the Tajpore Sub-Division somewhat large arrears have accumulated. This is owing, the Sub-Divisional Officer reports, to the canoongo attached to the sub-division having been employed on other work, and having had no time to do this work. The explanation is not quite satisfactory, and the Sub-Divisional Officer has been told so.

"The collections have been made through the subordinate executive establishment. The system of having the collections made through the punchayets, as provided in the Act, is unworkable, as pointed out in paragraph 9 of my letter No. 349 dated 3rd December 1877."

2. I thus pointed out that the working on the whole had been not unsatisfactory.

3. Of the total cess on lands, 94·1 per cent. was collected within the year. I am of opinion that a result even more satisfactory than this could be obtained if, as recommended in my letters No. 89R. and 349R. dated 3rd August and 3rd December 1877, respectively, the road cess arrears could be realized like arrears of land revenue.

4. 61·26 per cent. of the house cess was realized. The collections fell short chiefly in the Tajpore Sub-Division, where the canoongo employed on house cess collections had much of his time taken up with other work.

5. Next, regarding the different establishments under the Committee. There are three such establishments—

(1)—the road cess office establishment under the Collector;
(2)—the Chairman's office;
(3)—the engineering establishment.

6. The two former establishments did their work quite satisfactorily; but the engineering establishment did not give complete satisfaction. The Committee had reason to animadvert on the latter point. Their animadversions have produced a change for the better; but it is still a question whether a change in the *personnel* of the engineering establishment may not be necessary. This point will be decided three months hence.

7. *Village roads.*—The Committee's attention was occupied with the main lines of communication during the year. Village roads were not attended to. The Committee, however, recognize the wisdom of bringing home to the people the utility of the Act by enabling them to repair village roads, and I hope that the current year's results will show this.

8. A copy of the report called for is herewith submitted. The duplicate copy of the annual accounts has already been sent to the Examiner of Public Works Accounts.

DURBHUNGA, *The 28th January 1878.*

A. P. MACDONNELL,
Chairman.

No. 277, dated Chupra, the 16th February 1876.

From—G. S. PARK, Esq., Chairman, District Road Cess Committee, Sarun,
To—The Commissioner of the Patna Division.

I HAVE the honor to submit herewith the annual accounts of the Sarun District Road Fund for the cess year 1876-77, together with a brief report on the works of local improvement carried on in this district during the year under review.

2. *Committee.*—The District Road Committee which was appointed in July 1875 worked for two years, and was in July 1877 replaced by a fresh Committee, consisting of 21 members, *viz*,—

G. S. Park, Esq., Chairman.
H. G. Cooke, Esq., Vice-Chairman.
G. R. K. Meares, Esq., District Superintendent of Police.
Executive Engineer, Mozufferpore Division.
Baboo Nobin Chundra Mitter, Deputy Magistrate
" Ramanugra Narain, Manager, Court of Wards.
J. Macrae, Esq., } Indigo Planters.
H. W. Llewhellin, Esq., } Indigo Planters.
E. G. Williams, " } Indigo Planters.
Roy Mohabir Persad Shah, Bahadoor.
Baboo Deo Coomar Sing.
" Opendro Deo Narain.
" Debi Persad Shah.
Moulvie Dost Mahomed.
" Abdul Alli.
Baboo Choonı Lall.
" Debi Persad.
" Jamvar Dass.
" Salgram Singh.
" Debi Persad
" Seo Govindo Shah.

The names of Messrs. Reid and Urquhart, resigned, have been omitted from the list, and those of Macrae and Baboo Nobin Chandra Mitter, subsequently appointed, have been added.

3. There were eleven meetings held during the past year, of which three were adjourned for want of a quorum. The business of the first nine meetings was despatched by the members of the old Committee, and that of the remaining three by those of the new Committee. The particulars regarding meetings of both Committees are shown in Appendix A.

4. *Branch Committee.*—There is one Branch Committee at Sewan, consisting of fifteen members. It was re-organized in July 1877, and the same members who constituted the old Committee were re-appointed. They were not called on to report last year, as, owing to the late period at which the rates were sanctioned, it was only just possible to get our budget completed at head-quarters. I can certify, however, from personal inspection that their interests have in no way been neglected. We are fortunate in having an experienced and skilled engineer of the Public Works Department, who has had nearly six years' experience of the district, and who, to my knowledge, attends to out-of-the way roads, and does not neglect them for the sake of those that are more usually seen by high inspecting authority.

5. The total receipts of the year amounted to Rs. 88,718-15-3, and were derived from sources detailed below :—

	Rs.	A.	P.
Cess on lands	43,916	14	7
„ on houses	176	8	0
„ on fines	188	12	0
	44,282	2	7
Road cess leviable otherwise than under the Road Cess Act of 1871 ...	53	9	8
Road tolls	924	0	0
Ferry „	42,226	8	3
Sales of produce and stores	11	2	3
Fines	14	5	6
Miscellaneous receipts	1,207	3	0
Total ...	88,718	15	3

The total income of the Committee, including the balance of previous year (Rs. 2,504-3-5), was therefore Rs. 91,223-2-8.

6. *Road cess.*—The full amount of cesses assessed under the District Road Cess Act of 1871, including cess fines, was Rs. 82,273, of which Rs. 44,282-2-7 were realized during the year, leaving a balance of Rs. 37,990-13-5 due. The reason for the short collection is principally due to three causes, *viz.*, first, the late period at which the rate for the levying of road cess was fixed; 2nd, the natural difficulty of collecting the proceeds of a new tax; and 3rd, failure of bhadoi and aghani crops consequent on the scarcity of rains. But vigorous steps have been taken for the realization of the outstanding balances, and about Rs. 27,853 have since been realized, and in the current year we should have no difficulty.

Ferry tolls.—Under the head of ferry tolls there was a balance of about Rs. 15,407 outstanding on account of rents of ferries at the close of the year; but of this sum, Rs. 6,074 have since been realized, leaving Rs. 9,333 still due. We have issued notices to the dafaulters, requiring immediate payment of the sums outstanding against them; failing which, their property will be sold in satisfaction of the demand under the provisions of Section 7, Regulation VIII. of 1817, as authorized by Section 10, Regulation VI. of 1819. This step was not taken before, as it was as first proposed to recover the arrears by suing the defaulters in the civil court.

8. The expenditure of the Committee was as follows :—

	Rs.	A.	P.
Establishment on collection of revenue	4,028	3	7
Contingencies	1,388	8	10
Orginal works	8,401	4	9
Repairs	29,348	2	5
Establishment on works	20,158	1	9
Tools and plant	894	14	0
Total ...	64,219	3	4

9. *Establishment on collection of revenue.*—The sum of Rs. 4,028-3-7 expended on "Establishment on collection of revenue" includes Rs. 545, the salary of district road fund establishment, Rs. 406-2, the proportional allowance of local fund establishment entertained in the office of the Accountant-General, Bengal, and Rs. 202-3-8, the salaries of assessor and his peon, and of section-writers and mohurirs entertained in September 1876. The salary of assessor was paid under authority of your No. 218R. of 16th November 1876, and the proportional allowance of local fund establishment under authority of Accountant-General, Bengal's No. 340B of 24th July 1877. The amount incurred on the permanent establishment of the road cess office was Rs. 1,926-11, or Rs. 186-11 in excess of the sum sanctioned by the Board. This excess is due to the entertainment of an additional mohurir and a peon, for whom provision was made in the Road Fund budget, but whose services were dispensed with in June 1877 on receipt of your letter No. 33C. P. dated 29th May 1877.

10. *Contingencies.*—Of the sum of Rs. 1,388-8-10 charged to "Contingencies," Rs. 466-10-8 was on account of interest paid on loan money. This latter amount was at first shown under the head of "Miscellaneous claims," but it was subsequently transferred under "Contingencies," agreeably to the instruction of the Examiner.

11. *Original Works.*—Out of Rs. 8,401-4-9 expended on "Original works," the following works were executed:—

Constructing a bridge of three openings of 8 feet span each on the 19th mile of Chupra and Sonepore road.
Constructing a 4-feet culvert on the 24th mile of Chupra and Sonepore road.
Ditto a 12-feet bridge on the 25th mile of Chupra and Rewaghat road.
Ditto a 4-feet culvert on the 50th mile of Sewan and Seetulpore road.
Ditto a 5-feet culvert at Mirzapore on the 52nd mile of Sewan and Seetulpore road.
Ditto two 6-feet culverts on the 26th mile of Chupra and Salempore Ghât road.
Ditto three 6-feet culverts on the 35th, 36th, and 38th miles of Chupra and Salempore Ghât road.
Ditto a 6-feet culvert on the 9th mile of Sewan and Mushrukh road.
Ditto a 4-feet culvert on the 12th mile of Sewan and Solimghat road.
Ditto a 5-feet culvert on the 20th mile of Sewan and Solimghat road.
Ditto two 6-feet culverts on the 14th and 15th miles of Sewan and Solimghat road.
Ditto a 4-feet culvert on the 8th mile of Sewan and Siswan road.
Ditto a 5-feet culvert on the 35th mile of Chupra and Sewan road.
Ditto a 5-feet culvert on the 12th mile of Sewan and Goothni road.
Ditto two 6-feet culverts on the 13th and 14th miles of Sewan and Goothni road.
Ditto a 5-feet culvert on the 54th mile of Moharajgunge and Gopalgunge road.
Ditto a 4-feet culvert on the first mile of Gopalgunge and Thaway road.
Ditto temporary tar-wood bridge on the 43rd mile of Chupra and Goothnee road.
Ditto ditto ditto on the 31st mile of Digwara and Bawangaon road.
Ditto ditto ditto on the 5th mile of Sewau and Goothni road.

12. The quantities of the several items of works done and materials collected for the above were as follows:—

Excavation in foundation ...	C. ft.	19,108
Pucca masonry ...	,,	40,660
Concrete work ...	,,	2,011
Centering ...	No.	21
Ditto ...	R. ft.	1,368
Plain pointing ...	,,	2,033
Pucca plastering ...	,,	1,299
Flooring ...	,,	144
Tar-wood railing ...	,,	110
Earthwork in backing masonry work ...	C. ft.	96,720
Dismantling pucca masonry ...	,,	10,079
Spreading kunkur metal on the top of bridges ...	,,	312
Filling with puddles ...	,,	915
Spouts ...	No.	8
Tar-posts ...	,,	90
Ditto ...	,,	66
Tar and sâl-wood planking ...	S. ft.	544
Kunkur lime ...	C. ft.	560
Kunkur stone lime ...	,,	1,760

13. It would appear, on a reference to the annual account, that expenditure was incurred in some bridges for which there was no budget provision, and that in the construction of a bridge of three openings on the 19th mile of Sonepore road, the budget has greatly been exceeded. I would beg to state here that these alterations are unavoidable. The estimates are of necessity made by the engineer and his subordinate long prior to the working season; and it stands to reason that, however carefully the preliminary calculations may have been made, difficulties must often arise in the actual working which necessitate increased expenditure.

14. *Repairs.*—The expenditure on "Repair works" was Rs. 29,348-2-5, as detailed, below:—

	Rs.	A.	P.
Repairs to road ...	22,833	3	7
Ditto to village ...	223	8	0
Ditto to bridges ...	2,332	9	11
Ditto to bungalow ...	1,641	2	8
Ditto to ferries ...	175	9	7
Sonepore—Conservancy charges during Sonepore fair ...	2,142	0	8
Total ...	29,348	2	5

15. The expenditure incurred in repairing the village roads was very small during the past year; this was owing to a great reduction made in the expenditure in consequence of the low rate voted by the Committee for the levying of road cess. We have this year set aside a large sum for the purpose, and which my later experience tells me will not be wanted. Go where you will, up to every village leads a broad track which is kept in order by the villagers, and is amply sufficient for all their wants. They might, of course, be raised and drained, but this is not in the least necessary. I think it wiser in future to keep all our money to push on vigorously the bridging of the enormous network of roads.

16. The conservancy charges at Sonepore have been separately reported upon.

17. *Establishment on works.*—The total charges incurred on account of establishment on works amounted to Rs. 20,158-1-9; of this, Rs. 285 were on account of salaries of Public Works Department establishment employed in November 1876.

18. *Tools and Plant.*—Rs. 894-14-0 were on account of tools and plant; of this, Rs. 454 were on account of Public Works charges.

19. The sums expended on establishment on Work and Tools and Plant, as shown in the quarterly returns, come to Rs. 20,384-2-3 and Rs. 668-13-6, respectively, and those shown in the annual account come to Rs. 20,158-1-9 and Rs. 894-14. The cause of this difference is that in the quarterly returns, Rs. 45 and Rs. 181-0-6 expended in Tools and Plant in the months of March and May were by clerical error charged to Establishment; but in preparing the annual account the error has been rectified, and the amounts have been charged to their proper head.

20. Of the expenditures cited above, the following were incurred through the agency of the Public Works Department:—

	Rs.	A.	P.
Original works	4	8	0
Repairs...	347	7	5
Establishment	285	0	0
Tools and plant	454	0	0
Total ...	1,090	15	5

21. Up to 13th of November 1876 the Committee took assistance from the Public Works Department establishment, but after that date they employed their own establishments.

22. After meeting the expenditures of the year there was a cash balance of Rs. 29,725-15-1 left on the 30th September 1877, of which, Rs. 29,124-11-8 (which includes Rs. 2,721-15-9 at credit of deposit) was at the treasury, Rs. 270 outstanding against the treasury officer, and Rs. 331-3-5 in the hands of different parties.

23. The following table shows the actual cost of each kind of establishment, and the percentage it bears to the total cess collections and the expenditure on works, also the percentage which the total cost of establishment bears to the total income of the Committee:—

Total income.	Total cost of establishment.	Percentage.	Total revenue under Act X. of 1871.	Cost of establishment on collection of revenue and Committee's control.	Percentage.	Expenditure on works.	Cost of establishment on works.	Percentage.
Rs.	Rs.		Rs.	Rs.		Rs.	Rs.	
91,223	25,575	28·03	44,282	5,417	12·23	37,749	20,158	53·40

The total cost of establishment bears a percentage of 28·03 to the total income of the Committee, and the cost of establishment on works bears a percentage of 53·40 to the expenditure on works. This high percentage is due to the short collections in the road cess, owing to which most of the works at first proposed to be executed had to be postponed. Moreover, the District Engineer commenced work with a full complement of establishment from the beginning of the cess year 1876-77, and it was then hoped that all the proposed works would be executed, and the income estimated for would be realized. Of course, these figures look bad, but it should be remembered that in the first year mistakes like this must occur.

24. The works proposed to be undertaken during the current cess year are those provided in the district budget for 1877-78.

25. The district is divided into two sub-divisions, *viz.*, Chupra and Sewan Sub-Divisions, under Captain May, the District Engineer. The Chupra Sub-Division is in charge of Supervisor Baboo Koylas Chandra Mookerjee, and the Sewan Sub-Division in charge of Overseer Baboo Bany Madhub Sinha. There were formerly three sub-overseers in this district, two with the supervisor and one with the overseer; but the services of one sub-overseer were dispensed with by order of Government, as, though an exceedingly useful subordinate, his qualifications did not come up to the prescribed standard. We have nominated a man in his place, and have written to Government for confirmation.

There are 47 roads in the district, the total length of which is 913 miles; 9 of these roads come under class I., 14 under class II., 6 under class III., and 18 under class IV.

26. I have already to some extent recorded my high opinion of Captain May and made allusion to his really seeing to his roads. I have just come from a long round of 240 miles over the most unfrequented parts of the district, where there are but little chance of any one going who could make a complaint heard; yet all the roads were in as good order as they could well be. He has experience and practical skill. I think we may challenge comparison with most districts in the extent and general excellence of our roads.

APPENDIX A.

Abstract of particulars regarding Meetings of the District Road Committees for the cess year 1876-77.

Commissionership.	District.	Number of members forming new Committee. Official.	Number of members forming new Committee. Non-official.	Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance at meeting.	Number of members who did not attend any meeting.	Number of members who attended only— One meeting. Official.	One meeting. No. 383, dated Chupra, the 30th March 1878.

From—H. J. COOKE, ESQ., Offg. Chairman, District Road Cess Committee, Sarun,

To—The Commissioner of the Patna Division.

WITH reference to your letter No. 147C.P., dated the 9th instant, I have the honor to submit the following report, regarding the working of the Committee and of the executive establishments employed under the District Engineer.

2. There were 11 meetings held during the past year, of which only three were adjourned for want of a quorum. The average attendance at meetings was equal to the number required to form a quorum. The official and a few non-official members displayed much interest for the working of the Road Cess Act, and were very regular in their attendance. But most of the non-official members of the old Committee, which worked up to July last, attended very irregularly and took no active interest in the proceedings, although great care was taken to explain matters to them and make them understand that the efficient working of the Act very much depended only on their active co-operation. Among the non-officials there were some who never attended any meeting, although notices of meetings to be held were regularly sent to them. Hence, in the selection of the new Committee, the names of most of the non-official members who proved themselves very indifferent were struck off the list.

3. There were only two meetings held during the past year by the members of the new Committee. Their average attendance was good. But it now appears that the non-official members who reside at a distance from the Sudder Station are generally remiss in their attendance, and some of them have never attended any meeting. Mr. Llewhellin is the only exception; he seems to take interest in the business of the Committee. The non-official members residing in the town are generally regular in their attendance, but none of all the native members have a voice of their own, coinciding invariably in the views of the Chairman.

Mr. Macrae.
„ Williams.
Baboo Opendro Deo Narain.
„ Debi Pershad Shah.
Moulvie Abdul Alli.
Baboo Salgram Singh.
„ Debi Pershad, Zemindar and Cultivator.

4. I beg to shew in the margin the names of the members who have never attended any meeting, and would solicit the Commissioner to move the Lieutenant-Governor to strike their names from the list, as this will serve to remove the difficulty of getting a quorum.

5. With reference to the concluding portion of your letter, I beg to report that the subordinate executive establishments performed their duties during the cess year 1876-77 in a satisfactory manner. Baboo Koylash Chunder Mookerjee, Supervisor, in charge of Chupra Sub-Division, with Sub-Overseer Baboo Gopee Kristo Ghose, supervised the repairs of miles of metalled and unmetalled roads, repairs of bridges and bungalows on them, and the construction of ten new bridges and culverts. Baboo Bany Madhub Sinha, Overseer, in charge of Sewan Sub-Division, with Sub-Overseer Baboo Keshub Lall Ghose, supervised the repairs of miles of road, repair of bridges and bungalows, and the construction of 14 new bridges and culverts. As regards the state of the roads, I have already reported in paragraph 26 of this office No. 277 of 16th ultimo.

6. A list of the works therein called for is herewith submitted.

* In July 1875, when the Committee was appointed, there were 36 members; but the number was subsequently reduced to 33 owing to death of one member and the transfer of two others.

† The new Committee was constituted in July 1877.

Statement of works proposed to be carried out in the District of Sarun during the cess year 1877-78.

REMARKS.—Recovered in March 1878—*vide* Accountant-General, Bengal's No. 51TA, dated 27th April 1878.

H. G. COOKE, *Vice-Chairman.*

The 2nd February 1878.

No. 239D., dated Motihari, the 29th December 1877.

From—H. KEAN, ESQ., Chairman, Road Cess Committee, Chumparun,
To—The Commissioner of the Patna Division.

WITH reference to paragraph 3 of circular No. 50 dated the 23rd July 1873, from the Government of Bengal in the Public Works Department, I have the honor to submit the statement showing the works executed by the District Road Cess Committee during the cess year ending 30th September last, and the works proposed to be undertaken in the current year, together with the detailed account of receipts and expenditure of the District Road Fund for the last year.

The balance in hand at the beginning of the year was Rs. 92,772-9-4, and the receipts during the year Rs. 1,22,342-5-7, making a total of Rs. 2,15,114-14-11 available in the current year. The expenditure during the year was Rs. 91,738-1-11, being a balance at the end of the year of Rs. 1,23,376-13-11.

Part II. of the annual account will show in detail the sources from which the income (Rs. 1,22,342-5-7) was derived, and the heads under which the expenditure Rs. 91,738-1 was incurred.

The following is the list of works carried out by the Committee during the year.

In the Motihari Sub-Division the work consisted principally of repairs and improvements to the existing roads, but in the Bettiah Sub-Division several new works were constructed.

1. *Motihari to Kutkenwah Road* (18 *miles*).—The upper road and the cart-leaks were properly repaired and kept in good order during the year.

2. *Motihari to Dhaka Road* (17 *miles*)—Was kept in thorough repair during the year, and one new culvert for irrigation and drainage purposes built.

3. *Motihari to Tatteriah Road* (29 *miles*)—Was kept in good order; the cart-leaks and portions of the road were raised, and the gaps in the Belwah Bund that were washed away

by floods in 1876 were filled up, and 10 timber bridges and culverts replaced by earthenware pipes and brick retaining walls. An earthwork embankment has also been constructed south of the Belwah embankment, to prevent the Sikrana river from overflowing its banks and injuring the road.

4. *Motihari to Meshee Road* (29 *miles*)—Was kept in good repairs, and the bridge near Chuckloohorun was extensively repaired to prevent its being washed away, the foundations being in a dangerous state.

5. *Pipra to Sutterghât Road* (22 *miles*)—Was kept in good order throughout the year, and about 12 of the side cart-tracks have been raised above the level of floods; one mile of the road also has been metalled.

6. *Barrah to Rajpore Road* (12 *miles*).—Both the raised and the lower road were thoroughly repaired.

7. *Rajpore to Sahebgunge Road* (6 *miles*).—Both the raised and the cart-tracks were thoroughly repaired.

8. *Rajpore to Turcoliah Road* (14 *miles*).—The raised and the lower road were thoroughly repaired, and two culverts were built; a portion of this road has also been metalled

9. *Kessoriah to Gobindgunge Road* (18 *miles*)—Was thoroughly repaired and two culverts built.

10. *Segowli to Gobindgunge Road* (20 *miles*)—Was kept in good repairs during the year.

11. *Segowli to Roxole Road* (19 *miles*)—Was thoroughly repaired during the year, and a 3/20-feet bridge was rebuilt at Pachgachiah, and a protection embankment constructed to prevent damage from the Sikrana river floods.

12. The road from Motihari to Sigowli and Sigowli to Rajghât was thoroughly repaired and kept in good order during the year.

13. *Chaprah to Amwabazar and to Bettiah* (18 *miles*)—Was thoroughly repaired, and eight miles of the cart-leaks have been raised above the flood levels.

14. Turcoliah to Soogong Road thoroughly repaired.

15. *Turcoliah to Modhoochupra Road* (*six miles*)—Was thoroughly repaired and kept in good order.

16. *Motihari to Gobindgunge Road* (22 *miles*)—Was thoroughly repaired, and a large bridge at Bullooah was partially rebuilt.

17. *Hurdiah to Burhurwah* (*six miles*)—Was thoroughly repaired.

18. *Pipra to Serraha Road* (10 *miles*)—Was kept in good order during the year.

19. *Kullyanpore to Etwahghât and to Dhaka* (26 *miles*)—Was thoroughly repaired.

20. *Serraha to Jomooah Road* (16 *miles*)—Was thoroughly repaired.

21. *Meerpore to Ghorason* (10 *miles*)—Was thoroughly repaired.

22. *Semrah to Soogong Road* (*three miles*).—The surface repairs were completed, and the road was kept in good order during the year.

23. *Barrah to Serrah Road* (8 *miles*)—Was kept in good repairs during the year.

24. *Dhaka to Padamkere Road* (5½ *miles*)—Was thoroughly repaired during the year, together with its culverts.

25. *Turcoliah to Sungrampore Road* (12 *miles*)—Was kept in good order.

26. *Muckwah to Ghyree Road* (*eight miles*)—Was thoroughly repaired during the year.

27. *Barrah Factory to Modhoobun Road*—Was thoroughly repaired during the year.

VILLAGE ROADS, MOTIHARI SUB-DIVISION.

28. *Kessoriah and Gobindgunge Road to Bhuputpore*.—Five miles of this road where it passes Chawur were raised.

Motihari to Puttooaruh Road (*four miles*).—Ordinary repairs completed.

Chukker Road (*four miles*).—Road repaired.

29. *Katahaghât to Lalgurh Road*.—Five miles of this road were repaired during the year.

30. *Modhoobun to Roopowliah Road*.—This was the only new work executed by the District Road Cess Committee in Motihari Sub-Division during the year. The total quantity of earthwork executed was 731,080 cubic feet, and the length of the road constructed two miles.

BETTIAH SUB-DIVISION.

31. *Bettiah to Pipraghât Road*.—The earthwork on the whole road, a distance of 13 miles, was finished, and the slopes turfed. Three lakhs of bricks were made, and the wooden superstructure for the bridge over the Chundrabut Nullah near Bettiah, 35 feet in span, was constructed. The total quantity of earthwork done was 2,912,779 cubic feet, and turfing 241,984 superficial feet.

32. *Road from Ramnuggur to Bagaha*.—The earthwork of this road from Ramnuggur to Nuddu Pursowni was constructed in the late famine from Nuddu Pursowni to Buragram, a distance of eight miles, in the year under review. The road here meets the Pursah and Bagaha road, thus saving about three miles of earthwork and the bridging of the Tengrahee Nullah. The total quantity of earthwork done was 2,262,519 cubic feet.

33. *Road from Chainputtiah to Shikerpore*.—The earthwork of this road, ten miles in length and amounting to 1,758,881 cubic feet, was finished, and two lakhs of bricks prepared.

34. *Road from Rajghât Bridge to Dhookraha*.—The work of this road, four miles in length and amounting to 368,567 cubic feet, was finished, and six culverts, one of ten feet

span, four of five feet, and one of two feet, were constructed, the total quantity of pucka masonry being 11,693 cubic feet.

35 *Road from Lohoriah to Pursah.*—The earthwork of this road, ten miles in length, and one culvert of 15 feet span were finished; also two culverts of five feet span were partly constructed

36 *Road from Bettiah to Choonaha*—Petty repairs to earthwork and bridges were executed, and the road (14 miles) was thoroughly repaired. The quantity of earthwork done was 10,344 cubic feet.

37. *Road from Choonaha to Rolowal*—Petty repairs to earthwork and bridges were executed, two small culverts of three feet span reconstructed, and the woodwork of a bridge at Choonaha renewed. The quantity of earthwork and pucca masonry was 402,031 cubic feet and 1,086 cubic feet, respectively.

38. *Road from Lowriah to Ramnuggur.*—Petty repairs to earthwork and bridges were executed and the road 12 miles mended. The quantity of earthwork done was 65,892 cubic feet.

39. *Road from Lowriah to Shikerpore*—Petty repairs to earthwork and bridges executed and five miles road mended, the total earthwork was 32,460 cubic feet.

40. *Lowriah to new Bagaha Road*—The earthwork on this road, amounting to 293,427 cubic feet, was completed.

41 *Ramnuggur to Shikerpore Road*—Petty repairs to earthwork and bridges were executed, and three miles road mended. The total quantity of earthwork and pucca masonry done was, respectively, 10,100 cubic feet and 414 cubic feet

42. *Bettiah to Jogdishpore Road*—Petty repairs to earthwork and bridges were executed, and 9½ miles road repaired.

43. *Bettiah to Champuttiah Road.*—Six miles road was repaired, and 580,272 cubic feet of earthwork executed. The road was also made up to proper section (where low) and well above the flood level

44 *Bettiah to Bulther Road*—Seven miles road mended and 62,026 cubic feet of earthwork executed, 13 wooden bridges were also constructed, total running feet of which was 181

45. *Dhookraha to Peeperputty Road*—Petty repairs to earthwork and bridges were executed, the total quantity of earthwork done was 45,999 cubic feet, and turfing 1,29,800 superficial feet.

46. *Pursah to Bagaha Road.*—Seventeen miles road mended and 436,660 cubic feet of earthwork executed and six miles jungle cut, 21 wooden bridges were also constructed, the total waterway of which being 215 running feet

47. *Bettiah to Lowriah Road*—Petty repairs to earthwork and bridges were executed, and 18 miles road mended.

48. *Road from Jogdishpore to Gobindgunge.*—Petty repairs to earthwork were executed, the quantity being 29,676 cubic feet and turfing 20,291 superficial feet, and metalling 1,056 cubic feet done Three bridges were also constructed, the total waterway of which was 45 running feet, and pucca mansory 5,150 cubic feet

49. *Rajghat Bridge to Bettiah Road.*—Petty repairs to earthwork and metalling on bridges were executed; also the cart-leaks were raised and 19 miles road mended. The quantity of earthwork turfing, and metalling done being, respectively, 176,612 cubic feet, turfing 1,286 superficial feet, and metalling 6,345 cubic feet.

VILLAGE ROADS, BETTIAH SUB-DIVISION.

Bagaha to Moodhoobannee Road—The earthwork of the road, about eight miles, was finished, the quantity being 717,411 cubic feet

Bettiah to Bunnoochaprah Road—The earthwork, half a mile in length, was finished, and two small culverts one of three feet waterway and one of double eight inch openings, constructed The total earthwork done was 22,843 cubic feet.

The supervision of all these roads was conducted by Mr E. T Sealy, District Engineer, who was appointed in November 1876, and whose appointment was sanctioned by Government in their No. 3153E dated 31st October 1876 Mr Sealy has discharged his duties to the entire satisfaction of the Committee, and it is hoped that his appointment may be made permanent

There was no particularly difficult road made during the year. The Maharajah of Bettiah and the Rajah of Ramnuggur gave up all the land required for roads, about 40 miles, through their estates, free of all cost. No roads were made through the estate of any other zemindars in the district.

The road cess system worked well during the year, all the official and European members taking great interest in the work, and of the native members, Baboos Ruktoo Shah and Khedoo Thakoor were very regular in their attendance at the meetings. The indigo planters, as usual, afforded much assistance to the Committee in carrying out and supervising work entrusted to their care.

As regards the working of the Branch Committee, the Sub-Divisional Officer reports that "all the planters continue to take great interest and to afford much help as before. Mr. Chrestien, agent to Mr. Dear, has consented to give the wood for the bridge over the Hurhaha at Bagaha at Re. 1 per cubic foot, being two-thirds of the ordinary price. Hurrungi Misir is an active and intelligent member of the Branch Road Cess Committee." Annexed is the statement shewing the particulars of the meeting of the District and the Branch Road Cess Committees.

The accompanying list A. will show the works resolved upon for the current cess year.

H. KEAN,
Chairman.

No. 121, dated Motihari, the 28th January 1878.

From—E. T. SEALY, ESQ., District Engineer, Chumparun,
To—The Chairman, Road Cess Committee, Chumparun.

WITH reference to Commissioner's No. 79C.P. dated the 19th instant, I have the honor to report on the working of the establishment employed under the District Road Cess Committee.

The Assistant Engineer has maintained the roads in his charge and also executed a considerable quantity of earthwork and built a number of small bridges and culverts on new roads, and has superintended the works in his charge satisfactorily.

Woodit Singh, Overseer, has been employed on the repairs of the roads in the Motihari Sub-Division under the direct supervision of the District Engineer, where he has given satisfaction in getting the work done quickly and well.

Seetaram Ram Singh, Sub-Overseer, assisted him, and has since been transferred to the Bettiah Sub-Division. Sub-Overseers Kaunahia Lal and Bonowari Dass were both temporarily employed in the Bettiah Sub-Division, but have since been dismissed.

Overseer Sewrutton Lal has been personally known to the District Engineer since 1869, then employed on the Great Indian Peninsula Railway, and afterwards on the Holkar State Railway, and was first employed here in July 1877. He has given great satisfaction in the

way he has performed his duties. His past experiences enable him to carry out brickwork and earthwork quickly, neatly, and well.

Baboo Upendra Nath Gangooly, Accountant, has written up all the accounts in accordance to the rules laid down, besides all correspondence in the District Engineer and Chairman's office.

No. 270D., dated Motihari, the 31st January 1878.

Memorandum by—H. KEAN, ESQ., Chairman, Road Cess Committee, Chumparun.

E. T. SEALY,
District Engineer.

No. 18C.P., dated Bankipore, the 23rd April 1878.

From—F. M. HALLIDAY, ESQ., Officiating Commissioner of the Patna Division,
To—The Secretary to the Government of Bengal in the Public Works Department.

IN accordance with the instructions contained in Government circular No. 8A. of the 4th February last, I have now the honor to submit the following report on the District Road Funds for the cess year 1876-77, together with the original accounts and reports received from the Chairmen of the Road Cess Committees of the several districts in this division.

2. I regret that there should have been so much delay in the submission of this report; but it was unavoidable, as will appear from the following explanation.

3. The district report and accounts were received on the following dates :—

Patna ...	... 15th February.	Mozufferpore	... 8th March.
Gya ...	... 18th January.	Durbhunga ...	... 2nd February.
Shahabad ...	... 1st April.	Sarun ...	... 19th February.
Chumparun ...	... ... 4th January.		

Some of the accounts were imperfect and had to be returned for revision. The last revised account was received from Mozufferpore only on the 8th instant; nor were the reports complete. The result was that supplementary reports had to be called for in pursuance to the Government orders quoted above, which was received on the 9th February last. The last of these supplementary reports was received from Shahabad only on the 8th instant. The explanation given by Mr. Edgar of this delay is that the meeting of the Road Cess Committee for the purpose of considering and passing the accounts prepared by the Vice-Chairman was not held until the 28th ultimo. With a view, however, to expidite the adjustment of accounts, the District Committee were instructed to send direct to the Examiner of Public Works Accounts duplicate copies of the accounts, and these have all been forwarded.

4. *General Summary.*—The annexed statement A. gives an abstract of the receipts, disbursements, and balances of the several District Road Funds. This was the first year in which collections of road cess were made in all the districts in this division, except in Chumparun, where the realizations had begun from the previous year. In Shahabad and Chumparun, the cess was levied at full rates, while half rates were collected in the rest of the districts. No contributions were made by Government this year towards the District Road Funds.

5. The year opened with a very large balance amounting to Rs. 2,35,707, of which Mozufferpore and Chumparun showed Rs. 1,04,390 and Rs. 92,773, respectively. This, together with the actual receipts of the year (Rs. 8,02,178), gave an aggregate income of Rs. 10,37,885. The aggregate disbursement amounted to Rs. 5,91,727, or 57·01 per cent. of the income; thus leaving as large a balance as Rs. 4,46,158, or over 42 per cent. available on 30th September 1877. The greater portion of the balances accrued in Chumparun and

Durbhunga, where they amounted to Rs. 1,23,376 and Rs. 97,136, respectively. But this may perhaps be accounted for by the fact that in the first year the assessments were made on the probable requirements according to the experience of past years, and actual expenditure was not to that extent incurred, because the organization for carrying out works was not everywhere complete, or, if complete, not sanctioned until late in the year.

6. *Receipts.*—The subjoined table shows the income derived from the several sources:—

		Rs.
(*a*)—Road Cess	... ...	5,79,071
(*b*)—Ditto levied otherwise than under the Road Cess Act		2,482
(*c*)—Road and ferry tolls	... ...	2,11,136
(*d*)—Miscellaneous	... ...	9,489
Total	...	8,02,178
Balance of previous year	...	2,35,707
Total income of the year	...	10,37,885

7. *Road Cess.*—The total amount realized under this head was Rs. 5,79,071, of which Rs. 5,63,389 was on account of cess on lands, Rs. 5 on mines, Rs. 15,088 on houses, and Rs. 589 were recovered as fines. The road cess collected otherwise than under the Road Cess Act amounted to Rs. 2,482, and was levied from estates which came under settlement before the introduction of Act X. (B.C.) of 1871.

8. *Tolls.*—Road tolls, aggregating Rs. 9,215, were levied in the Districts of Patna, Gya, and Sarun. The toll bars in Patna and Gya have been abolished since the close of the year, and the sanction of Government has been solicited to abolish those in Sarun.

9. The income derived from ferries was Rs. 2,01,921 against Rs. 2,16,415 in 1875-76. The following statement shows the amount collected in each district under this head during the last two years.

DISTICTS.	AMOUNT REALIZED IN		Increase.	Decrease.	Net decrease.
	1875-76.	1876-77.			
	Rs.	Rs.	Rs.	Rs.	Rs.
Patna	30,635	28,988	......	1,647	......
Gya	1,433	1,388	......	45	......
Shahabad	7,295	8,052	757	......	......
Mozufferpore	64,513	50,709	......	13,834	......
Durbhunga	29,826	39,032	9,206	......	......
Sarun	55,383	42,226	......	13,157	......
Chumparun	27,300	31,526	4,226	......	......
Total ...	2,16,415	2,01,921	14,189	28,683	14,494

10. The decrease is remarkable in Mozufferpore and Sarun, and is owing simply to the fact of large arrears having accrued. The Magistrates have taken vigorous measures for recovering the arrears.

11. *Miscellaneous.*—The miscellaneous receipts amounted to Rs. 9,489, and were mostly on account of sales of stores and income from dâk and staging bungalows.

12. *Expenditure.*—Turning now to the table of disbursements, it will be seen that expenditure was incurred under the following headings:—

ITEMS.	Amount expended.	Percentage on the gross income.	Percentage on the total expenditure.
	Rs.		
Collection of revenue and Committee's Control	50,687	4·8	8·5
Original works	1,12,183	10·8	18·9
Repairs	2,41,692	23·2	40·8
Establishment	92,348	8·8	15·6
Tools and plant	7,993	·7	1·3
Miscellaneous	86,824	......	......
Total ...	5,91,727	57·01	

13. The total amount spent on collection of revenue, &c., was Rs. 50,687, or 4·8 per cent. of the income. This cost was moderate except in Gya, where Rs. 18,368, or upwards of 18 per cent., were expended under this heading. But this was owing to arrears of previous years amounting to Rs. 14,810 having been paid during the year under review.

14. *Original works and repairs.*—The cost of original works executed during the year was Rs. 1,12,183, as against Rs. 3,12,490 in the previous year. The largest sum spent under this head was in Mozufferpore, *viz.*, Rs. 38,917, while in Durbhunga there was no such expenditure at all. It is, however, satisfactory to notice that a much larger sum was spent on repairs, *viz.*, Rs. 2,41,692, against Rs. 1,89,324 in the preceding year.

The total amounts laid out on Original works and Repairs in the several districts were as follows:—

Districts.	Original works.	Repairs.	Total.	Percentage on the gross income.	Percentage on the total expenditure.
	Rs.	Rs.	Rs.		
Patna	18,093	45,660	63,753	46·1	75·9
Gya	7,522	3,714	11,236	11·0	36·9
Shahabad	13,335	81,509	94,844	68·7	74·6
Mozufferpore	38,917	19,953	58,870	26·9	37·6
Durbhunga	......	18,862	18,863	13·9	49·8
Sarun	8,401	29,348	37,749	41·3	58·7
Chumparun	25,915	42,616	68,561	31·8	74·7
Total ...	1,12,183	2,41,692	3,53,875	34·09	59·8

15. This shows that sufficient discrimination was not exercised by the District Committees in the appropriation of the funds to the *primary* objects on which they should have been spent. It should, however, be borne in mind that the engineering establishments in most of the districts were organised late in the year, and that consequently they had not sufficient time to undertake important works.

16. *Establishment.*—The cost of establishment (Rs. 92,348) was only 8·8 per cent. of the income and 26 per cent. of the amount spent on works. As an average this percentage is not high; but examining the figures district by district, the result shows differently, as will appear from the following table:—

Districts.	Cost of works.	Cost of establishment.	Percentage.	Remarks.
	Rs.	Rs.		
Patna	63,753	11,400	17·8	In Gya there was not a properly organised establishment at work, hence the small percentage.
Gya	11,236	536	4·7	
Shahabad	94,844	19,761	20·8	
Mozufferpore	58,870	10,313	17·5	
Durbhunga...	18,862	10,547	55·9	
Sarun	37,749	20,158	53·4	
Chumparun	68,561	19,633	28·6	

17. In Durbhunga and Sarun the percentage was unusually high. In the two former districts this was owing more to the paucity of the work done than to any abnormally large staff of establishments entertained. The District Engineer in Durbhunga, although he had a sufficient establishment at his command, was, the Chairman reports, wanting in energy. The high percentage in Sarun is owing to the short collections of the road cess, in consequence of which most of the works at first proposed to be executed had to be postponed. Moreover, the District Engineer began work with a full complement of establishment from the beginning of the cess year, when it was hoped that all the proposed works would be executed and the income estimated for would be realized.

17½. *Tools and plant.*—The expenditure on tools and plant hardly calls for any remarks.

18. *Miscellaneous.*—Out of Rs. 86,824 shown under this heading, Rs. 80,000 in Mozafferpore and Rs. 4,000 in Shahabad were refunds made to Government on account of relief works executed out of Imperial Funds during the late famine. The sum of Rs. 2,636 shown under this heading in Durbhunga is on account of ferry establishments and compensation to farmers. This amount, instead of being shown as a disbursement, ought to have been deducted from the ferry collections of the district, and the net receipts from ferries shown as income in the accounts.

19. *Working of the Road Cess Act.*—The working of the Road Cess Act has been on the whole satisfactory. Great difficulty is, however, experienced in collecting the cess with that punctuality which is desirable; but this difficulty cannot be overcome until the law is amended, declaring the arrear of the cess leviable under the same process as that provided for the recovery of the arrears of land revenue.

20. The house cess operations present greater difficulty. In the majority of instances it is levied from people who can ill afford to pay it, though they are assessed simply because they happen to occupy large houses built at a time when they or their ancestors were in affluent circumstances. In fact, this tax entails great annoyance to the people without very appreciable gain in funds to the Committees. It is very unpopular, and the system of collection, through punchayets, has generally failed, as might almost have been expected. The introduction of the license tax has, however, happily done away with this cess.

21. *Works resolved to be done in the following year.*—The only important works which the District Road Cess Committees contemplate undertaking during the current year are these—

In Patna.

(*a*)—The Behar and Bukhtearpore road (estimated cost Rs. 28,600).

In Shahabad.

(*b*)—Road from Sarea to Rughoonathpore (estimated cost Rs. 19,283).

In Durbhunga.

(*c*)—Bridges on the road from Pipraghât to Tilgooga (estimated cost Rs. 21,321).

22. *Working of the Committees.*—The accompanying abstract statement (B.) shows the attendance in meetings of the members in the District and Branch Committees. It will be observed that no meetings were held by the Branch Committees in Patna, Mozufferpore, Durbhunga, and Sarun, and that those in Gya, Shahabad, and Chumparun seldom met. The reason is simply this, that as the Branch Committees have no funds at their disposal, their meetings are unnecessary, if not perfectly useless. All that they can do is to make some suggestions regarding the roads, &c., in the sub-divisions, which the District Committees are at liberty to accept or reject. I am decidedly of opinion that Branch Committees cannot serve any useful purpose, nor can the members take any real interest in their work, unless a fair proportion of the District Road Fund is placed at their disposal for expenditure under Section 78 of Act X. (B.C.) of 1871, and I would therefore recommend the general adoption of such a course.

23. As regards the District Committees, the number of meetings held and the average attendance in the meetings were as follow :—

DISTRICT.	Number of meetings held, *minus* those at which there was no quorum.	Number of members in the Committee.	Average attendance in meetings.
Patna ...	6	17	6
Gya ...	3	23	6·25*
Shahabad ...	5	26	6·33*
Mozufferpore ...	4	19	8
Durbhunga ...	5	19	7
Sarun ...	8	(old) 33 (new) 21	12
Chumparun ...	3	33	13 3

* This falls short of the number required to form a quorum.

24. These figures are scarcely satisfactory. They indicate that little interest is taken by the native members,—a fact which is much to be regretted. I quote below an extract from the report of the Collector of Gya regarding a native member, named Dilla Mahaton, who represents the cultivation class in the district. Mr. Testro writes thus: "Dilla Mahaton, one of the representatives of the ryots, attended three meetings of the Committee, but no amount of persuasion was found sufficient on any of those occasions to induce him to take a chair or assist in any way in the Committee's deliberation. 'No taxation without representation' may be a very excellent principle in some societies; but I think I convey the sentiments of the Committee when I say that the expression given to the principle when Dilla Mahaton was appointed a member of the Gya Road Cess Committee is not without an element of burlesque. Dilla Mahaton did, however, on one occasion materially assist in the administration of the district by forming one of a bare quorum."

25. It is certainly a matter of regret that out of 23 members in the Gya Committee so many as 12 members never attended any meetings, and that in Shahabad, out of nine meetings called, no quorum could be formed in four of them. The planters, as a rule, have, however, generally been of great assistance to the Chairman, not only in the deliberations in Committees, but also in the supervision of works. The Collector of Sarun complains that those planters who reside at a distance from the Sudder Station are remiss in their attendance. In Patna, the Chairman believes the Committee does not contain a sufficient number of zemindars, who reside on their estates and use the roads in the interior. Measures are in contemplation in view of remedying this evil.

26. *Working of the establishment.*—The following officers acted as District Engineers during the year under review. There was no District Engineer in Gya :—

Patna.—Baboo Rajendra Nath Roy.
Shahabad.—Mr. J. Macnamara.
Mozufferpore.—Mr. H. W. Stevens.
Dhurbhunga.—Mr. N. Beaumont.
Sarun.—Captain J. May.
Chumparun.—Mr. E. T. Sealy.

27. All these gentlemen have generally worked to the entire satisfaction of the Committees, except Baboo Rajendra Nath Roy and Mr. Beaumont. The former has been very unfavourably reported on by the Committee, as will appear from the Chairman's report. He has lately resigned his appointment, and his resignation has been forwarded to Government. Mr. Beaumont has also failed to give satisfaction, and the Chairman has had on more occasions than one to warn him of his dilatory habits and want of supervision. He is still on probation. The subordinate agencies (*viz.*, overseers, sub-overseers, accountants, &c.) have more or less worked fairly.

28. *Village roads.*—An unsatisfactory feature in administration of the funds during the year is that very little or nothing has been done to improve village communications generally. But in this the first year of organization, works of this nature naturally received less attention than they would otherwise get. In Sarun and Chumparun some expenditure was incurred under this heading, but it was so trifling as hardly to deserve any mention. The District Committees, however, seem to be alive to the importance of these works, and I trust that the operations of the current year will show better results under this head.

A.

Abstract Statement shewing the Receipts, Disbursements, and Balances of Road Funds in the Patna Division for the cess year 1876-77.

PATNA COMMISSIONER'S OFFICE,
The 23rd *April* 1878.

F. M. HALLIDAY,
Officiating Commissioner.

PUBLIC WORKS DEPARTMENT, BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION.

No. 139.

The 24th June 1878.

UNDER section 89 of Act X. (B.C.) of 1871, the following Annual Accounts and Reports of the Road Cess Committees of Rajshahye, Rungpore, Bogra, Pubna, Dinagepore, Darjeeling, and Julpigoree, of works done and in progress during the past cess year 1876-77, together with the remarks thereon of the Commissioner of the Rajshahye and Cooch Behar Division, are published for general information.

T. H. WICKES,

Offg. Asst. Secy. to the Govt. of Bengal in the Public Works Department.

No. 150, dated Bauleah, the 11th February 1878.

From—W. H. D'OYLY, ESQ., Chairman, District Road Committee, Rajshahye,

To—The Commissioner of the Rajshahye and Cooch Behar Division.

IN forwarding herewith the District Engineer's annual report of district works executed during the cess year 1876-77, I have the honor to submit the following remarks.

2. The names of the gentlemen who were members of the Committee during the year under report are given in the margin. The first 23 are at present members; the others were members for short periods during the year, but ceased to be members when transferred. Baboo Hurry Nath Chatterjea, Vice-Chairman and Road Cess Deputy Collector, took three months' leave of absence from October 1876, when Mr. Fasson, Joint Magistrate, took his place and was formally appointed as Vice-Chairman by the Committee on the 7th of November following. Mr. Fasson was transferred on special duty in January 1877, when Baboo Mohendra Nath Bose was put in charge of the Road Cess Office, and performed the duties of Vice-Chairman in anticipation of the Committee's formal sanction, which was obtained on the 13th of August 1877, and his appointment was confirmed by the Government of Bengal under orders dated the 25th September following. Mr. Bashford left the district and Mr. D. T. Gordon was appointed in his stead, and in the place of Mr. Livermore, who left the district, Mr. Dixon was appointed. Mr. Ruddock, Joint Magistrate, succeeded Mr. Fasson, and Mr. Blyth, Officiating Joint Magistrate, succeeded Mr. Ruddock, as *ex-officio* members. Mr. Ridge and Mr. Dunnett were appointed as new members. All these appointments were sanctioned by Government.

1. Magistrate and Collector, *Chairman*.
2. Joint Magistrate.
3. Executive Engineer.
4. Road Cess Deputy Collector.
5. Rajah Promotha Nath Roy, Bahadoor.
6. Mr. H. J. Abbott.
7. D. T. Gordon, Esq.
8. Baboo Busunto Kumar Ghose.
9. District Superintendent of Police.
10. Baboo Gour Sunder Sing.
11. Rajah Hur Nath Roy Chowdhry.
12. Baboo Hur Gobind Bose.
13. „ Jadub Chunder Sircar.
14. Baboo Kisto Choitunno Bhomic.
15. „ Kristendro Narain Roy.
16. Mr T A. Dixon.
17. Moulvie Mahomed Russeed Khan Chowdhry.
18. Baboo Prossunno Kumar Mozumdar.
19. Baboo Rajkumar Sircar.
20. „ Syama Churn Mozumdar.
21. Baboo Saroda Prosad Shukul.
22. Mr. W. Ridge.
23. „ W. J. Dunnett.
24. „ Fasson.
25. Baboo Hurry Nath Chatterjea.
26. Mr. Bashford.
27. „ Livermore.

3. Particulars regarding the attendance of members at the several meetings are given in the annexed statement in the prescribed form. The Rajah of Dobulhatty, Baboo Kristendro Narain Roy of Bolihar, and Baboo Saroda Prosad Shukul, did not attend any meetings. The two first-named gentlemen live at places more than 50 miles from the Sudder Station, and I have no doubt whatever that they will attend the meetings of the Nowgong Branch Committee when that sub-division is opened. The last-named gentleman resides at Nattore, and is a member of the Branch Committee of that place. The Hon'ble Rajah Promotha Nath Roy, Bahadoor, Moulvie Mahomed Russeed Khan Chowdhry, Khan Bahadoor, Mr. H. J. Abbott, Baboo Busunto Kumar Ghose, Baboo Hur Gobind Bose, Baboo Prossunno Kumar Mozumdar, Baboo Rajkumar Sircar, and Mr W. J. Dunnett, attended at only one meeting. The two first-named of these are members of the Branch Committee at Nattore. Mr. Bamber, District Superintendent of Police, Mr. D. T. Gordon, Baboo Gour Sunder Sing, Baboo Kisto Choitunno Bhomic, Mr. T. A. Dixon, and Mr. W. Ridge, attended at three meetings. The Executive Engineer, the Road Cess Deputy Collector, Baboo Jadub Chunder Sircar, and Baboo Syama Churn Mozumdar, attended four meetings. The Chairman and the Joint Magistrate were present at all the meetings held. Those gentlemen that attended showed great interest in the proceedings, especially in the preparation of the estimates for the coming year, which occupied the careful attention of the Committee for two whole days.

4. The Road Cess and District Engineer's Offices were not inspected during the year by the Examiner of Public Works Accounts.

5. The aggregate receipts of the fund from all sources during the year amounted to Rs. 77,979-0-5½, as shown below :—

	Rs.	A.	P.
Cess on lands	61,652	4	8
„ on houses	1,137	2	0
„ leviable otherwise than under the Road Cess Act ...	31	12	0
Ferries	11,315	12	9½
Sale proceeds	682	0	0
Refunds	16	0	0
Miscellaneous	3,144	1	0
Total ...	77,979	0	5½

Memorandum.—This does not include the balance from the preceding year. The total expenditure amounted to Rs. 57,014-7-4, thus—

	Rs.	A.	P.
On works	35,273	2	7
On collecting establishment	6,201	0	5
On executive „	15,540	4	4
Total ...	57,014	7	4

The unexpended balance, including that of last year, could not be used this year on the works which the Committee proposed to execute in connection with the bridges on the Nattore road, as sanction to the scheme has not yet been obtained, the plans and estimates having been returned for further information.

6. The only complaints against the working of the Road Cess Act which have come to notice are—firstly, the almost universal outcry against the cess on houses. At its best it could not be expected to be worth realizing, though it is probable that some have escaped taxation who should have been assessed. I have all along pointed out the extreme unpopularity of this part of the Road Cess Act, and I am very glad to see that it is to be abandoned. Secondly, the complaints from the sharers in joint undivided estates where the shares are not defined, when they have to pay for defaulting shareholders. Sometimes it is impossible for us to ascertain what each shareholder should pay, and sometimes the sharers cannot all be found; and no doubt it is hard on the few we do find that they should be made to pay more than their shares. This, it is expected, will be remedied to a great extent when the new registers under Act VII. of 1876 have been completed.

7. The expenditure on village roads amounted to Rs. 2,994-6-3. This was expended through non-official agency. The zemindars of the Nattore Sub-Division cheerfully undertook the supervision of repairs to village roads in different parts of that sub-division. There is no doubt that a great deal of good can be done by the timely repair of these village roads, and Baboo Mohendra Nath Bose, the Vice-Chairman, remarks with truth that "there appears to be a growing desire on the part of landholders to co-operate with the Committee in this way."

8. The Vice-Chairman reports very favourably on the work of the road cess establishment and the Committee's head clerk.

9. The Vice-Chairman himself, Baboo Mohendra Nath Bose, is a very hardworking and painstaking officer, and he has taken very great interest in this part of his duties.

No. 36, dated the 10th November 1877.

From—J. C. M. FORBES, ESQ., C.E., District Engineer, Rajshahye,

To—The Chairman, Road Fund Committee, Rajshahye.

WITH reference to your office No. 3 of 3rd October last, I have the honor to submit the annual report of district works for the cess year 1876-77 as follows :—

ORIGINAL WORKS.

Nattore road, 1st section.—87,907 cubic feet earthwork, 804 cubic feet metalling top of bridges, 1,400 superficial feet turfing, executed during the year last, besides 15 miles surface repairs. Six platform ferry boats have also been constructed and placed in the gaps to ply during the rainy season till the proposed bridges are completed.

Gobindpore road.—804,545 cubic feet earthwork executed. Work stopped by orders of the Chairman

Bridge over Bya Khal.—More than three-fourths of the estimated work done, and it has since been finished.

Bridge No. 2 (Dinagepore road).—1,673 cubic feet masonry executed. Work completed.

Temporary bridge over Nurrad river at Nattore.—This bridge was constructed of bamboos and mats at a cost of Rs. 83-2.

Rustic bridge over Nurrad river at Nattore.—This was constructed at a cost of Rs. 176-3-6 in December 1876, owing to the advent of His Honor the Lieutenant-Governor of Bengal.

Dais at Nattore.—Constructed at a cost of Rs. 56-3.

Putting in mileposts on Maldah road.—Three mileposts provided and fixed on the road.

Providing mileposts on Dinagepore road.—Eleven mileposts fixed on the road at a mile apart each.

Providing mileposts on Godagaree road.—Twenty-one mileposts made, painted, figured, and fixed on the road at a mile apart each.

Providing mileposts on Nattore road.—Twenty-nine mileposts made, coal-tarred, painted, and figured and fixed on the road.

Surveying famine road from Nawhatta to Bozorpore.—Six miles properly surveyed, and plan submitted to the Magistrate.

Surveying Maldah diversion road.—Three miles surveyed and plan submitted.

Constructing Kaninogore feeder-road.—The road has been surveyed and levelled; project under preparation.

Store godown shed at Bauleah—Constructed with bamboos and grass thatching over bamboo framework. Cost Rs. 68-2.

REPAIRS.

Manda road, 1st section, three miles.—Forty-seven chains repairs to metal, 37 cubic feet woodwork to bridges, 1,753 cubic feet metalling on the top of bridges.

Manda road, 2nd section, 26 miles.—Surface repairs throughout the length of the road.

Nattore, 2nd section, 12 miles.—Surface repairs to the extent of ten miles, and 10,594 cubic feet earthwork executed.

Bogra road.—Surface repairs eight miles and six chains, earthwork 135,755 cubic feet.

Godagaree road, 18 miles.—Superficial repairs throughout the length of the road, 492,218 cubic feet earthwork, 378,200 superficial feet turfing, 32 square feet bridging.

Dinagepore road, 11 miles.—Superficial repairs throughout during the year.

Maldah road, three miles one furlong.—Superficial repairs throughout during the year.

Pubna road, 41 miles.—2,009,510 cubic feet of earthworkand 6,136 cubic feet masonry in bridges.

Lalpore to Nattore road, 21 miles.—530,441 cubic feet of earthwork and 1,540 cubic feet masonry in bridges.

Godagaree inspection bungalow—Properly repaired and kept in good order throughout the year.

Tannore road, 20 miles.—Surface repairs for a length of 18 miles have been executed.

Bridge No. 1 (Dinagepore road).—Twenty-nine cubic feet repairs to masonry.

Surmonglee bridge (Dinagepore road).—Sâl-woodwork 31·87 cubic feet, 1,560 superficial feet turfing, and 3,000 cubic feet earthwork done.

Kazipara bridge (Dinagepore road).—Masonry 455 cubic feet, 1,203 superficial feet painting, 276 cubic feet woodwork, 1,332 superficial feet tarring, and 7,000 cubic feet of earthwork executed.

Furitpore bridge (Godagaree road).—Six hundred and seventeen cubic feet of woodwork repaired during the year.

Tab bridge (Godagaree road).—Five hundred cubic feet of earthwork to approaches executed.

Basudebpore bridge (Dinagepore road).—Three hundred cubic feet of earthwork to approaches executed.

Road Cess Office bungalow at Bauleah.—One thousand four hundred and seventy-six superficial feet renewing and repairing tiled roof, 2,578 superficial feet whitewashing, 30 superficial feet repairs to terrace floor, 375 superficial feet sand plaster, and 1,132 superficial feet coal-tarring, executed.

Bridge No. 1 (Bogra road).—Sâl-woodwork 122·50 cubic feet, 5,192 superficial feet tarring, and 630 cubic feet metalling, done.

Bridge No. 2 (Bogra road).—Sâl-woodwork 16·41 cubic feet, 1,698 superficial feet tarring, and 140 cubic feet metalling, executed.

Bridge No. 3 (Bogra road).—Sâl-woodwork 62·14 cubic feet, 2,016 superficial feet tarring, and 210 cubic feet metalling

Bridge No. 4 (Bogra road).—Thirty cubic feet of sâl-woodwork, and 652 superficial feet tarring.

Bridge No. 5 (Bogra road).—Sâl-woodwork 45·20 cubic feet, and 1,172 superficial feet tarring.

Bridge No. 6 (Bogra road).—Sâl-woodwork 60·42 cubic feet, and 1,172 superficial feet coal-tarring.

Bridge No. 7 (Bogra road).—47·61 cubic feet of sâl-woodwork, and 1,754 superficial feet coal-tarring.

Bridge 8 (Bogra road).—Sâl-woodwork 101·41 cubic feet, and 2 328 superficial feet coal-tarring.

Bridge No. 9 (Bogra road).—Sâl-woodwork 139·36 cubic feet, and 3,500 superficial feet coal-tarring.

The new works proposed to be undertaken during the current year are—

1. Gobindpore road.
2. Road from Surdah to Lakenhatty.
3. Bridges on the Nattore road, first section.
4. Kumarpore bridge.
5. Pubna diversion road.
6. Extension of Maldah road.
7. Bridges, Pubna road.

8. Bridges, Lalpore to Nattore road.
9. Excavating Sonaidanga and Pootia Jola channel.
10. Excavating channel of Atrai near Kaligunge.
11. Road cess building at Bauleah.

RAJSHAHYE, *the* 11*th February* 1878.

M. N. BOSE, *Vice-Chairman.*

No. 3, dated Rungpore, the 4th January 1878.

From—J. J. LIVESAY, ESQ., Chairman, Road Cess Committee, Rungpore,
To—The Commissioner of the Rajshahye and Cooch Behar Division.

I HAVE the honor to submit the following report, in duplicate, on the operations of the District Road Committee, together with two copies of detailed account of the receipts and expenditure of the fund during the year 1876-77.

2. The accounts were duly audited by a Sub-Committee consisting of the Vice-Chairman and three members. After the accounts were passed as correct by the Sub-Committee, they were laid before a general meeting held on the 28th of December 1877, and passed in accordance with the requirements of the Act.

3. The year opened with a balance of Rs. 45,916-8-7. The total receipts of the year amounted to Rs. 1,41,317-10-2, falling short of the estimated income by only Rs 16,168-5-10. The expenditure during the year under review has been on works Rs. 50,218-15-4, on establishment Rs. 49,941-7-9 (including Rs. 29,774-6-7, Government debt incurred for assessment and valuation), on tools and plant Rs. 6,504-7-9, refunds Rs. 5,000 (*vide* Financial Department's resolution dated 18th October 1876), making a total of Rs. 1,11,664-14-10; thus leaving a balance of Rs. 75,599-3-11 at the close of the year.

4. The only item in the accounts that calls for any special remark is that of the amount shown under deposits of Rs. 20,000, the liberal gift of Baboo Nobin Chander Rai Chowdhuri, zemindar of Bamandanga, in this district. This sum has been placed at the disposal of the Committee for the erection of a memorial bridge over the Alikori river on the Kaligunge road in commemoration of the assumption by Her Majesty of the title Empress of India.

5. The Committee and the District Engineer's Offices were inspected on the 18th and 19th May 1877 by the Deputy Examiner of Public Works Accounts, and the following is an extract taken from that officer's report:—

"All the other accounts and books of the office were in fair order and required no remarks. Baboo Dwarka Nath Chatterjee, Accountant, on Rs. 80 per month, appointed and sent up by the Examiner of Public Works Accounts, Bengal, joined on the 13th June 1876. He appears to be up to his work and to give satisfaction to the Vice-Chairman." His remarks were on the whole favourable.

6. *Committees and meetings.*—The Committee consists of six official members and 12 non-official members. During the year there were nine meetings, in two of which no quorum could be formed. With the exception of two or three members, I think that all the others have generally shown a very fair amount of interest in discussing matters laid before them.

7. The following statement gives the names of the gentlemen forming the Committee, and also shows the changes that have taken place during the year under review:—

Statement showing the names of the members at the beginning of the year and any changes during the year.

	Members of the Committee at the beginning of the year.		CHANGES.—Members (forming new Committee) appointed on 15th March 1877, as per Government notification in the *Calcutta Gazette*, dated 21st March 1877, page 353.

8. *Opening conditions of the season* 1876-77.—The year commenced on the 1st October, and during that month and the first five days of November the expenditure of works was in the hands of Public Works Department. Mr. Robinson, our present Engineer, took charge of his office on the 6th of November. Most of the estimates were prepared by the Executive Engineer of the Dinagepore Division, Public Works Department, and on the arrival of the District Engineer work was undertaken accordingly. At the commencement of the working season the subordinate establishment consisted of but one overseer and four sub-overseers to start with, so that operations were seriously impeded, until two more upper subordinates had been engaged and had joined their appointments. Both arrived at last only towards the end of the working season. The district is very extensive, with a great number of roads requiring heavy repairs, especially in the matter of bridging, some of them having been left in an incomplete state since the famine. For the execution of all works we are entirely dependent on imported labor, which is, moreover, only available during the cold weather. The commencement of the season found the Committee without any but the scantiest supply of materials and destitute of tools. Under the circumstances, as much work as might have been desired could not be done during the last working season; but, as now an adequate subordinate establishment has been entertained, and other necessary arrangements made, it is hoped that the present season will show much better results.

9. *Organization.*—The engineering establishment stood at the end of 1877-78 as below:—

One District Engineer of Executive Engineer's rank.
Three overseers.
Four sub-overseers.
Two clerks.
One draftsman.
One storekeeper.

This establishment has not, however, been found strong enough in the overseer and sub-overseer grades to meet the demand for intelligent supervision that is made by the large number of roads thickly intersecting the district. The construction of good pucca bridges all over the district is the first desideratum, and is one of pressing importance; but work of this character could only be undertaken under intelligent supervision. The Committee have therefore determined to increase their staff in 1877-78 by one more overseer and five more sub-overseers, having particular regard to the immediate improvement of the route to Assam, through Kurigram and Dhoobree, as especially desired by Government.

The district has been divided into three sub-divisional charges, each under an overseer with head-quarters at Gyebanda, Kishoregunge, and Kurigram, respectively, besides a small sub-division at Rungpore itself. Each sub-division holds an imprest of cash, and the District Engineer, having compiled the accounts of the whole district, submits them monthly to the Chairman in the same manner and forms as the accounts of Public Works Department divisions to the Examiner of Public Works Accounts.

Progress on work.—The progress of works during 1876-77 will be detailed for these sub-divisions in succession; the first or A class of roads separately first, and the second or B class aferwards collectively.

I. Gyebanda Sub-Division.—*Road No.* 6, *Rungpore to Kaligunge,* 45 *miles.*—Road repaired throughout, widened to 16 feet in many places, aggregating 12 miles, re-aligned and reconstructed straight in portions aggregating 4½ miles; total earthwork, 18 lakhs of cubic feet. Timber bridges found at the commencement of the season in a state of great disrepair repaired and maintained; one new timber bridge constructed. Total expenditure Rs. 6,025-2-7.

* Of these, five were members of the old Committee held up to March last, and two were members of the Committee formed; *vide* Government notification in the *Calcutta Gazette,* dated 21st March 1877, page 353.
a.—One since transferred from this district.
b.—Both newly appointed.
c.—One newly appointed.

Road No. 17, *Chowdhranidigee to Nowabgunge*, 16 *miles*.—Known as the Soondergunge road No. 17. No allotment for this road. Establishment was insufficient to undertake repairs, and, except the reconstruction of a dilapidated bungalow at Soondergunge, which was restored, nothing has been done.

Road No. 7, *Rungpore to Bogra border*, 53 *miles*.—The allotment was small. The road which had been very much cut up during the rains received surface repairs. Timber bridges, which were generally in a very bad, some in an unsafe state, were repaired, and have since been maintained; one new timber bridge was constructed. Total expenditure amounted to, Rs. 1,744.

Road No. 16, *Lukhipore to Gaibanda, six miles*—Connects the Kaligunge road (No. 6, above reported on) with the Sub-Division of Gaibanda, and is part of the ordinary route from Rungpore to that place. The road was repaired, raised in places, and widened. Temporary bridges were restored and repaired. The road which had been impassable in the rainy season of 1876 has been the dâk road in 1877. Total expenditure amounted to Rs. 573.

Road No. 10, *Bhowanigunge* (*Kaligunge*) *to Kristopore viâ Gaibanda and Peergunge*, 36 *miles*.—This road has no allotment, nor was the establishment sufficient to execute the necessary repairs. It requires remodelling rather than ordinary repairs, and a number of new bridges also will have to be built. The most important portion (between Peergunge and Gaibanda) is reported to have opened during the rains.

Second class roads.—The only one of these which received particular attention was No. 23, connecting Govindgunge with the Sub-Division of Gaibanda (18 miles), on which the usual repairs to road surface and bamboo bridges were executed. Upon the other second class roads no more was possible, according to the District Engineer, than to restore and repair bridges here and there during the rainy season as occasion pressingly demanded.

Establishment.—There was no overseer in this sub-division till April 1877, and by far the greater part of the work executed in this large sub-division was in charge of two sub-overseers who have had no regular training. This accounts why more was not done.

II. KISHOREGUNGE SUB-DIVISION.—*Road No.* 1, *Rungpore to Dinagepore border*, 21 *miles*.—Surface repairs executed all over the road; three miles near Kholahati widened to 16 feet. Total earthwork executed amounted to 4½ lakhs of cubic feet. Bridges were repaired and maintained; one was renewed. Total expenditure came to Rs. 2,096.

Road No. 14, *Buddergunge to Kutubpore*, 10 *miles*.—Surface repairs were executed throughout, and the bridges were repaired and maintained.

Road No. 2, *Rungpore to Julpigoree border*, 54 *miles*.—This is an important road as connecting Rungpore with Julpigoree, and being, so to speak, the main artery of communication in the north-west portion of the district, with which the system of second class roads is connected. It was found at the commencement of last working season to require extensive repairs and improvements, being for a great portion of its length of insufficient width, and having lost many timber bridges by total decay. The repairs were prosecuted with vigour. Besides the ordinary surface repair, much needed throughout, 12 miles were widened to 16 feet and 10 straightened by re-alignment. The total of earthwork executed was 18 lakhs of cubic feet; 21 timber bridges were substantially repaired; new timber bridges, seven in number, aggregating 190 feet waterway, were constructed, one of these requiring 80 feet of waterway. Total expenditure incurred Rs. 8,946. There is still room for considerable improvements in widening and straightening this road. Three new inspection bungalows have been put up, and one was repaired.

Road No. 9, *Chilkakhal to Durwanee*, 30 *miles*.—Surface repairs were executed over 26 miles; 33 bridges were repaired and maintained.

Road No. 3, *Rungpore to Chilkakhal*, 14 *miles*—Has been maintained as regards road surface and timber bridges, some of which latter required, and have received, thorough repair. Expenditure amounted to Rs. 600. The inspection bungalow at Chilkakhal was also repaired.

Road No. 4, *Rungpore towards Cooch Behar*, 28 *miles*.—The ordinary surface repairs have been executed; three miles of road have been widened to 16 feet, raised, and straightened. Total earthwork, four lakhs of cubic feet. Some timber bridges have been repaired, and five new ones built in place of others decayed. Expenditure Rs. 3,221.

Second class roads.—Of these the following were operated upon:—

No. 31, *Kourgunge and Buddergunge to Syedpore*.—Eighteen miles of new road were opened out on an old track, and five new temporary bridges were constructed.

No. 30, *Neshitgunge to Gopalpore, five miles*.—Surface repairs were undertaken, some bridges were repaired, and five new temporary ones were constructed.

Establishment.—The overseer in charge of this sub-division, Baboo Mohendra Chundra Gupto, having been the only upper subordinate in the district till September 1876, his services were of necessity used so generally for a while that his special charge did not obtain the sole benefit of his attention till late in the working season. Since then he has had but one sub-overseer over an extensive charge. What work has been undertaken has on the whole been done creditably.

III. KURIGRAM SUB-DIVISION.—*Road No.* 5, *Bugwah road*, 33 *miles*.—The allotment was fully utilized in renewing seven timber and two bamboo bridges and repairing the rest. A further sum might have been usefully spent had it been possible to organise the sub-division earlier.

Road No. 8, *Rungpore to Kurigram*, 30 *miles*.—A great deal of work and permanent improvement was executed. The road was widened and raised for 18 miles, and one mile was newly made; this to the extent of 13 lakhs cubic feet of earthwork The road, which

had several unbridged breaches at the commencement of the cold weather, was opened throughout with 30 new timber-bamboo bridges. The timber bridges were repaired. Unfortunately there was no stock of available timber suitable for the construction of good bridges, and the overseer in charge of the sub-division arrived too late to be able to undertake more than has actually been done. An estimate, however, under the head of "Original works" for 10 timber-iron bridges of a superior type to the amount of Rs. 6,654 was prepared and submitted, most of the ironwork for which has been already received, and the timber is about to be delivered. Total expenditure on repairs amounted to Rs. 6,333.

Road No. 12, Kurigram to Nageshwaree, 12 miles—of which 7½ miles are on the Dhoobree or southern emigration route. This road has been re-aligned, raised, widened to 16 feet (except the last 1½ miles) to the extent of 14 lakhs of cubic feet of earthwork. In fact, it is a new road. Thirteen new timber-bamboo bridges have been constructed at an expenditure of Rs. 5,185.

Road from Kamarpara to Paglapat ghât, 4½ miles.—This is a portion of the Dhoobree or southern emigration route, and is a new road leaving No. 12 (just reported on) 7½ miles from Kurigram to reach Dhoobree on the Brahmaputra by a more direct route than the old track. This year the road has been made and opened for traffic to the extent of 4½ miles, as far as Paglapat ghât on the Doodkoomar river. The embankment is 12 feet wide on the top, but will be widened this season to 16 feet. Eleven and a half lakhs of cubic feet of earthwork were executed and six temporary bridges erected. Total expenditure Rs. 3,165. This work was commenced only in March, as before then there was no supervision available.

Second class roads.—Operations in this sub-division were necessarily commenced very late, hence but little could be undertaken under this head. As minor works had to be sacrificed to the greater importance of the Rungpore-Dhoobree road, some temporary bridges were repaired and earthwork executed on the road from Borobari to Kulaghat.

Establishment.—The overseer in charge of this sub-division, Baboo Shoshe Bhusun Chatterjea, joined his post only on the 29th January. Unfortunately, owing to his late arrival and the importance of extending the road towards Dhoobree, little could be done as regards minor roads; he is entitled to credit in regard to what he has done on the southern emigration road.

11. GENERAL REMARKS.—Drawings in detail and estimates for all permanent bridges proposed for construction in 1877-78 have been prepared and submitted by the District Engineer up to the estimated cost of Rs 27,300. The design for a bridge over the Alikori river, to utilize the special gift of Rs. 20,000 made by Baboo Nobin Chunder Roy of Bamandanga, is an exception to this. The necessary preliminary operation of trial borings, surveys, &c., have deferred the preparation of this estimate to 1877-78. It will be necessary, under recently received Government instructions, to prepare and submit further estimates for works on the Rungpore-Dhoobree road. Tools and plant to the value of Rs. 6,503 have been obtained, and stock laid up to the value of Rs. 13,882, chiefly in timber and coal materials, which are not to be readily obtained here.

12. *Village Roads.*—A sum of Rs. 5,000, or Rs. 250 for each thana, was allotted to village roads. Of this amount, only Rs. 500 was expended on the repairs of two roads within the Sub-Division of Gaibanda, the work being done by Sub-Divisional Officer through contractors. The past working season was allowed to pass over before anything of importance could be done to the village roads; after that, though some exertions were made, nothing was done. With the arrangements now made the present season will, I am certain, show much better results in regard to this important question.

13. In regard to public opinion on the subject of roads cess, it appears that in time, when all the roads have been properly repaired, and communication generally extended and improved throughout the district, people generally will be of opinion that a very great improvement has been effected in comparison to the old state of affairs formerly prevailing in the district, when all communication in certain places was almost impossible during the rains, and that the road cess will become a popular institution.

14. I have up to the present inspected only a limited number of roads, most of these in the Kurigram Sub-Division; and, so far as I have seen from personal experience, I cannot say that I consider the district roads to be in a really satisfactory state, as, for reasons already mentioned in my report, nothing has at all apparently been done to a very large number of second class roads. It is hoped and expected that the present working season will show much better results in the matter of repairs and bridging on second class roads.

15. I send in a seperate cover for easy reference a map of the district roads.

J. J. LIVESAY,
Chairman.

No. 348, dated Bogra, the 20th November 1877.

From—F. WYER, ESQ., Magistrate and Chairman, District Road Cess Committee, Bogra,

To—The Commissioner of the Rajshahye and Cooch Behar Division.

I HAVE the honor to submit the annual report of road cess operations for the year ending 30th September 1877.

2. The accounts for that year were referred to a Sub-Committee consisting of the Vice-Chairman and three other members; one of these, Baboo Rughu Nath Mustafi, being unable to attend, I took his place. The accounts were audited by the Sub-Committee, found correct and duly laid before a general meeting of the Committee on the 12th instant, and passed.

* The difference, Rs. 1-15-2, between this and the District Road Fund cash-book has been reconciled by the treasuy officer during October 1877.

The accounts so passed, together with the Vice-Chairman's report, are now submitted to you. From these accounts you will see the exact position of the fund.

3. The following is a list of the members of the Committee :—

The Collector.	Baboo Radha Roman Munshi, Zemindar.
The Executive Engineer of the Division.	„ Rughu Nath Mustafi, Naib of Zemindar.
The Senior Uncovenanted Deputy Magistrate.	„ Pyari Mohun Shaha, Merchant and Shopkeeper.
Baboo Dwarka Nath Roy, Deputy Magistrate.	„ Ishur Chunder Sen, Naib of Zemindar.
H. Dawson, Esq., District Superintendent of Police.	„ Annundo Nath Chowdhry, Zemindar.
C. G. Ridge, Esq., Merchant and Landholder.	Mir Abdus Sobhan Chowdhry, Zemindar.
J. J. Mackay, Esq., Agent of Zemindar.	Baboo Bhoyrub Chunder Moitra, Zemindar.
	Sharif Mahomed Mundul, Talookdar.

The only changes and removals during the year were, Mr. H. Dawson, District Superintendent of Police, was appointed Vice-Chairman *vice* Baboo Dwarka Nath Roy transferred.

4. The following table gives the particulars required by Government circular No. 1286 of the 13th March 1876 :—

Appendix A.

Abstract of Particulars regarding Meetings of the District Road Cess Committee for the cess year 1876-77.

Commissionership.	District.	Number of members forming Committee.		Number required to form quorum.	Number of meetings held.	Meeting at which there was no quorum.	Average attendance at meeting.	Number of members who did not attend any meeting.	Number of members who attended only— One meeting.		Two meetings.		Three meetings.		Percentage of average attendance to whole Committee.
		Official.	Non official.						Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	
Rajshahye and Cooch Behar	Bogra	5	10	5	9	3	5	6	...	1	..	1	...	...	33·3

5. The Committee, since I have been in the district, have taken a fair interest in the proceedings; but I find that the only non-official member who attended pretty regularly was Baboo Raghu Nath Mustafi. This gentleman attended five meetings, and has been of much help to the Chairman. Since the close of the year, Syed Abdus Sobhan Chowdhry has attended two meetings, and was one of the members of the Sub-Committee appointed under section 88 to audit the accounts. Mr. Dawson, the present Vice-Chairman, is of the greatest help to me from his local knowledge and the readiness with which he does anything I may delegate to him.

6. The District Road Fund and District Engineer's Offices were not inspected during the year by the Examiner of the Public Works Accounts.

7. The income of the fund for the year was Rs. 82,876-8-6, including the balance of Rs. 21,356-9-9 from last year, and advances outstanding of Rs. 2,774-5-6, total Rs. 24,130-15-3; and the expenditure Rs. 35,293-5-2, leaving a balance of Rs. 45,821-13-7, advance outstanding of Rs. 1,755-5-9. During the month of October Rs. 8,665-14-8 were paid for expenditure on earthwork, &c., incurred during the year under report, and since then claims to the amount of Rs. 4,783-7-3 have been put in. These claims are, according to Mr. Taylor, the late supervisor, outstanding owing to the want of a proper establishment to measure up the work. They are now under investigation, and will, I hope, be settled during the month.

8. I find that last year as much as Rs. 13,449-5-11 were left unadjusted, owing, as Mr. Taylor in his report on that year stated, to the work having not been properly finished. This method, or rather want of method, of holding over an unadjusted account, is, I think, most objectionable, and opens a way to the greatest abuses, and I hope to entirely put a stop to this practice. The people do not express any opinion about the tax; they accept it as inevitable. At present, I do not think they have derived much benefit from it in this district. Nothing has been spent on village roads, and a great deal has been spent in so-called improvements and straightening of existing roads. My opinion on these improvements will be given further on when I state what has been done for each road in the way of original works and repairs. A bad practice of allowing what are called verbal contracts to be made by the Supervisor of Roads, an officer on Rs. 130 a month, and the contractors has been followed in this district. Contracts which have involved the expenditure of two or three thousand rupees have been made in this way, and it can easily be seen what a door to very extensive abuses was opened by this plan.

9. The following is a detailed report on the repairs undertaken along each road, together with the culverts and bridges built or repaired along them.

Rungpore road.—This road was repaired from the 1st to 11th miles, and some earthwork on the approach of the bridges on the 12th and 17th miles was thrown up. The amount spent on repairs was Rs. 1,887-0-6.

The amount claimed as unadjusted is Rs. 1,800-6-3 for earthwork and turfing the 2nd, 3rd, and 4th miles, and Rs. 647-9 for repairing 17 culverts. The bridge of two spans, 14 feet

each, has been completed all but the arches and parapets. I saw the bridge myself the other day, and think the work is badly done, and that there won't be sufficient space for boats to pass under the bridge unless the piers are raised. This will be looked to when the District Engineer arrives. The amount last claimed for work on this bridge during the last year is Rs. 289. This claim has not yet been settled. The amount spent during the previous year was Rs. 1,210. Its estimated cost is Rs. 2,611. I went over the road the other day and found it is in very fair order up to the end of the 11th mile, but beyond that nothing has been done. I found the two bridges at the 12th and 17th miles, which in the year 1875-76 Mr. Taylor reported to be completed, have not been used at all, and in fact are a hindrance to traffic, owing to the roadway up to them not having been completed. As far as I could judge, the bridge on the 17th mile should never have been built at all, since the only thing that the old bridge required doing to it was to have had one of its piers rebuilt; in fact, the old bridge is still in use, while the new bridge is useless owing to a roadway not having been made over it.

Shibgunge road.—Rs. 393-11-11 were spent on the repairs of the 9th and 10th miles of this road, and Rs. 106-8 are claimed for repairs of nine culverts. I went over the road last month and found it in fair order.

Dinagepore road.—The first 17 miles of this road were repaired at a cost of Rs. 3,976-7-11, and this length of road was turfed. The amount claimed for this turfing is Rs. 607-6-6. Besides this, there is a claim for Rs. 902-12-1 for earthwork, &c., said to have been executed on the 5th and 8th to 17th miles. About the middle of last month I went over the first 23 miles of this road. The road was in very fair order up to the 17th mile, but beyond that little or nothing had been done. There had, I think, been a great and useless expenditure in straightening the road. This straightening saved, I should say, on the outside, half a mile in the 17, and cost a very considerable sum. At the 10th mile the new line of road was carried through an old tank or some very swampy ground, and in places the earth from the old line was dug out to make the embankment for the new one. During the year Rs. 308 were spent on the bridge at the 17th mile, and Rs. 357-1 are claimed as still due. This bridge was estimated to cost Rs. 5,000, and Rs. 3,665-10-9 have been spent on it up to date.

Nowgong or Sultanpore road.—The portion of this road between Doopchachia and Adamdiggee was made, and two temporary tâl-wood and one bamboo bridge on the 11th mile repaired, at a cost of Rs. 4,824-14-9. The road was turfed at a further cost of Rs. 916-2-9.

I went over the road as far as Adamdiggee, and found the portion between Doopchachia and that place was very well made, and ran in almost a straight line the whole way. The temporary bridges were very insecure, and I do not think enough waterway had been allowed, since there were only two bridges along the whole distance, and the road runs across the drainage of the country. The allotment for this road was Rs. 27,600. 4,173,000 bricks have been burnt for bridges and culverts along this road at a cost of Rs. 3,341-10.

Chattiangram road.—This road can hardly yet be said to exist; it connects Adamdiggee with Chattiangram railway station, and will be part of the road which will connect Bogra with the nearest railway station. Rs. 66-14 were expended on the repairs of two temporary bridges along this road.

Nattore road.—Rs. 90 were spent on surface repairs of this road and Rs. 58-6-9 on repairs of six culverts. I went over the first 10 miles of this road the other day and found it in fair order.

Serajgunge road.—This road from the 1st to the 24th miles was repaired, and Rs. 5,804-10-9 paid and Rs. 303-0-11 are claimed as still due. The road was turfed on the 1st, 2nd, and 22nd miles at a cost of Rs. 138-2-9. The bridge at the 13th mile is nearly completed. Rs. 125 were spent on this bridge during the year, and Rs. 417-14-2 are claimed as due. The bridge at the 4th mile was repaired at a cost of Rs. 70-9-4. Two lakhs of bricks have been burnt at the 22nd mile for the bridge over the Ghoga. The amount spent was Rs. 1,656-9. I went over this road to a little beyond the 21st mile, and found it in very fair order, though I think too much earthwork had been heaped up between the 15th and 21st miles, and that some unnecessary straightenings of the road have been made.

Shariakandy road.—This road was raised and straightened between Phoolbari and Bagooni, distance of 3½ miles; the straightening was, I think, unnecessary, since the distance saved is very little. Some petty repairs on the other parts of the road have been made, and part of the road turfed. The amount paid during October for the earthwork and repairs was Rs. 4,668-4-7 The amount claimed is Rs 168-8. Some of the wood which was reported in 1875-76 to have been bought for the four bridges along this road has been sawn up to the scantlings required. The amount claimed for this work is Rs. 73-5-6. Rs. 1,638-14-3 were paid during the year for this timber, and Rs. 1,621 for ironwork during the previous year.

Chandpore cross-road.—This road has been repaired at a cost of Rs. 220. It is in fair order.

Matidali cross-road.—This road was repaired at a cost of Rs. 91, and is in fair order.

Pooldighi cross-road.—The road and a bridge were repaired at a cost of Rs. 56-5-8.

Inspection Bungalows.—The bungalows at Shibgunge, Booreegunge, Mokamtolla, Panchbibi, and Doopchachia, were repaired at a cost of Rs. 196, and a small inspection bungalow at Boognie, the 7th mile along the Shariakandy road, and another at Chowbakhra on the Dinagepore road, built at a cost of Rs. 40.

The Supervisor of the Roads, Mr. Taylor, resigned his appointment on the 1st of October, and the District Engineer, Mr. Mayer, was dismissed on the 24th of that month. I therefore do not think it necessary to express any opinion as to the way these two officers have worked during the year under review. I am quite of my predecessor's opinion that, until we have an Engineer resident in the district, the road work will not be properly carried out. To show the way in which estimates were prepared by the Supervisor, Mr. Taylor, I send a copy of one for the Sultanpore road and another for a bridge at Baniadighi: such estimates are worse than useless.

We, the members of the Sub-Committee, carefully examined the accounts.

We have compared the cash account with the pass-book, both as regards receipts and expenditure, and find that there are vouchers for all the latter items.

The only points to which we take exception is that a sum of Rs. 1,389-8 includes three separate items of expenditure, and in our opinion these items ought to have been entered separately in the cash account. The same remark applies to payments made on certificates by 8, 9 and 55.

The clerk, Kristo Gopal Roy, acting as accountant, appears to have his accounts correctly, and, on the whole, done his work satisfactorily.

No. 171, dated Pubna, the 7th December 1877.

From—BABOO AMUR NATH BHATTACHARJEE, Vice-Chairman, District Road Cess Committee, Pubna,

To—The Commissioner of the Rajshahye and Cooch Behar Division.

I HAVE the honor to submit the annual report and accounts for the cess year ending 30th September 1877, passed by the Committee at a meeting held on the 3rd December 1877.

2. The personnel of the District Committee was composed of the following gentlemen for the first seven months of the year, *i. e.*, from October 1876 to April 1877 :—

Magistrate and Collector, Chairman.
Executive Engineer.
Baboo Amur Nath Bhattacharjee, Vice-Chairman.
,, Annanda Chundra Sanyal
,, Amrito Lal Sarkar.
,, Ballavi Kant Bhattacharjee.
,, Choitunna Chundra Saha.
,, Grish Chundra Moitra.
,, Govind Nath Saha.
,, Krishna Gopal Shah.
,, Lukhee Nath Pramanic.
Munshee Korman Ulla.
Baboo Mothora Nath Mozoomdar.
,, Mohim Chundra Chowdry.
Baboo Nobo Kumar Chowdry.
,, Prassanna Chundra Lahori.
,, Parvati Churan Chowdry.
J. Savi, Esq.
Baboo Sri Nath Mozomdar.
,, Srikuntho Nath Saha.
H. C. Jones, Esq.
Baboo Kasi Kinkur Sen.
,, Bodya Nath Chaki.
,, Koylash Chundra Mozoomdar.
,, Bhagwan Chundra Dass.
,, Bodya Nath Biswas.

3. Their term of incumbency having expired, the following gentlemen were appointed in their place. Some of them were in the list last year, but they were re-elected :—

Magistrate and Collector, Chairman.
Executive Engineer.
Baboo Kasi Kinkur Sen.
,, Amur Nath Bhattacharjee, Vice-Chairman.
J. Cockburn, Esq.
Baboo Shib Chundra Mullick.
,, Hara Sundra Ray
,, Mohim Chundra Chowdry.
,, Kalli Mohan Bosu
,, Sree Kanto Bhowmick.
T. Brae, Esq., junior.
Baboo Mohim Chundra Bysack.
,, Koylash Chundra Mozoomdar.
,, Choitunna Chundra Saha.
,, Mothura Nath Mozoomdar.
Moulvi Azimuddin Chowdry.
Baboo Aubhoy Govind Chowdry.
,, Aunada Govind Chowdry.
,, Guru Charan Dutt.
,, Umesh Narain Chowdry.
,, Bushanta Kumar Ray.
,, Banvari Lal Ray.
,, Govind Nath Saha.
,, Prassanna Chundra Pakrasi.
,, Ananda Mohan Saha Chowdry.
,, Prassanna Kumar Sanyal.
,, Kali Nath Sanyal
Moonshi Kurman Ulla.
C. M. W. Brett, Esq.

4. Out of these new members, Baboo Guru Churan Dutt has since tendered his resignation and Baboo Kesava Chundra Lahori has been nominated in his place. C. M. W. Brett, Esq., Chairman of the Branch Road Cess Committee of Serajgunge, was appointed an additional member of the District Committee under section 77 of the Road Cess Act.

5. The particulars regarding the attendance of the members at meetings, &c., are shown in the accompanying statem ent, from which it will be seen that there were ten meetings of the Committee held during the year in three of which there was no quorum. All the meetings,

however, were called on at least ten days' previous notice, and the business to be transacted was always notified and circulated to the members. Members at or near the Sudder Station generally attended the meetings, but those residing in the Mofussil rarely do so unless any of them happen to be at head-quarters at the time of meeting The non-official members who did not attend any meeting were therefore mostly Mofussil residents.

6. The Committee discharged its duties very satisfactorily, and those of the members who attended the meeting generally took a lively interest in all the proceedings taken.

7. The proceedings of the meetings were all duly recorded in a book kept for the purpose.

8. The District Road Fund and the District Engineer's Offices were inspected by Mr. Wilson, Assistant Examiner of Public Works Accounts, in August last, and he was well satisfied with the manner in which the accounts were kept. The one or two points noticed by him have been duly attended to.

9. The year opened with a balance of Rs. 165-10-10. The total collections under the Act at full rates, minus the amount of cess remitted to other districts and the 5 per cent. commission in some cases allowed to panchyets for collection of house cess, was Rs. 45,740-1, falling short of the estimate by Rs. 4,263-15, being the amount which remained unrealized. The receipts under other heads was Rs. 551-15-0. Thus the total amount for expenditure at the disposal of the Committee was Rs. 46,457-10-10. Of this amount, Rs. 5,027 was spent on original works and Rs. 8,632-1-3 on repairs. The total amount therefore expended during the year on road works was Rs. 13,659-1-3.

The amount spent for establishment and tools, &c., was Rs. 9,442-0-5, leaving a balance of Rs. 23,356-9-2 at the close of the year.

10. The work done during the year was indeed small, and cannot be said to be satisfactory. It was owing to the appointment of the District Engineer at the latter end of December, after which the best part of the working season passed away in the preparation of the several detailed estimates which the District Engineer after personal inspection of the roads had to get ready. Early rains also interfered much with the progress of the works. The District Engineer did all he could under the circumstances, and I feel confident that the present year's result will be as satisfactory as can be desired.

11. The following are the works executed during the year:—

(*a.*)—Extension of metalling of Dogachia road. This is a most important road in this district, leading as it does from the town to the Padma for carriage of merchandise from the town to the river, and *vice versâ*. This road is about 4½ miles in length, of which 2 miles were metalled before and 1 mile was estimated for this year, but on account of the early rains sufficient metal could not be burnt, and therefore three-fourths of a mile only of the road has been completed this year.

(*b.*)—Construction of two metalled causeways, one on the Bhawanipur road and the other on the Rajshahye road. On each of these roads there was near the town a big gap, to bridge up which all efforts in previous years totally failed, the force of the current during floods being very strong. The causeways have been constructed at a cost of Rs. 1,143 They afford over 300 running feet of waterway in each, and it is hoped they will stand the current. Their construction was not provided for in the budget-estimates when they were originally submitted to you, but the opening of the river Atrie having been abandoned as impracticable, the allotment under that head was transferred, with your permission, to the construction of the causeways.

(*c.*)—Reconstruction of two masonry culverts on the Rajshahye road of 5 feet span each, in place of two which were totally carried away.

(*d.*)—Construction of six timber bridges, four on the Chatmohur road and two on the Chadaikona road built over open gaps, timber bridges have been preferred on account of their cheapness. The timbers were all of Julpigori sâl-wood, and are believed to be sufficiently strong.

The reconstruction of the two masonry culverts on the Rajshahye road, and the construction of two timber bridges on the Chadaikona road, though really Original works, are shown in the accounts under "Repairs," under which head they were originally provided for in the budget-estimates.

12. Beyond the construction of four timber bridges nothing more could be done for the construction of the Chatmohur road as Original work, though a large amount was allotted for the purpose for the reasons stated in paragraph 10. The expenditure for repairs to this road was defrayed with your sanction from the accumulated savings of other works.

13. All existing roads were more or less repaired, but much that was necessary and provided for could not be done for reasons stated above.

14. The amount spent on village roads was Rs. 793-6-0, and the work was done chiefly through official agency, the reason being that the people in the distant Mofussil did not understand that they were allowed to spend the grants on the roads so as to suit their own convenience. It was, however, fully explained, but the people did not come forward to take charge of the money and the work until the rains had set in, when any sum spent on village roads would have been money thrown away. Several applications have been received during the current year, and the Committee have already given their special attention to the matter, and provided ample funds in the current year's budget-estimate to meet the demands of the people.

15. I must not omit to state that the collections under the Road Cess Act was commenced for the first time during the year under review, so that much time was lost in arranging the necessary preliminaries before commencing the works, and we are therefore unable to do a sufficient amount of work to convince the people of the whole district of the good effects of the working of the Act. The upper classes of people have already learnt to appreciate it, as appears evident from the inquiries they make about the works, and the applications made by them for the execution of works of public utility.

16. Most of the lower classes of the people have not yet understood the intentions of Government in the levying of the road cess, but I have no doubt that they will soon be able to realize the benefits resulting from the payment of the cess, when a sufficient amount of work tending to increase their comfort and convenience has been executed.

17. I joined the district in May last, and had therefore no opportunity of personally inspecting all the roads.

18. One engineer and one sub-overseer only were provided for under "Engineering establishment" in the budget-estimate, but they being found insufficient for the proper supervision and management of works, an additional sub-overseer was appointed in March with your sanction.

19. The District Engineer is a passed Assistant Engineer, and, as far as I can judge, is well fitted for the work of the district. He was appointed after the working season had well commenced, and when all the preliminaries of the several works had still to be undertaken, and was consequently unable to show as good a return of works as I am sure he is capable of doing.

20. Sub-Overseer, Prassanna Chunder Rai, has passed no examinations, but he was in the Executive Engineer's Department for some time, and has had much practical experience for many years in this and other districts.

21. Sub-overseer, Rajendranath Neogy, is a passed Sub-Engineer, and is reported by the Engineer to be an efficient officer.

22. The Accountant of the Committee's office has given me every satisfaction. He is a passed Accountant, and he thoroughly mastered and correctly keeps the accounts of his office. Mr. Wilson, Assistant Examiner of Public Works Accounts, after inspecting the office, spoke highly of this officer.

SERAJGUNGE BRANCH COMMITTEE.

23. The following gentlemen were the members of the Branch Committee from Octoper 1876 to April 1877 :—

Sub-Divisional Officer.	Baboo Lolit Mohun Saha Chowdhry.
A. Hannah, Esq.	A. W. Murdock, Esq.
J. F. Finlayson, Esq.	C. J. Ridge, Esq.
Baboo Gobind Chundra Bose.	Baboo Shumbhoo Chundra Nag.

24. The list was revised along with that of the Sudder Committee, and the gentlemen named below were appointed as members :—

Sub-Divisional Officer, Chairman.	Baboo Shumbhoo Chundra Nag.
J. H. Finlay, Esq.	,, Lolit Mohun Saha Chowdry.
C. G. Ridge, Esq.	,, Pranchundra Pakrashi.
J. Ogilvie, Esq.	,, Nollin Chundra Rai.

Baboo Shorut Chandra Rai.

25. Three meetings were held during the year. The attendance was rather thin; particulars regarding which are given in the annexed statement.

26. Although no work was directly made over to the Branch Committee, they were consulted on all occasions as regards the requirements and convenience of the people of that sub-division, and their suggestions readily attended to. The works in that sub-division were carried on under the supervision of the District Engineer, and a Sub-Overseer especially posted there for the purpose while the works were in progress. It is contemplated to divide the grant for village roads for the current year and place one-half of the amount at the disposal of the Branch Committee, other works being executed by the district engineering staff.

27. The works proposed to be done during the present year are chiefly the following:—

(1)—Repairs and maintenance of all the existing roads at a cost of Rs. 9,955.

(2)—Construction of a feeder-road from Sara railway station to Orooncolla on the Rajshahye road, Rs. 7,500.

(3)—Construction of a retired line of Rajshahye road from Pubna to Moonshedpur, the river having encroached upon and washed away a part of the old road, Rs. 18,000.

(4)—Construction of a raised road from Pubna to Bhowanipur completing the Chatmohur road, Rs. 16,000.

(5)—Raising the fair-weather road from Serajgunge to Bayrah, Rs. 2,000.

(6)—Constructing six fair-weather roads or tracks, four in the Serajgunge and two in the Sudder Sub-Division.

(7)—Construction of bridges and culverts on the Chadaikona, Bhowanipur and Serajgunge roads.

APPENDIX A.

***Abstract of particulars regarding Meetings of the District and Branch Road Cess Committee for the cess year* 1876-77.**

AMUR NATH BHUTTACHARJEE, *Vice-Chairman.*

No. 1311, dated Dinagepore, the 17th November 1877.

From—E. V. WESTMACOTT, Esq., Magistrate and Chairman of the District Road Cess Committee, Dinagepore,

To—The Commissioner of the Rajshahye and Cooch Behar Division.

UNDER section 89 of Act X. of 1871, I have the honor to submit a copy of the road fund accounts for the cess year ending 30th September 1877 as passed by the Committee, with a report of the work done and in progress during the year.

2. My preliminary report, under Government circular order No. 50 of 23rd July 1878, was submitted with my No. 805 of 5th July 1877.

3. The following gentlemen were the members of the Road Cess Committee during the year:—

Ex-officio.

1. Magistrate. I attended every meeting of the year, except from January to April when I was on tour in the interior.
2. As Senior Covenanted Assistant, both Mr. H. G. Cooke and Mr. C. A. Samuells were very regular attendants. They were also Vice-Chairmen, and the latter officer especially a very energetic one as regards the office work. The supervision of the executive work fell naturally to my own share as travelling about the district.
3. The District Superintendent of Police, Mr. W. J. Kilby, attended one meeting only and showed no interest in the working of the Committee. His successor, Mr. W. H. Cornish, attended one meeting during the two months that he was in the district.
4. The Executive Engineer, Mr. A. F. Watson, was a very active and useful member of the Committee, always ready to give advice and suggestions; though frequently absent from the district, he attended six meetings. His successor, Mr. Paterson, attended one in two months.

Non-official members.

5. Raja Khetro Mohun Sing, Bahadoor, representative of the Moharanee, attended two meetings only, in November and December. He was ill part of the time.
6. Roy Radha Gobindo Roy Saheb, Bahadoor, Zemindar, resident in the town, was ill; attended two meetings, in June and July.
7. Baboo Gobindo Prosad Boral, Resident Zemindar, attended seven meetings out of 17.
8. Baboo Gopee Binod Dass, banker's agent, resident in town; 12 meetings; is one of the most useful members.
9. Baboo Nitya Beharee Mitro, banker's agent, resident in town; three meetings.
10. Moulvie Mojohar Hossen Chowdhry, Zemindar, resident in the town; five meetings.
11. Moulvie Mahomed Ali Khan, late Government Pleader and Mahomedan Marriage Registrar; nine meetings. Is a very useful member.
12. Baboo Tarinee Prosad Roy,
13. Golam Mahomed Shaha,
14. Baboo Boodhinath Chowdhry,
15. Baboo Shyama Nath Roy Chowdhry, } Mofusil Zemindars, and
16. Serajdee Mondol, a wealthy ryot, never attended. The last two were entrusted with sums of money to spend on roads near their residences, but have, I believe, done nothing. I have not yet been able to visit their neighbourhood.
17. Baboo Ram Roton Patak, Government Pleader, attended five meetings. A useful member.
18. Baboo Tikon Lal Boral, Resident Zemindar, elected 22nd December 1876 in place of Mohesh Chandra Sen, who had left the district, attended seven meetings.
19. Baboo Hari Mohun Chunder, Deputy Collector, attended seven meetings only. Since being placed in charge of Road Cess Department, he has been more punctual than before.
20. Roy Narayan Chunder Chowdhry, Mofusil Zemindar, never came to Dinagepore for a meeting. He died in February 1877, and Mr. H. G. French was elected in his room at the end of the year.

4. During my absence on tour it was found very difficult to obtain a quorum, and there were nine adjourned meetings from this cause; otherwise the Committee met regularly on the fourth Friday of every month, and passed the accounts for the previous months and such estimates for work as had been approved by me. From my knowledge of the roads and requirements, the Committee had asked me to examine all estimates prepared by the District Engineer before being considered in Committee, so that in considering them the Committee had my opinion before them.

5. I cannot say that the Committee generally displayed an intelligent interest in the works and distribution of the money. In Mr. Samuells and Mr. Watson I had two most valuable auxiliaries, but I do not think the services of any of the other members of the Committee were of much value, except that I always invited discussion on all measures both in Committee and in private conversation with many of the members, and so satisfied myself whether they were approved. Little was done by the Committee in the way of suggestion. I have noted which of the native members were most useful.

6. The District Road Fund and the District Engineers' Offices were both inspected on the 24th and 26th May 1877 by Mr. F. Moore, Deputy Examiner of Public Works Accounts, Bengal.

7. As the District Engineer's Office had been organised since the last inspection, numerous faults were pointed out, principally from forms not being properly understood. Most of these were unimportant matters and have been corrected.

* * * * * * * *

9. As regards the financial results of the working of the Act, few criticisms have reached me. The zemindars think it hard that they should be taxed for roads and yet should not be able to travel along them without paying ferry tolls, and the ryots are supposed to be made to pay their own share of the cess and the zemindars' too.

10. The two instances in which I have endeavoured to get village road work done by non-official agency have, I believe, been failures, nothing having been done; but as the places are distant from head-quarters, I may find that I am wrong in thinking so. No report has been made to me nor money asked for. I do not, however, despair of getting more done in this way in future years; but at present the main communications of the district, and especially the roads leading to the new railway, require most of our funds and attention.

11. A District Engineer having been appointed, charge of the roads was taken over from the Public Works Department just before the commencement of the year, and much of the want of progress which I have to report must be attributed to the difficulty of organizing a completely new establishment in utter ignorance of the strength of staff and appliances required. Whether the staff of six overseers contemplated by the Committee was excessive I cannot say, but the smaller number whose services we secured were certainly insufficient.

12. The mileage of the roads which the Committee desire to render more or less passable is little less than a 1,000 miles, and in four directions roads extend to a distance of more than 50 miles from head-quarters. It was intended to establish a central division, with a radius of about 13 miles from head-quarters, and four other divisions, each under a separate overseer, a sixth man being kept for special work or to supply vacancies from illness or other causes.

13. It was intended that the pay of the overseers should commence at Rs. 100 per mensem, selections being made as the men showed their competence, until the full staff should consist of two men on Rs. 200, two on Rs. 150, and two on Rs. 100.

14. In answer to advertisement, scores of applications were received, but very few of the applicants appeared to possess the necessary qualifications.

15. Of those selected, three remained at work at the commencement of the year 1876-77—Mr. Burke in charge of the northern, Simington of the western, and Anderson of the southern division. I have recommended that Burke be allowed another year's probation, taking into consideration his sickness and the difficulty of organising work at first; but his work has been by no means satisfactory, and unless it shows very considerable improvement during the current year, his services are certainly not worth the Rs. 200 a month which he is receiving. Mr. Burke possesses the necessary technical qualifications.

16. Simington's services have been dispensed with during the year, and Burke has had to take charge of the western as well as the northern division, a fact which I have considered in recommending another year's probation.

17. Anderson is an energetic man, with a greater capacity for getting work done than Burke; but for want of technical qualification Government has disallowed his appointment. In order to prevent the work coming to a standstill he has been allowed to carry it on as a contractor, contractor's profits at ten per cent. being added to the cost of the works and paid from savings of overseer's pay.

18. During the year a man named Abbott, approved by Government, was put in charge of the eastern division.

19. Another overseer, named Southon, came up and went away at once, frightened, I believe, by the unhealthiness of the place.

20. In view of the difficulty of getting overseers, I have endeavoured to obtain men from the Public Works Department, as I heard that there were numbers of candidates available; but we have not obtained one. I do not know what the difficulties may be in other districts; but, owing perhaps in whole or part to the notorious unhealthiness of Dinagepore, which has not been exaggerated, the difficulty of getting men in this district is so great that I do not at present see my way to surmounting it.

P.S.—Since my writing the above some native overseers on Rs. 75 and sub-overseers on Rs. 35 have been appointed, forming a cheaper staff than that of Europeans we at first attempted to obtain.

21. I will now proceed to discuss the various roads in order.

22. *No.* 1, *Rungpore road,* 23 *miles.*—This important road connects Dinagepore with the new railway at Parbuttipore, and arrangements are being made for improving and metalling it. I have been very much disappointed at the want of progress made during the year. Out of Rs. 12,000 allotted, Rs. 1,669 only have been spent, including Rs. 646 in petty earthwork repairs and Rs. 944 in repairs to a bridge. The road is in the central and eastern divisions. Government have promised Rs. 20,000 and we have allotted Rs. 40,000 for metalling, &c.

23. *No.* 2, *Maldah,* 35 *miles.*—Out of Rs. 4,700 allotted, only Rs. 815 have been spent, principally in petty earthwork. Much is required in the way of improvement to the bank. Some culverts require replacing, and all the bridges should be carefully surveyed. Instead of improving, the road has greatly deteriorated of late years.

24. *No. 3, Moorshedabad,* 52 *miles.*—The requirements of this road are very great, but out of an allotment of Rs. 6,700, only Rs. 2,239 have been spent—Rs. 2,171 being on earthwork. (Central and southern divisions). I hoped Anderson would have done more on this road.

25. *No. 4, Darjeeling,* 57 *miles.*—Out of Rs. 5,000 allotted, only Rs. 2,113 have been spent, *viz.,* Rs. 1,020 on earthwork, Rs. 440 on culverts, and Rs. 497 on jungle-cutting.

* * * * * * * *

26 *No. 5, Bogra,* 36 *miles.*—Out of an allotment of Rs. 7,625, only Rs. 1,401 have been expended—Rs. 950 on earthwork and Rs. 391 on bridge repairs. Nothing has been done to the bridge over the Ichamuttee, and the road has been deteriorating. It is in the central and eastern divisions, and there has been some excuse in the want of overseers.

27. *No. 6, Purneah,* 38 *miles.*—Out of an allotment of Rs. 3,000, only Rs. 1,749 have been spent—Rs. 995 on earthwork and Rs. 746 on temporary bamboo bridging. (Central, northern, and western divisions). I have seen nearly all of this road since the rains, and am not well satisfied with Mr. Burke's bamboo bridging, which is very imperfect. In some cases, from delaying to do the work during the working season, he has had to pay higher rates during the rains, and has thereby caused unnecessary loss to the Road Fund.

28. *No. 7, Gungarampore and Nowbazar road,* 21 *miles.*—Out of an allotment of Rs. 3,400, only Rs. 736 were spent—Rs. 296 on repairs to earthwork and Rs. 440 on bridges. This road is partly in the central and partly in the southern division. The scheme for the year included work only as far as Gungarampore thana, and the culverts required on this road were one of the first matters which I brought to notice of the District Engineer; and although there was no overseer, the work is within so short a distance of head-quarters that it could easily, and might, have been done. The road was impassable during the rains for the first time since I have known it. I had to get a boat to get to the thana. The District Engineer led me to expect that the work would be done as he had taken it in hand himself, but I was disappointed.

29. *No. 8, Kishengunge road, about* 40 *miles.*—Out of an allotment of Rs. 7,500, only Rs 4,657 have been spent—Rs. 3,247 in the completion of the earthwork of the road from the Purneah road to Peergunge thana, left unfinished during the famine, Rs. 482 in repairs to existing earthwork, Rs. 52 on culverts, and Rs. 862 on bamboo bridges. The latter were not of much use, as the portion of the road near head-quarters was left unbridged. It was satisfactory getting the earthwork done; but though its soft state rendered it unfit for wheeled traffic during the rains, and so made bamboo bridges useless, something should have been done in making masonry culverts. It was discovered that the estimates prepared would not do, insufficient waterway being allowed.

30. *No. 9, Julpigoree road,* 24 *miles.*—Rs. 20 per mile was allowed for surface repairs, but the overseer, Mr. Burke, appears to have done nothing.

31. *No. 10, Roygunge to Tariya,* 60 *miles.*—Out of an allotment of Rs. 4,040, only Rs. 1,236 was spent—Rs. 786 on repairs to earthwork and Rs. 430 on bamboo bridges. This road is in Mr. Burke's division, and the work of the season is by no means satisfactory. I have seen some of the road since the rains, and found the work badly done; the bridge approaches especially being very imperfect and impassable for wheels. In one place between Bindol and Hemtabad I found the road cut, but no police action seemed to have been taken.

32. *No. 11, Hemtabad-Thakoorgaon,* 30 *miles.*—Out of an allotment of Rs. 1,000, Rs 854 was spent—Rs. 623 on earthwork and Rs. 215 on bamboo bridging. From Thakoorgaon to Seebgunge the road is very imperfect, and requires both culverts and a good deal done to the bank From Seebgunge to Peergunge the bank and roadway are good, but there are half a dozen unbridged gaps where bamboo bridges should be put in this season. I have only seen half the road from Peergunge to Hemtabad since the rains. From Hemtabad to Roygunge now belongs to the Roygunge-Tariya road, of which an unfinished piece from Bindol to Kornajora has been abandoned. (Mr. Burke's division.)

33. *No. 12, Chooramun road,* 38 *miles.*—Out of an allotment of Rs. 2,000, only Rs 839 was spent, *viz.,* Rs. 49 on earthwork and Rs. 790 on bamboo bridging; almost all in Mr. Burke's division. Estimates were passed early in the season, and I repeatedly urged the necessity of making the road good as far as Akhanagore thana before the rains; but it was not done. What bridging was done was done badly, and one bridge, being made too low, had been floated off altogether. The road was passable for a dogcart last rains and not this.

34. *No. 13, Hemtabad-Bongadpore,* 27 *miles.*—Rs. 320 were allowed for the portion of this road between Hemtabad and Akhanagore, about Rs. 40 per mile. Only Rs. 30 were spent, and I found all the kutcha bridges broken down. The road has greatly deteriorated during the year. (Mr. Burke's division.) From Hemtabad to Bindol has been thrown into the Roygunge-Tariya road, No. 10.

35. *No. 14, Ranisunkoil-Peergunge, seven miles.*—Out of an allotment of Rs. 1,840, only Rs. 415 was spent, principally Rs. 360 in bamboo bridging. (Mr. Burke's division.)

36. *No.* 15, *Beergunge-Peergunge*, 18 *miles.*—Out of an allotment of Rs. 2,340, Rs. 2,118 were spent on completing the earthwork left incomplete during the famine. No bridging was done. This is the most satisfactory piece of work done by Mr. Burke.

37. *No.* 16, *Beergunge-Khansama, six miles.*—Rs. 20 per mile allowed for surface repairs, but Mr. Burke has entirely neglected this road.

38. *Nos.* 17 to 27 *inclusive.*—Neither allotment nor expenditure.

39. *No.* 28, *Nishchintpore-Neelpore, eight miles.*—Out of Rs. 2,500 allotted, nothing was spent. I cannot blame the District Engineer for this, as he had no overseer for the southern division and the road is a long way from head-quarters.

40. *Nos.* 29 to 33.—Neither allotment nor expenditure.

41. *No.* 34, *Neetpore-Shatahar*, 48 *miles.*—Allotment Rs. 300; no expenditure, from having no overseer in southern division. This will be a railway feeder if Bogra and Rajshahye complete their portions of it, otherwise ours is of no use.

42. *No.* 35, *Ooma Moheshpore-Putnitola, six miles.*—Rs. 150 allotment; no expenditure. (Southern division.)

43. *No.* 36, *Shomjhya-Mohadebpore*, 50 *miles.*—Allotment Rs. 3,840; no expenditure. (Southern division.) Rs. 200 of this has been assigned to a local zemindar, a member of the Committee, to execute petty repairs to the road from Putnitola to Mohadebpore; but I believe nothing has been done.

44. *Nos.* 37-40.—Funds allotted, but, being in the southern division, nothing was spent.

45. *No.* 41, *Railway Feeder, Phoolbaree-Patiram.*—Allotment, Rs. 1,500 from Phoolbaree to Chintamon, and Rs. 2,600 from Chintamon to Patiram. Rs. 1,385 has been spent on earthwork, including 10 per cent. contractor's profits on Rs. 930, principally in the former portion.

46. *No.* 42, *Railway Feeder, Phoolbaree-Somjhya*, 14 *miles.*—Allotment Rs. 3,000; expenditure Rs. 1,561 on new earthworks. No bridging attempted.

47. *No.* 43, *Phoolbaree-Baochondee, in Rungpore*; *Railway Feeder.*—Allotment Rs. 500; expended Rs. 361 only, in completing the approach to the railway.

48. *No.* 44, *Phoolbaree-Kashdohoghat*; *Railway Feeder.*—Allotment Rs. 500; expenditure Rs. 299, in completing approach to the railway.

49. *No.* 45, *Beerampore-Kashdohoghat*; *Railway Feeder.*—Allotment Rs. 2,000; expenditure Rs. 310 only.

50. *No.* 46, *Ghoraghat-Hittee*; *Railway Feeder*, 18 *miles.*—Allotment only Rs. 100; no expenditure. A large sum has been allotted this year, and I hope some work will be done. I had not seen this road when I reported last year, and underrated its importance as a railway feeder. (Abbott's division.)

51. *No.* 47, *Ghoraghat road*, 22 *miles.*—An old important road and a railway feeder. Allotment Rs 2,440; no expenditure. (Abbott's division.)

52. *No.* 48, *Nawabgunge-Bhadooriya*, 10 *miles.*—Allotment Rs. 180 for petty repairs; the road being in very fair order, nothing spent. (Abbott's division.)

53. *No.* 49, *Bhooshibondor*, 11 *miles.*—Allotment Rs. 480; nothing spent. (Central division.) This being close to head-quarters might easily have been attended to.

54. *No.* 50, *Gungarampore-Patiram*, 18 *miles.*—Allotment Rs. 2,210; nothing spent. (Anderson's division.) I do not understand why work was not done on this road.

55. *No.* 51, *Nowbazar-Bhatkara*, 12 *miles, and No.* 52, *Gungarampore to Tamboolee.*—No allotment.

56. *No.* 53, *Dinagepore-Tarabondor*, 14 *miles.*—Allotment Rs. 4,300; expenditure Rs 4,304, including Rs. 3,711 new earthwork. The road is in the central and southern divisions, and the work was done by Anderson. A good narrow road was made, completing work left unfinished in the famine, connecting Dinagepore with the road down the Alragee. As the clay had to settle, expenditure on temporary bridges was useless for this season, but I hope the road will be made passable before the rains. The work was done neatly and well.

57. *No.* 54, *Roygunge-Doorgapore, eight miles.*—Allotment Rs. 1,040; expenditure Re. 1-4-3 only. (Western division.)

58. Besides the expenditure according to allotment above detailed, Rs. 232 were spent in rendering passable a track to Syedpore for the durbar of November 1876, and Rs. 36 on surveying part of a contemplated emigration road, to pass for a few miles through the north of the district, but of no local importance.

59. The total expenditure on roads and bridges was Rs. 29,379 only out of an allotment of Rs. 89,905; and of this Rs. 211 was paid as commission to a contractor, because

there was no overseer to do the work. This sum should therefore be shown against savings from overseer's pay.

60. The cost of the executive establishment, District Engineer, overseer's travelling allowance, tentage, mohurirs, &c., and District Engineer's office establishment, amounts to Rs. 14,760, or, adding Rs. 211 paid for supervision under the name of contractor's commission, Rs. 14,971 against Rs. 29,168 value of work done, which I cannot consider by any means a satisfactory proportion.

61. Taking into consideration all the excuses for want of progress in the work, I have recommended that the District Engineer, Mr. Vanzinleecom, and the Overseer, Mr. Burke, should be allowed to work for another year on probation; but unless the outturn of work during the present working season be very much more satisfactory than it has been during the year under review, it will not be advisable to retain their services.

62. Mr. Vanzinleecom not being appointed till September, and afterwards finding it a difficult matter to organise an office establishment, especially to obtain a draftsman, was some reason for delay in sending estimates out and enabling Mr. Burke to begin work early in the season; and the necessity for giving Mr. Burke the western as well as the northern division may also be taken into consideration in examining the want of progress made by this overseer.

* * * * * * * *

64. In these respects Mr. Vanzinleecom's efficiency has been impaired both by per onal sickness and by domestic affliction, which for a long time, and at the most important period of the year, deprived the District Committee of his services.

65. It is these considerations which have led me to recommend a second year's probation, but I cannot look back upon the work of the year without disappointment. The earthwork completed on roads Nos. 8, 15, 41, 42, 43, 44, and 53, and one bridge put in order on road No. 1, are the only pieces of work to which I can look with any satisfaction. During the rainy season all the roads were in a less passable state than they had been in the previous year, and instead of improvement there has been steady deterioration.

66. I do not, however, forget that too much must not be expected from a department during the first year of its organization.

67. I have seen almost every road in its whole length during the year under review, and some since its close.

68. At the beginning of the year we had Rs. 64,711 in hand, and have since received Rs. 62,471 from road cess on land, Rs. 11,463 from cess on houses, and Rs. 4,864 from ferries, miscellaneous items bringing our receipts up to Rs. 79,146.

69. Rs. 10,000 have been taken from us on account of expenditure during the famine, Rs. 2,486 spent on Deputy Collector's establishment for realization of the income, Rs. 2,868 on tools and plant; and the total expenditure, including that on roads and bridges, executive establishment, and inspection and dâk bungalows, amounts to Rs. 60,834.

70. The cash balance is Rs. 69,855, including imprest in hands of the executive; and the stock of timber and other materials, most of which I hoped would have been worked up during the year, is valued at Rs. 13,380.

71. Deputy Collector, Sreenath Bhadro, was in charge of the road cess at the beginning of the year—a very well-meaning and hardworking officer, but without any method or power of getting work done by his subordinates. A more energetic and business-like man would have prepared the final reports of assessment more punctually and saved a considerable sum in establishment.

72. Deputy Collector, Hari Mohan Chandro, has now been placed in charge of the department, and, as he has always been found energetic and business-like, will, I hope, manage it well. The establishment has been fixed with regard to economy, and, though it must at first be tentative in a new department, will, I hope, on its present scale be found sufficient.

73. The collection of the land cess is sufficiently satisfactory for a commencement. It takes some time to accustom the zemindars and their agents to a new measure, especially one of payment; but I expect to realize all now due and to collect it punctually in future.

74. As regards the house tax, I am not equally satisfied The assessment, so far as I can see, was a bad one in the first instance, taxable people being left untouched and improper persons assessed, and the work must be thoroughly done over again. In this, as in everything else, an over-worked staff prevented proper supervision, and Baboo Sreenath Bhadro was not the man to work under high pressure.

75. The collection of the house cess has been equally unsatisfactory. Various methods have been tried, but unsuccessfully. The canoongo in charge broke down. The tax-payers have been invited to pay their tax at the thanas through their own village chowkidars, the pound-keepers keeping the accounts. A portion has been realized in this way. An attempt to appoint tax collectors remunerated by a commission on collections has failed, as men do not come forward. The whole question of re-assessment and collection is now under consideration.

76. A large sum has been spent on drawing and measuring instruments, *viz.*, Rs. 2,677. They were obtained from the Government Mathematical Instrument Office; only Rs. 69 were spent on actual tools, and Rs. 122 on office furniture.

*

77. Rs. 114 were spent on a mohurir, at Rs. 10, in charge of the timber godown; but the District Engineer stacked the timber elsewhere, so that this expenditure, and Rs. 211 on construction of godown, might have been saved.

78. Rs. 532 were paid for establishment of Commissioner and Accountant-General.

79. Stationery, printing, and blank forms cost Rs. 1,206.

80. The bungalow at Prannugur has been allowed to fall into ruin to such an extent that I doubt whether it is now worth repairing as an inspection bungalow. Roobiya is also greatly decayed. The existing bungalows will require much more care and attention than has been bestowed upon them during the year.

81. I have said nothing of the allotment for the current year A very large proportion of the funds has been allotted to railway feeder-roads.

APPENDIX A.

Abstract of particulars regarding Meetings of District Road Committees for the cess year 1876-77.

Commissionership.	District.	Number of members forming Committee.		Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance at meetings.	Number of members who did not attend any meeting.	Number of members who attended only—						Percentage of average attendance to whole Committee.
									One meeting.		Two meetings.		Three meetings.		
		Official.	Non-official.						Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	
Rajshahye and Cooch Behar Division.	Dinagepore	5	15	6	17	9	5·411	6	...	...	1	2	...	1	27·055

3. The following gentlemen were the members of the Road Cess Committee during the year:—

Ex-officio.

1. Magistrate. I attended every meeting of the year, except from January to April when I was on tour in the interior.
2. As Senior Covenanted Assistant, both Mr. H. G. Cooke and Mr. C. A. Samuells were very regular attendants. They were also Vice-Chairmen, and the latter officer especially a very energetic one as regards the office work. The supervision of the executive work fell naturally to my own share as travelling about the district.
3. The District Superintendent of Police, Mr. W. J. Kilby, attended one meeting only and showed no interest in the working of the Committee. His successor, Mr. W. H. Cornish, attended one meeting during the two months that he was in the district.
4. The Executive Engineer, Mr. A. F. Watson, was a very active and useful member of the Committee, always ready to give advice and suggestions; though frequently absent from the district, he attended six meetings. His successor, Mr. Paterson, attended one in two months.

Non-official members.

5. Raja Khetro Mohun Sing, Bahadoor, representative of the Moharanee, attended two meetings only, in November and December. He was ill part of the time.
6. Roy Radha Gobindo Roy Saheb, Bahadoor, Zemindar, resident in the town, was ill; attended two meetings, in June and July.
7. Baboo Gobindo Prosad Boral, Resident Zemindar, attended seven meetings out of 17.
8. Baboo Gopee Binod Dass, banker's agent, resident in town; 12 meetings; is one of the most useful members.
9. Baboo Nitya Beharee Mitro, banker's agent, resident in town; three meetings.
10. Moulvie Mojohar Hossen Chowdhry, Zemindar, resident in the town; five meetings.
11. Moulvie Mahomed Ali Khan, late Government Pleader and Mahomedan Marriage Registrar; nine meetings. Is a very useful member.
12. Baboo Tarinee Prosad Roy, } Mofusil Zemindars, and
13. Golam Mahomed Shaha, }
14. Baboo Boodhinath Chowdhry, }
15. Baboo Shyama Nath Roy Chowdhry, }
16. Serajdee Mondol, a wealthy ryot, never attended. The last two were entrusted with sums of money to spend on roads near their residences, but have, I believe, done nothing. I have not yet been able to visit their neighbourhood.
17. Baboo Ram Roton Patak, Government Pleader, attended five meetings. A useful member.
18. Baboo Tikon Lal Boral, Resident Zemindar, elected 22nd December 1876 in place of Mohesh Chandra Sen, who had left the district, attended seven meetings.
19. Baboo Hari Mohun Chunder, Deputy Collector, attended seven meetings only. Since being placed in charge of Road Cess Department, he has been more punctual than before.
20. Roy Narayan Chunder Chowdhry, Mofusil Zemindar, never came to Dinagepore for a meeting. He died in February 1877, and Mr. H. G. French was elected in his room at the end of the year.

4. During my absence on tour it was found very difficult to obtain a quorum, and there were nine adjourned meetings from this cause; otherwise the Committee met regularly on the fourth Friday of every month, and passed the accounts for the previous months and such estimates for work as had been approved by me. From my knowledge of the roads and requirements, the Committee had asked me to examine all estimates prepared by the District Engineer before being considered in Committee, so that in considering them the Committee had my opinion before them.

5. I cannot say that the Committee generally displayed an intelligent interest in the works and distribution of the money. In Mr. Samuells and Mr. Watson I had two most valuable auxiliaries, but I do not think the services of any of the other members of the Committee were of much value, except that I always invited discussion on all measures both in Committee and in private conversation with many of the members, and so satisfied myself whether they were approved. Little was done by the Committee in the way of suggestion. I have noted which of the native members were most useful.

6. The District Road Fund and the District Engineers' Offices were both inspected on the 24th and 26th May 1877 by Mr. F. Moore, Deputy Examiner of Public Works Accounts, Bengal.

7. As the District Engineer's Office had been organised since the last inspection, numerous faults were pointed out, principally from forms not being properly understood. Most of these were unimportant matters and have been corrected.

8. The only serious fault pointed out was in the mode of preparing estimates, separate estimates being prepared for parts of the same work instead of comprehensive ones for the whole. This was done mainly to prevent delay in beginning work, as, from having no sufficient staff, estimates had not been prepared, as they should have been, beforehand. I hope estimates will be prepared in time this year. The District Engineer has received instructions.

9. As regards the financial results of the working of the Act, few criticisms have reached me. The zemindars think it hard that they should be taxed for roads and yet should not be able to travel along them without paying ferry tolls, and the ryots are supposed to be made to pay their own share of the cess and the zemindars' too.

10. The two instances in which I have endeavoured to get village road work done by non-official agency have, I believe, been failures, nothing having been done; but as the places are distant from head-quarters, I may find that I am wrong in thinking so. No report has been made to me nor money asked for. I do not, however, despair of getting more done in this way in future years; but at present the main communications of the district, and especially the roads leading to the new railway, require most of our funds and attention.

11. A District Engineer having been appointed, charge of the roads was taken over from the Public Works Department just before the commencement of the year, and much of the want of progress which I have to report must be attributed to the difficulty of organizing a completely new establishment in utter ignorance of the strength of staff and appliances required. Whether the staff of six overseers contemplated by the Committee was excessive I cannot say, but the smaller number whose services we secured were certainly insufficient.

12. The mileage of the roads which the Committee desire to render more or less passable is little less than a 1,000 miles, and in four directions roads extend to a distance of more than 50 miles from head-quarters. It was intended to establish a central division, with a radius of about 13 miles from head-quarters, and four other divisions, each under a separate overseer, a sixth man being kept for special work or to supply vacancies from illness or other causes.

13. It was intended that the pay of the overseers should commence at Rs. 100 per mensem, selections being made as the men showed their competence, until the full staff should consist of two men on Rs. 200, two on Rs. 150, and two on Rs. 100.

14. In answer to advertisement, scores of applications were received, but very few of the applicants appeared to possess the necessary qualifications.

15. Of those selected, three remained at work at the commencement of the year 1876-77—Mr. Burke in charge of the northern, Simington of the western, and Anderson of the southern division. I have recommended that Burke be allowed another year's probation, taking into consideration his sickness and the difficulty of organising work at first; but his work has been by no means satisfactory, and unless it shows very considerable improvement during the current year, his services are certainly not worth the Rs. 200 a month which he is receiving. Mr. Burke possesses the necessary technical qualifications.

16. Simington's services have been dispensed with during the year, and Burke has had to take charge of the western as well as the northern division, a fact which I have considered in recommending another year's probation.

17. Anderson is an energetic man, with a greater capacity for getting work done than Burke; but for want of technical qualification Government has disallowed his appointment. In order to prevent the work coming to a standstill he has been allowed to carry it on as a contractor, contractor's profits at ten per cent. being added to the cost of the works and paid from savings of overseer's pay.

18. During the year a man named Abbott, approved by Government, was put in charge of the eastern division, but was found to be utterly inefficient from drunkenness.

19. Another overseer, named Southon, came up and went away at once, frightened, I believe, by the unhealthiness of the place.

20. In view of the difficulty of getting overseers, I have endeavoured to obtain men from the Public Works Department, as I heard that there were numbers of candidates available; but we have not obtained one. I do not know what the difficulties may be in other districts; but, owing perhaps in whole or part to the notorious unhealthiness of Dinagepore, which has not been exaggerated, the difficulty of getting men in this district is so great that I do not at present see my way to surmounting it.

P.S.—Since my writing the above some native overseers on Rs. 75 and sub-overseers on Rs. 35 have been appointed, forming a cheaper staff than that of Europeans we at first attempted to obtain.

21. I will now proceed to discuss the various roads in order.

22. *No. 1, Rungpore road, 23 miles.*—This important road connects Dinagepore with the new railway at Parbuttipore, and arrangements are being made for improving and metalling it. I have been very much disappointed at the want of progress made during the year. Out of Rs. 12,000 allotted, Rs. 1,669 only have been spent, including Rs. 646 in petty earthwork repairs and Rs. 944 in repairs to a bridge. The road is in the central and eastern divisions. Government have promised Rs. 20,000 and we have allotted Rs. 40,000 for metalling, &c.

23. *No. 2, Maldah, 35 miles.*—Out of Rs. 4,700 allotted, only Rs. 815 have been spent, principally in petty earthwork. Much is required in the way of improvement to the bank. Some culverts require replacing, and all the bridges should be carefully surveyed. Instead of improving, the road has greatly deteriorated of late years.

24. *No.* 3, *Moorshedabad,* 52 *miles.*—The requirements of this road are very great, but out of an allotment of Rs. 6,700, only Rs. 2,239 have been spent—Rs. 2,171 being on earthwork. (Central and southern divisions). I hoped Anderson would have done more on this road.

25. *No.* 4, *Darjeeling,* 57 *miles.*—Out of Rs. 5,000 allotted, only Rs. 2,113 have been spent, *viz.,* Rs. 1,020 on earthwork, Rs. 440 on culverts, and Rs. 497 on jungle-cutting. Fifty miles of this road are in Burke's charge; and I consider his want of progress, especially in masonry work, very far from satisfactory, and entirely due to want of proper arrangements. I have seen the road since the rains. Some jungle-cutting at Prannuggur was well done, and there was some excuse for the want of progress there in the number of tigers about. Five or six well-pot culverts have been supported with masonry, but I have been surprised at the slovenliness of the work. Of two openings in a culvert, I noticed one several inches higher than the other. A decayed arch was dismantled to be reconstructed with a timber top. This was not done, and a bamboo platform has been put on as a temporary measure. Plank bridges have been left in a very dangerous state, though timber is in store at Dinagepore. Surface repairs, especially from the 34th mile northwards, have been neglected, and the undressed earth has not been levelled. A broken down bamboo culvert has not been replaced. On the whole the condition of the road does not reflect much credit on the overseer.

26 *No.* 5, *Bogra,* 36 *miles.*—Out of an allotment of Rs. 7,625, only Rs. 1,401 have been expended—Rs. 950 on earthwork and Rs. 391 on bridge repairs. Nothing has been done to the bridge over the Ichamuttee, and the road has been deteriorating. It is in the central and eastern divisions, and there has been some excuse in the want of overseers.

27. *No.* 6, *Purneah,* 38 *miles.*—Out of an allotment of Rs. 3,000, only Rs. 1,749 have been spent—Rs. 995 on earthwork and Rs. 746 on temporary bamboo bridging. (Central, northern, and western divisions). I have seen nearly all of this road since the rains, and am not well satisfied with Mr. Burke's bamboo bridging, which is very imperfect. In some cases, from delaying to do the work during the working season, he has had to pay higher rates during the rains, and has thereby caused unnecessary loss to the Road Fund.

28. *No.* 7, *Gungarampore and Nowbazar road,* 21 *miles.*—Out of an allotment of Rs. 3,400, only Rs. 736 were spent—Rs. 296 on repairs to earthwork and Rs. 440 on bridges. This road is partly in the central and partly in the southern division. The scheme for the year included work only as far as Gungarampore thana, and the culverts required on this road were one of the first matters which I brought to notice of the District Engineer; and although there was no overseer, the work is within so short a distance of head-quarters that it could easily, and might, have been done. The road was impassable during the rains for the first time since I have known it. I had to get a boat to get to the thana. The District Engineer led me to expect that the work would be done as he had taken it in hand himself, but I was disappointed.

29. *No.* 8, *Kishengunge road, about* 40 *miles.*—Out of an allotment of Rs. 7,500, only Rs 4,657 have been spent—Rs. 3,247 in the completion of the earthwork of the road from the Purneah road to Peergunge thana, left unfinished during the famine, Rs. 482 in repairs to existing earthwork, Rs. 52 on culverts, and Rs. 862 on bamboo bridges. The latter were not of much use, as the portion of the road near head-quarters was left unbridged. It was satisfactory getting the earthwork done; but though its soft state rendered it unfit for wheeled traffic during the rains, and so made bamboo bridges useless, something should have been done in making masonry culverts. It was discovered that the estimates prepared would not do, insufficient waterway being allowed.

30. *No.* 9, *Julpigoree road,* 24 *miles.*—Rs. 20 per mile was allowed for surface repairs, but the overseer, Mr. Burke, appears to have done nothing.

31. *No.* 10, *Roygunge to Tariya,* 60 *miles.*—Out of an allotment of Rs. 4,040, only Rs. 1,236 was spent—Rs. 786 on repairs to earthwork and Rs. 430 on bamboo bridges. This road is in Mr. Burke's division, and the work of the season is by no means satisfactory. I have seen some of the road since the rains, and found the work badly done; the bridge approaches especially being very imperfect and impassable for wheels. In one place between Bindol and Hemtabad I found the road cut, but no police action seemed to have been taken.

32. *No.* 11, *Hemtabad-Thakoorgaon,* 30 *miles.*—Out of an allotment of Rs. 1,000, Rs. 851 was spent—Rs. 623 on earthwork and Rs. 215 on bamboo bridging. From Thakoorgaon to Seebgunge the road is very imperfect, and requires both culverts and a good deal done to the bank. From Seebgunge to Peergunge the bank and roadway are good, but there are half a dozen unbridged gaps where bamboo bridges should be put in this season. I have only seen half the road from Peergunge to Hemtabad since the rains. From Hemtabad to Roygunge now belongs to the Roygunge-Tariya road, of which an unfinished piece from Bindol to Kornajora has been abandoned. (Mr. Burke's division.)

33. *No.* 12, *Chooramun road,* 38 *miles.*—Out of an allotment of Rs. 2,000, only Rs 839 was spent, *viz.,* Rs. 49 on earthwork and Rs. 790 on bamboo bridging; almost all in Mr. Burke's division. Estimates were passed early in the season, and I repeatedly urged the necessity of making the road good as far as Akhanagore thana before the rains; but it was not done. What bridging was done was done badly, and one bridge, being made too low, had been floated off altogether. The road was passable for a dogcart last rains and not this, and I consider it creditable neither to the overseer nor the Engineer.

34. *No.* 13, *Hemtabad-Bongadpore,* 27 *miles.*—Rs. 320 were allowed for the portion of this road between Hemtabad and Akhanagore, about Rs. 40 per mile. Only Rs. 30 were spent,

and I found all the kutcha bridges broken down. The road has greatly deteriorated during the year. (Mr. Burke's division.) From Hemtabad to Bindol has been thrown into the Roygunge-Tariya road, No. 10.

35. *No.* 14, *Ranisunkoil-Peergungè, seven miles.*—Out of an allotment of Rs. 1,840, only Rs. 415 was spent, principally Rs. 360 in bamboo bridging. (Mr. Burke's division.)

36. *No.* 15, *Beergunge-Peergunge,* 18 *miles.*—Out of an allotment of Rs. 2,340, Rs. 2,118 were spent on completing the earthwork left incomplete during the famine. No bridging was done. This is the most satisfactory piece of work done by Mr. Burke.

37. *No.* 16, *Beergunge-Khansama, six miles.*—Rs. 20 per mile allowed for surface repairs, but Mr. Burke has entirely neglected this road.

38. *Nos.* 17 to 27 *inclusive.*—Neither allotment nor expenditure.

39. *No.* 28, *Nishchintpore-Neelpore, eight miles.*—Out of Rs. 2,500 allotted, nothing was spent. I cannot blame the District Engineer for this, as he had no overseer for the southern division and the road is a long way from head-quarters.

40. *Nos.* 29 to 33.—Neither allotment nor expenditure.

41. *No.* 34, *Neelpore-Shatahar,* 48 *miles.*—Allotment Rs. 300; no expenditure, from having no overseer in southern division. This will be a railway feeder if Bogra and Rajshahye complete their portions of it, otherwise ours is of no use.

42. *No.* 35, *Ooma Moheshpore-Putnitola, six miles.*—Rs. 150 allotment; no expenditure. (Southern division.)

43. *No.* 36, *Shomjhya-Mohadebpore,* 50 *miles.*—Allotment Rs. 3,840; no expenditure. (Southern division.) Rs. 200 of this has been assigned to a local zemindar, a member of the Committee, to execute petty repairs to the road from Putnitola to Mohadebpore; but I believe nothing has been done.

44. *Nos.* 37-40.—Funds allotted, but, being in the southern division, nothing was spent.

45. *No.* 41, *Railway Feeder, Phoolbaree-Patiram.*—Allotment, Rs 1,500 from Phoolbaree to Chintamon, and Rs. 2,600 from Chintamon to Patiram. Rs. 1,385 has been spent on earthwork, including 10 per cent. contractor's profits on Rs. 930, principally in the former portion. The drunkard Abbott was at work here and failed us, proving utterly inefficient. No bridging attempted.

46. *No.* 42, *Railway Feeder, Phoolbaree-Somjhya,* 14 *miles.*—Allotment Rs. 3,000; expenditure Rs. 1,561 on new earthworks. No bridging attempted. More might have been done had Abbott been of any use.

47. *No.* 43, *Phoolbaree-Baochondee, in Rungpore; Railway Feeder.*—Allotment Rs. 500; expended Rs. 361 only, in completing the approach to the railway.

48. *No.* 44, *Phoolbaree-Kashdohoghat*; *Railway Feeder.*—Allotment Rs. 500; expenditure Rs. 299, in completing approach to the railway. On each of these roads a little more might have been done had Abbott been of any use.

49. *No.* 45, *Beerampore-Kashdohoghat*; *Railway Feeder.*—Allotment Rs. 2,000; expenditure Rs. 310 only. This was in Abbott's division, but I found a man at Beerampore, recommended to me by the railway staff, who was willing to do the work; and I think a little energy on the part of the District Engineer would have got the road completed as far as Nawabgunge thana.

50. *No.* 46, *Ghoraghat-Hittee*; *Railway Feeder,* 18 *miles.*—Allotment only Rs. 100; no expenditure. A large sum has been allotted this year, and I hope some work will be done. I had not seen this road when I reported last year, and underrated its importance as a railway feeder. (Abbott's division.)

51. *No.* 47, *Ghoraghat road,* 22 *miles.*—An old important road and a railway feeder. Allotment Rs 2,440; no expenditure. (Abbott's division.)

52. *No.* 48, *Nawabgunge-Bhadooriya,* 10 *miles.*—Allotment Rs. 180 for petty repairs; the road being in very fair order, nothing spent. (Abbott's division.)

53. *No.* 49, *Bhooshibondor,* 11 *miles.*—Allotment Rs. 480; nothing spent. (Central division.) This being close to head-quarters might easily have been attended to.

54. *No.* 50, *Gungarampore-Patiram,* 18 *miles.*—Allotment Rs. 2,210; nothing spent. (Anderson's division.) I do not understand why work was not done on this road.

55. *No.* 51, *Nowbazar-Bhatkara,* 12 *miles, and No.* 52, *Gungarampore to Tamboolee.*—No allotment.

56. *No.* 53, *Dinagepore-Tarabondor,* 14 *miles.*—Allotment Rs. 4,300; expenditure Rs. 4,304, including Rs. 3,711 new earthwork. The road is in the central and southern divisions, and the work was done by Anderson. A good narrow road was made, completing work left unfinished in the famine, connecting Dinagepore with the road down the Alragee. As the clay had to settle, expenditure on temporary bridges was useless for this season, but I hope the road will be made passable before the rains. The work was done neatly and well.

57. *No.* 54, *Roygunge-Doorgapore, eight miles.*—Allotment Rs. 1,040; expenditure Re. 1-4-3 only. (Western division.)

58. Besides the expenditure according to allotment above detailed, Rs. 232 were spent in rendering passable a track to Syedpore for the durbar of November 1876, and Rs. 36 on surveying part of a contemplated emigration road, to pass for a few miles through the north of the district, but of no local importance.

59. The total expenditure on roads and bridges was Rs. 29,379 only out of an allotment of Rs. 89,905; and of this Rs. 211 was paid as commission to a contractor, because

there was no overseer to do the work. This sum should therefore be shown against savings from overseer's pay.

60. The cost of the executive establishment, District Engineer, overseer's travelling allowance, tentage, mohurirs, &c., and District Engineer's office establishment, amounts to Rs. 14,760, or, adding Rs. 211 paid for supervision under the name of contractor's commission, Rs. 14,971 against Rs. 29,168 value of work done, which I cannot consider by any means a satisfactory proportion.

61. Taking into consideration all the excuses for want of progress in the work, I have recommended that the District Engineer, Mr. Vanzinlecom, and the Overseer, Mr. Burke, should be allowed to work for another year on probation; but unless the outturn of work during the present working season be very much more satisfactory than it has been during the year under review, it will not be advisable to retain their services.

62. Mr. Vanzinlecom not being appointed till September, and afterwards finding it a difficult matter to organise an office establishment, especially to obtain a draftsman, was some reason for delay in sending estimates out and enabling Mr. Burke to begin work early in the season; and the necessity for giving Mr. Burke the western as well as the northern division may also be taken into consideration in examining the want of progress made by this overseer.

63. The drunkenness of Abbott in the eastern, and the refusal of Government to allow the retention of Anderson's services in the southern division, no doubt hindered work in those divisions. I think, however, an active and energetic Engineer might have made more use of Anderson as a contractor, and might by his personal exertions have got work done in the central divisions and on the roads and bridges within an easy distance of head-quarters.

64. In these respects Mr. Vanzinlecom's efficiency has been impaired both by personal sickness and by domestic affliction, which for a long time, and at the most important period of the year, deprived the District Committee of his services.

65. It is these considerations which have led me to recommend a second year's probation, but I cannot look back upon the work of the year without disappointment. The earthwork completed on roads Nos. 8, 15, 41, 42, 43, 44, and 53, and one bridge put in order on road No. 1, are the only pieces of work to which I can look with any satisfaction. During the rainy season all the roads were in a less passable state than they had been in the previous year, and instead of improvement there has been steady deterioration.

66. I do not, however, forget that too much must not be expected from a department during the first year of its organization.

67. I have seen almost every road in its whole length during the year under review, and some since its close.

68. At the beginning of the year we had Rs. 64,714 in hand, and have since received Rs. 62,471 from road cess on land, Rs. 11,463 from cess on houses, and Rs. 4,864 from ferries, miscellaneous items bringing our receipts up to Rs. 79,146.

69. Rs. 10,000 have been taken from us on account of expenditure during the famine, Rs. 2,486 spent on Deputy Collector's establishment for realization of the income, Rs. 2,868 on tools and plant; and the total expenditure, including that on roads and bridges, executive establishment, and inspection and dâk bungalows, amounts to Rs. 60,834.

70. The cash balance is Rs. 69,855, including imprest in hands of the executive; and the stock of timber and other materials, most of which I hoped would have been worked up during the year, is valued at Rs. 13,380.

71. Deputy Collector, Sreenath Bhadro, was in charge of the road cess at the beginning of the year—a very well-meaning and hardworking officer, but without any method or power of getting work done by his subordinates. A more energetic and business-like man would have prepared the final reports of assessment more punctually and saved a considerable sum in establishment.

72. Deputy Collector, Hari Mohan Chandro, has now been placed in charge of the department, and, as he has always been found energetic and business-like, will, I hope, manage it well. The establishment has been fixed with regard to economy, and, though it must at first be tentative in a new department, will, I hope, on its present scale be found sufficient.

73. The collection of the land cess is sufficiently satisfactory for a commencement. It takes some time to accustom the zemindars and their agents to a new measure, especially one of payment; but I expect to realize all now due and to collect it punctually in future.

74. As regards the house tax, I am not equally satisfied. The assessment, so far as I can see, was a bad one in the first instance, taxable people being left untouched and improper persons assessed, and the work must be thoroughly done over again. In this, as in everything else, an over-worked staff prevented proper supervision, and Baboo Sreenath Bhadro was not the man to work under high pressure.

75. The collection of the house cess has been equally unsatisfactory. Various methods have been tried, but unsuccessfully. The canoongo in charge broke down. The tax-payers have been invited to pay their tax at the thanas through their own village chowkidars, the pound-keepers keeping the accounts. A portion has been realized in this way. An attempt to appoint tax collectors remunerated by a commission on collections has failed, as men do not come forward. The whole question of re-assessment and collection is now under consideration.

76. A large sum has been spent on drawing and measuring instruments, *viz.*, Rs. 2,677. They were obtained from the Government Mathematical Instrument Office; only Rs. 69 were spent on actual tools, and Rs. 122 on office furniture.

77. Rs. 114 were spent on a mohurir, at Rs. 10, in charge of the timber godown; but the District Engineer stacked the timber elsewhere, so that this expenditure, and Rs. 211 on construction of godown, might have been saved.

78. Rs. 532 were paid for establishment of Commissioner and Accountant-General.

79. Stationery, printing, and blank forms cost Rs. 1,206.

80. The bungalow at Prannugur has been allowed to fall into ruin to such an extent that I doubt whether it is now worth repairing as an inspection bungalow. Roobiya is also greatly decayed. The existing bungalows will require much more care and attention than has been bestowed upon them during the year.

81. I have said nothing of the allotment for the current year A very large proportion of the funds has been allotted to railway feeder-roads.

APPENDIX A.

Abstract of particulars regarding Meetings of District Road Committees for the cess year 1876-77.

COMMISSIONERSHIP.	DISTRICT.	NUMBER OF MEMBERS FORMING COMMITTEE.		Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance at meetings. C. A. SAMUELLS, *Vice-Chairman.*

No. 327, dated Darjeeling, the 22nd January 1878.

From—J. W. EDGAR, Esq., Deputy Commissioner of Darjeeling,
To—The Commissioner of the Rajshahye and Cooch Behar Division.

WITH reference to your No. 51T., circular, dated 27th December, on the subject of the District Road Fund Report for the year 1876, I have the honor to send the report and statements in duplicate; and to express my regret for the delay which has been caused by an oversight on my part.

2. There was no Road Fund Committee during the greater portion of the year. The Road Cess Act was extended to the district on the 1st September 1876, and valuations were being made during the year. Your letter No. 603 of 14th September 1877 gave notice of the appointment of the following gentlemen to be members of the District Road Cess Committee of Darjeeling and of the Branch Committee of the Terai:—

DARJEELING COMMITTEE.

The Deputy Commissioner, Chairman.
„ Assistant Commissioner.
„ Conservator of Forests.
„ Executive Engineer, Civil Works.
„ Officer in local charge of Cinchona Garden.
} *Ex-offico.*

Mr. C. W. Bagshawe.
„ T. B. Curtis.
„ G. W. Christian.
„ Forbes Hall.
„ J. Johnston.
„ J Munro.
„ J. Riddell.
„ J. Stolkartt.
„ R. Southley.
„ A. Warnicke.
} *Tea-planters.*

„ W. Lloyd, Landholder and Banker.
Baboo Mohendra Lal Das, Agent to the Maharajah of Burdwan, Tendook, Tehsildar and Landholder.

BRANCH COMMITTEE, TERAI.

The Deputy Commissioner, Chairman.
„ Tehsildar of the Terai, Vice-Chairman.
„ Officer in charge of the Kurseong and Terai Sub-Divisions.
} *Ex-officio.*

Moonshee Abed Mahomed, Jotedar and Government Pensioner.
„ Ahmed Hossain, Pleader.

Baboo Becharam Chakravartee.
Mr. O. D. Johnson.
„ E. P. Todd.
} *Tea-planters.*

Baboo Pahar Sing Chowdhry, Jotedar.

3. There was only one meeting of the District Committee held before the end of the year. The names of the members present are given in the appendix. There was no meeting of the Branch Committee up to the 30th September.

4. It will be seen from the foregoing paragraphs that there has been no opportunity of judging of the manner in which the Committee discharged its duties.

5. The old District Road Fund Office was inspected by the Examiner of Public Works Accounts on the 31st of December 1876 by Mr. F. Moore, Deputy Examiner, and again since the close of the year reported on by the Examiner, who stated that the prescribed books and

accounts were kept and properly posted up to date in the manner laid down, and that the state of the accounts were satisfactory.

6. The valuation under Road Cess Act had not been concluded at the end of the year, and I am, therefore, unable to offer any remarks on the financial and general results of the Act.

7. The following is a list of the roads proposed by the Vice-Chairman and adopted by the Committee at a meeting held after the end of the year with the amounts allotted :—

		Rs.
1.	Road from Kurseong to Kelabari *viâ* Paukalia	600
2.	„ „ Shiman Bustee to Balasore Singbati	550
3.	„ „ Namsoo to Paneeghatta	1,800
4.	„ „ Jore Bungalow through Pashok to Teesta ...	1,350
5.	„ „ Hopetown road to Balasore below Nagri, and thence to Nagri	1,150
6.	„ „ Samada through Nahore and Namsoo ...	400
7.	„ „ Tindabatia to Little Runjit	300
8.	„ „ Goomtee to Mahanuddee	400

8. The 1st and 3rd of these were repaired by the Public Works Department establishment; the second part of the 4th, 5th, 6th, 7th, and 8th were repaired by planters; the remaining portion of the 4th was done by my subordinates.

9. All of these roads, with the exception of that from Namsoo to Paneeghatta have been in fair order throughout the year. No. 9 has not yet been constructed. The Terai Branch Committee have not yet fixed on the roads to be kept up by them. The following roads were kept up by the district authorities :—

1. From Kelabari to Selligooree.
2 „ Adilpur Chaki to Sukna.
3. „ Garidhuia to Naksarbari.
4. „ Naksarbari to Paneeghatta.
5. From Naksarbari to Kelabari.
6. „ Kharibari to Darjeeling.
7. „ Ditto to Phansidewa.
8. „ Phansidewa to Mattigari.

No. 1 was kept in excellent order for the greater part of the year by the Public Works Department establishment, though at one time of the year there were some complaints about the state of a portion of it: it is now in very fair order. The other roads are village roads with wooden bridges and in fair order.

10. Besides the above, the following roads situated in the outlying portions of the district have been borne on the books of the District Fund, but will not come under the management of the Road Cess Committee under orders of Government contanied in the Financial Resolution of the 24th October 1877 :—

	Miles.
1.—The road from the Teesta bridge to the Sikhim boundary at the Reshat Spur	27
2.—Road from Reshat to Jeylup	40
3.— Ditto Thibet road near Dumsong *viâ* Laba to Julpigoree boundary at Kallabari	50
4.—North Nepal road to Phulloot	37

A brief account of the present state of these roads seem desirable here.

11. The proposed new road to connect the Teesta bridge with the existing road to Kalinpong has not been opened yet, but funds have been provided for the purpose, and I hope that it will be completed this cold weather. In consequence of this road not having been opened, we have not done much to the existing road between the Teesta and Kalinpong. But from Kalinpong to the frontier of Sikhim there exists now a capital road which still requires widening and improved construction in parts, but which on the whole is as good a road of its kind as I have seen anywhere in the Himalayas. A great portion of it runs through village cultivation from which the forest has been long ago cleared. In these parts we have planted rows of trees along the sides. For this I have to thank the Conservator of Forests, Dr. Schlich, who took a great interest in the matter and allowed a Forest Officer to supervise the planting.

12. In last year's report I stated that the Thibet road had been carried with some breaks to a point about three miles from frontier. This distance has not been measured, but I now think, after having gone over the ground again, that it is under the mark. The road goes to the other side of the Guatong valley, from which there is a tolerably even stretch of country to the Pass. The length of road from the Guatong Valley to the Pass would probably be not less than five miles, but the greater portion of this would require, very little work. I do not propose to do anything to this at present. The road from the Sikhim boundary to the east of the Guatong valley has now been completed. I have not seen one piece of about a mile near the Jeyleup and one of about half a mile above Lingtu, which have been made since the close of the year, but they are reported to be in good order. The remainder of the road which was inspected by me in October was very fair. The ascent and descent of the Lungchung are still steeper than I could wish, though much improved since my last report, and the ascent of Lingtu is not good. This is a difficult hill

and I do not think a really good road could be made, except at great cost. Still, in spite of these drawbacks, the road, taken as a whole, is a good one of its kind, and perfectly practicable for laden animals.

13. There is at present a fair bridle-path from the Thibet road to a place beyond Labah, on the Dalimcote route. Then the road becomes a mere footpath, very steep and difficult, till it reaches Ambrokh, whence there is a fair line of road, now much out of repair, to the Julpigoree boundary. Very little was done during the year to repair or improve the lower part of this line, but the upper part was kept in fair order. I hope that the whole extent from the Thibet road to the Julpigoree boundary may be brought into a thoroughly good state next cold weather. The Deputy Commissioner of Julpigoree has promised to give his attention to the continuation to the point where it will strike the railway at Julpigoree. It is clear that this is the best line for trade between Thibet and the plains.

14. Considerable sums have been spent during the year on the North Nepal road and great improvements made. A new line, with a much better gradient than we were able to get at first, has been opened between the end of Goompahar road and the source of the Little Rungit. The old road, besides being steep, was made through a very muddy and slimy soil, and used to get into a very bad state during the rains. The new line runs chiefly over a sound soil, and may be expected to keep much better throughout the rains. In another section, beyond Tongloo, a considerable change in alignment has been made, some steep and difficult ground being avoided thereby. There are still some bad places between Tongloo and Sundukphoo, which I hope will be improved as money becomes available. The inspection bungalow at Tongloo is now habitable. A much more substantial one is being built at Jorepuki, about half way, and beginning has been made of one at Sundukphoo. I fear, however, that there may be a difficulty about funds for the latter bungalow.

15. In submiting this report I have to explain that the balance shown at the end of the year was only apparent, there having been heavy liabilities since cleared off.

T. D. BEIGHTON, *Chairman.*

No. 48, dated the 28th November 1877.

From—T. D. BEIGHTON, Esq., Chairman, District Road Cess, Julpigoree,
To—The Commissioner of the Rajshahye and Cooch Behar Division.

With reference to the Government circular in the Department of Public Works, No. 50 dated 23rd July 1873, I have the honor to submit the District Road Fund Report for the year 1876-77, together with a detailed statement of the income and expenditure.

2. The following gentlemen were members of the District Road Cess Committee at the end of the year :—

1. T. D. Beighton, Esq., *Chairman.*
2. Baboo Banee Madhub Dutt, Government Pleader, *Vice-Chairman.*
3. „ Taruck Nath Mullick, Manager, Chaklajat Estate.
4. „ Upendra Nath Dooardar, Tehsildar, Alipore.
5. Moonshi Tonicoola Mahomed, Honorary Magistrate, Boda.
6. E. W. Hay, Esq., Tea-planter.
7. R. Haughton, Esq., ditto.
8. W. O'Reily, Esq., Sub-Divisional Officer, Buxa.
9. Baboo Preonath Banerjee, Pleader.
10. „ Harish Chandra Das, Pleader.
11. „ Trailakha Nath Banerjee.
12. „ Haraprosad Das, Honorary Magistrate.
13. „ Prankisto Das.
14. „ Ram Chandra Bose, Naib, Boda.
15. „ Ram Coomar Sircar.
16. „ Raghoo Nath Aswal
17. „ Dwarka Nath Roy, Senior Assistant to Deputy Commissioner.
18. „ Khettra Prosad Mookerjee, Moonsiff.
19. „ Chandra Kali Moonshi, Naib, Patgram.
20. „ Jogendra Deb Raikat.

21. Moonshi Rohim Bux.
22. „ Abdool Samed.
23. Executive Engineer of Dinagepore Division.

3. The following changes occurred in the *personnel* of the Committee during the year. Mr. Beighton, Deputy Commissioner, became Chairman from the 7th May 1877 in the place of Mr. Peterson transferred; Baboo Taruck Nath Mullick *vice* Mr. Reily transferred to Moorshedabad; Baboo Dwarka Nath Roy *vice* Mr. A W. Scanlan transferred to Doomka. Baboo Banee Madhub Dutt was appointed Vice-Chairman in the place of Baboo Madhub Chandra Moitra deceased. Moonshi Fakir Mahomed's name was also struck off owing to his death, and Moonshi Abdool Samed was appointed in his stead.

4. The following table shows the names of the members and their attendance during the year:—

No.	Names of Members.	Number of meetings attended.	Number at which absent.	Total.
1	F. W. V. Peterson, Esq.	2	2	4
	T. D. Beighton, Esq.	5	......	5
2	Baboo Madhab Chandra Maitra			
	„ Banee Madhab Dutt	... ..	... ..	... .
3	E. M. Reily, Esq	2	7	9
	Baboo Taruck Nath Mullick	2	7	9
4	A. W. Scanlan, Esq.	......	......	... ..
	Paboo Dwarka Nath Roy	4	4	9
5	W. O'Reily, Esq.	1		
6	Baboo Preo Nath Banerjee	2	7	9
7	„ Khettra Prosad Mookerjee	6	3	9
8	„ Harish Chandra Das	3	6	9
9	Moonshi Rohim Bux	7	2	9
10	C. A. Hay, Esq, ...	4	5	9
11	Baboo Hara Prosad Das	3	6	9
12	„ Prankisto Das	5	4	9
13	R. Haughton, Esq, ...	5	4	9
14	Baboo Raghoo Nath Aswal	1	8	9
15	Moonshi Fakir Mahomed	2	7	9
	„ Abdool Samed	......	... ..	......
16	Baboo Trailakha Nath Banerjee	3	6	9
17	„ Chandra Kali Moonshi	1	8	9
18	Moonshi Tonicoola Mahomed	1	8	9
19	Jogendra Deb Raikat	1	8	9
20	Baboo Upendra Nath Doordar	......	9	9
21	„ Ram Coomar Sircar	... ..	9	9
22	„ Ram Chandra Bose	......	9	9
23	Executive Engineer of Dinagepore Division	......	9	9
	... ...	......	9	9

5. The following table shows the abstract of particulars regarding meetings prescribed by Government circular in Public Works Department, No. 1286 of 13th March 1876:—

Commissionership.	District.	Number of members forming the Committee.		Number required to form a quorum.	Number of meetings held.	Meetings at which there was no quorum.	Average attendance at meeting.	Number of members who did not attend any meeting.	Number of members who attended only—						Percentage of average attendance to whole Committee.	Remarks.
									One meeting.		Two meetings.		Three meetings.			
		Official.	Non-official.						Official.	Non-official.	Official.	Non-official.	Official.	Non-official.		
Rajshahye and Cooch Behar Division.	Julpigoree ...	7	16	8	9	2	6·6	4	...	4	2	3	1	2	29	

6. There were altogether nine meetings, and the Chairman presided at all except in two, when he was out in Camp.

7. From the table annexed in paragraph 4, it will appear that more than a third of the members attended no meetings at all or attended only once in the year. It may, however, be noted that those who did attend the meetings took an intelligent interest in the work, among whom Baboo Preo Nath Banerjee, Hurish Chandra Das, and Moonshi Rohim Bux may be prominantly mentioned.

8. The District Road Fund and District Engineer's Offices were inspected on the 18th and 19th December 1876 by Mr. F. Moore, Deputy Examiner of Public Works Accounts, and the only defects he found were of a trifling nature, and proceeded from the inexperience of the accountant. It was noted that at this time the District Engineer was acting as Vice-Chairman, an anomaly which has been since cancelled by the appointment of Baboo Banee Madhab Dutt.

9. *Receipts.*—The cash balance at the close of the preceding year was Rs. 8,490-3-10. This, together with the receipts from undermentioned sources, gave an income of Rs. 73,831-9-7 :—

	Rs.	A.	P.
Cess on land	33,515	2	8
„ on houses	1,548	6	0
Fines	4	12	0
Ferry tolls	3,274	9	7
Grant-in-aid from Public Works Fund ...	4,500	0	0
Sale produce and stores	282	7	6
Miscellaneous receipts from other sources ...	22,225	8	0
Balance on 30th September 1876 ...	8,490	3	10
Total ...	73,831	9	7

10. Miscellaneous receipts from other sources include a grant of Rs. 21,012 from the Chaklajat Fund by Commissioner's letter No. 234W. dated 2nd March 1877, and Rs. 1,605 from Dooars' Improvement Fund, out of the sanctioned amount of Rs. 8,000 from Dooars' Improvement Fund. This discrepancy arises from the difference in the period of road cess year and financial year respectively. The other items of receipt do not require any comment.

11. The total expenditure of the year amounted to Rs. 48,218-4-5. Part II. of the annual accounts herewith submitted show in detail the amount budgetted for and actually expended. The expenditure consisted of the following items:—

(*a*)—Rs. 2,843-2-1 were expended on collection of revenue, and Rs. 5,050-9-5 on working establishment, aggregating Rs. 7,893-11-6, being less than a fourth of the income.

(*b*)—Rs. 366-1 on original works.

(*c*)—Rs. 39,610-12-2 were expended on ferries, maintenance, and repairs of roads.

(*d*)—Rs. 347-11-9 were expended on tools and plants.

12. The maximum rate was levied during the year, and the amount has been locally spent for the improvement of roads; the people look upon the system with satisfaction.

13. There is no Branch Committee in this district, and no money has been spent in village roads, nor has any non-official agency been utilized for any work in the Mofussil

14. An important alteration has occurred during the past year in the assets of the road cess, from a ruling of the Revenue Board, on the status of the jotedars of the Western Dooars, and the amount levied on the jotedars is now reduced by one-third. They were formerly looked upon as propritors, whereas their status has been decided to be that of tenure-holders. The amount recoverable was altered under Board's No. 624A. of 5th December 1876, and the necessary alterations have been made in the assessment registers.

15. It may be remarked that this district is one in which the road cess operations are more than usually expensive. The population is scant and the roads required are long, and are intersected by a net-work of rivers on which bridges have to be placed or ferries kept up. Brick metalling is excessively costly in the Dooars with small assets, most of the outlying roads of the district, as may be readily believed, are in a most delapidated condition.

16. The alteration alluded to in the status of the jotedars has had one very important effect upon the assets, in addition to the reduction noted above. Government being now looked upon as a zemindar, the contribution made by Government every year to the Estates' Improvement Fund, part of which goes to the road cess, instead of being, as when paid by the jotedars, seems varying according to the rates of rent, is now fixed at one sum for the whole period of five years under section 91 of the Road Cess Act. Hence the district will now derive no benefit from the progressive rates of rent which obtain in the Dooars, and which will result in a probable large increase of Government revenue from April 1878. This matter was referred to you by me, but you considered it unwise to make any reference on the question.

17. Another somewhat complicated question is the mode in which waste lands taken up for tea purposes are assessed, *i.e.*, whether they are to be treated as estates under clause 4, section 3, and section 9, Act X. of 1871. They were so treated by the late Deputy Commissioner, but I had doubt as to the propriety of this course, and referred this matter to you just before the close of the present road cess year. As no reply has yet been received from you, I presume the question is still under consideration.

18. A matter which threatens to become a question of very serious difficulty in Julpigoree, where brickwork is practically not procurable, is the gradually decreasing quantity of timber available at the different depôts and in the forests. Up till quite lately wood for road cess purposes has been obtained entirely from the timber depôts of the town; but while I was recently making careful and prolonged inquiry into the relative cheapness of different modes of procuring wood for the purposes of the new dâk bungalow, ascertained that much the cheapest and best plan was to take a permit from the Deputy Conservator of Forests and cut down and drag away from the forests myself such timber as could be found that was suitable. This plan answered very well as long as there was timber in the

forests available; unhappily there is now little, if any, left, and the same remark applies with even more force to the different depôts from which we used to derive our materials. At present our only hope is to obtain timber at reasonable rates from Calcutta to eke out the scanty local supply.

19. As you are aware, I arrived in this district in May, and I have been able to do little, if any, inspection of the roads of the district. I inspected the Silligoree road recently and found it in very fair order; the bridges were all in good condition, and wheeled conveyances might have traversed it without much difficulty. Mr. Mackenzie, the Road Cess Engineer, was away for four months during the rains; but his energy and assiduity have given satisfaction to the Committee and myself during the time he has been here. I append a short report from him as to the details of the works undertaken during the year.

20. I may again allude to the anomalous position of a section of three miles of the Titalya and Cooch Behar road. The whole road, with the exception of the three miles from Julpigoree to Baskali, is under the Public Works Department; but I am at a loss to understand why the Road Cess Fund of Julpigoree was burdened with this small remnant of a road—a sum of about Rs. 240 last year and nearly Rs. 500 the year before had to be spent on these three miles. It ought properly to have devolved upon the Public Works Department.

21. During a great portion of the year under report, the Road Cess Committee labored under the disadvantage of having no Vice-Chairman; but Baboo Bance Madhub Dutt having consented to occupy that post, he was appointed from 14th August 1877, and during the short time that he has acted in this capacity he has been of much assistance to us.

APPENDIX.

Detail Statement of Roads by Mr. W. H. Mackenzie, District Engineer, for the year 1876-77.

Memorandum.

(1.) The road from the Northern Bengal State Railway to the town. It was proposed that this road should join the Teleparah road and run through the town to the permanent bridge over the Kurla, but it was subsequently found necessary to change it, and with the approval of the Commissioner it was made to join the Rungpore road near the cantonment. One culvert was all that was necessary from this list, the roadway at formation level was 25 feet, and the work was completed at a cost of Rs. 366.

(2.) The Sudder Station roads received petty repair and the surface drainage cut and cleared throughout the town. The expenditure, amounting to Rs. 1,363-8-3, of which Rs. 760-7-6 was spent on bridges and culvert.

(3.) The estimate of the Kurla bridge was passed and approved for the sum of Rs. 1,504-12. Sanction having been given late in the season, and the District Engineer being absent, this work could not be taken in hand and was therefore kept in abeyance.

(4.) The Silligoree road. In anticipation of the opening of the Northern Bengal State Railway up to Julpigoree, this road which is the main communication to Darjeeling was taken in hand early in the season. The limited recources of the Road Cess Funds were inadequate to keep the road in proper order, there being no less than 40 timber bridges and culverts, varying from ten feet span to 50 feet, three-fourths of which had to be pulled down and reconstructed with seasoned timber. Government contributed Rs. 4,500 to this road. The repairs to the bridges alone amounted to Rs. 9,053-2-11, and earthwork Rs. 2,916-8-9. The bridges put up for Rs. 9,053 were as follow: seven of ten feet span, four of 20 feet waterway, one of 40, and one bridge of 50 feet and four triangular culverts, aggregating to 190 feet of waterway. All these were thoroughly renewed. and the other bridges were all

patched up more or less. The earthwork which was done consisted chiefly in widening road, slicing ruts, and cutting the approaches to the ferries, so as to have easy gradients for carts and other wheel traffic. The Silligoree road is now in good order throughout.

(5.) The Boda road is the next important road in the district: it is one of the main lines of communication with Dinagepore and Rungpore, and is about 32 miles in length. Earthwork on this road was taken in hand last year, and therefore the entire sum sanctioned this year was expended on bridges, all but three-eights.

(6.) The Paharpore road had one bridge of 20 feet entirely renewed, and four repaired at a cost of Rs. 597. The earthwork had not been attended to for some years, and it was necessary to level and re-section the road, and it was for this reason that the work exceeded bridging, namely Rs. 753 against Rs. 597 for bridges.

(7.) The Dakinkote road runs almost due north from Julpigoree to the frontier of Sikhim and the Darjeeling district, and opens out to tea-planters the land lying between the Teesta and the Jaldhacca. This road was made during the Bhootan war, but no bridges appear to have been put up, and it was therefore of importance that the road should be bridged as far as the amount sanctioned would admit; two bridges of 20 feet waterway and three culverts were erected near the Julpigoree end of the road for Rs. 1,997, and clearing jungles on the road cost Rs. 144.

(8.) The Rangdhamali road had petty surface repairs done to it, and the smaller timber bridges rebuilt substantially.

(9.) The Ramshahy Haut road had the sum of Rs. 800 allotted to it, but owing to the scarcity of timber and the distance it had to be carted, the bridges on this road could not be undertaken simultaneously with other works. The bridge over the Barahatia stream was nearly finished at the end of the cess year, but could not be shown as work done. It has, however, since been finished.

(10.) The Buxa station roads had only surface repairs done to them, amounting to Rs. 48.

(11.) The Pallakhowa road runs parallel to the Bhootan Frontier and crosses the natural water-shed nearly at right angles, and consequently there are more streams to bridge on this road than there are on any other road; and Rs. 7,932 were spent on bridges and Rs. 901 on earthwork. The earthwork consisted chiefly in filling in the approaches to the bridges and clearing grass jungle from the road.

(12 & 13.) Both the Haldibaree and Hautapara roads had petty repairs done to them; the balance available from these roads is on account of there being no funds to the credit of the road cess before the rains set in; the kist which comes in quarterly was not available till the end of September; and all road works in this district are at a standstill during the rains.

(14.) The road from Mynaguri to Doomohary has been in a very bad state for some time this year. The repairs were undertaken thoroughly and about two and a half miles of the road was passable, the remaining portion of about four miles could not be undertaken owing to the grant for this road not being sufficient to meet the requirements. It has, however, been proposed that a further sum should be entered in next year's budget for the completion of the road.

Dated 20th November 1877. A. W. MACKENZIE, *Junior District Engineer.*

T. D BEIGHTON, *Chairman.*

No. 1111, dated Julpigoree, the 28th February 1878.

From—LORD H. ULICK BROWNE, Commissioner of the Rajshahye and Cooch Behar Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honor to submit, in original, the District Road Fund annual reports and accounts of the several districts of my division for the cess year 1876-77, and in connection therewith to offer the following remarks.

2. The district reports were received in my office on the following dates :—

Dinagepore	...	...	21st November 1877.
Rajshahye	...	...	14th February 1878.
Pubna	...	...	12th December 1877.
Bogra	...	...	26th November „
Rungpore	...	...	10th January 1878.
Julpigoree	...	...	28th November 1877.
Darjeeling		...	23rd January 1878.

The delay in submitting the reports to Government is thus due to the late submission of the Rungpore and Rajshahye report and accounts.

3. Sometime ago in view of the prospect of the completion of the Northern Bengal State Railway, I urged the District Officers and Road Cess Committees of this division to make the construction of a well-raised and bridged road, to be metalled as soon as funds would allow, between the Sudder Station of each district and the nearest railway station. All have responded to this suggestion, and a beginning was made in the year under report, while considerable sums are now being spent out of the current year's funds on the roads referred to. In a few years I hope that my ultimate object may be attained, and that light covered carriages may be seen carrying mails and passengers on metalled roads between the railway and the sudder stations of the division.

* * * * * * * *

5. *Dinagepore.*—The total income of the Road Fund from all sources during the year of review was Rs. 1,43,860-4-6, and the total expenditure was Rs. 60,831-7-6. The net balance at the close of the year was Rs. 83,025-13, and the last balance, excluding the amount of imprest in the hands of the District Engineer and overseers, was Rs. 69,855-10-5. Financially, therefore, the situation of the fund is satisfactory. At the same time, the fact that so very large a balance remained unexpended at the close of the year, notwithstanding that there is ample room for improvement in many of the roads in this district, is much to be regretted.

6. Reviewing the work of the year, the results are extremely disappointing. In no single instance does the entire allotment appear to have been spent, and in some cases not even a portion of it was disbursed. Much of the work that has been done seems imperfect and incomplete, the progress made on such important roads as those from Dinagepore to Parbuttypore, and Rungpore to Maldah, Moorshedabad, Darjeeling, Bogra, and Purneah, has been very slow and unsatisfactory. Some of those roads, *e. g.*, the Maldah and Bogra roads, instead of being improved, have actually deteriorated. Some roads for which allotments were provided have not been touched during the year, while village roads appear to have received no attention whatever. The Magistrate reports (*vide* paragraph 10 of his report) that in two instances he tried, but without success, to get village road work done by non-official agency.

7. The unsatisfactory outturn of work in this district appears to be attributable, in a great measure, to the staff of overseers employed being insufficient to cope with the work, as well as to the inefficiency of some of those appointed. In this notoriously unhealthy district the greatest difficulty is experienced in procuring men at all, and many of those who are engaged frequently prove morally or physically unfit for their duties. Last year was an exceptionally unhealthy one, and the District Engineer was himself prevented, by illness and other causes, from bestowing such time and attention on the district road work as is desirable.

8. *Rajshahye.*—The total available income of the Road Fund during the year of report was Rs. 1,65,592-7-4, and the total outlay was only Rs. 57,014-7-4, the reason of which will appear below, there was thus the large balance of Rs. 1,08,578 in hand at the close of the year.

9. The principal original work undertaken during the year was the construction of the first section of the Nattore road, on which a sum of Rs. 7,822 was expended. The project for constructing bridges on this road is still under consideration, and this explains why more money out of the balance available was not expended on original works.

10. A sum of Rs 27,115 was spent on repairs, and a good deal of useful and important work was done to the chief roads and bridges in the district. A fair sum was expended on village communications chiefly through the agency of zemindars, who, in the Nattore Sub-Division, the Chairman reports, cheerfully undertook the supervision of the repairs to village roads.

11. *Pubna.*—The total available income of the Road Fund of this district during the year of report was Rs. 46,157-10-10, and the total outlay Rs. 23,101-1-8. There was therefore a balance on 30th September 1877 of Rs. 23,356-9-2.

12. Some useful work appears to have been executed during the year, but by no means so much as could have been done by the Committee with the funds at their disposal. The Magistrate ascribes the small quantity of work done to the fact that the District Engineer

*

was not appointed till near the end of December, and that the best part of the working season was devoted to the inspection of roads and the preparation of detailed estimates. The work of the present year will, it is hoped, be more satisfactory.

13. Village roads have engaged and are engaging the attention of the Committee. A sum of Rs. 793-6 was spent on them during the year, the work, through the omission of the villagers to come forward in time, being executed by official agency. It is satisfactory to note, from the applications which have been received, that the masses are beginning to understand and appreciate the advantages of improved communications in their villages.

14. *Bogra.*—The income of the fund from all sources was Rs. 82,876-8-6, and the total expenditure was Rs. 35,293-5-2, thus leaving a balance, inclusive of advances outstanding, of Rs. 47,583-3-4. Since the close of the year, however, a sum of Rs. 8,665-14-8 has been paid for work done during the year, and claims to the amount of Rs. 4,783-7-3 remained unadjusted. The actual balance in favour of the fund is consequently considerably less than the accounts submitted represent. Nevertheless the finances are in a prosperous condition.

15. Good work appears to have been done on some of the most important district roads, although the Chairman's report shows that in some instances money has been misspent, and that abuses of an objectionable character have been permitted to prevail. Both the District Engineer and the Supervisor of Roads appear to have lacked the necessary qualifications; but with the appointment of new officers it is hoped that more favourable results, seeing that there are ample funds available, will be achieved during the current year.

16. *Rungpore.*—The income available during the year under review was Rs. 1,87,264-2-9, and the amount expended was Rs. 1,11,664-14-10, thus leaving a large balance of Rs. 75,599-3-11.

17. A sum of over Rs. 50,000 was expended in the construction and repairs of roads and bridges. Among original works, the construction of bridges on the Dinhatta road, in the Kurigram Sub-Division, and on the Bogra road appears to have progressed satisfactorily, while extensive repairs were executed on the Kurigram, Dinagepore, Julpigoree, and Kallygunge roads. There still, however, remains much to be done in this large district, especially in the way of bridging, and on second class roads which have not as yet received much attention. A sum of Rs. 5,000 was provided for village roads, but only Rs. 500 were spent on repairing two roads in the Gyebunda Sub-Division. Better results are anticipated during the coming year.

18. *Julpigoree.*—The income of the fund was Rs. 73,831-9-7, and the expenditure during the year of report was Rs. 48,218-4-5, leaving a balance in hand at the close of the year of Rs. 25,613-5-2.

19. A sum of Rs. 37,533 has been expended on the repairs of roads during the year; of these, the most important are the Silligoree, the Boda, and the Patlakhowa road. The first named road, in view of the increased traffic anticipated on the opening of railway to Julpigoree, has been put in good order throughout. The bridges on this, as well as on the Boda and Patlakhowa roads, have been properly repaired. Good and useful work has been executed on the remaining roads in the district. Village roads have, however, received no attention, although there appear to be funds at the Committee's disposal for the purpose.

20. *Darjeeling.*—The total income of the Road Fund of this district was Rs. 58,670-15-9, and the total amount expended was Rs. 47,525-11. There was a balance of Rs. 11,145-14-10 in hand at the close of the year. A sum of Rs. 14,156-9 was spent on original works, and Rs. 16,753-9-8 on repairs. Among original works, the chief that merit notice are the Thibet Frontier road, the Nepal road, and the road from Shiman Bustee to Balasan. Among roads which have been efficiently repaired may be mentioned the Kurseong-Pankabarree road, the Balasun Valley road, and the North and South Nepal Frontier roads.

21. Generally speaking, the Committee meetings appear to have been better attended than in previous years, and many of the non-official members have evinced an increased interest in matters which have been laid before them. Objections to the road cess are diminishing as the advantages to be derived from it are perceived and understood. The tax on houses is most unpopular, and it is believed, that its contemplated abolition will be hailed with satisfaction by all classes.

22. The least satisfactory point about the reports is the fact of such large or considerable balances remaining unexpended at the end of the year. But some allowance must be made for the commencement of a new system. The requirements of the Public Works Department, as regards the submission of projects, take up much time in the examination of roads and the preparation of plans and estimates, and there has been difficulty and delay in getting engineers and a sufficient number of overseers who come up to the standard laid down by Government. I have also found during my late tour that no system for the annual surface repairs in November of all roads not under heavy work has been established, and thus comparatively few roads in the district are in drivable order during the dry season. As a Magistrate, I had no difficulty about this, and I intend to address the District Officers and Road Cess Committees on the subject.

No. 1111, dated Julpigoree, the 28th February 1878.

From—LORD H. ULICK BROWNE, Commissioner of the Rajshahye and Cooch Behar Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honor to submit, in original, the District Road Fund annual reports and accounts of the several districts of my division for the cess year 1876-77, and in connection therewith to offer the following remarks.

2. The district reports were received in my office on the following dates :—

Dinagepore	...	...	21st	November	1877.
Rajashahye	...	...	14th	February	1878.
Pubna	...	...	12th	December	1877.
Bogra	...	...	26th	November	„
Rungpore	...	...	10th	January	1878.
Julpigoree	...	...	28th	November	1877.
Darjeeling	...	...	23rd	January	1878.

The delay in submitting the reports to Government is thus due to the late submission of the Rungpore and Rajshahye report and accounts.

3. Sometime ago in view of the prospect of the completion of the Northern Bengal State Railway, I urged the District Officers and Road Cess Committees of this division to make the construction of a well-raised and bridged road, to be metalled as soon as funds would allow, between the Sudder Station of each district and the nearest railway station. All have responded to this suggestion, and a beginning was made in the year under report, while considerable sums are now being spent out of the current year's funds on the roads referred to. In a few years I hope that my ultimate object may be attained, and that light covered carriages may be seen carrying mails and passengers on metalled roads between the railway and the sudder stations of the division.

4. I am somewhat puzzled how to carry out the Government order as to avoiding disparaging remarks in these reports consistently with giving sufficient explanations as to why more or better work was not done, and showing how far the District Officers and I are paying attention to the point of the practical efficiency of the engineers and overseers, who have the actual spending of the cess-payer's money. Nor am I quite sure how far the order is meant to go, supposing that there is no such difficulty. I do not see my way out of it unless I say something on the point in this paragraph, with the suggestion that this, and the paragraphs of the Dinagepore report, to which I am about to draw attention, be omitted when the papers are published.

In the Dinagepore report, paragraph 8 should be omitted, but what is said there will account for the works on several roads not being done, or only a very little of it being done. This applies to paragraph 25 also, excepting the first few words and figures of it. The latter portions of paragraphs 45, 46, 48, 49, and 69 should also be omitted, the last two containing reflections on the District Engineer.

I have not myself formed a favourable opinion of Mr. Vanzoolicum, the District Engineer of Dinagepore, who is wanting in method and system, and practically he gets little work done. Allowances must, however, be made for the circumstances stated in paragraph 64 of the Magistrate's letter, and Mr. Vanzoolicum will have, and now has, a fair chance during the current year. Mr. Robinson, of Rungpore, has also not succeeded in showing much results in the shape of miles of road in fair order for traffic, and I should perhaps mention that the Superintending Engineer has found fault with the way in which Mr. Forbes, of Rajshahye, and Mr. Robinson send up projects.

5. *Dinagepore.*—The total income of the Road Fund from all sources during the year of review was Rs. 1,43,860-4-6, and the total expenditure was Rs. 60,834-7-6. The net balance at the close of the year was Rs. 83,025-13, and the last balance, excluding the amount of imprest in the hands of the District Engineer and overseers, was Rs. 69,855-10-5. Financially, therefore, the situation of the fund is satisfactory. At the same time, the fact that so very large a balance remained unexpended at the close of the year, notwithstanding that there is ample room for improvement in many of the roads in this district, is much to be regretted.

6. Reviewing the work of the year, the results are extremely disappointing. In no single instance does the entire allotment appear to have been spent, and in some cases not even a portion of it was disbursed. Much of the work that has been done seems imperfect and incomplete, the progress made on such important roads as those from Dinagepore to Parbuttypore, and Rungpore to Maldah, Moorshedabad, Darjeeling, Bogra, and Purneah, has been very slow and unsatisfactory. Some of those roads, *e. g*, the Maldah and Bogra roads, instead of being improved, have actually deteriorated. Some roads for which allotments were provided have not been touched during the year, while village roads appear to have received no attention whatever. The Magistrate reports (*vide* paragraph 10 of his report) that in two instances he tried, but without success, to get village road work done by non-official agency.

7. The unsatisfactory outturn of work in this district appears to be attributable, in a great measure, to the staff of overseers employed being insufficient to cope with the work, as well as to the inefficiency of some of those appointed. In this notoriously unhealthy district the greatest difficulty is experienced in procuring men at all, and many of those who are engaged frequently prove morally or physically unfit for their duties. Last year was an exceptionally unhealthy one, and the District Engineer was

himself prevented, by illness and other causes, from bestowing such time and attention on the district road work as is desirable.

8. *Rajshahye.*—The total available income of the Road Fund during the year of report was Rs. 1,65,592-7-4, and the total outlay was only Rs. 57,014-7-4, the reason of which will appear below, there was thus the large balance of Rs. 1,08,578 in hand at the close of the year.

9. The principal original work undertaken during the year was the construction of the first section of the Nattore road, on which a sum of Rs. 7,822 was expended. The project for constructing bridges on this road is still under consideration, and this explains why more money out of the balance available was not expended on original works.

10. A sum of Rs. 27,115 was spent on repairs, and a good deal of useful and important work was done to the chief roads and bridges in the district. A fair sum was expended on village communications chiefly through the agency of zemindars, who, in the Nattore Sub-Division, the Chairman reports, cheerfully undertook the supervision of the repairs to village roads.

11. *Pubna.*—The total available income of the Road Fund of this district during the year of report was Rs. 46,457-10-10, and the total outlay Rs. 23,101-1-8. There was therefore a balance on 30th September 1877 of Rs. 23,356-9-2.

12. Some useful work appears to have been executed during the year, but by no means so much as could have been done by the Committee with the funds at their disposal. The Magistrate ascribes the small quantity of work done to the fact that the District Engineer was not appointed till near the end of December, and that the best part of the working season was devoted to the inspection of roads and the preparation of detailed estimates. The work of the present year will, it is hoped, be more satisfactory.

13. Village roads have engaged and are engaging the attention of the Committee. A sum of Rs. 793-6 was spent on them during the year, the work, through the omission of the villagers to come forward in time, being executed by official agency. It is satisfactory to note, from the applications which have been received, that the masses are beginning to understand and appreciate the advantages of improved communications in their villages.

14. *Bogra.*—The income of the fund from all sources was Rs. 82,876-8-6, and the total expenditure was Rs. 35,293-5-2, thus leaving a balance, inclusive of advances outstanding, of Rs. 47,583-3-4. Since the close of the year, however, a sum of Rs. 8,665-14-8 has been paid for work done during the year, and claims to the amount of Rs. 4,783-7-3 remained unadjusted. The actual balance in favour of the fund is consequently considerably less than the accounts submitted represent. Nevertheless the finances are in a prosperous condition.

15. Good work appears to have been done on some of the most important district roads, although the Chairman's report shows that in some instances money has been misspent, and that abuses of an objectionable character have been permitted to prevail. Both the District Engineer and the Supervisor of Roads appear to have lacked the necessary qualifications; but with the appointment of new officers it is hoped that more favourable results, seeing that there are ample funds available, will be achieved during the current year.

16. *Rungpore.*—The income available during the year under review was Rs. 1,87,264-2-9, and the amount expended was Rs. 1,11,664-14-10, thus leaving a large balance of Rs. 75,599-3-11.

17. A sum of over Rs. 50,000 was expended in the construction and repairs of roads and bridges. Among original works, the construction of bridges on the Dinhatta road, in the Kurigram Sub-Division, and on the Bogra road appears to have progressed satisfactorily, while extensive repairs were executed on the Kurigram, Dinagepore, Julpigoree, and Kallygunge roads. There still, however, remains much to be done in this large district, especially in the way of bridging, and on second class roads which have not as yet received much attention. A sum of Rs. 5,000 was provided for village roads, but only Rs. 500 were spent on repairing two roads in the Gyebunda Sub-Division. Better results are anticipated during the coming year.

18. *Julpigoree.*—The income of the fund was Rs. 73,831-9-7, and the expenditure during the year of report was Rs. 48,218-4-5, leaving a balance in hand at the close of the year of Rs. 25,613-5-2.

19. A sum of Rs. 37,533 has been expended on the repairs of roads during the year; of these, the most important are the Silligoree, the Boda, and the Patlakhowa road. The first named road, in view of the increased traffic anticipated on the opening of railway to Julpigoree, has been put in good order throughout. The bridges on this, as well as on the Boda and Patlakhowa roads, have been properly repaired. Good and useful work has been executed on the remaining roads in the district. Village roads have, however, received no attention, although there appear to be funds at the Committee's disposal for the purpose.

20. *Darjeeling.*—The total income of the Road Fund of this district was Rs. 58,670-15-9, and the total amount expended was Rs 47,525-11. There was a balance of Rs. 11,145-14-10 in hand at the close of the year. A sum of Rs. 14,456-9 was spent on original works, and Rs. 16,753-9-8 on repairs. Among original works, the chief that merit notice are the Thibet Frontier road, the Nepal road, and the road from Shiman Bustee to Balasan. Among roads which have been efficiently repaired may be mentioned the Kurseong-Pankabarree road, the Balasun Valley road, and the North and South Nepal Frontier roads.

21. Generally speaking, the Committee meetings appear to have been better attended than in previous years, and many of the non-official members have evinced an increased

interest in matters which have been laid before them. Objections to the road cess are diminishing as the advantages to be derived from it are perceived and understood. The tax on houses is most unpopular, and it is believed, that its contemplated abolition will be hailed with satisfaction by all classes.

22. The least satisfactory point about the reports is the fact of such large or considerable balances remaining unexpended at the end of the year. But some allowance must be made for the commencement of a new system. The requirements of the Public Works Department, as regards the submission of projects, take up much time in the examination of roads and the preparation of plans and estimates, and there has been difficulty and delay in getting engineers and a sufficient number of overseers who come up to the standard laid down by Government. I have also found during my late tour that no system for the annual surface repairs in November of all roads not under heavy work has been established, and thus comparatively few roads in the district are in drivable order during the dry season. As a Magistrate, I had no difficulty about this, and I intend to address the District Officers and Road Cess Committees on the subject.

The Calcutta Gazette.

WEDNESDAY, JUNE 26, 1878.

PART VI.

Bills of the India Council.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following second Report of a Select Committee, together with the Bill as settled by them, was presented to the Council of the Governor General of India for the purpose of making Laws and Regulations on the 20th June 1878:—

WE, the undersigned Members of the Select Committee to which the Bill to define and amend the law relating to Promissory Notes, Bills of Exchange and Cheques, was referred, have considered the Bill and the papers noted in the margin, and have the honour to present this second report.

From Secretary to Chief Commissioner, Mysore, No. 7915-7 J., dated 5th December, 1877, and enclosure.
„ Secretary to Chief Commissioner, Mysore, No. 7998-8 J., dated 10th December, 1877, and enclosures.
„ Chairman, Madras Chamber of Commerce, to Hon'ble Whitley Stokes, dated 20th December, 1877.
„ Secretary to Government, North-Western Provinces and Oudh, No. 803A., dated 24th December, 1877.
„ Secretary to Government of Bengal, No. 24, dated 3rd January, 1878, and enclosures.
„ Secretary to Chief Commissioner, Assam, No. 37, dated 8th January, 1878, and enclosure.
„ Officiating Secretary to Chief Commissioner, Central Provinces, No. 172-5, dated 17th January, 1878, and enclosures.
Memorial of the British Indian Association, dated 17th January, 1878.
From Chief Secretary to Government, Fort St. George, No. 89, dated 15th January, 1878, and enclosures.
„ Secretary to Chief Commissioner, British Burma, No. 159-51, dated 26th January, 1878, and enclosures.
Observations by C. J. Wilkinson, Esq., Recorder of Rangoon, dated 6th February, 1878.
From Under Secretary to Government, Bombay, No. 991, dated 14th February, 1878, and enclosures.
„ Officiating Secretary to Government, Panjáb, No. 808., dated 16th February, 1878, and enclosures.
„ Secretary to Government of Bengal, No. 492, dated 21st February, 1878, and enclosures.
Note by Hon'ble Whitley Stokes, dated 26th February, 1878.
From Chief Secretary to Government, Fort St. George, No. 866, dated 21st February, 1878, and enclosure.
Despatch from Secretary of State, No. 3, dated 21st February, 1878, forwarding Memorandum by W. Macpherson, Esq., dated 29th January, 1878.
From Under Secretary to Government, Bombay, No. 1742, dated 16th March, 1878, and enclosures.
Note to the Hon'ble Sir E. C. Bayley, K. C. S. I., dated 19th March, 1878.
From Lakshmí Naráyana Pandit, Pleader, High Court, North-Western Provinces, dated 22nd March 1878, and enclosure.
„ Officiating Junior Secretary to Chief Commissioner, British Burma, No. 518-51, dated 13th April, 1878, and enclosures.
„ Judge of Small Cause Court, Agra, dated 27th May, 1878.

2. Section 1 declares that "nothing in this Act applies to hundís." But when the analogy between bills and hundís is complete, and there is no proof of any special usage, it has been ruled by Colvile C. J. in *Amritram v. Damoodhur Doss*, (cited 2 Hyde 261) that the English law applies. We think that we should give effect to this ruling, and have therefore changed the words above quoted to "nothing herein contained shall affect any usage relating to any instrument in an oriental language." This change will not only save the customs of Native merchants as to hundís, but also their customs (if any such exist) as to promissory notes and cheques.

3. We have in section 4 added several illustrations of what a promissory note is not. They are founded on decided cases.

4. Section 13 provides, in accordance with the Indian Law Commissioners' draft, that a note, bill or cheque payable to a specified person or order, or "to or order" is negotiable. It appears to us that, in the absence of a payee, *i. e.*, till the blank is filled up, there can be no right of action on the instrument: such right cannot therefore be assignable: the instrument, in other words, is not 'negotiable.' We have therefore omitted the phrase "to or order."

5. To section 20 (as to filling up blanks in a stamped instrument) we have added a proviso that, as between the person delivering and the person receiving the instrument, nothing in excess of the amount intended by them to be paid shall be recovered.

6. We have provided (section 22), in accordance with 34 & 35 Vic., c. 74, s. 2, that the expression 'on presentment' as well as 'at sight' shall mean on demand.

7. We have stated distinctly (section 23) the law as to days of grace as follows: "Every promissory note or bill of exchange not expressed to be payable on demand, at sight or on presentment, is at maturity on the third day after the day on which it is expressed to be payable."

8. In section 24, we have provided for the case of a bill "after sight" accepted for honour.

9. We have altered section 26 so as to express the present practice, according to which, when a bill or note matures on a public holiday, it is deemed to be due on the next preceding business day.

10. In section 27 we have added the presumption that every negotiable instrument bearing a date was made or drawn on such date. The Evidence Act, section 114, does not quite suffice. We have struck out the clause providing that a receipt on the back of notes and bills is *primâ facie* evidence of payment by the maker or acceptor. This presumption, though important in England, is so weak in India as not to be worth inserting. We have also provided that when the instrument has been stolen or originally infected by fraud, invalidity or illegality, the burthen of proving that the holder is a holder in due course lies upon him.

11. We have redrawn section 29 (now 126) thus: "As between holders in due course of different parts of the same set, he who first acquired title to his part is entitled to the other parts."

12. We have declared that section 38 (now 28) shall be deemed to empower a corporation to make, accept or indorse notes, bills or cheques, except in cases in which under the law for the time being in force they are so empowered.

13. We have declared (section 31) the law as to the liability of a legal representative signing his name to a note, bill or cheque.

14. We have made section 40 (now 30, as to the liability of an agent signing) agree with the Contract Act, by wording the exception thus: "except to those who induced him to sign upon the belief that the principal only would be held liable."

15. The exception to section 42 (now 33) declares, in accordance with *Mason* v. *Rumsey* (1 Camp. 384), that "a partner may bind his firm by accepting in his own name for partnership purposes a bill drawn upon the firm." It would in this country be likely to mislead. We have therefore struck it out.

16. We have omitted section 42, as the Indian Contract Act, 1872, will of its own force extend to all contracts evidenced by bills, notes and cheques.

17. We have confined section 45 (now 35) to cheques. As a rule, bankers decline to accept bills except in cases where they have specially agreed to do so. They cannot be expected to write off amounts from an ordinary account current to provide for acceptances.

18. Section 52 of Bill No. II applies sections 134 and 135 of the Contract Act to the relations of suretyship between parties to negotiable instruments. The result would be to extinguish the power which the holder of an accepted bill has at present to release the acceptor, reserving his right to charge the other parties. We have therefore substituted a section (42) which will save this power.

19. We have expressly confined the estoppels mentioned in sections 54 and 56 (now 44 and 45) to suits by holders in due course. We have struck out the clause (55) relating to the estoppel of the acceptor from denying the drawer's signature. The Evidence Act, section 117, should, we think, in this respect remain untouched.

20. In the case of a transfer without indorsement, section 66 of Bill No. II empowers the transferee to sue upon the instrument in his own name. We have struck out this power, which is not in accordance with the present law. We have abstained from expressly empowering such a transferee to sue in the name of the transferor, as this would have involved further provisions as to indemnifying the latter, which could not fitly find their place in the present Bill.

21. Section 76 of Bill No II declares, in accordance with American decisions, that the effect of an indorsement for part of the sum remaining due to the indorser is to give the indorsee a lien on the bill, but not to transfer a right to sue, except in the indorser's name. There can, however, be no doubt that such indorsements are not warranted by the custom of merchants, and we have substituted the clause originally framed by the Law Commissioners, namely, "65. No writing on a negotiable instrument is valid for the purpose of negotiation, if such writing purports to transfer only a part of the amount of the instrument."

22. Section 82 (now 71) provides for presentment for acceptance of bills payable at sight as well as of bills payable after sight. As "at sight" will be equivalent to "on demand," we have confined this section to the latter class of bills.

23. As foreign bills are equally with inland bills entitled to the privilege of days of grace, we have, in sections 87 and 88 (now 76 and 77) struck out the word 'inland.'

24. We have omitted section 97, as to posting instruments to be presented. It seems to us a useless provision.

25. Where interest is expressly made payable at a specified rate, we have provided in section 101 (now 89) for payment of interest in case of a suit to recover the principal sum due.

26. We have omitted section 109 as conflicting with section 110 (now 97).

27. When the drawee is incompetent to contract, we have declared (section 101) that the bill may be treated as dishonoured.

28. Section 140 (now 137) provided, in exact accordance with the Law Commissioners' draft that the liability of the acceptor of a foreign bill should be regulated by the law of the place where he accepted the instrument and the liability of the indorser by the law of the place where he indorsed the instrument. We think that this neither agrees with the rules of international law nor the decisions of the English Courts (see, for instance, *Rouquette* v. *Overmann*, L. R. 10 Q.B. 525). The acceptor's liability is regulated by the law of the place of payment, and as the indorser is a surety for the acceptor, his liability is measured by that of his principal, is, in other words, regulated by the *lex loci* of performance. We have altered section 140 in accordance with these views.

29. Section 140 is a fragment of the law of evidence, just as section 87 (as to a banker's liability for negligence) is a fragment of the law of torts. But we think that these sections may conveniently stand where they are until the Evidence Act is revised and the law of torts codified.

30. We think that the provisions as to bills in sets should be confined to foreign bills, and we have consequently transferred them to chapter XIII. We have made the sections as to crossed cheques a separate chapter and placed it near the end of the Bill.

31. We have made some verbal amendments.

32. Lastly, we have added to the schedule of repeals the two old statutes, 9 William III, c. 17, as to inland bills, and 3 & 4 Ann., c. 8, as to promissory notes.

33. We desire to acknowledge the valuable criticisms received from the Chambers of Commerce at Calcutta, Madras, Bombay and Rangoon, from Mr. William Macpherson, Secretary to the late Indian Law Commissión, from Pandit Lakshmí Náráyana of Lucknow, and from Mr. Rattigan the Government Advocate, Panjáb; and Mr. Stokes is much indebted to Sir R. Garth for some notes unofficially communicated.

34. We are well aware that the Bill does not deal exhaustively with the subject; but we believe that the Bill, the Contract Act (to which it is a supplement) and the Evidence Act will, taken together, supply rules sufficient for the disposal of the questions that ordinarily arise as to the rights of parties to negotiable instruments.

35. We, therefore, recommend that the Bill be passed as amended; but we are of opinion that it has been so altered as to render republication desirable. We propose that it shall not be further proceeded with until the Council re-assembles at Calcutta.

OF CROSSED CHEQUES.

CHAPTER XV.

OF INTERNATIONAL LAW.

SCHEDULE.

No. III.

A Bill to define and amend the law relating to Promissory Notes, Bills of Exchange and Cheques.

Preamble.

WHEREAS it is expedient to define and amend the law relating to Promissory Notes, Bills of Exchange and Cheques; It is hereby enacted as follows:—

CHAPTER I.

PRELIMINARY.

Short title.

1. This Act may be called "The Negotiable Instruments Act, 1878:"

Local extent.

Saving of usages relating to hundís, &c.

It extends to the whole of British India; but nothing herein contained affects any usage relating to any instrument in an oriental language.

Commencement.

And it shall come into force on the first day of January, 1879.

Repeal of enactments.

2. On and from that day the enactments specified in the schedule hereto annexed shall be repealed to the extent mentioned in the third column thereof.

Interpretation clause.

3. In this Act—

"Banker."

"Banker" includes also persons or a corporation or company acting as bankers, and

"Notary Public."

"Notary Public" includes also any officer appointed by the Governor General in Council to perform the functions of a Notary Public under this Act.

CHAPTER II.

OF NOTES, BILLS AND CHEQUES.

Promissory Note.

4. A promissory note is an instrument in writing (not being a bank note or a currency note) containing an unconditional undertaking, signed by the maker, to pay a certain sum of money only to, or to the order of, a person ascertainable when such undertaking is made, or to the bearer of the instrument.

Illustrations.

A signs instruments in the following terms:—

(*a*) "I promise to pay B or order Rs. 500."

(*b*) "I promise to account with B or order for Rs. 500 value received by me."

(*c*) "I acknowledge myself to be indebted to B in Rs. 1,000 to be paid on demand, for value received."

(*d*) "Mr. B, I O U Rs. 1,000."

(*e*) "I promise to pay B Rs. 500 and all other sums which shall be due to him."

(*f*) "I promise to pay B Rs. 500, first deducting thereout any money which he may owe me."

(*g*) "I promise to pay B Rs. 500 seven days after my marriage with C."

(*h*) "I promise to pay B Rs. 500 on D's death, provided D leaves me enough to pay that sum."

(*i*) I promise to pay B Rs. 500 and to deliver to him my black horse on 1st January next."

The instruments respectively marked (*a*), (*b*) and (*c*) are promissory notes. The instruments respectively marked (*d*), (*e*), (*f*), (*g*), (*h*) and (*i*) are not promissory notes.

Bill of exchange.

5. A bill of exchange is an instrument in writing containing an unconditional order, signed by the maker, directing a certain person to pay a certain sum of money only to, or to the order of, a person ascertainable when such order is given or to the bearer of the instrument.

Cheque.

6. A cheque is a bill of exchange drawn on a specified banker and not expressed to be payable otherwise than on demand.

"Drawer."

"Drawee."

7. The maker of a bill of exchange or cheque is called the "drawer;" the person thereby directed to pay is called the "drawee."

"Drawee in case of need."

When the bill gives the name of any person in addition to the drawee to be resorted to in case of need, such person is called a "drawee in case of need."

"Acceptor."

After the drawee of a bill has signed his assent upon the bill, or if there are more parts thereof than one, upon one of such parts, and delivered the same, or given notice of such signing, to the holder or to some person on his behalf, he is called the "acceptor."

"Acceptor for honour."

When acceptance is refused and the bill is protested for non-acceptance, and any person accepts it *supra protest* for honour of the drawer or of any one of the indorsers, such person is called an "acceptor for honour."

"Payee."

The person named in the instrument, to whom or to whose order the money is by the instrument directed to be paid, is called the "payee."

"Holder."

8. The "holder" of a promissory note, bill of exchange or cheque means any person entitled in his own name to the possession thereof and to receive or recover the amount due thereon from the parties thereto.

Where the note, bill or cheque is lost or destroyed, its holder is the person so entitled at the time of such loss or destruction.

"Holder in due course."

9. "Holder in due course" means any person who became the possessor of a promissory note, bill of exchange or cheque if payable to bearer, or the payee or indorsee thereof, if payable to, or to the order of, a payee, for consideration before the amount mentioned in it became payable, and without having sufficient cause to believe that any defect existed in the title of the person from whom he derived his title.

"Payment in due course."

10. "Payment in due course" means payment in accordance with the apparent tenor of the instrument in good faith and without negligence to any person in possession thereof under circumstances which do not afford a reasonable ground for believing that he is not entitled to receive payment of the amount therein mentioned.

Inland instrument.

11. A promissory note, bill of exchange or cheque drawn or made in British India, and made payable in, or drawn upon any person resident in, British India shall be deemed to be an inland instrument.

Foreign instrument.

12. Any such instrument not so drawn, made or made payable shall be deemed to be a foreign instrument.

"Negotiable instrument."

13. A "negotiable instrument" means a promissory note, bill of exchange or cheque expressed to be payable to a specified person or his order, or to the order of a specified person, or to the bearer thereof, or to a specified person or the bearer thereof.

Negotiation.

14. When a promissory note, bill of exchange or cheque is transferred to any person, so as to constitute that person the holder thereof, the instrument is said to be negotiated.

Indorsement.

15. When the maker or holder of a negotiable instrument signs the same, otherwise than as such maker, for the purpose of negotiation, on the back or face thereof or on a slip of paper annexed thereto, or so signs for the same purpose a stamped paper intended to be completed as a negotiable instrument, he is said to indorse the same, and is called the "indorser."

Indorsement "in blank" and "in full."

"Indorsee."

16. If the indorser signs his name only, the indorsement is said to be "in blank," and if he adds a direction to pay the whole or any part of the amount mentioned in the instrument to, or to the order of, a specified person, the indorsement is said to be "in full;" and the person so specified is called the "indorsee" of the instrument.

Ambiguous instruments.

17. Where an instrument may be construed either as a promissory note or bill of exchange, the holder may at his election treat it as either, and the instrument shall be thenceforward treated accordingly.

Where amount is stated differently in figures and words.

18. If the amount undertaken or ordered to be paid is stated differently in figures and in words, the amount stated in words shall be the amount undertaken or ordered to be paid.

Instruments payable on demand.

19. A promissory note or bill of exchange, in which no time for payment is specified, and a cheque are payable on demand.

Blank stamped instruments.

20. Where a stamped paper, which is intended to be completed as a negotiable instrument, is signed and delivered by a competent person as maker, drawer, acceptor or indorser, the holder thereof may complete the same by filling up any blanks therein, and the person so signing shall be liable upon such instrument, in the capacity in which he signed the same, for any amount which may be specified therein not exceeding the amount covered by the stamp thereon: provided that as between the person delivering and the person receiving the instrument nothing in excess of the amount intended by them to be paid shall be recovered.

Illustration.

A stamped paper intended to be completed as a negotiable instrument is made payable to "   or order:" the holder of such instrument may fill up the blank with his own name, or that of any other person

Subscribing to alternative liability.

21. Where a promissory note is signed by two persons, and it appears on the face of it that one of them subscribes only to an alternative liability, such one is not liable on the note as maker, but is liable as guaranteeing its payment by the maker.

"At sight."
"On presentment."
"After sight."

22. In a promissory note or bill of exchange the expressions "at sight" and "on presentment" mean on demand. The expression "after sight" means, in a promissory note, after presentment for sight, and in a bill of exchange, after acceptance or protest for non-acceptance.

"Maturity."

23. The maturity of a promissory note or bill of exchange is the date at which it falls due.

Days of grace.

Every promissory note or bill of exchange, other than a promissory note or bill of exchange expressed to be payable on demand, at sight, or on presentment, is at maturity on the third day after the day on which it is expressed to be payable.

Date on which bill or note payable so many months after date or sight, or after a certain event, is at maturity.

24. In calculating the date at which a promissory note or bill of exchange, made payable a stated number of months after date or after sight, or after a certain event, is at maturity, the period stated shall be held to terminate on the day of the month which corresponds with the day on which the instrument is dated or presented for acceptance or sight or the event happens or, where the instrument is a bill of exchange made payable a stated number of months after sight and has been accepted for honour, with the day on which it was so accepted.

If the month in which the period would terminate has no corresponding day, the period shall be held to terminate on the last day of such month.'

Illustrations.

(*a*) A negotiable instrument dated 29th January 1877 is made payable at one month after date. The month terminates on the 28th February 1877.

(*b*) A negotiable instrument dated 30th August 1877 is made payable three months after date. The three months terminate on the 30th November 1877.

(*c*) A promissory note or bill of exchange, dated 31st August 1877, is made payable three months after date. The three months terminate on the 30th November 1877.

Date on which bill or note payable so many days after date or sight, or after a certain event, is at maturity.

25. In calculating the date at which a promissory note or bill of exchange, made payable a certain number of days after date or after sight or after a certain event, is at maturity, the day of the date, or of presentment for acceptance or sight, or on which the event happens, shall be excluded.

When day of maturity is a holiday.

26. When the day on which a promissory note or bill of exchange is at maturity is a public holiday, the instrument shall be deemed to be due on the next preceding business day.

Explanation.—The expression "public holiday" includes Sundays: New-Year's day, Christmas day: if either of such days falls on a Sunday, the next following Monday: Good-Friday; and any other day declared by the Local Government, by notification in the official Gazette, to be a public holiday.

Presumptions as to negotiable instruments;

27. Until the contrary is proved, the following presumptions shall be made:—

of consideration;

(*a*) that every negotiable instrument was made or drawn for consideration, and that every such instrument, when it has been accepted, indorsed, negotiated or transferred, was accepted, indorsed, negotiated or transferred for consideration:

as to date;

(*b*) that every negotiable instrument bearing a date was made or drawn on such date:

as to time of acceptance;

(*c*) that every accepted bill of exchange was accepted within a reasonable time after its date and before its maturity:

as to time of transfer;

(*d*) that every transfer of a negotiable instrument was made before its maturity:

as to order of endorsements;

(*e*) that the endorsements appearing upon a negotiable instrument were made in the order in which they appear thereon:

as to stamp;

(*f*) that a lost promissory note, bill of exchange or cheque was duly stamped:

that holder is a holder in due course.

(*g*) that the holder of a negotiable instrument is a holder in due course: provided that where the instrument has been obtained from its lawful owner, or from any person in lawful custody thereof, by means of an offence or fraud, or has been obtained from the maker or acceptor thereof by means of an offence or fraud, or for unlawful consideration, the burthen of proving that the holder is a holder in due course lies upon him.

CHAPTER III.

PARTIES TO NOTES, BILLS AND CHEQUES.

Capacity to make, &c., promissory notes, &c.

28. Every person capable of contracting, according to the law to which he is subject, may bind himself and be bound by the making, drawing, acceptance, indorsement, delivery and negotiation of a promissory note, bill of exchange or cheque.

Minor.

A minor may draw, indorse, deliver and negotiate such instruments so as to bind all parties except himself.

Nothing herein contained shall be deemed to empower a corporation to make, indorse or accept such instruments except in cases in which, under the law for the time being in force, they are so empowered.

Agency.

29. Every person capable of binding himself or of being bound, as mentioned in section 28, may so bind himself or be bound by a duly authorized agent acting in his name.

A general authority to transact business and to receive and discharge debts does not confer upon an agent the power of accepting or indorsing bills of exchange so as to bind his principal.

An authority to draw bills of exchange does not of itself import an authority to indorse.

Liability of agent signing.

30. An agent who signs his name to a promissory note, bill of exchange or cheque, without indicating thereon that he signs as agent, or that he does not intend thereby to incur personal responsibility, is liable personally on the instrument, except to those who induced him to sign upon the belief that the principal only would be held liable.

Liability of legal representative signing.

31. A legal representative who signs his name to a promissory note, bill of exchange or cheque, is liable personally thereon unless he expressly limits his liability to the extent of the assets received by him as such.

Acceptance by several drawees not partners.

32. Where there are several drawees of a bill of exchange who are not partners, each of them can accept it for himself, but none of them can accept it for another without his authority.

When partnership bound by promissory notes, &c.

33. When it is within the scope of the business of a partnership to make, draw, accept, indorse or negotiate promissory notes, bills of exchange or cheques, any partner may bind his firm by making, drawing, accepting, indorsing or

negotiating such instruments in the name of his firm, but not otherwise.

34. The drawer of a bill of exchange or cheque is bound, in case of dishonour by the drawee or acceptor thereof, to compensate the holder for any loss or damage caused thereby, provided due notice of dishonour has been given to, or received by, the drawer as hereinafter provided.

Liability of drawer.

35. The drawee of a cheque having sufficient funds of the drawer in his hands properly applicable to the payment of such cheque, must pay the cheque when duly required so to do, and, in default of such payment, must compensate the drawer for any loss or damage caused by such default.

Liability of drawee of cheque.

36. In the absence of a contract to the contrary, the maker of a promissory note and the acceptor before maturity of a bill of exchange, are bound to pay the amount thereof at maturity according to the apparent tenor of the note or acceptance respectively, and the acceptor of a bill of exchange at or after maturity is bound to pay the amount thereof to the holder on demand.

Liability of maker of note and acceptor of bill.

In default of such payment as aforesaid, such maker or acceptor is bound to compensate any party to the note or bill for any loss or damage sustained by him, and caused by such default.

The provisions of this section are subject to those of sections 28, 30, 50, 51, 52, 68, 74, 78, 79 and 92.

37. No person except the drawee of a bill of exchange, or all or some of several joint drawees, or a person named therein as a drawee in case of need, or an acceptor for honour, can bind himself by an acceptance.

Only drawee can be acceptor except in need or for honour.

38. In the absence of a contract to the contrary, whoever indorses and delivers a negotiable instrument before maturity, without, in such indorsement, expressly excluding or making conditional his own liability, is bound thereby to every subsequent holder, in case of dishonour by the drawee, acceptor or maker, to compensate such holder for any loss or damage caused to him by such dishonour, provided due notice of dishonour has been given to, or received by, such indorser as hereinafter provided.

Liability of indorser.

Every indorser after dishonour is liable as upon an instrument payable on demand.

The provisions of this section are subject to those of sections 28, 30, 50, 51, 52, 64, 65, 68, 71, 72, 74, 78, 82, 92, 93, 94, 96, 97 and 108, clause (*a*).

39. Every prior party to a negotiable instrument is liable thereon to a holder in due course until the instrument is duly satisfied.

Liability of prior parties to holder in due course.

40. The maker of a promissory note or cheque, the drawer of a bill of exchange until acceptance, and the acceptor are, in the absence of any contract to the contrary, respectively liable thereon as principal debtors, and the other parties thereto are liable thereon as sureties for the maker, drawer or acceptor, as the case may be.

Maker, drawer and acceptor principals.

41. As between the parties so liable as sureties each prior party is, in the absence of a contract to the contrary, also liable thereon as a principal debtor in respect of each subsequent party.

Prior party a principal in respect of each subsequent party.

Illustration.

A draws a bill payable to his own order on B, who accepts. A afterwards indorses the bill to C, C to D, and D to E. As between E and B, B is the principal debtor, and A, C and D are his sureties. As between E and A, A is the principal debtor, and C and D are his sureties. As between E and C, C is the principal debtor and D is his surety.

42. When the holder of an accepted bill of exchange enters into any contract with the acceptor which under section 134 or 135 of the Indian Contract Act, 1872, would discharge the other parties, the holder may expressly reserve his right to charge the other parties, and in such case they are not discharged.

Suretyship.

43. The indorser of a negotiable instrument is not discharged from his liability thereupon by the holder having merely forborne to sue a prior party; but where the holder, without the consent of the indorser, destroys or impairs the indorser's remedy against a prior party, the indorser is discharged from liability to the holder to the same extent as if the instrument had been paid at maturity.

Discharge of indorser's liability.

Illustration.

A is the holder of a bill of exchange made payable to the order of B, which contains the following indorsements in blank:—

First indorsement, "B."
Second indorsement, "Peter Williams."
Third indorsement, "Wright and Co."
Fourth indorsement, "John Rozario."

This bill A puts in suit against John Rozario and strikes out, without John Rozario's consent, the indorsements by Peter Williams and Wright and Co. A is not entitled to recover anything from John Rozario.

44. No maker of a promissory note, and no drawer of a bill of exchange or cheque, and no acceptor of a bill of exchange for the honour of the drawer shall, in a suit thereon [by a holder in due course,] be permitted to deny the validity of the instrument as originally made or drawn.

Estoppel against denying original validity of instrument.

45. No maker of a promissory note and no acceptor of a bill of exchange payable to, or to the order of, a specified person shall, in a suit thereon [by a holder in due course,] be permitted to deny the payee's capacity, at the date of the note or bill, to indorse the same.

Estoppel against denying capacity of payee to indorse.

Estoppel against denying signature or capacity of prior party.

46. No indorser of a negotiable instrument shall, in a suit thereon by a subsequent holder, be permitted to deny the signature or capacity to contract of any prior party to the instrument.

Acceptor bound, although indorsement forged.

47. An acceptor of a bill of exchange already indorsed is not relieved from liability by reason that such indorsement is forged, if he knew or had reason to believe the indorsement to be forged when he accepted the bill.

Acceptance of bill drawn in fictitious name.

48. An acceptor of a bill of exchange drawn in a fictitious name and payable to the drawer's order is not, by reason that such name is fictitious, relieved from liability to any holder claiming under an indorsement by the same hand as the drawer's signature, and purporting to be made by the drawer.

Party receiving consideration liable to subsequent parties.

49. If at any time there has been consideration between any parties to a negotiable instrument for the making, drawing, acceptance, indorsement, negotiation or transfer thereof, the party receiving such consideration is, in the absence of a contract to the contrary, liable upon the instrument to all subsequent parties thereto, and every subsequent holder is, as against him, a holder for consideration.

The provisions of this section are subject to those of sections 28, 51, 52, 56, 64, 71, 72, 74, 78, 79, 82, 92, 93, 94, 95, 96, 97 and 98.

Illustrations.

(*a.*) A indorses a bill of exchange to B, at the request of C, for C's account with B. B is a holder of the bill for consideration, and if he indorses it as a present to D, D is a holder for consideration.

(*b.*) A, the holder of a negotiable instrument, indorses it in full to B, in the belief that B has done something which he has not done. B, for consideration proceeding from C, indorses the instrument in blank to C, and C indorses it to D. D strikes out C's indorsement. D is a holder of the instrument for consideration.

Party not liable to one from whom no consideration moved.

50. When there was no consideration for the making, drawing, acceptance or indorsement of a negotiable instrument, or when the consideration has wholly failed, the maker, drawer, acceptor or indorser is not liable thereon to the party in whose favour the instrument was so made, drawn, accepted or indorsed, or to any party claiming through such party, unless consideration moved from the claimant or from some party through whom he derives title. But the maker, drawer, acceptor or indorser is liable to compensate any subsequent party who, being liable on such instrument, pays the amount due thereon.

Partial absence or failure of money-consideration.

51. When the consideration for which a person signed a promissory note, bill of exchange or cheque consisted of money, and was originally absent in part or has subsequently failed in part, the sum which a holder standing in immediate relation with such signer is entitled to receive from him is proportionally reduced.

Explanation.—The drawer of a bill of exchange stands in immediate relation with the acceptor. The maker of a promissory note, bill of exchange or cheque, stands in immediate relation with the payee, and the indorser with his indorsee. Other signers may by agreement stand in immediate relation with a holder.

Illustration.

A draws a bill on B for Rs. 500 payable to the order of A. B accepts the bill, but subsequently dishonours it by non-payment. A sues B on the bill. B proves that it was accepted for value as to Rs. 400, and as an accommodation to the plaintiff as to the residue. A can only recover Rs. 400.

Partial failure of consideration not consisting of money.

52. Where a part of the consideration for which a person signed a promissory note, bill of exchange or cheque, though not consisting of money, is ascertainable in money without collateral enquiry, and there has been a failure of that part, the sum which a holder standing in immediate relation with such signer is entitled to receive from him is proportionally reduced.

CHAPTER IV.

OF NEGOTIATION.

Negotiation by delivery.

53. Subject to the provisions of section 68, a promissory note, bill of exchange or cheque payable to bearer is negotiable by delivery thereof.

Exception.—A promissory note, bill of exchange or cheque delivered on condition that it is not to take effect except in a certain event is not negotiable (except in the hands of a holder for value without notice) unless such event happens.

Illustrations.

(*a.*) A, the holder of a negotiable instrument payable to bearer, delivers it to B's agent to keep for B. The instrument has been negotiated.

(*b.*) A, the holder of a negotiable instrument payable to bearer which is in the hands of A's banker, who is at the time the banker of B, directs the banker to transfer the instrument to B's credit in the banker's account with B. The banker does so, and accordingly now possesses the instrument as B's agent. The instrument has been negotiated, and B has become the holder of it.

Negotiation by indorsement.

54. Subject to the provisions of section 68, a promissory note, bill of exchange or cheque payable to the order of a specified person, or to a specified person or order, is negotiable by the holder by indorsement and delivery thereof.

Transfer without indorsement.

55. If the holder of such an instrument as mentioned in section 54, delivers it to another person without indorsing it, but with intent to transfer his title thereto, the transferee acquires by such delivery all the rights which the transferor had as holder except the right of negotiation.

Liability of transferor without indorsement.

56. If such transfer, as mentioned in section 55, is made for consideration to a person having no sufficient cause to believe in the existence of any matter affecting the validity of the instrument or of the transfer thereof, and the instrument is thereafter avoided as against any party on account of matters prior to the transfer, the transferor is bound to return to the transferee the consideration received, provided that such return is claimed within a reasonable time.

Conversion of indorsement in blank into indorsement in full.

57. The holder of a negotiable instrument indorsed in blank may, without signing his own name, by writing above the indorser's signature a direction to pay to any other person as indorsee, convert the indorsement in blank into an indorsement in full; and the holder does not thereby incur the responsibility of an indorser.

Effect of indorsement.

58. The indorsement of a negotiable instrument followed by delivery transfers to the indorsee the property therein with the right of further negotiation; but the indorsement may, by express words, be restrained to a transfer of the property without such right, or may merely constitute the indorsee an agent to indorse the instrument, or to receive its contents for the indorser, or for some other specified person.

Negotiability may be restricted or excluded.

59. The indorser of a negotiable instrument may, by express words in the indorsement, restrict or exclude the right of the indorsee to negotiate the instrument, although the instrument was, at the time of such words being written, payable to the bearer thereof.

Illustrations.

B signs the following indorsements on different negotiable instruments payable to bearer:—

(*a*) "Pay the contents to C only."
(*b*) "Pay C for my use."
(*c*) "Pay C or order for the account of B."
(*d*) "The within must be credited to C."

These indorsements exclude the right of further negotiation by C.

(*e*) "Pay C."

(*f*) "Pay C value in account with the Oriental Bank."

(*g*) "Pay the contents to C, being part of the consideration in a certain deed of assignment executed by C to the indorser and others."

These indorsements do not exclude the right of further negotiation by C.

Who may negotiate.

60. Every sole maker, drawer, payee or indorsee, or all of several joint makers, drawers, payees or indorsees, of a negotiable instrument may, if the negotiability of such instrument has not been restricted or excluded, as mentioned in section 59, indorse and negotiate the same.

Explanation.—Nothing in this section enables a maker or drawer to indorse or negotiate an instrument, unless he is in lawful possession or is holder thereof; or enables a payee or indorsee to indorse or negotiate an instrument, unless he is holder thereof.

Illustration.

A bill is drawn payable to A or order. A indorses it to B, the indorsement not containing the words "or order," or any equivalent words. B may negotiate the instrument.

Indorser who excludes his own liability or makes it conditional.

61. The indorser of a negotiable instrument may, by express words in the indorsement, exclude his own liability thereon, or make such liability or the right of the indorsee to receive the amount due thereon, depend upon the happening of a specified event, although such event may never happen.

Where an indorser so excludes his liability and afterwards becomes the holder of the instrument, all intermediate indorsers are liable to him.

Illustrations.

(*a*.) The indorser of a negotiable instrument signs his name, adding the words—

"Without recourse."

Upon this indorsement he incurs no liability.

(*b*.) A is the payee and holder of a negotiable instrument. Excluding personal liability by an endorsement "without recourse," he transfers the instrument to B, and B indorses it to C, who indorses it to A. A is not only reinstated in his former rights, but has the rights of an indorsee against B and C.

Holder deriving title from holder in due course.

62. A holder of a negotiable instrument who derives title from a holder in due course has the rights thereon of that holder in due course.

Instrument indorsed in blank.

63. Subject to the provisions of sections 132 and 133, a negotiable instrument indorsed in blank is payable to the bearer thereof even although originally payable to order.

Conversion of indorsement in blank into indorsement in full.

64. If a negotiable instrument after having been indorsed in blank is indorsed in full, the amount of it cannot be claimed from the indorser in full, except by the person to whom it has been indorsed in full, or by one who derives title through such person.

Indorsement for part of sum due.

65. No writing on a negotiable instrument is valid for the purpose of negotiation if such writing purports to transfer only a part of the amount of the instrument.

Collateral agreements.

66. No agreement between any parties to a negotiable instrument which is not expressed thereon, or which is collateral thereto, is binding upon any other holder thereof for consideration, or upon any holder deriving title from a holder for consideration.

Illustration.

A person who is a creditor of A signs, as acceptor, a bill of exchange in A's favour for 3,000 rupees. A being the holder indorses it for value to B, who is aware that the acceptor was a creditor of A. A's debt to the acceptor cannot be set-off against B's claim on the bill.

67. The legal representative of a deceased person cannot negotiate by delivery a promissory note, bill of exchange or cheque payable to order and indorsed by the deceased but not delivered.

Legal representative cannot by delivery only negotiate instrument indorsed by deceased.

68. When a negotiable instrument has been lost, or has been obtained from any maker, acceptor or holder thereof by means of an offence or fraud, or for an unlawful consideration, no possessor or indorsee who claims through the person who found or so obtained the instrument is entitled to receive the amount due thereon from such maker, acceptor or holder, or from any party prior to such holder, unless such possessor or indorsee is, or some person through whom he claims was, a holder thereof in due course.

Instrument obtained by unlawful means or for unlawful consideration.

69. The holder of a negotiable instrument, who has acquired it after dishonour, whether by non-acceptance or non-payment, with notice thereof, or after maturity, has only, as against the other parties, the rights thereon of his transferor:

Instrument acquired after dishonour or when overdue.

Provided that any person who, in good faith and for consideration, becomes the holder, after maturity, of a promissory note or bill of exchange made, drawn or accepted without consideration for the purpose of enabling some party thereto to raise money thereon, may recover the amount of the note or bill from any prior party.

Accommodation note or bill.

Illustration.

The acceptor of a bill of exchange, when he accepted it, deposited with the drawer certain goods as a collateral security for the payment of the bill, with power to the drawer to sell the goods and apply the proceeds in discharge of the bill if it were not paid at maturity. The bill not having been paid at maturity, the drawer sold the goods and retained the proceeds, but indorsed the bill to A. A's title is subject to the same objection as the drawer's title.

70. A negotiable instrument may be negotiated (except by the maker, drawee or acceptor after maturity) until payment or satisfaction thereof by the maker, drawee or acceptor at or after maturity, but not after such payment or satisfaction.

Instrument negotiable till payment or satisfaction.

CHAPTER V.

OF PRESENTMENT.

71. A bill of exchange payable after sight must, if no time or place is specified therein for presentment, be presented to the drawee thereof for acceptance, if he can, after reasonable search, be found, by a person entitled to demand acceptance, within a reasonable time after it is drawn, and in business hours on a business day. In default of such presentment, no party thereto is liable thereon to the person making such default.

Presentment for acceptance.

If the drawee cannot, after reasonable search be found, the bill is dishonoured.

If the bill is directed to the drawee at a particular place, it must be presented at that place; and if at the due date for presentment he has absconded, the bill is dishonoured.

72. A promissory note, payable at a certain period after sight, must be presented to the maker thereof for sight, by a person entitled to demand payment, within a reasonable time after it is made and in business hours on a business day. In default of such presentment no party thereto is liable thereon to the person making such default.

Presentment of promissory note for sight.

73. The drawee of a bill of exchange presented to him for acceptance may retain the same until the end of twenty-four hours, or until the next post to the holder, whichever first happens, to consider whether he will accept it.

Drawee's time for deliberation.

Explanation.—In calculating the twenty-four hours mentioned in this section, public holidays shall be excluded.

74. Promissory notes, bills of exchange and cheques must be presented for payment to the maker, acceptor or drawee thereof respectively, by or on behalf of the holder as hereinafter provided. In default of such presentment, the other parties thereto are not liable thereon to such holder.

Presentment for payment.

Exception.—Where a promissory note is payable on demand and is not payable at a specified place, no presentment is necessary in order to charge the maker thereof.

75. Presentment for payment must be made during the usual hours of business, and, if at a banker's, within banking hours.

Hours for presentment.

76. A promissory note or bill of exchange, made payable at a specified period after date or sight thereof, must be presented for payment at maturity.

Presentment for payment of instrument payable after date or sight.

77. A promissory note payable by instalments must be presented for payment on the third day after the date fixed for payment of each instalment; and non-payment on such presentment has the same effect as non-payment of a note at maturity.

Presentment for payment of promissory note payable by instalments.

78. A promissory note, bill of exchange or cheque made, drawn or accepted payable at a specified place and not elsewhere must, in order to charge any party thereto, be presented for payment at that place.

Presentment for payment of instrument payable at specified place and not elsewhere.

79. A promissory note or bill of exchange made, drawn or accepted payable at a specified place must, in order to charge the maker

Instrument payable at specified place.

or drawer thereof, be presented for payment at that place.

Presentment where no exclusive place specified.

80. A promissory note or bill of exchange, not made payable as mentioned in sections 78 and 79, must be presented for payment at one of the places specified (if any), or at the place of business (if any), or at the usual residence, of the maker, drawee or acceptor thereof, as the case may be.

Presentment when maker, &c., has no known place of business or residence.

81. If the maker, drawee or acceptor of a negotiable instrument has no known place of business or fixed residence, and no place is specified in the instrument for presentment for acceptance or payment, such presentment may be made to him in person wherever he can be found.

Presentment of cheque to charge drawer.

82. A cheque must, in order to charge the drawer, be presented at the bank upon which it is drawn within a reasonable time after it was first received from the drawer, or before the relation between the drawer and his banker has been altered to the prejudice of the drawer.

Presentment of cheque to charge any other person.

83. Subject to the provisions of section 35, a cheque must, in order to charge any person except the drawer, be presented within a reasonable time after delivery thereof by such person.

Presentment of instrument payable on demand.

84. A negotiable instrument payable on demand must be presented for payment within a reasonable time after it is received by the holder.

Presentment by or to agent, representative of deceased, or assignee of insolvent.

85. Presentment for acceptance or payment may be made to the duly authorized agent of the drawee, maker or acceptor, as the case may be, or where the drawee, maker or acceptor has died, to his legal representative, or where he has been declared an insolvent, to his assignee.

When presentment unnecessary.

86. No presentment for payment is necessary, and the instrument is dishonoured at the due date for presentment, in any of the following cases:—

(*a*) if the maker, drawee or acceptor intentionally prevents the presentment of the instrument,

or, if the instrument being payable at his place of business, he closes such place during the usual business-hours, or

if the instrument being payable at some other specified place, neither he nor any person authorized to pay it attends at such place during the usual business hours, or

if the instrument not being payable at any specified place, he cannot after due search be found;

(*b*) as against any party if, after maturity, with knowledge that the instrument has not been presented—

he makes a part payment on account of the amount due on the instrument,

or promises to pay the amount due thereon in whole or in part,

or otherwise waives his right to take advantage of any default in presentment for payment;

(*c*) as against the drawer, if the drawer could not suffer damage from the want of such presentment.

Liability of banker for negligently dealing with bill presented for acceptance.

87. When a bill of exchange, accepted payable at a specified bank, has been duly presented there for payment and dishonoured, if the banker so negligently keeps, deals with or delivers back such bill as to cause loss to the holder, he must compensate the holder for such loss.

CHAPTER VI.

OF PAYMENT AND INTEREST.

To whom payment should be made.

88. Subject to the provisions of section 92, clause (*c*), payment of the amount due on a promissory note, bill of exchange or cheque must, in order to discharge the maker or acceptor, be made to the holder of the instrument

Interest when rate specified.

89. When interest at a specified rate is expressly made payable on a promissory note or bill of exchange, interest shall be calculated at the rate specified, on the amount and from the date of the instrument, until tender or realization of the amount due thereon, or until such date after the institution of a suit to recover such amount as the Court directs.

Interest when no rate specified

90. When no rate of interest is specified in the instrument, interest on the amount thereof shall, except in cases provided for by the Code of Civil Procedure, section 532, be calculated at the rate of six per centum per annum, from the date at which the same ought to have been paid by the party charged, until tender or realization of the amount due thereon.

Explanation.—When the party charged is the indorser of an instrument dishonoured by non-payment, he is liable to pay interest only from the time that he receives notice of the dishonour.

Delivery of instrument on payment, or indemnity in case of loss.

91. Any person liable to pay, and called upon by the holder thereof to pay, the amount due on a promissory note, bill of exchange or cheque is before payment entitled to have it shown, and is on payment entitled to have it delivered up, to him, or, if the instrument is lost or cannot be produced, to be indemnified against any further claim thereon against him.

CHAPTER VII.

OF DISCHARGE FROM LIABILITY ON NOTES, BILLS AND CHEQUES.

Discharge from liability

92. The maker, acceptor or indorser respectively of a negotiable instrument is discharged from liability thereon—

by cancellation,

(a) to a holder thereof who cancels such acceptor's or indorser's name with intent to discharge him, and to all parties claiming under such holder.

by release.

(b) to a holder thereof who otherwise discharges such maker, acceptor or indorser, and to all parties deriving title under such holder after notice of such discharge;

by payment.

(c) to all parties thereto, if the instrument is payable to bearer, or has been indorsed in blank, and such maker, acceptor or indorser makes payment in due course of the amount due thereon.

Discharge by allowing drawee more than twenty-four hours to accept.

93. If the holder of a bill of exchange allows the drawee more than twenty-four hours to consider whether he will accept the same, all previous parties not consenting to such allowance are thereby discharged from liability to such holder.

When cheque not duly presented and drawer damaged thereby.

94. When the holder of a cheque fails to present it for payment, and the drawer thereof sustains loss or damage from such failure, he is discharged from liability to the holder.

Cheque payable to order.

95. Where a cheque payable to order, purports to be indorsed by or on behalf of the payee, the drawee is discharged by payment in due course.

Parties not consenting discharged by conditional or limited acceptance.

96. If the holder of a bill of exchange acquiesces in a conditional acceptance, or one limited to part of the sum mentioned in the bill, or which substitutes a different place or time for payment, or which is not signed by all the drawees (not being partners), all previous parties whose consent is not obtained to such acceptance are discharged as against the holder and those claiming under him.

Effect of material alteration.

97. Save as provided in sections 20, 57, 96 and 131, any material alteration of a negotiable instrument renders the same void as against any party thereto at the time, and not consenting to such alteration, unless such alteration was made in order to carry out the common intention of the original parties.

Explanation.—The following are material alterations within the meaning of this section, namely: an alteration of date, amount, or of time or place of payment; the insertion in the body of the instrument of words authorising the transfer thereof, or stating the value thereof to have been received on a particular account; the addition of a name as that of a maker or drawer; obliteration of, addition to, or alteration of, the crossing of a cheque.

Alteration by endorsee.

98. Save as provided in sections 20, 57, 96 and 131, any such alteration as is mentioned in section 97, if made by an indorsee, discharges his indorser from all liability to him in respect of the instrument or the consideration thereof.

Acceptor or indorser bound notwithstanding previous alteration.

99. An acceptor or indorser of a negotiable instrument is bound by his acceptance or indorsement notwithstanding any previous alteration of the instrument.

Payment of instrument on which alteration is not apparent.

100. Where a promissory note, bill of exchange or cheque has been materially altered, but does not appear to have been so altered,

or where a cheque is presented for payment which does not at the time of presentation appear to be crossed or to have had a crossing which has been obliterated,

payment thereof by a person or banker liable to pay and paying the same according to the apparent tenor thereof at the time of payment and otherwise in due course, shall discharge such person or banker so paying from all liability thereon, and such payment shall not be questioned by reason of the instrument having been altered, or the cheque crossed.

CHAPTER VIII.

OF NOTICE OF DISHONOUR.

Dishonour by non-acceptance.

101. A bill of exchange is said to be dishonoured by non-acceptance when the drawee, or one of several drawees not being partners, makes default in acceptance upon being duly required to accept the bill.

Where the drawee is incompetent to contract the bill may be treated as dishonoured.

Dishonour by non-payment.

102. A promissory note, bill of exchange or cheque is said to be dishonoured by non-payment when the maker of the note, acceptor of the bill, or drawee of the cheque makes default in payment upon being duly required to pay the same.

By and to whom notice should be given.

103. When a promissory note, bill of exchange or cheque is dishonoured by non-acceptance or non-payment, the holder thereof, or some party thereto who remains liable thereon, must give notice that the instrument has been so dishonoured to all other parties whom the holder seeks to make severally liable thereon, and to some one of several parties whom he seeks to make jointly liable thereon.

Nothing in this section renders it necessary to give notice to the maker of the dishonoured promis-

sory note, or the drawee or acceptor of the dishonoured bill of exchange or cheque.

Mode in which notice may be given.

104. Notice of dishonour may be given to a duly authorised agent of the person to whom it is required to be given, or, where he has died, to his legal representative, or, where he has been declared an insolvent, to his assignee; may be oral or written; may, if written, be sent by post; and may be in any form; but it must inform the party to whom it is given, either in express terms or by reasonable intendment, that the instrument has been dishonoured, and in what way, and that he will be held liable thereon; and it must be given within a reasonable time after dishonour, at the place of business, or (in case such party has no place of business) at the residence of the party for whom it is intended.

If the notice is sent by post and miscarries, such miscarriage does not render the notice invalid.

Party receiving must transmit notice of dishonour.

105. Any party receiving notice of dishonour must, in order to render any prior party liable to himself, transmit it to such party within a reasonable time, unless such party otherwise receives due notice as provided by section 103.

Agent for presentment.

106. When the instrument is deposited with an agent for presentment, the agent is entitled to the same time to give notice to his principal as if he were the holder giving notice of dishonour, and the principal is entitled to a further like period to give notice of dishonour.

When party to whom notice given is dead.

107. When the party to whom notice of dishonour is despatched is dead, but the party despatching the notice is ignorant of his death, the notice is sufficient.

When notice of dishonour is unnecessary.

108. No notice of dishonour is necessary—

(*a*) when it is dispensed with by the party entitled thereto;

(*b*) in order to charge the drawer, when he has countermanded payment;

(*c*) when the party charged could not suffer damage for want of notice;

(*d*) when the party entitled to notice cannot after due search be found; or the party bound to give notice is, for any other reason, unable without any fault of his own to give it;

(*e*) to charge the drawers, when the acceptor is also a drawer;

(*f*) in the case of a promissory note which is not negotiable;

(*g*) when the party entitled to notice, knowing the facts, promises unconditionally to pay the amount due on the instrument.

CHAPTER IX.

OF NOTING AND PROTEST.

Noting.

109. When a promissory note or bill of exchange has been dishonoured by non-acceptance or non-payment, the holder may cause such dishonour to be noted by a notary public upon the instrument, or upon a paper attached thereto, or partly upon each.

Such note must be made within a reasonable time after dishonour, and must specify the date of dishonour, the reason, if any, assigned for such dishonour, or, if the instrument has not been expressly dishonoured, the reason why the holder treats it as dishonoured, and the notary's charges.

Protest.

110. When a promissory note or bill of exchange has been dishonoured by non-acceptance or non-payment, the holder may, within a reasonable time, cause such dishonour to be noted and certified by a notary public. Such certificate is called a protest, and shall, in the absence of proof to the contrary, in a suit upon the instrument, be deemed evidence of the fact of dishonour.

Protest for better security.

When the acceptor of a bill of exchange has become insolvent, or his credit has been publicly impeached, before the maturity of the bill, the holder may, within a reasonable time, cause a notary public to demand better security of the acceptor, and on its being refused may, within a reasonable time, cause such facts to be noted and certified as aforesaid. Such certificate is called a protest for better security.

Contents of protest.

111. A protest under section 110 must contain—

(*a*) either the instrument itself, or a literal transcript of the instrument and of everything written or printed thereupon;

(*b*) the name of the person for whom and against whom the instrument has been protested;

(*c*) a statement that payment or acceptance, or better security, as the case may be, has been demanded of such person by the notary public; the terms of his answer, if any, or a statement that he gave no answer, or that he could not be found;

(*d*) when the note or bill has been dishonoured, the place and time of dishonour, and when better security has been refused, the place and time of refusal;

(*e*) the subscription of the notary public making the protest;

(*f*) in the event of an acceptance for honour or of a payment for honour, the name of the person by whom, of the person for whom, and the manner in which, such acceptance or payment was offered and effected.

Notice of protest.

112. When a promissory note or bill of exchange is required by law to be protested, notice of such protest must be given instead of notice of dishonour, in the same manner and subject to the same conditions; but the notice may be given by the notary public who makes the protest.

113. All bills of exchange drawn payable at some other place than the place mentioned as the residence of the drawee, and which are dishonoured by non-acceptance, may, without further presentment to the drawee, be protested for non-payment, in the place specified for payment, unless paid before or at maturity.

Protest for non-payment after dishonour by non-acceptance.

CHAPTER X.

OF REASONABLE TIME.

114. In determining what is a reasonable time for presentment for acceptance or payment, for giving notice of dishonour and for noting, regard shall be had to the nature of the instrument and the usual course of dealing with respect to similar instruments; and in calculating such time, public holidays shall be excluded.

Reasonable time.

115. Presentment is made within a reasonable time, within the meaning of sections 71, 82, 83 and 84, if it is made on the business day next after that on which the holder received the bill, negotiable instrument or cheque referred to, or when there is no more delay than is occasioned by the residence of the parties to the bill, negotiable instrument or cheque in different places.

Reasonable time for presentment.

Illustration.

A draws on B, resident at Calcutta, a bill of exchange in favour of C payable at sight, and sends it to C at Benares. C, the day after he receives it, indorses it to D, and despatches it to D at Calcutta. D, the day after he receives the bill, presents it for payment. The delay which has taken place in presenting the bill is not unreasonable.

116. If the holder and the party to whom notice of dishonour is given carry on business or live (as the case may be) in different places, such notice is given within a reasonable time if it is despatched by the next post or on the day next after the day of dishonour.

Reasonable time of giving notice of dishonour.

If the said parties carry on business or live in the same place, such notice is given within a reasonable time if it is despatched in time to reach its destination on the day next after the day of dishonour.

117. A party receiving notice of dishonour, who seeks to enforce his right against a prior party, transmits the notice within a reasonable time if he transmits it within the same time after its receipt as he would have had to give notice if he had been the holder.

Reasonable time for transmitting such notice.

CHAPTER XI.

OF ACCEPTANCE AND PAYMENT FOR HONOUR.

118. When a bill of exchange has been noted or protested for non-acceptance or for better security, any person may, with the consent of the holder, by writing on the bill, accept the same for the honour of any party thereto.

Acceptance for honour.

119. Where the acceptance does not express for whose honour it is made, it shall be deemed to be made for the honour of the drawer.

Acceptance not specifying for whose honour it is made.

120. An acceptor for honour binds himself to all parties subsequent to the party for whose honour he accepts to pay the amount of the bill if the drawee do not; and such party and all prior parties are liable in their respective capacities to compensate the acceptor for honour for all loss or damage sustained by him in consequence of such acceptance.

Liability of acceptor for honour.

But an acceptor for honour is not liable to the holder of the bill unless it is presented, or (in case the address given by such acceptor on the bill is a place other than the place where the bill is made payable) forwarded for presentment, not later than the day next after the day of its maturity.

121. An acceptor for honour cannot be charged unless the bill has at its maturity been presented to the drawee for payment and has been dishonoured by him, and noted or protested for such dishonour.

When acceptor for honour may be charged.

122. When a bill of exchange has been noted or protested for non-payment, any person may pay the same for the honour of any party liable to pay the same, provided that the person so paying has previously declared before a notary public the party for whose honour he pays, and that such declaration has been recorded by such notary public.

Payment for honour.

123. Any person so paying is entitled to all the rights, in respect of the bill, of the holder at the time of such payment, and may recover from the party for whose honour he pays all sums so paid, with interest thereon and with all expenses properly incurred in making such payment.

Right of payer for honour.

CHAPTER XII.

OF COMPENSATION.

124. The compensation payable in case of dishonour of a promissory note, bill of exchange or cheque, by any party liable to the holder or any indorsee, shall (except in cases provided for by the Code of Civil Procedure, section 532) be determined by the following rules:—

Rules as to compensation.

(*a*) The holder is entitled to the amount due upon the instrument, together with the expenses properly incurred in presenting, noting and protesting it;

(*b*) When the person charged resides at a place different from that at which the instrument was payable, the holder is entitled to receive such sum at the current rate of exchange between the two places;

(*c*) An indorser who, being liable, has paid the amount due on the same is entitled to the amount

so paid with interest at six per centum per annum from the date of payment until tender or realization thereof, together with all expenses caused by the dishonour and payment;

(d) When the person charged and such indorser reside at different places, the indorser is entitled to receive such sum at the current rate of exchange between the two places;

(e) The party entitled to compensation may draw a bill upon the party liable to compensate him, payable at sight or on demand, for the amount due to him together with all expenses properly incurred by him. Such bill must be accompanied by the instrument dishonoured and the protest thereof (if any). If such bill is dishonoured, the party dishonouring the same is liable to make compensation thereof in the same manner as in the case of the original bill.

CHAPTER XIII.

OF FOREIGN BILLS.

Set of bills.

125. Foreign bills of exchange may be drawn in parts, each part being numbered and containing a provision that it shall continue payable only so long as the others remain unpaid. All the parts together make a set; but the whole set constitutes only one bill, and is extinguished when one of the parts, if a separate bill, would be extinguished.

Exception.—When a person accepts or indorses different parts of the bill in favour of different persons, he is liable on each part as if it were a separate bill.

Holder of first acquired part entitled to all.

126. As between holders in due course of different parts of the same set, he who first acquired title to his part is entitled to the other parts and the money represented by the Bill.

Drawee in case of need.

127. Where a drawee in case of need is named in a foreign bill of exchange, the bill is not dishonoured until dishonoured by such drawee.

Protest of foreign bills.

128. Foreign bills of exchange must be protested for dishonour when such protest is required by the law of the place where they are drawn.

CHAPTER XIV.

OF CROSSED CHEQUES.

Cheque crossed generally.

129. Where a cheque bears across its face an addition of the words "and company" or any abbreviation thereof, between two parallel transverse lines, or of two parallel transverse lines simply, either with or without the words "not negotiable," that addition shall be deemed a crossing, and the cheque shall be deemed to be crossed generally.

Cheque crossed specially.

130. Where a cheque bears across its face an addition of the name of a banker, either with or without the words "not negotiable," that addition shall be deemed a crossing, and the cheque shall be deemed to be crossed specially, and to be crossed to that banker.

Crossing after issue.

131. Where a cheque is uncrossed, the holder may cross it generally or specially.

Where a cheque is crossed generally, the holder may cross it specially.

Where a cheque is crossed generally or specially, the holder may add the words "not negotiable."

Where a cheque is crossed specially, the banker to whom it is crossed may again cross it specially to another banker, his agent, for collection.

Payment of cheque crossed generally.

132. Where a cheque is crossed generally, the banker on whom it is drawn shall not pay it otherwise than to a banker.

Payment of cheque crossed specially.

Where a cheque is crossed specially, the banker on whom it is drawn shall not pay it otherwise than to the banker to whom it is crossed, or his agent for collection.

Payment of cheque crossed specially more than once.

133. Where a cheque is crossed specially to more than one banker, except when crossed to an agent for the purpose of collection, the banker on whom it is drawn shall refuse payment thereof.

Payment in due course of crossed cheque.

134. Where the banker on whom a crossed cheque is drawn has paid the same in due course, the banker paying the cheque, and (in case such cheque has come to the hands of the payee) the drawer thereof, shall respectively be entitled to the same rights, and be placed in the same position in all respects, as they would respectively be entitled to and placed in if the amount of the cheque had been paid to and received by the true owner thereof.

Payment of crossed cheque out of due course.

135. Any banker paying a cheque crossed generally otherwise than to a banker, or a cheque crossed specially otherwise than to the banker to whom the same is crossed, or his agent for collection, being a banker, shall be liable to the true owner of the cheque for any loss he may sustain owing to the cheque having been so paid.

Cheque bearing "not negotiable."

136. A person taking a cheque crossed generally or specially, bearing in either case the words "not negotiable," shall not have, and shall not be capable of giving, a better title to the cheque than that which the person from whom he took it had.

But a banker who has in good faith and without negligence received payment from a customer of a cheque crossed generally or specially to himself

shall not, in case the title to the cheque proves defective, incur any liability to the true owner of the cheque by reason only of having received such payment.

CHAPTER XV.

OF INTERNATIONAL LAW.

Law governing liability of maker, acceptor or indorser of foreign instrument.

137. In the absence of a contract to the contrary, the liability of the maker or drawer of a foreign promissory note, bill of exchange or cheque is regulated in all essential matters by the law of the place where he made the instrument, and the respective liabilities of the acceptor and indorser by the law of the place where the instrument is made payable.

Illustrations.

A bill of exchange was drawn by A in California, where the rate of interest is 25 per cent., and accepted by B, payable in Washington, where the rate of interest is 6 per cent. The bill is endorsed in British India, and is dishonoured. An action on the bill is brought against B in British India. He is liable to pay interest at the rate of 6 per cent. only; but if A is charged as drawer, A is liable to pay interest at the rate of 25 per cent.

Law of place of payment governs dishonour.

138. Where a promissory note, bill of exchange or cheque is made payable in a different place from that in which it is made or indorsed, the law of the place where it is made payable determines what constitutes dishonour and what notice of dishonour is sufficient.

Illustration.

A bill of exchange drawn and indorsed in British India, but accepted payable in France, is dishonoured. The indorsee causes it to be protested for such dishonour, and gives notice thereof in accordance with the law of France, though not in accordance with the rules herein contained in respect of bills which are not foreign. The notice is sufficient.

Instrument made, &c. out of British India, but in accordance with its law.

139. If a negotiable instrument is made, drawn, accepted or indorsed out of British India, but in accordance with the law of British India, the circumstance that any agreement evidenced by such instrument is invalid according to the law of the country wherein it was entered into, does not invalidate any subsequent acceptance or endorsement made thereon in British India.

Presumption as to foreign law.

140. Until the contrary is proved, the law of any foreign country regarding promissory notes, bills of exchange and cheques shall be presumed to be the same as that of British India.

SCHEDULE.

(*a*) STATUTES.

Year and chapter.	Title.	Extent of repeal.
9 Wm. III. c. 17	An Act for the better payment of inland Bills of Exchange.	The whole.

CONTENTS.

RESOLUTION ON THE POLICE ADMINISTRATION REPORT OF THE TOWN OF CALCUTTA AND ITS SUBURBS FOR THE YEAR 1877.

JUDICIAL DEPARTMENT.—POLICE.

Calcutta, the 14th June 1878.

READ—

The Annual Report on the Police Administration of the Town of Calcutta and its Suburbs for 1877.

Read again—

The Reports for 1875 and 1876 and the orders of Government recorded upon them.

THE returns for the past year show a large increase in the number of cases reported in the town and suburbs. The aggregate number for each of the past three years was—

1875.	1876.	1877.
37,763	35,733	44,586

The increase, however, represents no sensible advance in crime. The great bulk of the difference in the figures for 1876 and 1877 is represented by the multiplication of conservancy cases, of which there were 16,491 in the past year against 10,071 in 1876. The increase in cognizable crime is represented by 1,022 cases, of which no less than 553 were miscellaneous offences under the Port, Shipping, and other Acts. The number of cognizable offences under the Penal Code was 6,260 against 5,593. Gauged by the number of offences of

this class, the criminality of the town and suburban population was 1 to 121 and 1 to 150 persons respectively, against 1 to 126 and 1 to 170 in the previous year. It is noteworthy that of eight murders which occurred in Calcutta and the suburbs seven were murders of women. The increase from 465 to 881 in the number of Europeans and Eurasians convicted of offences under the Penal Code is out of proportion to the aggregate increase in the number of convictions, but no explanation of the cause is offered. The proportion between Hindoos and Mahomedans was the same as in previous years. Of 38,029 persons arrested 31,021 were convicted. In the previous year there were 25,861 convictions on 35,368 arrests. In cognizable cases under the Penal Code the action of the police appears to have been judicious. Conviction followed arrest in 67 per cent. of the cases against 54 per cent. in 1876. The number of cases in which property was stolen was 2,725 against 2,565 in 1876; and property was recovered in 1,812 against 1,553. The percentage of property recovered was 50·71 in the town and 40·96 in the suburbs. The number of false cases was satisfactorily small, only 2·27 of the number of cognizable cases reported. The Bengal Police Report for 1876 shows that the percentage in the interior was more than 18. It is to be expected, of course, that false cases will be comparatively rare in a city where the relations between neighbours are so much less intimate than in villages.

2. *Town.*—The number of cognizable cases in the town was 15,185 against 14,663 in 1876. Serious offences against the person increased in number from 121 to 154. Of these, no less than 90 were assaults on public servants against 58 in the previous year. The average of the previous five years is 91. Some explanation should be offered of the circumstances under which these cases of violence to public servants in Calcutta increased. There were five cases of murder against four in 1876. Convictions were obtained in three cases, in one the accused has evaded arrest, and in the last no clue has been obtained. The undetected case was one of those cowardly outrages which occasionally disgrace Calcutta, in which native prostitutes are murdered by their visitors for the sake of their ornaments. There were five cases of attempt at murder. All were detected, though two trials resulted in acquittals. In two cases the offenders were insane when they committed the crime. Seventeen cases of grievous hurt occurred, of which nine, including all the cases committed to the High Court, resulted in convictions. There were two cases of petty robbery on the maidan, the work of a party of vicious boys. In burglaries there was a satisfactory decrease from 102 to 78 cases; property was carried off in 58 cases only. The number of cases detected was 41 to 25 in 1876, and of convictions 41 to 32. The value of the property stolen showed a decrease from Rs. 11,595 to Rs. 11,311, and that of the goods recovered a large increase from Rs. 2,995 to Rs. 4,690. These results are creditable. In thefts also the action of the police was satisfactory. The number of cases was 1,989 against 1,961 in the previous year; but the number of cases detected was 977 against 821, and of persons convicted 1,173 against 935. Some explanation is no doubt forthcoming of the success of the River Police in 213 out of 215 cases: but none is offered. The Commissioner attributes the decrease in burglaries to the effect on the criminal classes of the enhanced original powers conferred on the Police Magistrates by the Presidency Magistrates' Act. The increase in cases of simple theft is unimportant. There were a few judicious prosecutions for bad livelihood, and the result is observable in a considerable decrease in the number of persons arrested for lurking in the streets unable to give a satisfactory account of themselves. The Lieutenant-Governor is glad to learn that the offence of pocket-picking was almost unknown during the year. Thus judiciously worked the provisions of the law for requiring security for good behaviour from suspicious characters is no doubt a most valuable instrument of Police Administration. The Lieutenant-Governor trusts that the Commissioner and Deputy Commissioner will exercise the most rigid control over the action of the police in this respect. The proceedings taken against persons suspected of possessing stolen property have not been altogether satisfactory. It appears that 250 persons were thus stopped by the police in the streets. No further action was taken in 112 cases, but in the remainder the persons challenged were taken to the police-station. There those who were able to satisfy the Superin-

tendent were released. Only 20 persons, however, are shown to have been arrested, and of these none at all were convicted. It is explained that temporary detentions of this nature are not now regarded as arrests, and that no recognizances are as formerly required from those released by the order of the Superintendent. This is altogether irregular, and can only have the result of vitiating the returns and necessitating long explanations, while it leaves the police without a very important check on their proceedings. It appears that most of these people are arrested at night. It is clear that the Superintendent of the division cannot in many cases see them before morning, and that a large number of persons must have been put to inconvenience and indignity without good cause. The Lieutenant-Governor trusts that, in cases where the arrest has been shown to be the result of officiousness or spite, due punishment is inflicted on the constable; but it is not stated that this was done in any of the numerous cases in which arrests were wrongly made. It appears, moreover, very necessary that the inspectors of thanas should have authority to release on recognizance persons whose arrest has been palpably unnecessary or improper. But all cases in which an individual is compelled to accompany a policeman to the station must be shown as arrests. Offences under the Shipping Acts show an increase from 374 to 551, the result of the expansion of the trade of the port. The Lieutenant-Governor is glad to see that out of 2,695 persons prosecuted for cruelty to animals, only 29 were discharged. The returns of non-cognizable crime call for no special remark.

3. *Suburbs.*—The number of cognizable cases was 3,194 against 2,749 in 1876. There was a decrease in the number of offences against property, but a large increase in public nuisances and street offences. There were three murders, all of women, the perpetrator of one of which was not detected. The Commissioner inclines to the belief that this was a case of suicide, but the Lieutenant-Governor is not satisfied that this view is correct. In one case the murderer was a lunatic, who had escaped from the Dullunda Asylum in 1874; in the third the murderer committed suicide before the police arrived. The offenders in the only case of attempt at murder which occurred were convicted. There were 13 cases of grievous hurt, in 10 of which convictions were obtained. The Commissioner of the Presidency Division will be requested to call for and submit to Government the record of the three cases of facial mutilation in which apparently inadequate sentences were passed. Three cases of kidnapping children for their ornaments were successfully investigated, and the offenders were brought to justice. There were 146 cases of burglary against 122 in 1876. Property was taken in 80 only, and 36 cases were detected. These results were not so successful as those attained in the town. The Lieutenant-Governor, however, recognizes the difficulties of the police in dealing with this description of crime in semi-rural areas where the beats are extensive and the houses more or less detached. There was a considerable decrease in thefts, from 841 to 634, and 343 cases were detected against 335 in 1876.

4. The number of cases of suicide (53) was the same as in 1876. Of these, 25 were caused by hanging and 11 by overdose of opium. Accidental deaths numbered 253 against 239. Street accidents caused 19 deaths in the town. Deaths of this nature were not distinguished in other reports. The cause is probably to be found less in the narrowness of the streets and the absence of footpaths, than in the notorious recklessness of native drivers. It is a matter for congratulation that accidents of this class are not more numerous. The police might do much to suppress a very dangerous practice, and the Lieutenant-Governor desires that the subject may receive careful attention. Drowning shows an increase of 29 cases. Of the 59 men drowned in the river no fewer than 41 were European sailors. The Lieutenant-Governor would be glad if the Commissioner of Police would take into consideration the question of deaths by sailors through drowning. The mortality from this cause is very serious, and it is open to question whether European sailors should be permitted to embark for their ships in this dangerous river after dark, especially during the rains, when the river is in full flood. The Lieutenant-Governor would like a detailed report showing how many of these 41 sailors were drowned from boats and how many by falling overboard, the time at which the accidents took place, and the rules in force regarding the prevention of the embarkation of sailors in a state of drunkenness.

5. Mr Metcalfe has given an interesting analysis of the statistics of the import trade of Calcutta in arms and ammunition during the past five years. They show a large decrease since 1873 in the number of rifles, guns, and pistols, with little variation in the quantity of gunpowder, shot, and percussion caps introduced. The following tables show the imports into Calcutta and the inland exports during the past two years:—

Imports.

	Sporting rifles.	Sporting guns.	Pistols and revolvers.	Gun-powder.	Shot.	Percussion caps.
	No.	No.	No.	lb	Bags.	No.
1876 ...	280	1,536	283	93,300	15,290	21,203,000

Total ...	1876	37	829	217	...	50,996	10,214	13,671,500	14,700	1,676,800	......	...	12,012	10,379
	1877	7	696	184	18	68,709	9,645	13,069,600	22,566	247,800	10,932	12	14,642	9,399

It is satisfactory to note that the transport both of arms and ammunition to Assam and the frontier districts diminished considerably during the past year. This is doubtless the result of increased care in granting passes on the part of the local authorities. The State of Bhopal exported a large quantity of gun-caps, and no less than 10,000,000 were exported to Yarkand. The Commissioner remarks that it has hitherto been impossible to follow the direction of the private trade of Calcutta in small arms and ammunition. The Lieutenant-Governor has recently sanctioned the employment of a special Inspector in Calcutta to supervise and examine the books kept by persons holding licenses under the Arms' Act.

6. It is satisfactory to observe that it was not found necessary during the year to enforce the responsibility of owners and consignees of horses for the removal of the persons who are brought up from Australia in charge of the animals. Altogether 36 persons were declared vagrants against 30 in 1876. Of these, 31 were admitted into the Presidency Workhouse. Nine vagrants were deported, and, in addition to these, 14 distressed Europeans were sent at the public charge to Melbourne and London. Only one of these was a sailor. The amount expended on this account was Rs. 2,918. Of 245 persons admitted to the Alms House 33 were deported at the cost of the District Charitable Society, and employment was found for 30. The Lieutenant-Governor has now under consideration a scheme for the amalgamation of the Alms House and the Workhouse, which will, it is hoped, prove economical and efficient, and at the same time have the effect of discouraging professional mendicancy among Europeans and Eurasians. Mr. Metcalfe draws attention to the increase in the number of sea-faring men who are thrown upon the streets of Calcutta, or find their way to it from other ports. This, however, must be accepted as an accompaniment of the greatly expanding trade of the country. All that can be done is to see that the interests of sailors under existing laws are protected, that men are not discharged without good and sufficient reason, and that the responsibilities of agents and masters of vessels are fulfilled.

7. The Lieutenant-Governor regrets to find that the number of Bengalis in the force has still further declined. It is particularly remarkable that in

the suburbs, where Bengali constables must be much more useful than men from the Upper Provinces, there are only 77 natives of Bengal to 601 Hindustanis. No doubt there are difficulties in the way of procuring recruits owing to the general rise in wages, but these ought not to be insurmountable in the suburbs any more than in the 24-Pergunnahs and Howrah, and the Lieutenant-Governor desires that special attention may be given to the subject. Of course, the claims of deserving up-country men now in the force must not be overlooked, but the Lieutenant-Governor desires that, whenever it may be possible, Bengalis of some education may be appointed to vacancies among the native officers. As investigating officers educated natives of the country must be much more efficient in nine cases out of ten than a European or a native foreigner. In the suburbs especially there seems to be no good reason why the greater part of the force should not be recruited from the people of the neighbour hood. There were 129 dismissals against 148 in the previous year. The list includes one Inspector, 15 European constables, and six native officers. No mention is made of the special misconduct which led to the removal of these men. Desertions numbered 149 against an average of 67 during the four preceding years. The explanation appears to be the general dissatisfaction of up-country constables with their position in comparison with that of durwans and other persons of their acquaintance. The suggestion that men should be enlisted in the Upper Provinces and drafted off to Calcutta does not commend itself to the Lieutenant-Governor on any ground. The proposal to reduce the number of men and increase their pay appears to be better. This would probably make it possible to increase the number of Bengali constables in the force. Definite proposals should be submitted separately. In the resolution on the report for 1876, the Lieutenant-Governor remarked with satisfaction on the decrease in the number of fines inflicted on the men. It is observed that, nevertheless, the number has increased from 352 in 1876 to 556. The Lieutenant-Governor must insist on his wishes in this respect being attended to. It is well known that up-country men as a rule starve themselves and render themselves inefficient for the time being when they are fined; and the practice is in every way objectionable. Three inspectors were fined, but it is presumed that these punishments were inflicted before the orders on the last report were received.

8. The Lieutenant-Governor is quite satisfied that the necessary attention is being given to the very important subject of old offenders. The High Court dealt severely with 25 persons of this class brought before them during the year; but the sentences passed by the Magistrates appear to have been in many instances extremely light.

9. The Lieutenant-Governor is glad to notice the favourable terms in which the Magistrates speak of the working of the Presidency Magistrates Act and of the testimony borne by Mr. Marsden to the efficiency of the Bench system.

10. On the whole, the Lieutenant-Governor believes that the working of the force under the Commissioner of Police has been satisfactory. They have no doubt unusual difficulties to contend with in such a city as Calcutta. All the Superintendents and many Inspectors are reported to have worked well, and the Lieutenant-Governor believes that the public generally are satisfied with the conduct of the force. The Commissioner bears testimony to the great efficiency and application with which the Acting Deputy Commissioner, Mr. Charles, superintended the administration of the police during the year.

ORDER—Ordered that a copy of this Resolution be forwarded to the Commissioner of Police, Calcutta, for information, and for communication to the Presidency Magistrates.

Ordered also that a copy of the Resolution and of the Report be forwarded to the Commissioner of the Presidency Division.

By order of the Lieutenant-Governor of Bengal,

HORACE A. COCKERELL,

Secretary to the Govt. of Bengal.

RESOLUTION ON THE REPORT ON THE ADMINISTRATION OF THE JAIL DEPARTMENT IN BENGAL FOR THE YEAR 1877.

JUDICIAL DEPARTMENT.—JAILS.

Darjeeling, the 18*th June* 1878.

READ—

The Annual Report on the administration of the Jail Department for 1877.

Read again—

The reports for previous years and the orders of Government recorded upon them.

THE Lieutenant-Governor is indebted to Dr. Lethbridge for the prompt submission of a full and interesting report on the administration of the Jail Department during the past year. The report, though so much more punctually prepared, is not less comprehensive or accurate than those hitherto submitted. A great deal has lately been done, with the full concurrence of Government, to simplify the forms of monthly returns and to bring them into accord with the statements to be submitted with the annual report. The Lieutenant-Governor has also recently sanctioned considerable modifications in the number and form of registers to be kept by Superintendents of Jails. These changes have been adopted with due regard to the orders of the Government of India on the recommendations of the Prison Conference. These measures will leave Superintendents more time for attention to the real essentials of jail management, and will, it is hoped, ensure greater accuracy and punctuality in the submission of returns.

2. The leading feature in the statistics of the jail population during the year is a decrease in the numbers under almost every head. The year opened with 21,266 persons in jails and lock-ups, against 21,282 on the first day of 1876. During the year, 68,750 persons were received against 68,833 in 1873, 82,207 in 1874, 73,585 in 1875, and 75,221 in 1876. The number in the custody of the Jail Department on the last day of the year was 18,153, which is lower than any attained since 1871. The numbers for the past seven years are—

1871.	1872.	1873.	1874.	1875.	1876.	1877.
17,640	19,748	20,562	20,784	21,282	21,266	18,153

The daily average number of prisoners showed a decrease on the previous year of 264 persons under trial and 2,699 convicts.

3. The following table shows the fluctuations in the number of convicts during the past seven years:—

	1871.	1872.	1873.	1874.	1875.	1876.	1877.
Number of prisoners in jails and lock-ups on last day of previous year	16,329	16,254	18,310	19,210	19,855	19,694	19,850
Admitted direct during the year	28,001	33,035	35,480	30,744	37,674	38,797	35,452
Total ...	44,330	49,289	53,790	58,954	57,529	58,491	55,302
Admitted by transfer	9,445	16,247	15,525	18,318	18,246	20,023	19,528
Total ...	53,775	65,536	69,315	77,272	75,775	78,514	74,830
Deduct transferred	9,779	15,978	15,353	18,336	18,335	20,029	19,562
" released	26,868	30,115	33,742	37,857	36,656	37,358	37,272
" escaped	157	130	34	39	29	27	20
" died	652	944	919	1,124	1,002	1,184	877
" executed	65	59	57	61	59	66	60
Total discharged ...	37,521	47,226	50,105	57,417	56,081	58,664	57,791
Balance at the end of the year	16,254	18,310	19,210	19,855	19,694	19,850	17,039

It will be observed that, though the number of convicts admitted was less by over 3,000 than in 1876, the number released was almost exactly the same. This is partly to be explained by the extraordinary releases on the 1st January 1877, when, on the occasion of the assumption of the Imperial Title by Her Majesty, the clemency of the Crown was extended to 3,079 convicts. Releases for good conduct and under the operation of the mark system were 2,870 in number against 545. The returns show an increase in the number of convicts from 17,027 on the 1st February to 17,739 on 1st August,

and then a decrease to 17,633 on 1st September, 17,463 on 1st October, 17,130 on 1st November, and 16,847 on 1st December. Dr. Lethbridge has rightly ascribed this falling off to the operation of the orders of Government regarding the wholesale imprisonment of persons suspected of bad livelihood by the police. Those orders only came into effect in September. The result has shown that if the police do their duty it is possible to decrease largely the number of these prosecutions without danger of any increase in crime. The returns of the Shahabad, Dacca, Rungpore, Monghyr, Gya, and Purneah districts show that, though only 552 persons were imprisoned for bad livelihood against 1,155 in 1876, the number of criminals admitted into the jails and lock-ups of these districts decreased by 890. An attempt has been made by several Magistrates to explain the decrease of admissions by attributing it to the prosperity of the agricultural classes owing to the high prices of grain and good crops; but, though these causes might tell in favour of the freedom from crime in the agricultural classes, they would have the opposite effect on the non-agricultural classes, who would be placed in a position of increased temptation from high prices, and after all the criminals open to temptation arising from want of money belong more to the classes who do not hold land and cultivate crops for themselves than to those who do. As a matter of fact, as shown by Dr. Lethbridge, there was an increase in the number of prisoners in jail during the first three quarters of the year; the jail population which had been decreased by the releases of 1st January from 19,291 to 17,027 on 1st February, had risen again by the 1st August to 17,739 and again decreased to 16,847 on 1st December. It was in the latter part of the year that the orders were issued directing the discontinuance of oppressive proceedings on the part of the police against bad characters. To some extent no doubt the decrease of admissions into jail may fairly be attributed to good crops and high prices. Anyway it is very satisfactory to see that a decrease of prosecutions for bad livelihood was compatible with a decrease of crime, and did not cause the enormous increase of serious crime which many Magistrates foreboded as the result of the change.

4. The numbers shown as transferred correspond pretty closely with the number described as admitted on transfer. There is probably still some little inaccuracy arising from errors in the record of persons received from lock-ups, and the remainder is probably represented by prisoners actually on transfer on the last day of the year. Though there was a general decrease in the jail population, the number transferred was little less than in 1876, and considerably greater than in the previous year. It is explained that this result is entirely due to the better working of the central jail system, and to the more punctual despatch of convicted prisoners from lock-ups to jails. The percentage of prisoners released on appeal was 3·7 against 3·3 in 1876. The Shahabad and Mymensingh districts show no less than 12·08 and 10·71 respectively.

5. The number of persons flogged under judicial orders was 3,423 against 3,665 in 1875, and 3,017 in 1876. The Lieutenant-Governor regrets to have again to remark on the unsatisfactory reports of proceedings of this nature. The returns show that no less than 1,570 persons were sentenced to less than 15 stripes. Of these, 3 received less than 5 stripes for a second or subsequent offence, and 39 received between 5 and 9 stripes, and 93 between 10 and 14 on similar conviction. The Lieutenant-Governor considers the infliction of petty punishments of this nature, especially on second conviction, extremely injudicious, and he trusts that it will not be necessary for him again to advert to the subject. Of the total number flogged, 366 were under 16 years of age and 725 under 20; 68 were over 50. If it can be avoided, men of this age should not be punished by flogging. The number of Europeans convicted rose from 483 in 1876 to 666 in 1877. The increase was entirely the result of the expansion of the trade of the port and the large number of sailors convicted of minor offences. The increase in the number of Eurasian convicts from 66 to 117 is unexplained. The number of juvenile convicts was 467 against 471 in 1876 and 413 in 1875. Of those, 94 had been previously convicted against 64 in 1876. The reformatory at Alipore has only recently been opened. Ex-Government servants formed 3 per cent. of the total number of convicts. The entirely illiterate prisoners were 86·1 per cent. of the whole number, while 3,070 or 10 per cent. were able to read, and 1,159 could read and write well.

6. The statistics given by Dr. Lethbridge show that the increase in the proportion of short sentences still proceeds. Compared with 1871 the past year had—

		Ratio per cent. to total jail population.
Sentenced to one year and less	1871	58·42
	1877	67·25
One to three years	1871	18·47
	1877	19·06
Above three years	1871	20·80
	1877	11·44
Transportation	1871	2·14
	1877	2·10

The returns do not show separately the number of prisoners sentenced to terms between one and two years. The Lieutenant-Governor will be glad if information on this point can be given in the next report. The percentage of convicts sentenced to imprisonment for one year and more to the total is 32·60, while the existing central jails can accommodate 41·9 per cent. As a matter of fact, however, the distribution of central jails is such that those situated in the western parts of the province cannot be fully utilized, while the Alipore Jail is always overcrowded, and the Lieutenant-Governor has found it necessary to press on the conversion of the Dacca District Jail into a central jail, in order that the prisoners of the Eastern districts may be brought within easy reach of a well regulated central jail.

7. The number of recorded re-convictions was 4,181 against 3,714 in 1876, 3,075 in 1875, 2,757 in 1874, 1,695 in 1873, and 1,377 in 1872. In Chumparun, Manbhoom, and Presidency Jails the re-convictions were more than 26 per cent. of the total number of convictions; in Singbhoom they were 23, and in Rajshahye 22 per cent. In the European Department of the Presidency Jail there were no less than 146 re-convictions against 41 in 1876, or 23·7 per cent. on the total number of convictions against 11·1. In Buxar six re-convictions formed 30 per cent. of the whole. In no other jail was 19 per cent. attained, and in Dacca, Backergunge, and Balasore the re-convictions were less than 7 per cent., in Mymensingh and Purneah less than 6 per cent., in Bogra less than 5, and in Julpigoree less than 4 per cent. The increase would no doubt have been greater had not prosecutions for bad livelihood received a check. The figures supplied in the present report, show that much remains to be done before all convicted prisoners can be assigned their proper places in our jails. The Inspector-General justly remarks that, so far as Magistrates are concerned, there is little practical use in recognizing habitual offenders, if the information does not lead to enhanced punishments; and he proceeds to cite a number of instances in which manifestly inadequate sentences have been passed on habitual criminals. The statement given by Dr. Lethbridge of sentences of imprisonment passed in addition to whipping also shows that fairly deterrent punishments are in many cases not inflicted on persons convicted of one or more previous offences. The Lieutenant-Governor had occasion, in reviewing the report of the Inspector-General of Police for 1876, to remark on the mistaken leniency of some officers in this respect. It is very important that judicial officers should realize the greatly enhanced criminality of an offender who, having undergone one formal trial and been convicted and punished, deliberately commits a second crime. Such a man, in the words of the recent Prison Conference, "is at once marked as one of the minority whom the ordinary terrors of the law do not deter, and as one who has given evidence of a disposition to live a life of crime." The Commissioners of Patna and Chota Nagpore will be desired to call for and submit to Government the records of the cases noticed in the Inspector-General's 20th paragraph.

8. The number of under-trial prisoners on 1st January was 1,259 against 1,452 on the first day of 1876. The number admitted was 31,567 against 34,743. The falling off in admissions corresponded very closely with the decrease in the number of convicts received. The number convicted was 16,161 against 17,658, or 51·1 per cent. of the whole number against 50·8. The number of under-trial prisoners shown as "admitted by transfer" is again very much less than that entered as "transferred." No explanation has been offered how it

happens that of 2,986 persons transferred, only 1,359, or less than half, are shown to have been received in the jail to which they were transferred. Moorshedabad and Backergunge, again, show the largest average detention of prisoners under trial. The period was 29·20 days in Moorshedabad, 28·97 in Backergunge, 25·62 in Rajshahye, and 23·67 in Noakholly. These figures require the attention of the Commissioners. The year opened with 155 civil prisoners against 134 in 1876, and closed with 170 against 155.

9. Only Rs. 46,191 was spent during the year out of the Public Works grant of Rs. 1,42,400 for jail buildings. The attention of that Department will be drawn to the urgent necessity of completing the jail works at Burrisal and Rungpore. The department will be requested to give careful attention to paragraph 25 of Dr. Lethbridge's report, from which it will be seen that, while in the last six years Rs. 21,41,095 have been allotted by Government for jail improvement, only Rs. 11,08,056 has been spent. There must be something essentially wrong in the working of the department to cause these large lapses of unexpended allotments. The Lieutenant-Governor has for the current year been able to make a grant of Rs. 2,88,450 for jail buildings, and he trusts that the new buildings which are so much required at Durbhunga, Chumparun, Ranchi, Chyebassa, and Bogra will be pushed vigorously forward.

10. The number of escapes in 1877 was the lowest on record. No escapes occurred from 29 jails. There were only 116 against 134 in the previous year. Of these, 16 occurred from the outside and 100 from the inside of the jail or lock-up building. Eighty-one of the fugitives were re-captured, as well as 21 prisoners who had escaped in former years. In 34 cases the jail establishment, in 47 the police, and in 35 both were considered in fault. Dr. Lethbridge shows that in respect of escapes Bengal compares very unfavourably with the Punjab and North-Western Provinces and Oude. This is probably in part due to the inferior physique of the guards of the Bengal jails and in part to the superior acuteness of the prisoners. It does not appear that the jails which have hitherto been considered the most insecure, contributed unduly to the number of escapes. The escape of 22 prisoners from the Hooghly Jail, which is guarded by warders, was not creditable, and there appears to have been great mismanagement. This outbreak arose from an impression that the convicts had received that it was the intention of Government that the clemency of the Crown on the occasion of the declaration of the Empire was extended to them all, but that they were detained wrongfully by the jail authorities. There were altogether 39 escapes through the gates. The Lieutenant-Governor has recently approved of some excellent special rules drawn up by Dr. Lethbridge for the management of double gates. The introduction of this system cannot fail to have a good effect. Dr. Lethbridge has, since the beginning of the current year, addressed himself energetically to the task of introducing the warder system into several jails. His action has had the Lieutenant-Governor's full approval. There can be no question of the superiority of a system under which the prisoners are guarded by men who are responsible for their discipline and who are trained to watch and control their proceedings at all hours and at all occupations. The statement given by Dr. Lethbridge shows that Bhagulpore has had no escapes since the warder system was introduced there in 1873, Burdwan and Shahabad only one, and Baraset and Purneah only two. The system of training apprentice warders in Buxar and Bhagulpore for other jails appears not to have proved altogether satisfactory. Dr. Lethbridge suggests the propriety of endeavouring to procure trained warders from the jails of the Upper Provinces. Definite proposals on this point should be separately submitted. The Lieutenant-Governor's views on the subject of jail discipline were fully stated in the Resolution on the last report. A simple system of classification, suited to the character of our jail buildings, and providing for what is really essential—the segregation of habitual or vicious criminals from prisoners convicted of a first offence—has been introduced since the beginning of the current year. A more complex system, such as has been proposed by the Prison Conference, cannot, as Bengal jails are at present constituted and constructed, be carried out with efficiency. Much of this complex system has its origin in a desire on the part of theorists to see introduced into this country, to which it is entirely inapplicable, and where the conditions under which such system would have to be worked are entirely different, a system

of jail administration which has grown up after years of experience and trial in European countries, where facilities exist for supervision and classification under a large staff of trained and trustworthy jail subordinates who are not available in India. On this subject, and on other points connected with the report of the Conference, the Lieutenant-Governor is about to address the Government of India. Rules for the appointment of well-behaved long term prisoners as convict overseers have also been approved. It is satisfactory to observe that the practice of appointing persons unconnected with the department to the post of jailor has been abandoned, and that it was found possible to fill the vacancies which occurred during the year by men who had had some training in jail management. The prisoners committed 30,258 offences against jail discipline, or 176·2 per cent. of average strength, against 25,615, or 129·1 per cent. in 1876. There were, however, only 21,213 punishments. The proportion of warnings appears to have been unduly high. Of the offences committed, 2,889 had reference to smoking, or the possession of forbidden articles, 19,704 related to insufficient task-work, and 7,408 were miscellaneous breaches of jail rules. The punishments inflicted were—solitary confinement 1,431, reduced diet 4,421, solitary confinement with reduced diet 2,133, corporal punishment 3,014, and other punishments 10,065. The Lieutenant-Governor entirely agrees with Dr. Lethbridge in thinking that strict discipline and firm management necessarily result in the discovery of a large number of petty offences. The number of punishments reported in some of the jails, notably in Chumparun (34·86,) Lohardugga (33·05), Julpigoree (29·90), Buxar (26·83), Pubna (29·16), Cuttack (26·70), Baraset (22·86), Rungpore (22·04), Mozufferpore (6·47), must obviously be far below the number of offences actually committed. Of the 19 jails from which escapes took place during the year, eight show less than 50 per cent. of punishments on the average strength. The effective prisoners in Cuttack, Mozufferpore, Pubna, Julpigoree, Lohardugga, and Chumparun, all jails in which there were very few punishments, earned only Rs. 7-9, Rs. 5-6, Rs. 5-2, Rs. 4-1, Rs. 3-9, and Rs. 2 1 each respectively during the year. It is to be regretted that flogging was so freely resorted to. In jails where there is no means of providing for solitary confinement, and consequently for penal diet, a great deal of flogging may be unavoidable; but where the first two punishments can be inflicted, whipping should be reserved for special cases. The importance of separate confinement. where it can be thoroughly enforced, can hardly be overrated. In some jails, however, where appliances for solitary confinement and penal diet do exist, very insufficient use was made of them. In Hooghly only four persons were placed in solitary confinement, none were placed on penal diet, but 137 were flogged. This point should engage the Inspector-General's special attention. It is satisfactory to observe that there were only 257 criminal offences during the year against 669 in 1876.

11. Though the gross expenditure of the year was somewhat less than in the two previous years, the average expenditure on each prisoner was considerably higher. The following table exhibits the expenditure during the past five years:—

	1873.			1874.			1875.			1876.			1877.		
	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
Gross expenditure	10,39,214	0	0	11,97,197	0	0	11,00,667	0	0	11,16,740	0	0	10,99,301	0	0
Average cost of maintaining each prisoner	51	3	2	55	2	8	51	7	8	51	2	11	58	4	11

The average cost was therefore higher even than during the scarcity year of 1874.

12. The charges for diet are shown as Rs. 28-7 against Rs. 26-6 in 1875, and Rs. 26-1 in 1876. Further on in the report, however, it is stated that the charge for contingencies has been increased by the transfer of about Rs. 4,000 on account of cooking utensils and other miscellaneous dietary items which formerly appeared under the head of diet. Calculated, therefore, on the same principle as that for 1875 and 1876, the charge would be Rs. 28-10. Dr. Lethbridge points out that the prices of rice, attah, and dâl were considerably higher than in 1876. As regards 1875, it is stated that the comparatively low average of the cost in that year was partly due to the circumstance that a considerable

quantity of grain stored in 1874, and charged for in the accounts of that year, was consumed in 1875. As no details are given, it is impossible to judge how far this explanation can be accepted as accounting for the difference. It would be well, the Lieutenant-Governor thinks, if in such cases a rough note were given of the value of provisions in stock at the close of the year. An examination, however, of the diet charges for the different districts makes it plain to the Lieutenant-Governor that there is ample room for the exercise of economy in this class of charges in several jails. The diet charge in Burdwan was Rs. 31-1 against Rs. 26-5 in the previous year, while in the adjoining districts of Bankoora and Beerbhoom the charge decreased from Rs. 24-9 to Rs. 23-13, and from Rs. 25-12 to Rs. 24-10 respectively. It is stated that prices were high in Burdwan, but they cannot have been higher than in both Hooghly, where the charge for the diet of each prisoner was Rs. 29-8, and Moorshedabad, where it was Rs. 24-10. Charges for diet should *cæteris paribus* be lower in a large than in a small jail; yet in Baraset, with an average of 187 prisoners, the charge was Rs. 23-5, and while in the Presidency Jail, 12 miles off, with an average of 977, it was Rs. 27-11. In Jessore the cost of feeding each prisoner has for three years been more than Rs. 31: in Nuddea it has ranged from Rs. 22 to Rs. 25. In explanation, it is stated that, owing to the comparative difficulty of communications, prices were higher at Jessore than at Kishnaghur. The cause in question ordinarily has the contrary effect; and, as a matter of fact, the great staple of rice was cheaper in Jessore than in Nuddea. The Lieutenant-Governor has some difficulty in believing that rice is imported for local consumption into Rungpore from Dinagepore. In any case, the circumstances under which the Dinagepore charges have exceeded those of Rungpore by Rs. 2 per prisoner require further explanation. The Lieutenant-Governor wishes to know under what orders the Dinagepore prisoners have received a specially liberal diet since 1872, and whether there are any special grounds for its continuance. It should be explained why the circumstance was not sooner discovered. The districts of the Dacca, Patna, and Bhagulpore Divisions also show great divergences, for which apparently no sufficient explanation is forthcoming. It appears, moreover, that in many jails rice of an unduly fine quality is provided for the prisoners. The Lieutenant-Governor is aware that the present Inspector-General is in no way responsible for the palpable mismanagement which has been allowed to occur, and he accepts Dr. Lethbridge's assurance that the question of a fair equalization of these charges in adjoining districts is now receiving due attention. In hospital expenditure also the great variations noticed in the returns for 1876 are again observable. It is quite obvious that the expenditure under this head has in many instances been unduly high; but it will not be possible to exercise a proper check over extravagance in this respect until the whole cost of each patient's diet is uniformly included in the hospital charge.

13. The question of establishment and police charges is also one which requires the Inspector-General's careful attention. It is of course to be expected that, owing to structural peculiarities, some jails require more expensive guards and establishments than others: but there are inequalities in the charges now incurred in several instances, which such circumstances will not fully explain. In Beerbhoom Jail, of which the capacity is 299, the gross cost of guards and establishment was Rs. 6,708; in Bhagulpore District Jail, of which the capacity is 281, the cost was only Rs. 4,442. It cost Rs. 6,000 to guard and provide establishment for Monghyr Jail, which can hold 354 convicts: in Burdwan, which can accommodate 344, the aggregate charge was Rs. 7,100, and in Chumparun, of which the capacity is only 160, Rs. 7,200. Dacca Jail is constructed to hold 599 prisoners, yet the cost of establishment and guards was only Rs. 7,390: in Furreedpore, which can only hold 371, it was Rs. 8,038. Mozufferpore and Rungpore have both temporary jails in addition to the permanent structures. The capacity of the jails is 469 and 524 respectively, but the charges were Rs. 11,924 against Rs. 7,865 only. As the warder system is more and more generally introduced, inequalities, such as those noticed in Beerbhoom and Bhagulpore, will disappear; but meanwhile it should be possible to do a great deal towards a reduction of expenditure in several of the jails.

14. The charges for clothing were very high in Patna, Sarun, Chumparun, Durbhunga, Maldah, Pubna, Lohardugga, and Singbhoom. The Inspector-General explains that in Sarun and Chumparun new blankets and blanket-koortas were provided, and that in the other jails a large supply of clothing had to be procured to provide against the drain which the stock had to bear owing to the frequent transfers of prisoners to central jails. This explanation, however, is hardly satisfactory. The jails which head the list this year have for some years shown a heavy expenditure on account of clothing. The average of the past four years gives Rs. 5-1 in Pubna and Rs. 3-15 in Maldah against Rs. 2-4 in Bankoora; Patna spent Rs. 4-2, Sarun Rs. 4-1, and Chumparun Rs. 4-5 against Rs. 2-12 in Gya, and the charges were Rs. 5-5 in Lohardugga and only Rs 2-4 in Manbhoom. It would appear that in this respect, as in that of diet, the tendencies of some Superintendents are unduly liberal. The Lieutenant-Governor is glad to observe that Dr. Lethbridge is giving his attention to the difference in the cost of maintaining European prisoners at the Hazareebagh Penitentiary and at the Presidency Jail. The charge for each prisoner in the latter was Rs. 332-8, and in the former Rs. 466-2. The difference is specially remarkable under clothing and contingencies. The charges under these heads were more than three times as high in Hazareebagh as in the Presidency Jail. The Lieutenant-Governor has reason to believe that the prisoners at the Penitentiary are treated with undue indulgence, and that this has a very injurious effect on the discipline of the Presidency Jail, when men are transferred to it from the Hazareebagh prison.

15. The results of the year's manufacturing operations show a considerable improvement on those of former years, and the average earnings of each prisoner were Rs. 17-5 against Rs. 10-5 in 1876. Still as many as 27 jails made less than Rs. 10, and 17 made less than Rs. 5 by the labour of each effective convict. Monghyr shows a loss of Rs. 2-8 per prisoner. The Inspector-General justly remarks that the expenditure of Rs. 6,523 and the daily labour of 160 prisoners should have shown a better result than this; and, looking to the position of Monghyr and the general circumstances of the jail, the Lieutenant-Governor must hold Dr. Hill, the Superintendent, open to censure. Monghyr Jail has been remarkable during the year, not only for the mismanagement of its manufacturing department, but also for the laxity of its discipline and the highness of its charges for diet. Durbhunga and Patna earned less than Rs. 2, Bankoora and Chumparun less than Rs. 3, Hazareebagh, Midnapore, Gya, Mymensingh, Nuddea, Lohardugga, and Sarun less than Rs. 4, and Backergunge, Julpigoree, Singbhoom, Bhagulpore District, and Manbhoom less than Rs. 5 per prisoner. The circumstances of Durbhunga, Hazareebagh, and Midnapore are no doubt special, and it is stated that the low rate of profit in Nuddea is the result of deductions made on re-valuation of stock; but no explanation is offered of the very unsatisfactory results in the other jails mentioned above. The outturn of manufacture at a jail so favourably circumstanced as Patna is not creditable to those concerned, and the Lieutenant-Governor hopes that, with the introduction of oil as the staple industry, an improvement will be shown. The Lieutenant-Governor is quite satisfied that there is no good reason why, with proper management, Mymensingh and Bankoora should not make more than Rs. 3-5 and Rs. 2-4, when Tipperah and Dacca, adjoining the first, made Rs. 18-6 and Rs. 18-2, and Burdwan and Beerbhoom, adjoining the second, had a profit of Rs. 20-9 and Rs. 11 respectively. In the Alipore, Hooghly, Presidency, Russa, Rungpore, Darjeeling, and Burdwan jails the outturn was very creditable. The value of manufactured goods in stock rose from Rs. 1,47,077 in 1876 to Rs. 1,77,499. This increase of value of stock occurred entirely in the Alipore Jail. The amount in stock in the Hooghly, Dinagepore, Rajshahye, Dacca, and Purneah jails was considerably diminished during the year. In all these jails, however, except the last, there is still a large quantity of goods on hand. Midnapore, Nuddea, and Bhagulpore Central show a decided increase. The amount of outstanding bills was Rs. 82,614; this includes Rs. 64,800, the value of opium chest covers supplied to the Opium Department from the Alipore Jail. This charge should be at once adjusted. The outstandings are still high in Midnapore, Presidency, Dinagepore, Rajshahye, and Patna.

16. The gross profit of the year was Rs. 2,71,700 against Rs. 1,93,000 in 1876. Of this, Alipore contributed no less than Rs. 1,43,900. The Manufactory

Department of this jail has been admirably managed during the year. It was found that the dual system of gunny-weaving and printing at the Alipore Jail necessarily resulted in some want of efficiency in both industries, while the Presidency Jail was without a special industry on which the strength of its establishment could be concentrated. The Lieutenant-Governor accordingly decided to discontinue the miscellaneous manufactures carried on in the Presidency Jail, and to concentrate in it almost all the printing business of the Bengal Government. It has thus been found possible to take away the greater part of the printing apparatus from the Secretariat, and to give employment to between 600 and 700 prisoners in all branches of printing and book-binding. The results have been most satisfactory, and the discipline and industrial power of both jails have greatly benefited by the change. The manufacturing profits of Bengal Jails of the year were earned by 9,109 effectives; the average number of effectives in jail in 1876 was 9,971. An examination of the labour statement shows that the number employed on manufactures is much smaller than it might be. A great deal of strength appears to be wasted in some jails in providing prison officers and servants. Mozufferpore employed 9·38, Buxar 9·29, Baraset 8·73, Furreedpore 8·29, and Lohardugga 8·06 per cent. of the effectives as prison officers; while in Cuttack, Durbhunga, Monghyr, and Sarun 1·76, 1·41, 1·39, and 1·07 per cent. respectively sufficed. Singbhoom, Bhagulpore Central, Julpigoree, Mozufferpore, and Monghyr employed more than one-fourth of the effectives as prison servants. In Singbhoom the number thus engaged actually exceeded the number occupied on manufactures. Many irregularities of this nature have grown up and been allowed to flourish owing to the neglect of inspection duty of late years. The subject of the employment of prisoners is now receiving due attention. The Lieutenant-Governor looks for a considerable improvement in the outturn of jail manufactures for the future. Petty manufactures are being abolished, and each jail will have one or two suitable industries on which the attention of the establishment can be concentrated. The Lieutenant-Governor is glad to observe that his wishes on the subject of introducing oil-pressing as a staple industry are being realized. This form of labour is very efficient and requires no special training; it can with proper management be made profitable, the appliances are simple and the material is easily procurable. The manufactured article, moreover, is one of which there is a large consumption in the Public Works, Jails, Police, and other departments of the public service. The machinery for the woollen manufactory at Bhagulpore will soon be received, and the buildings are being pushed forward. The Government of India have recently, on the Lieutenant-Governor's recommendation, accorded sanction to the establishment of a cotton manufactory at Buxar for the provision of convict clothing, and there appears to be a prospect that coir manufacture in the Midnapore Jail will develop into a very important industry. Oil-pressing will soon be introduced on a large scale into the Rajshahye Central Jail. The proposal to adopt paper manufacture as the staple industry of Hazareebagh is under the Lieutenant-Governor's consideration.

17. The lock-up statistics which have been furnished are not satisfactory, and in many respects are not intelligible. The daily average number of prisoners was 357 against 527 in 1876. Some special explanation is required of the circumstances under which prisoners were detained in the Jamtara, Godda, and Nya Doomka lock-ups for 41·64, 20·42, and 19·31 days respectively. The Lieutenant-Governor entirely concurs in the view taken by Dr. Lethbridge of the arrangements which should be made for the performance of menial offices for prisoners at lock-ups. It is very undesirable that convict mehters and cooks should be retained throughout the year in these establishments. The arrangement proposed by the Inspector-General of employing the cutchery mehter to look after the lock-up conservancy should be introduced at once. The number of escapes from lock-ups was 53 against 58 in the previous year. Of these, 44 took place from the inside of the lock-ups, including 16 from masonry buildings. Eight lock-ups, of which two were guarded by warders, had three escapes or more. These figures are very unsatisfactory. The average cost of guarding and maintaining each prisoner was Rs. 116-14 against Rs. 102-13 in 1876. The average cost of diet was Rs. 34-10 against Rs. 28-2 in jails. It is of course to be expected that, where small bodies of men have to be fed, the average charge will be higher than where large numbers are provided for. No less than 26 lock-ups, however, spent Rs. 40 or more in

feeding each prisoner, while six spent Rs 50 and upwards. Dum-Dum spent twice as much as Alipore and more than twice as much as Baraset, and Ranaghat spent twice as much as Nuddea. It will be necessary, with future annual reports, to submit explanations from the sub-divisional officers in every case in which the cost of diet exceeds Rs. 30 for each prisoner, and the attention of Commissioners will be directed to this subject. The Inspector-General promises to endeavour to reduce the very high contingent charges as far as possible. The return of manufacturing work done in lock-ups is extremely unsatisfactory. Only six (Nya Doomka, Bagirhat, Serajgunge Behar, Moonsheegunge, and Attia) earned more than Rs. 50; eight (Bussirhaut, Beegoo Serai, Perozepore, Pachamba, Patooakhally, Gopalgunge, Fenny, and Serampore) worked at a loss; and eleven (Mohesrekha, Bussirhaut, Dum-Dum, Buxa, Bhola, Dinapore, Tajpore, Hajeepore, Soopool, Jamtara, and Pakour) did no work at all. There is no reason whatever why each lock-up should not have at least an oil-mill on which the prisoners could be set to work. As a rule if a lock-up shows no profit, task work must be insufficiently attended to; in other words, the sentences of the courts are not carried out, and rigorous imprisonment is only a name. The Lieutenant-Governor must insist on sub-divisional officers taking a proper interest in this branch of their duties, and will take serious notice of any further instances of apathy or mismanagement. Meanwhile, the sub-divisional officers of Jamtara and Pakour will be required to explain why no work was done in their lock-ups, though the average term for which prisoners resided in them was 41·64 and 13 34 days respectively. The statement that there is no work-shed at Jamtara is no explanation at all. It was the sub-divisional officer's obvious duty to see that one was provided.

18. The health of the prisoners during the year was not so good as in 1876. The ratio of admissions to hospital per cent. of average strength was 135·43 against 128·56, and that of the daily average number of sick was 4·03 against 3·94. Sickness, though more general, was, however, less fatal. The death-rate, exclusive of cholera cases, was 4·23 against 4·65, and the mortality from cholera was ·83 against 1·28. The diseases which caused the greatest number of deaths were dysentery and diarrhœa (33·6), cholera (16·3), chest diseases (9·4), anæmia (8·8), and phthisis and scrofula (8 per cent. of the total number of deaths). The jails which, judged by the percentage of admissions to hospital, proved the most unhealthy were Presidency, European (540), Russa (272), Alipore (266), Pubna (255), Furreedpore (244), Maldah (227), Julpigoree (220), Gya (208), Darjeeling (204), and Baraset (190 per cent. of average strength). It is explained that a large proportion of the European prisoners received in the Presidency Jail had to be sent to hospital on admission, suffering from the effects of drunkenness and debauchery. There was, however, only one death in that jail during the year. If cholera cases are excluded, the following ten jails shew the highest mortality:—Julpigoree (17·5), Backergunge (12·9), Singbhoom (11·57), Chumparun (11), Baraset (10 88), Bogra (10·31) Purneah (8·7), Rungpore (6·9), Dinagepore (6·85), Hazareebagh (6·83). With the exceptions of Purneah and Dinagepore, these jails all appeared in the list of the ten most unhealthy jails in 1876. The heavy death-rate at Julpigoree is attributed to the effects of the chilly wind which blows down the Teesta, on the banks of which the temporary huts were erected. It will be necessary to erect the new jail on a site protected from these winds The physique of the lower classes in this district, however, is so poor, that a considerable mortality must always be expected. In Rungpore there has been a satisfactory decline in the death-rate from 17·9 to 6·9. This has resulted partly from the removal of the overcrowding which for so many years prevailed in this jail, and partly from the special milk diet with alcohol which Dr. Ghose has employed with much success. It may be expected that the completion of the drainage works now in progress will result in a still further decrease in the mortality. The Backergunge and Chumparun Jails are faulty in construction and have for some years been constantly overcrowded. A new jail will be erected at Chumparun during the current year, and additional accommodation is now being provided at Backergunge. The Public Works Department will be asked to give this urgent work special attention. The Singbhoom Jail was not crowded and there was no epidemic. The Inspector-General attributes the high mortality to the depression under which men of the wild aboriginal tribes, to which the majority of the prisoners belong, suffer in jail. It is to be remarked, however, that before 1876 the death-rate was very low

The truth appears to be that the numbers are too small to admit of useful deductions from anything but exceptional sickness or mortality. Only eight prisoners died during the year. They were all short term men, and all succumbed to dysentery or diarrhœa. In connection with this subject, it may be remarked that the emigration statistics show that men of this class are particularly liable to these complaints when they abandon their active out-door life and simple diet for the confinement of depôts and abundant food. It is important that prisoners in this jail should be employed as much as possible, especially in the earlier stages of their imprisonment, on labour suited to their previous habits; as much out-of-door work as possible should be given to them. The Lieutenant-Governor has recently had occasion to animadvert very strongly on the abuses and mismanagement brought to light by Dr. Lethbridge on his inspection of the jail. The returns now submitted show that no less than 38 per cent. of the prisoners were employed as prison officers and servants. Better system and some intelligent attention to the physical peculiarities of the prisoners will probably result in an improvement in their general health. The unhealthiness of the Bogra and Dinagepore Jails corresponds with the general condition of the public health in those districts during the past year. Six of the fifteen prisoners who died in Bogra were received in bad health. Besides Chumparun and Backergunge, the jails which were most overcrowded during the year were Alipore, Presidency and Patna. The Alipore Jail has already been to some extent relieved by the transfer of the Printing Press to the Presidency Jail, and the opening of the Dacca Central Jail will effect a still further improvement. The strain on the accommodation in the Presidency Jail has been met by special arrangements for the transfer of short term prisoners to Hooghly, where there is ample room. The overcrowding in Patna will be relieved by transfers to Buxar. The healthiest jails were Cuttack (·4), Bankoora (·7), Buxar (·8), Lohardugga (1), and Pooree (1·2). The death-rate in these jails in 1876 was 4·9, 3·1, 3·3, 10 and 8·6 respectively. It may reasonably be hoped that, with the construction of the new jails to be taken in hand during the current year, the mortality in the jails of Bengal will be generally reduced.

19. Dr. Lethbridge has included in his report some very interesting remarks on the progress of cholera in the jails of this province during the past thirty-three years. The figures given by him indicate a marked decrease in the prevalence of the disease during the past eleven years without any diminution in its virulence. The ratio per cent. of cases to the average number of prisoners was 3·60 between 1845 and 1855, 4·78 between 1856 and 1866, and 1·82 between 1867 and 1877. The ratio of deaths to cases during the three periods was 40·68, 40·53 and 41·41. The statistics of the past ten years show a decidedly greater prevalence of cholera in the jails of Behar than in those of Bengal, the ratio of admissions to the average number of prisoners being 3·12 against 1·49, and that of deaths 1·21 against 0·63. Dr. Lethbridge infers that cholera is moving on to the endemic occupation of that portion of the Gangetic Valley which has hitherto only been visited by epidemics. Of the 48 jails in the province, 29 were visited by cholera during the past year, and 25 had deaths. There was no cholera in the Orissa or Chota Nagpore Jails, except one mild case in Lohardugga. Of thirteen jails which had more than ten cases, six were situated in Behar. There was some mortality from cholera in each of the eleven jails of Behar Proper. The ratio per cent. of deaths to cases was 76·4 in Chumparun, 70·5 in Rajshahye, 62·5 in Patna, 46·2 in Bhagulpore Central Jail, and 46·1 in Mozufferpore.

20. Inspection duty by Magistrates was very insufficiently attended to at Alipore, Russa, Chumparun, Bhagulpore, Buxar, Dacca, Julpigoree, Pooree, and Chittagong. There is no return from Balasore. Pubna, Chittagong, Buxar, Sarun, Chumparun, Pooree, and Singbhoom were not visited at all by the Judge or Judicial Commissioner. A circular has recently been issued on this subject, and the Lieutenant-Governor hopes to see more interest taken in this very important duty during the current year. Note has been taken of the names of the officers selected by the Inspector-General for favourable report.

21. The Lieutenant-Governor, in conclusion, desires to place on record his belief that very great progress is now being made under the orders of Dr. Lethbridge in sound practical jail administration. Dr. Lethbridge has

given unceasing attention to the improvement of his department since he assumed charge of the office, and has been ably supported by many of those who have to carry out his orders. There is no doubt very much to be done, and the Lieutenant-Governor sees little hope, at least for many years to come, of a perfect system of jail administration being established. But much may be done, and has already been done, to make the most of the material with which we have to deal.

By order of the Lieutenant-Governor of Bengal,

HORACE A. COCKERELL,

Secy. to the Government of Bengal.

SANSCRIT COLLEGE—OPEN EXAMINATIONS FOR CERTIFICATES AND TITLES.

GENERAL DEPARTMENT—EDUCATION

Darjeeling, the 22nd June 1878.

READ—

The following letters from the Director of Public Instruction, submitting a proposal that the Sanskrit College authorities should hold an annual examination of outside students in all branches of Sanskrit learning, and that titles should be conferred on the successful candidates:—

Letter No. 1039, dated 14th February 1878.
,, ,, 1888, ,, 28th March ,,
,, ,, 2948, ,, 25th May ,,

IN the Sanskrit College an examination is annually held for those students who are in the third year of their course, in accordance with the result of which the college senior scholarships are awarded. The students who pass this examination with credit, and continue their Sanskrit studies for a further period of one year, are presented, on leaving the college, with certificates of proficiency, conveying titles, such as "Vidyasagar," "Nayaratna," &c., indicative of general Sanskrit learning. The practice of awarding these titles has been in existence since 1829, and the certificates specifying the titles were formerly signed by the President and Members of the Council of Education, and on the abolition of that body by the Principal of the College and the Director of Public Instruction. For some years past they have been signed by the Principal only.

2. The Director of Public Instruction has now proposed, with the view of encouraging private students of Sanskrit, that an examination of students other than those of the college be held annually up to the standard attained by those who, after passing the Sanskrit standard of the senior scholarship examination, have pursued their Sanskrit studies with diligence and credit, and that certificates conveying titles indicative of proficiency in general Sanskrit literature should be given to successful candidates; and further, that all those who take up a special branch of Sanskrit learning to an equally high standard should receive certificates indicative of their proficiency in that special branch.

3. The Director of Public Instruction urges that the recognition and encouragement which would thus be offered to students of Sanskrit throughout the country are objects worthy of attainment. The Lieutenant-Governor understands that Sanskrit titles conferred in the manner above described are very popular in the country, and that their more formal recognition would give satisfaction to the educated classes. The measure is, moreover, calculated to encourage and elevate the Sanskrit *toles* which still impart education to a

large section of the learned castes. In this view the Lieutenant-Governor has accepted the proposal, and directed—

(1.) That the examination shall be held annually in the first week of the Bengalee year, corresponding to the middle of April.

(2.) That the subjects of examination shall be those detailed in the annexed lists (in English and Bengalee), under the heads of General Literature, Hindu Philosophy, Hindu Law, and the Vedas.

(3.) That candidates for examination shall send their applications, accompanied by a fee of Rs. 2 for the necessary expenses of the examination, to the Director of Public Instruction.

(4.) That a certificate of proficiency, signed by the Principal of the Sanskrit College and the Director of Public Instruction, shewing by an appropriate title the branch of Sanskrit learning which has been studied successfully, shall be granted to each passed student.

(5.) That the arrangement now sanctioned shall be notified in the *Calcutta Gazette*, and translations thereof in the *Bengalee* and *Behar Hindee Gazettes*.

By order of the Lieutenant-Governor of Bengal,

A. MACKENZIE,

Secretary to the Govt. of Bengal.

LIST OF TEXT-BOOKS IN THE DIFFERENT BRANCHES OF EXAMINATION.

I.—General Literature—

Bháravi.
Mágha.
Naishadha (first-half).
Meghaduta.

"MARY CARPENTER" SCHOLARSHIPS GIVEN BY THE NATIONAL INDIAN ASSOCIATION OF LONDON.

GENERAL DEPARTMENT.—EDUCATION.

Darjeeling, the 22nd June 1878.

READ—

A letter, No. 3092, dated 30th May 1878, from the Officiating Director of Public Instruction, reporting the desire of the National Indian Association of London to promote female education in India.

RESOLUTION.—The National Indian Association in London offer five scholarships for girls for competition in Bengal, three of the annual value of Rs. 48 each for the lower vernacular standard and two of the annual value of Rs. 60 each for the middle vernacular standard. The Association desire that the scholarships may be called the "Mary Carpenter" scholarships and be tenable for one year.

2. The Director of Public Instruction proposes to distribute these scholarships among the five educational circles (namely, the Presidency, the Burdwan, the Eastern Bengal, the Rajshahye, and the Behar Circles), one to each, to be awarded on the results of the next annual examination in October. Mr. Croft suggests that any scholarship not taken up in one circle be awardable in any other at the discretion of the Director, and that any middle scholarship not taken up should be awarded as a lower scholarship at a reduced rate, and any lower scholarship not taken up be awarded as a middle scholarship; supposing there are qualified candidates in either case.

3. The Lieutenant-Governor accepts the offer made by the National Indian Association, and desires that the thanks of Government may be conveyed to the Association, through its Honorary Secretary, Miss Adelaide Manning, for this liberal contribution to the cause of female education in Bengal. His Honor also approves and sanctions the proposals of the Director of Public Instruction.

By order of the Lieutenant-Governor of Bengal,

A. MACKENZIE,

Secretary to the Govt. of Bengal.

Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 22nd June 1878.

Division	No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.				
		Western Districts.		
BURDWAN DIVN.	1	Burdwan. June 22 '78	1·18	Weather—generally hot, but with occasional showers. Where rain has fallen, cultivation is progressing, but it is wanted in many parts of the district.
		Cutwa ...	3·78	
		Raneegunge ...	0·26	
		Bood-Bood ...	0·34	
		Jehanabad ..	1·47	
	2	Bankoora, " 22 "	0·94	Weather—cooler after the rain by day, and cool breeze by night. The *teel* and *boro dhan* have given a good outturn. The rain, where heavy, has done some good; in other parts it was too light to be of any service. Cultivation continues uninterruptedly.
	3	Beerbhoom. " 22 "	1·91	There were two severe north-westers, but no monsoon rain as yet. The prospects of the crops are so far good.
	4	Midnapore, " 22 "	1·66	Weather—a little cooler than last week; cloudy both in the morning and evening. The state and prospects of the crops are favourable, if it rains heavily within a week or so. The shower of rain which fell on the night of the 19th has saved the young plants.
	5	Hooghly, " 22 "	3·68	Weather—seasonable. Heavy rain with high wind on the night of the 21st. *Aus* crop is doing well. *Amun* lands are still being cultivated, and seedlings prepared in nurseries. Two cases of small-pox in thana Pandooa and 13 in Kristonagore. No other sickness is reported.
		Howrah, " *24 "	2·75	Weather—a little cooler. The rain came up with north-westers, but the regular rains have evidently not commenced yet. The rain has done much good, but more is much wanted.
		Mohesrakha ...	3·35	
		Central Districts		
PRESIDENCY DIVN.	6	24-Pergunnahs, June 22 '78	3·10	At the beginning of the week the weather was very sultry and oppressive. There were several deaths from sun-stroke. The monsoon weather commenced on the 21st. The rain has done much good to the young rice and jute. Cases of small-pox are reported at Satkhira.
	7	Nuddea, " 22 "	3·83	Weather—cooler than last week owing to frequent showers. This week's rain has much improved the prospects of the crops, which are everywhere doing well. Public health is on the whole good.
	8	Jessore, " 22 "	1·36	Weather—hot and dry during the earlier part of the week A copious shower fell on the night of the 21st at the Sudder station. There has been a general fall of rain throughout the district, which has done much good to the crops. Prospects of paddy and indigo are now favourable.
		Jhenida ...	2·43	
		Magoora ...	1·53	
		Narail ..	0·92	
		Khoolna ...	1·62	
		Bagirhat ...	0·10	
	9	Moorshedabad. " 22 "	3·66	Weather—sultry; then stormy with heavy rain. The rain, which has been pretty general except in Rampore Hât, has done much good. Prices are very high. Public health is good.
		Jungypore ...	2·68	
		Lalbagh ...	3·14	
		Rampore Hât ...	0·64	
RAJSHAHYE AND COOCH BEHAR DIVN.	10	Dinagepore, " 21 "	0·49	Weather—close and steamy. The prospects of the crops are favourable. Coarse rice is selling at 20 seers per rupee.
	11	Rajshahye, " 22 "	3·53	Weather—hot and cloudy, with occasional storms in the evening. The prospects of the *dhan* and jute crops are satisfactory. Good outturn is expected from *boro dhan*. Cutting of *teel* has commenced in Nattore. The rain of the week has done great benefit to the standing crops. The price of common rice is still 16 kutcha seers per rupee in Nattore.
	12	Rungpore, " 21 "	3·84	Weather—hot in the first part of the week, but cool for the last two days. From some places unfavourable reports as to the state of the rice crop, owing to want of sufficient rain, have been received. It is, however, hoped and expected that the recent rain will remedy this to a very considerable extent. The dearness of food-grains still continues. Cholera is still present in some parts of the district; otherwise the public health is good for the time of year.
		Gaibanda ...	0·55	
		Bagdogra ...	4·21	
		Kurigram ...	1·57	
	13	Bogra, " 22 "	3·31	Weather—hot and cloudy, with occasional heavy storms of rain. South-east wind prevailing. The standing corps to the north and west of the district are doing well, but are suffering from want of rain towards the east and south. In some places the *aus dhan* is being cut. The price of food-grains continues the same. Public health is good.

* Report of 24th shows rainfall during the week ending 22nd.

No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.—(*Continued.*)			
RAJSHAHYE & COOCH BEHAR DIVN.—*contd.*	*Central Districts.*—(Contd.)		
14	Pubna, June 22 '78	4·77	There have been frequent storms followed by heavy rain. The prospects of the crops continue favourable. The rivers are rising throughout the district. No change to report in prices. Health is good.
15	Darjeeling „ 22 „	1·96	Rain as usual at this time of the year. All the crops in the Hills and in the Terai are progressing favourably.
16	Julpigoree „ 22 „	5·71	Heavy rain almost every day. The prospects of the crops are reported favourable. Cholera is still reported, but cases are decreasing in number.
	Cooch Behar „ 20 „ Dinhatta ... Mathabhanga ... Mekliguuge ...	4·38 1·78 2·35 4·94	Some days very hot. Weather generally oppressive, except when raining. It is very favourable for the crops. *Bitri dhan* should turn out a bumper crop. *Haimanta dhan* is being planted out in some parts. Public health is good.
DACCA DIVN.	*Eastern Districts.*		
17	Dacca	......	Return not received.
18	Furreedpore, June 22 '78 Goalundo .. Madaripore ..	2·78 3·41 0·89	Weather—windy and cloudy in the early part of the week. It rained during the last two or three days. The rain has done good to the crops, but more is wanted. In some places the *aus dhan* is already being cut.
19	Backergunge, „ 20 „	4·4	After a period of intense heat, rain fell during the week, and the weather has since continued cloudy. The crops suffered from the heat, but has improved lately.
20	Mymensingh, „ 21 „	3·32	The monsoon has commenced, but there has been less rain at stations in the interior than at head-quarters. The *aus* rice crop is promising. The planting of the late rice crop has commenced. Jute is good, but the area sown is less than of late years.
21	Tipperah, „ 21 „ Sub-division ...	3·31 4·13	Rain in considerable quantity fell in several days of the week. High winds every day from the south or south-east. Temperature much lower than last week. Sky cloudy. The rain has done much good, but more is wanted. The *aus dhan* at the beginning of the week had begun to turn out yellow from want of rain, but the rain that fell during the week has restored it to good condition. The jute crop promises well.
CHITTAGONG DIVN. 22	Chittagong, „ 20 „	7·49	The rains commenced on the 14th and there have been showers nearly every day since. Ploughing is now in full swing, and the sowing of the *aus* crop is progressing actively.
23	Noakholly „ 20 „	4·55	Heavy rain on the 14th, and occasional showers since. Cultivation for the *amun* crop continues. More rain is wanted for the *aus* crop. General prospects are good. Public health is good.
24	Chittagong Hill Tracts, „ 18 „	6·17	Weather—cool. Heavy showers of rain on the 13th, 14th, 15th, and 18th instant. The rain has done much good to the joom paddy crop. Prospects have been much improved. Distress of the people is prevailing more or less throughout the head-quarters and Sungoo sub-divisions, and is increasing with the advance of the season.
	Hill Tipperah „ 19 „	4·85	The heavy rainfall has much reduced the temperature and driven away sickness. The weather has been very favourable for the young *aus* crop, and for the preparations for the late rice crop. Prices continue high compared with those of last year.
BEHAR.			
PATNA DIVN. 25	Patna, June 22 '78	Nil	Weather—extremely hot and sultry. Rain is badly wanted for the *bhadoi* crops.
26	Gya, „ 22 „	Nil	Maximum thermometer in the shade 117°. The heat during the week has been very great. Rain is much wanted all over the district. Ploughing has begun, and the sowing of *murwa, makai* and *khureef* crops has been taken in hand. Food-grains still continue very dear.
27	Shahabad, „ 22 „	Nil	The unusual heat has continued till the night of the 21st, when there was a perceptible fall in the temperature and much cloud. Rain is much wanted to enable the cultivators to sow their *bhadoi* crops. Several deaths have occurred from heat apoplexy.
28	Durbhunga, „ 22 „	Nil	The weather has become cooler in the morning and at night. It is occasionally cloudy, and there is generally a strong east wind. *Moong* is being harvested and is reported to be a good crop. The want of rain is causing injury both to the *bhadoi* and rice crops. There appears to be less cholera than usual at this season, but fever is reported to be prevalent in Madhubani.

No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BEHAR.—(Contd.)			
PATNA.—(Contd.) 29	Mozufferpore, June 22 '78 Seetamurhee ...	Nil 0·10	Weather—cloudy and hot, with strong east wind. The *bhadoi* crops and rice seedlings are beginning to suffer from want of rain.
30	Sarun, " 22 "	Nil	Weather—very hot and sultry with dust-storms. Cloudy on the 22nd. Rain is much wanted. Every day of delay in the setting in of the rains will now diminish the prospects of a favourable outturn. Prices have slightly risen. Public health is good.
31	Chumparun, " 22 "	Nil	Great heat. Strong easterly winds The prospects of the crops continue good, but rain (of which there was every indication on the day of report, 22nd) is beginning to be urgently required.
BHAGULPORE DIVISION. 32	Monghyr, " 22 " Beguserai ...	0 01 0 02	Weather—unusually hot, with strong east winds. No signs of rain. The *janera* sowings have been much injured by continued drought. Rain is urgently required.
33	Bhagulpore, " 22 "	Nil	Weather—hot and cloudy, with east wind. Rain is much wanted. The *janera* and *bhadoi* crops in all the sub-divisions are said to be withering. Prices are stationary.
34	Purneah, " 22 " Kissengunge ... Arrareah ...	Nil 0 99 1·18	Strong easterly winds. Weather cloudy and threatening, but very little rain has fallen. The state of the *bhadoi* is reported good, but indigo is reported bad.
35	Maldah, " 22 "	0·24	Intense heat. The last two days of the week have been less hot. The sky is cloudy, and there are signs of approaching rain. The prospects of the rice crops are good. Rain is wanted.
36	Sonthal Perghs. " *23 "	0·19	Rain has been reported from many parts of the district. It still keeps off in Doomka, though the sky is covered with heavy clouds every evening. Much *janera* that was sown early in hopes of early rain has been lost; also some rice. Prices are very high. Very little agricultural work is to be had, and the mahajuns are not lending. Accordingly the poor labouring class is suffering a good deal. Where rain has fallen things are much better. Every one is busy.
ORISSA			
ORISSA DIVN. 37	Cuttack June 22 '78	0·10	Weather—very hot and windy; very little rain. The *beali* is not growing well for want of rain. The *sarad* is being sown and is sprouting. Cholera is raging in the town.
38	Pooree " 20 " Khoorda ...	0·38 0·14	Weather—very hot. There has been a little rain not far from Pooree. The young rice plants are suffering in most places for want of rain. The sugarcane plants are promising in Khoorda. Exportation is still going on. Rice is had at 10¼ Calcutta seers per rupee in the city, and at 10½ seers in the salt tracts of Malood, &c. In other parts of the district rice sells at 10½ to 13¾ seers for the rupee. Cholera is still very prevalent.
39	Balasore, " 21 "	Nil	The weather continues very hot and dry, and the heat has caused some sickness. The absence of rain is preventing the completion of the rice sowings.
CHOTA NAGPORE.	*South-West Frontier Agency.*		
40	Hazareebagh, June 21 '78	Nil	Weather—extremely hot; unseasonable. All the early Indian-corn, *goondli*, *murwa*, &c., which were sown, are burnt up by the extreme heat and for want of rain. Nothing can be done till the monsoon breaks, of which, however, there are at present no signs. Cholera is still reported.
41	Lohardugga, " 22 "	0·05	Weather—unsettled, with high winds. Heavy clouds gather and go, and the rains still hold off. The prospects of broadcast sowings on the high lands are very unfavourable. The young crops have been much injured by the prolonged drought Prices still show a tendency to rise. The general health is good.
42	Singbhoom " 21 "	0·56	Intense heat up to the evening of the 20th, when at 5 o'clock a thunder-storm came on and a little over half an inch of rain fell. On the day of report (21st) the sky was cloudy and more rain was thought to be in store. The crops have suffered much, but if the rain continues, the young *dhan* will, it is expected, recover from the effects of the late drought. Prices went up 6 and 8 seers during the week, and some cases of cholera were reported from pergunnah Ghatsillah.
43	Manbhoom " 22 "	0·05	High winds from the south, bringing up clouds, but little rain. The rainy season has not yet commenced. The state and prospects of the crops are not favourable. Rain is much wanted. Much of the *bhadoi* crop has withered and will have to be re-sown. Sugarcane in places is lost.

* Report of 23rd shows rainfall during the week ending 22nd.

Published for general information.

The average fall of the corresponding period for 25 years, S. G. Office	...	3·19
The total fall from 1st January to 22nd June 1878	...	20·87
The average fall of the corresponding period for 25 years, S. G. Office	..	18·41

The mean pressure, temperature, &c., are deduced from observations made at 6h., 10h., 16h., and 22h.; the maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard (Newman's No. 86) formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

o overcast, *g* gloomy, *t* thunder, / strong wind, *l* lightning, *p* passing temporary showers, *lr* lightning reflection, and *d* drizzling.

METEOROLOGICAL OFFICE, INDIA,
The 24th June 1878.

ALEXANDER PEDLER,
For Offg. Meteorological Reporter to the Government of India.

Report on the Fluctuations in Traffic on the Northern Bengal State Railway for the month of March 1878.

Increases.

The result of this month's working shows a net increase in weight carried as compared with the previous month of 48,213 maunds. Of this 29,986 is in railway materials and 18,227 in general merchandise.

Railway materials ... ... Mds. 29,986

The increase under this head is the result of the great efforts being made to get the extension to Silligori open in time to catch this season's tea, and to get the Rungpore branch completed.

The demand made by the engineering department for carriage of public works materials during the period under review has been a heavy strain upon our resources, especially with so much public traffic offering.

Food-grain ... ... Mds. 26,144

The Calcutta market still continues favourable for the export of rice and paddy (the staples mainly carried under this head) and all enquiries made in the matter tend to show that there are still immense stocks to go forward, and that as long as there is a margin of profit, and the roads will admit of carts getting to our stations, no falling off in this traffic need be apprehended.

Ginger ... ... Mds. 488

This is the season for planting this article, and the increase in the weight carried no doubt mainly results from the movement from one point to another, natural at such a time. A favourable market in Calcutta for this staple has also tended to draw out a portion of the stock of dry ginger held in the district.

The increases under the other heads, although small, are satisfactory when it is remembered that the line has only been opened through for traffic for a little over two months, and that the natives of the country are proverbially slow to avail themselves of an innovation, however much it may be to their benefit to do so.

Decreases.

Jute ... ... Mds. 3,760

This is the fag end of the jute season, and stocks in this district are becoming exhausted.

Tobacco ... ... Mds. 739

The decrease in this staple was caused solely by the low price ruling in the Calcutta market; and from local inquiries made there appears to be an impression that matters are not likely to mend in this respect for some time to come.

The other slight decreases shown are ordinary trade fluctuations over which we have no control.

Statement showing increases and decreases in maundage of staples carried over the Line during the month of March 1878.

Traffic Supdt.'s Office, Saidpore, *the* 14*th June* 1878.

G. M. Drury, *Traffic Superintendent.*

Report of Fluctuation of Traffic on the Tirhoot State Railway for the Month of May 1878.

Increases

With the exception of indigo seed, the import of which is over for the season, there has been a steady increase in every staple of traffic, and the remarks, which apply to one, apply to the whole, viz. that the steady growth of traffic is attributable to the development of the railway.

Food-grains	Mds.	24,470
Hides and horns	„	1,023
Iron	„	670
Piece-goods	„	3,243
Railway materials...	„	11,689

This is quite a temporary traffic due to the transfer of materials to other lines.

Oil-seeds	Mds.	2,075
Salt	„	19,111
Saltpetre	„	8,105
Tobacco	„	16,030
All other goods	„	26,475

Decrease.
